- **Return on Shareholders’ Equity** was 15.9% compared to 14.4% in Q3 2017
- **Single Family Lending mortgage principal** at September 30, 2018 was \$10.2 billion, up 13% from \$9.1 billion a year ago on strong originations and high renewal rates

DIVIDEND DECLARATIONS AND INCREASE

The Board of Directors today declared a dividend of \$0.28 per common share, payable on January 3, 2019 to common shareholders of record at the close of business December 14, 2018. This represents a 12% increase over the dividend declared in November 2017 and a 4% increase over the dividend declared in August 2018. The Board also declared a quarterly dividend in the amount of \$0.396875 per preferred share, payable on December 31, 2018, to preferred shareholders of record at the close of business on December 14, 2018.

COMMENTARY ON PERFORMANCE AND OUTLOOK

“Strong asset growth in all of the Bank's business lines, coupled with lower backstop facility costs yielded our best-ever quarterly earnings,” said Andrew Moor, President and Chief Executive Officer. “With market uncertainty around B-20, we entered the year expecting portfolio growth in Alternative Single Family lending of 2% to 4%. As result of superior customer service we now expect growth in this portfolio of 11% to 13% in 2018 which creates a great foundation for future earnings. With the costs of our backstop facility being lower beginning this quarter, our ROE also better reflected the underlying value creation capability of our franchise.

Management expects earnings to continue increasing and ROE to be in the range of 15% in Q4, as a result of the Bank's growing loan portfolio and stable margins. ROE will still be below our 10-year average of 17.2% due to ongoing costs associated with successfully navigating through funding market disruptions that occurred in 2017 (see the Company’s Q1 and Q2 2017 MD&As), a high level of common equity capital,

and investments in key strategic initiatives. Management's complete business outlook can be found in Management's Discussion and Analysis for the three and nine months ended September 30, 2018 which is available on SEDAR and on Equitable's website.

GROWTH AND DIVERSIFICATION IN SECURED LENDING

Equitable continues to expand its position as *Canada's Challenger Bank™*. In Commercial Lending, the Bank recently established programs to finance other specialist lenders' activities in attractive markets such as equipment leasing. In addition, it began lending on CMHC-insured construction projects. Similarly, the *PATH Home Plan™*, introduced earlier this year, established Equitable as one of only two lenders in the growing reverse mortgage market. Recently, Equitable committed to invest in a new Portag3 Ventures fund, furthering our role as *Canada's Challenger Bank™* by supporting the fintech ecosystem and building strategic partnerships with these businesses as they scale and flourish. Equitable believes that investing in this way allows start-ups and incumbents to work together and learn from each other in a symbiotic relationship.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Statements made by the Company in the sections of this news release, in other filings with Canadian securities regulators and in other communications include forward-looking statements within the meaning of applicable securities laws ("forward-looking statements"). These statements include, but are not limited to, statements about the Company's objectives, strategies and initiatives, financial performance expectations and other statements made herein, whether with respect to the Company's businesses or the Canadian economy. Generally, forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "planned", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases which state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved", or other similar expressions of future or conditional verbs. Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, closing of transactions, performance or achievements of the Company to be materially different from those expressed or implied by such forward-looking statements, including but not limited to risks related to capital markets and additional funding requirements, fluctuating interest rates and general economic conditions, legislative and regulatory developments, changes in accounting standards, the nature of our customers and rates of default, and competition as well as those factors discussed under the heading "Risk Management" in the Management's Discussion and Analysis and in the Company's documents filed on SEDAR at www.sedar.com. All material assumptions used in making forward-looking statements are based on management's knowledge of current business conditions and expectations of future business conditions and trends, including their knowledge of the current credit, interest rate and liquidity conditions affecting the Company and the Canadian economy. Although the Company believes the assumptions used to make such statements are reasonable at this time and has attempted to identify in its continuous disclosure documents important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. Certain material assumptions are applied by the Company in making forward-looking statements, including without limitation, assumptions regarding its continued ability to fund its mortgage business, a continuation of the current level of economic uncertainty that affects real estate market conditions, continued acceptance of its products in the marketplace, as well as no material changes in its operating cost structure and the current tax regime. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking

statements. The Company does not undertake to update any forward-looking statements that are contained herein, except in accordance with applicable securities laws.
