

## IMPORTANT NOTICE

**NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE UNITED STATES.**

**IMPORTANT: You must read the following before continuing.** The following applies to the prospectus following this page (the “**Base Prospectus**”), and you are therefore advised to read this carefully before reading, accessing or making any other use of this Base Prospectus. In accessing this Base Prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access. You acknowledge that you will not forward this electronic form of this Base Prospectus to any other person.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY THE SECURITIES OF THE ISSUER (AS DEFINED BELOW) IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, “U.S. PERSONS” (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT) EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT.

THE FOLLOWING BASE PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

This Base Prospectus has been delivered to you on the basis that you are a person into whose possession this Base Prospectus may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorized to, deliver this Base Prospectus to any other person. By accepting this email and accessing this Base Prospectus, you shall be deemed to have confirmed and represented to us that (a) you have understood and agree to the terms set out herein, (b) you consent to delivery of this Base Prospectus by electronic transmission, and (c) you are not a U.S. person (within the meaning of Regulation S under the Securities Act) or acting for the account or benefit of a U.S. person and the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia and (d) if you are a person in the United Kingdom, then you are a person who (i) has professional experience in matters relating to investments and/or (ii) is a high net worth entity falling within Article 49(2)(a) to (e) of the Financial Services and Markets Act (Financial Promotion) Order 2005. This Base Prospectus is not a “prospectus” for purposes of Section 12(a)(2) or any other provisions of the Securities Act.

This Base Prospectus has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of Equitable Bank (“**Equitable Bank**”, the “**Bank**” or the “**Issuer**”), Barclays Bank PLC, (“**Barclays**”), TD Securities Inc. (“**TD Securities**” and collectively with Barclays, the “**Arrangers**”) nor any other Dealer nor any person who controls any of them nor any director, officer, employee nor agent of any of them or any affiliate of any such person accepts any liability or responsibility whatsoever in respect of any difference between this Base Prospectus distributed to you in electronic format and the hard copy version available to you on request from the Arrangers.

**Equitable Bank**  
*(a Canadian chartered bank)*  
**CAD 3,000,000,000**  
**Global Legislative Covered Bond Programme**  
**unconditionally and irrevocably guaranteed as to payments by**  
**EQB COVERED BOND (LEGISLATIVE) GUARANTOR LIMITED PARTNERSHIP**  
*(a limited partnership formed under the laws of Ontario)*

This prospectus comprises a base prospectus ("**Base Prospectus**") for the purposes of Article 8 of the Regulation (EU) 2017/1129, as amended (the "**Prospectus Regulation**").

Under this CAD 3 billion Programme, Equitable Bank (the "**Bank**" or the "**Issuer**") may from time to time issue covered bonds (the "**Covered Bonds**") denominated in any currency agreed between the Issuer and the relevant Dealer(s) (as defined elsewhere in this Base Prospectus).

EQB Covered Bond (Legislative) Guarantor Limited Partnership (the "**Guarantor**") has agreed to guarantee payments of interest and principal under the Covered Bonds pursuant to a direct and, following the occurrence of a Covered Bond Guarantee Activation Event (as defined elsewhere in this Base Prospectus), unconditional and irrevocable guarantee (the "**Covered Bond Guarantee**") which is secured by the assets of the Guarantor, including the Covered Bond Portfolio (as defined elsewhere in this Base Prospectus). Recourse against the Guarantor under the Covered Bond Guarantee is limited to the aforementioned assets and the Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

The maximum aggregate nominal amount of all Covered Bonds outstanding at any one time under the Programme will not exceed CAD 3 billion (or its equivalent in other currencies calculated as described in the Dealership Agreement described herein) subject to any increase as described herein. The price and amount of the Covered Bonds to be issued under the Programme will be determined by the Issuer and the relevant Dealer or Dealers at the time of issue in accordance with prevailing market conditions. **An investment in Covered Bonds issued under the Programme involves certain risks. See "Risk Factors" for a discussion of certain risk factors to be considered in connection with an investment in the Covered Bonds.**

The head office of the Bank in Toronto will take the deposits evidenced by the Covered Bonds but without prejudice to the provisions of Condition 9 (see "*Terms and Conditions of the Covered Bonds—Payments*"). For the purposes of the *Bank Act* (Canada) (the "**Bank Act**"), the Bank will designate the head office of the Bank in Toronto as the "Branch of Account" (as detailed in the section entitled "*Overview of the Programme*" on page 20 of this Base Prospectus) for deposits evidenced by the Covered Bonds, which designation will be specifically stated in the Final Terms relating to the Covered Bonds being issued. Irrespective of the Branch of Account designation, the Bank is (a) the legal entity that is the issuer of the Covered Bonds and (b) the legal entity obligated to repay the Covered Bonds. The Bank is the only legal entity that will issue Covered Bonds pursuant to this Base Prospectus.

This Base Prospectus has been approved by the Central Bank of Ireland (the "**Central Bank**") as competent authority under the Prospectus Regulation for Covered Bonds described in this Base Prospectus. The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer or the Guarantor or the quality of the Covered Bonds that are the subject of this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Covered Bonds. Application will be made to the Irish Stock Exchange plc trading as Euronext Dublin ("**Euronext Dublin**") for Covered Bonds issued under the Programme within 12 months of this Base Prospectus to be admitted to the official list of Euronext Dublin (the "**Official List**") and trading on its regulated market (the "**Regulated Market**"). The Regulated Market is a regulated market for the purposes of Directive 2014/65/EU (as amended, "**MiFID II**"). Such approval relates only to the Covered Bonds which are to be admitted to trading on a regulated market for the purposes of MiFID II and which are

to be offered to the public in any Member State of the European Economic Area in circumstances which would otherwise require the publication of a prospectus under the Prospectus Regulation.

This Base Prospectus is valid (where an offer of Covered Bonds requires a prospectus for the purposes of Article 3(3) of the Prospectus Regulation) for a period of twelve months from the date of approval. The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to information included in this Base Prospectus which may affect the assessment of any Covered Bonds to be issued under the Programme, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Covered Bonds. The obligation to prepare a supplement to this Base Prospectus in the event of any significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid.

In the case of any Covered Bonds which are to be admitted to trading on a regulated market for purposes of MiFID II within the European Economic Area (the “**EEA**”), or offered to the public in a Member State of the EEA and/or the UK, in circumstances which would otherwise require the publication of a prospectus under the Prospectus Regulation, or, in relation to the UK, the Prospectus Regulation as it forms part of the domestic law of the UK by virtue of the European Union (Withdrawal) Act 2018 (as amended, the “**EUWA**”) (the “**UK Prospectus Regulation**”), the minimum denomination of such Covered Bonds shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Covered Bonds).

On 27 July 2021, the Issuer was registered as a registered issuer in the registry (the “**Registry**”) established by Canada Mortgage and Housing Corporation (“**CMHC**”) pursuant to Section 21.51 of Part I.1 of the *National Housing Act* (Canada). On 27 July 2021, the Programme was also registered in the Registry.

**THE COVERED BONDS HAVE NOT BEEN APPROVED OR DISAPPROVED BY CMHC NOR HAS CMHC PASSED UPON THE ACCURACY OR ADEQUACY OF THIS BASE PROSPECTUS. THE COVERED BONDS ARE NOT INSURED OR GUARANTEED BY CMHC OR THE GOVERNMENT OF CANADA OR ANY OTHER AGENCY THEREOF.**

NONE OF THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION OR OTHER REGULATORY AUTHORITY IN THE UNITED STATES HAS APPROVED OR DISAPPROVED OF THESE SECURITIES OR PASSED UPON THE ACCURACY OR THE ADEQUACY OF THIS BASE PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE.

Amounts payable under the Covered Bonds may be calculated by reference to the Euro Inter-Bank Offered Rate (“**EURIBOR**”), which is provided by the European Money Markets Institute (“**EMMI**”). As at the date of this Base Prospectus, EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“**ESMA**”) pursuant to Article 36 of the Benchmarks Regulation (EU) 2016/1011, as amended (the “**Benchmarks Regulation**”).

The Covered Bonds and the related Covered Bond Guarantee have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United State, and may not be offered or sold within the United States or to or for the account or benefit of U.S. persons except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Covered Bonds are being offered only in offshore transactions to non-U.S. persons in reliance upon Regulation S under the Securities Act (“**Regulation S**”).

The Covered Bonds will be issued in registered form as described in “*Form of the Covered Bonds*” and are subject to certain restrictions on transfer as described in “*Subscription and Sale and Selling Restrictions*”.

Covered Bonds issued under the Programme are expected on issue to be assigned a rating by the following rating agencies: DBRS Limited (“**DBRS**”) and Fitch Ratings, Inc. (“**Fitch**”). Covered Bonds are expected on issue to be assigned the following ratings: AA by DBRS and AA by Fitch unless otherwise specified in the applicable Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, revision or withdrawal at any time by the assigning agency and each rating should be evaluated independently of any other. Investors are cautioned to evaluate each rating independently of any other rating. All Covered Bonds will have the benefit of the Covered Bond Guarantee and the Security granted over the Charged Property (as such terms are defined in this Base Prospectus).

Unless otherwise specified in the Final Terms, it is not expected that any credit rating applied for in relation to any Series of Covered Bonds will be issued by a credit rating agency established in the EU or in the UK and registered under Regulation (EC) No. 1060/2009 (as amended, the “**EU CRA Regulation**”) or

Regulation (EC) No. 1060/2009 as it forms part of UK domestic law by virtue of the EUWA (the “**UK CRA Regulation**” and together with the EU CRA Regulation, the “**CRA Regulations**”). The rating of certain Series of Covered Bonds to be issued under the Programme may be specified in the applicable Final Terms. The credit ratings included and referenced in this Base Prospectus have been issued by DBRS and Fitch, neither of which is established in the EU or in the UK. See “Credit Rating Agencies” on page 7. References in this Base Prospectus to DBRS or Fitch shall be construed accordingly, save for references to DBRS or Fitch in the context of ratings triggers applicable to parties other than the Bank which shall be read as referring to the relevant DBRS and/or Fitch entity (if applicable) at the relevant time.

In general, EEA regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes, unless such credit ratings are issued by a credit rating agency established in the EEA and registered under the EU CRA Regulation (an “**EU Registered CRA**”) (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by third country non-EEA credit rating agencies, unless the relevant credit ratings are endorsed by an EU Registered CRA or the relevant third country non-EEA credit rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a credit rating agency established in the UK and registered under the UK CRA Regulation (a “**UK Registered CRA**”). In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK Registered CRA; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended, and (b) transitional provisions that apply in certain circumstances.

## IMPORTANT NOTICES

This Base Prospectus supercedes the base prospectus of the Issuer dated 19 September 2022, except that Covered Bonds issued on or after the date of this Base Prospectus which are to be consolidated and form a single series with Covered Bonds issued prior to the date hereof will be subject to the Conditions of the Covered Bonds applicable on the date of the issue of the first tranche of Covered Bonds of such series. Such Conditions are incorporated by reference herein and form part of this Base Prospectus.

Each Tranche (as defined herein) of Covered Bonds will be issued on the terms set out herein under “Terms and Conditions of the Covered Bonds” on pages 79 to 116, in each case, as completed by the applicable Final Terms.

Copies of Final Terms for Covered Bonds that are admitted to trading on a regulated market in the EEA in circumstances requiring publication of a prospectus in accordance with the Prospectus Regulation (i) can be viewed on the website of Euronext Dublin under the name of the Issuer, (ii) will be available without charge from the Issuer at the head office of the Issuer located at 30 St. Clair Avenue West, Suite 700, Toronto, Ontario M4V 3A1 and the specified office of each Paying Agent set out at the end of this Base Prospectus, see “Terms and Conditions of the Covered Bonds” and (iii) can be viewed on the Issuer’s website at <https://eqbank.investorroom.com/covered-bonds-terms-of-access>.

This Base Prospectus should be read and construed with any amendment or supplement hereto and with any other documents which are deemed to be incorporated herein or therein by reference and shall be read and construed on the basis that such documents are so incorporated and form part of this Base Prospectus. Any reference in this document to “Base Prospectus” means those aspects of this Base Prospectus approved by the Central Bank together with the documents incorporated herein, any supplementary prospectus approved by the Central Bank and any documents specifically incorporated by reference therein. In relation to any Tranche or Series (as such terms are defined herein) of Covered Bonds, this Base Prospectus shall also be read and construed together with the applicable Final Terms.

The Issuer and the Guarantor accept responsibility for the information in this Base Prospectus, including any information incorporated by reference, and the Final Terms for each Tranche of Covered Bonds issued under the Programme. To the best of the knowledge of the Issuer and the Guarantor, the information contained in this Base Prospectus is in accordance with the facts and this Base Prospectus makes no omission likely to affect its import.

No person has been authorized by the Issuer, the Guarantor, the Bond Trustee, the Arrangers or any of the Dealers to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any amendment or supplement hereto or any document incorporated herein or therein by reference or entered into in relation to the Programme or any information supplied by the Issuer or the Guarantor or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorized by the Issuer, the Guarantor, the Arrangers, any Dealer or the Bond Trustee.

No representation or warranty is made or implied by the Arrangers or the Dealers or any of their respective affiliates, and none of the Arrangers, the Dealers or any of their respective affiliates makes any representation or warranty or accept any responsibility or any liability, as to the accuracy or completeness of any statement, representation, warranty or covenant of the Issuer or Guarantor contained or incorporated by reference in this Base Prospectus or the Transaction Documents and any other information provided by the Issuer and the Guarantor in connection with the Programme or for the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence thereof. None of the Arrangers, the Dealers nor the Bond Trustee accepts any responsibility or liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer

and the Guarantor in connection with the Programme. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Covered Bond shall, in any circumstances, create any implication that the information contained or incorporated by reference herein is true subsequent to the date hereof, the date indicated on such document incorporated by reference herein or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial situation of the Issuer or the Guarantor since the date hereof, the date indicated on such document incorporated by reference herein or, as the case may be, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

None of this Base Prospectus nor any Final Terms nor any financial statements nor any further information supplied in connection with the Programme constitutes an offer or an invitation to subscribe for or purchase any Covered Bonds, nor are they intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by the Issuer, the Guarantor, the Arrangers, the Dealers, the Bond Trustee or any of them that any recipient of this Base Prospectus, any supplement hereto, any information incorporated by reference herein or therein, any other information provided in connection with the Programme and, in respect to each Tranche of Covered Bonds, the applicable Final Terms, should subscribe for or purchase any Covered Bond. No Arranger or Dealer is acting as an investment adviser or providing advice of any other nature, or assumes any fiduciary obligations, to any purchaser of the Covered Bonds. Each investor contemplating purchasing Covered Bonds should determine for itself the relevance of the information contained or incorporated by reference in this Base Prospectus, should make its own independent investigation of the condition (financial or otherwise) and affairs, and its own appraisal of the creditworthiness, of the Issuer and the Guarantor and should consult its own legal and financial advisors prior to subscribing for or purchasing any of the Covered Bonds. Each investor's or purchaser's purchase of Covered Bonds should be based upon such investigation as it deems necessary. Potential purchasers cannot rely, and are not entitled to rely, on the Arrangers, the Dealers or the Bond Trustee in connection with their investigation of the accuracy of any information or their decision whether to subscribe for, purchase or invest in the Covered Bonds. None of the Arrangers, the Dealers or the Bond Trustee undertakes to review the financial condition of affairs of the Issuer or the Guarantor during the life of the Programme or to advise any investor or potential investor in or purchaser of the Covered Bonds of any information coming to the attention of any of the Arrangers, the Dealers or the Bond Trustee, as the case may be.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Covered Bonds in certain jurisdictions may be restricted by law. In particular, no action has been taken by the Issuer or the Guarantor or the Arrangers or the Dealers which would permit a public offering of the Covered Bonds or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, the Covered Bonds may not be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same terms. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer, the Guarantor, the Bond Trustee, the Arrangers and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Covered Bonds and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Covered Bonds in Canada, the UK, the EEA (including France, Italy, the Netherlands, Ireland, Belgium, Denmark and Sweden), Switzerland, Hong Kong, Japan, and Singapore. See "*Subscription and Sale and Selling Restrictions*" below. Neither this Base Prospectus nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation.

This Base Prospectus has been prepared on the basis that any offer of Covered Bonds in any Member State of the EEA or in the UK will be made pursuant to an exemption under the Prospectus Regulation or the UK Prospectus Regulation, as applicable, from the requirement to publish a prospectus for offers of Covered Bonds. Accordingly, any person making or intending to make an offer in any Member State of the EEA or in the UK of Covered Bonds which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms in relation to the offer of those Covered Bonds may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or section 85 of the Financial Services and Markets Act 2000 (as amended, the “FSMA”), or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation or Article 23 of the UK Prospectus Regulation, in each case, in relation to such offer. None of the Issuer, the Guarantor, the Bond Trustee, the Arrangers or any Dealer has authorized, nor do they authorize, the making of any offer of Covered Bonds in any Member State of the EEA or in the UK in circumstances in which an obligation arises for the Issuer or any Dealer to publish or supplement a prospectus for such offer.

**IMPORTANT – EEA RETAIL INVESTORS:** If the Final Terms in respect of any Covered Bonds includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Covered Bonds are not intended to be offered, sold or otherwise made available to and, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

**IMPORTANT – UK RETAIL INVESTORS:** If the Final Terms in respect of any Covered Bonds includes a legend entitled “Prohibition of Sales to UK Retail Investors”, the Covered Bonds are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended (the “EUWA”); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act, 2000, as amended (“FSMA”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “UK PRIIPs Regulation”) for offering or selling the Covered Bonds or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Covered Bonds or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

**MIFID II PRODUCT GOVERNANCE / TARGET MARKET –** The Final Terms in respect of any Covered Bonds may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Covered Bonds about whether, for the purpose of the MiFID II Product Governance rules under EU Delegated Directive 2017/593 (as amended, the “MiFID II Product Governance Rules”), any Dealer subscribing for any Covered Bonds is a manufacturer in

respect of such Covered Bonds, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules.

**UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET** – The Final Terms in respect of any Covered Bonds may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Covered Bonds and which channels for distribution of the Covered Bonds are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “**UK distributor**”) should take into consideration the target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Covered Bonds is a UK manufacturer in respect of such Covered Bonds, but otherwise neither the Arrangers nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Notification under Section 309(B)(1)(c) of the Securities and Futures Act 2001 of Singapore as modified or amended from time to time (the “**SFA**”):

Unless otherwise stated in the Final Terms in respect of any Covered Bonds, all Covered Bonds issued or to be issued under the Programme shall be capital markets products other than prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Specified Investment Products (as defined in the Monetary Authority of Singapore (the “**MAS**”) Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

**This Base Prospectus has not been submitted for clearance to the *Autorité des marchés financiers* in France.**

**All capitalised terms used will be defined in this Base Prospectus or the Final Terms and are set out in the Glossary of this Base Prospectus.**

**All references in this Base Prospectus or any applicable supplement or Final Terms to “\$”, “C\$”, “CAD” or “Canadian dollars” are to the lawful currency for the time being of Canada, to “Euro” and “€” are to the lawful currency for the time being of the Partner states of the European Union that have adopted or may adopt the single currency in accordance with the treaty establishing the European Community (signed in Rome on 25 March 1957), as amended by the treaty on European Union, and to “GBP”, “pound sterling”, “sterling”, “£” are to the lawful currency for the time being of the UK. In the documents incorporated by reference in this Base Prospectus, unless otherwise specified herein or the context otherwise requires, references to “\$” are to Canadian dollars.**

**All references in this Base Prospectus to EU directives or regulations shall be deemed to refer to any modification or re-enactment thereof or any statutory instrument, order or regulation made thereunder or under any such modification or re-enactment and any successor legislation, statutory instrument, order or regulation thereto and shall include any applicable implementing measure in a Member State.**

**In this Base Prospectus, unless the contrary intention appears, a reference to a law or regulation or a provision of a law or regulation is a reference to that law or regulation or provision thereof as extended, amended or re-enacted.**

**Save in relation to information incorporated by reference, any website (or part thereof) that is referred to in this Base Prospectus is referred to for information purposes only and does not form**

part of this Base Prospectus and the contents of any such website have not been approved by or submitted to the Central Bank, CMHC, the Government of Canada or any other agency thereof.

All references in this Base Prospectus to the “European Economic Area” or “EEA” are to the Member States of the European Union (the “EU”) together with Iceland, Norway and Liechtenstein and “Member State” shall be construed accordingly.

All references to “Condition(s)” are to the conditions described in this Base Prospectus under “*Terms and Conditions of the Covered Bonds*”.

**IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF COVERED BONDS UNDER THE PROGRAMME, ONE OR MORE RELEVANT DEALER OR DEALERS (IF ANY) (THE “STABILISATION MANAGER(S)”) (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) MAY OVER-ALLOT COVERED BONDS OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE COVERED BONDS AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH ADEQUATE PUBLIC DISCLOSURE OF THE TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF THE COVERED BONDS IS MADE AND, IF BEGUN, MAY CEASE AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF COVERED BONDS AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF THE COVERED BONDS. ANY STABILISATION ACTION OR OVER-ALLOTMENT MUST BE CONDUCTED BY THE RELEVANT STABILISATION MANAGER(S) (OR PERSONS ACTING ON BEHALF OF ANY STABILISATION MANAGER(S)) IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.**

None of the Arrangers, Dealers, the Bond Trustee, the Guarantor or the Issuer makes any representation to any investor in the Covered Bonds regarding the legality of its investment under any applicable laws. Any investor in the Covered Bonds should satisfy itself that it is able to bear the economic risk of an investment in the Covered Bonds for an indefinite period of time. Investors whose investment authority is subject to legal restrictions should consult their legal advisors to determine whether and to what extent the Covered Bonds constitute legal investments for them.

#### **THE COVERED BONDS MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS**

Each of the risks highlighted in the “*Risk Factors*” section of this Base Prospectus could adversely affect the trading price of any Covered Bonds or the rights of investors under any Covered Bonds and, as a result, investors could lose all or some of their investment. The Issuer and the Guarantor believe that the factors described in the “*Risk Factors*” section of this Base Prospectus represent the principal risks inherent in investing in Covered Bonds issued under the Programme, but the Issuer and the Guarantor may be unable to pay or deliver amounts on or in connection with any Covered Bonds for other reasons and the Issuer and the Guarantor do not represent that the statements herein regarding the risks of holding any Covered Bonds are exhaustive. Additional information about these factors can be found under “*Risk Factors*”.

Each potential investor in the Covered Bonds must determine the suitability of that investment in light of his or her own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Covered Bonds, the merits and risks of investing in the Covered Bonds and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement or Final Terms;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Covered Bonds and the impact the Covered Bonds will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Covered Bonds, including Covered Bonds with principal or interest payable in one or more

- currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Covered Bonds and be familiar with the behaviour of any relevant indices and financial markets; and
  - (e) be able to evaluate (either alone or with the help of a financial adviser) at the time of initial investment and on an ongoing basis possible economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Covered Bonds are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Covered Bonds which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Covered Bonds will perform under changing conditions, the resulting effect on the value of the Covered Bonds and the impact this investment will have on the potential investor's overall investment portfolio.

In addition, the investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its advisers to determine whether and to what extent (i) Covered Bonds are legal investments for it, (ii) Covered Bonds can be used as collateral for various types of borrowing, (iii) Covered Bonds can be used as repo-eligible securities, and (iv) other restrictions apply to its purchase or pledge of any Covered Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Covered Bonds under any applicable risk-based capital or similar rules.

#### **AVAILABLE INFORMATION**

By requesting copies of any of the documents referred to herein, each potential purchaser agrees to keep confidential the various documents and all written information clearly labelled "Confidential" which from time to time have been or will be disclosed to it concerning the Guarantor or the Issuer or any of their affiliates, and agrees not to disclose any portion of the same to any person.

#### **CREDIT RATING AGENCIES**

### **CAUTION REGARDING FORWARD-LOOKING STATEMENTS**

From time to time, the Issuer and/or the Guarantor will make written and oral forward-looking statements, within the meaning of certain securities laws, such as those contained in this Base Prospectus, in the *"EQB corporate profile"*, *"Overall business performance and guidance"*, *"Provision for credit losses"*, *"Credit portfolio quality"*, *"Liquidity investments and equity securities"*, *"Capital position"*, *"Risk management"* sections in the management's discussion and analysis of the 2022 Annual Report and the 2023 Second Quarter Report, which is incorporated by reference in this Base Prospectus, in other filings with Canadian securities regulators, and in other communications. These statements include, but are not limited to, statements about the Issuer's objectives, strategies and initiatives, financial performance expectations and other statements made herein, whether with respect to the Issuer's businesses or the Canadian economy. Generally, forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "guidance", "planned", "estimates", "forecasts", "outlook", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases which state that certain actions, events or results "may", "could", "would", "should", "might" or "will be taken", "occur", "be achieved", "will likely" or other similar expressions of future or conditional verbs.

Forward-looking statements are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, closing of transactions, performance or achievements of the Issuer to be materially different from those expressed or implied by such forward-looking statements, including but not limited to risks related to capital markets and additional funding requirements, fluctuating interest rates and general economic conditions including, without limitation, impacts as a result of COVID-19, global geopolitical risk, business acquisition, legislative and regulatory developments, changes in accounting standards, the nature of the Issuer's customers and rates of default, and competition as well as those factors discussed in the section *"Risk Factors"* and in the *"Risk Management"* section in the management's discussion and analysis of the 2022 Annual Report and the 2023 Second Quarter Report.

All material assumptions used in making forward-looking statements are based on management's knowledge of current business conditions and expectations of future business conditions and trends, including their knowledge of the current credit, interest rate, and liquidity conditions affecting the Issuer and the Canadian economy.

Although the Issuer believes the assumptions used to make such statements are reasonable at this time and has attempted to identify in its continuous disclosure documents important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. Certain material assumptions are applied by the Issuer in making forward-looking statements, including without limitation, assumptions regarding its continued ability to fund its loan business, a continuation of the current level of economic uncertainty that affects real estate market conditions including, without limitation, impacts as a result of COVID-19, continued acceptance of its products in the marketplace, as well as no material changes in its operating cost structure and the current tax regime. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Issuer does not undertake to update any forward-looking statements that are contained herein, except in accordance with applicable securities laws.

The foregoing list of risk factors is not exhaustive. Additional information about these factors can be found in the section *"Risk Factors"* and in the *"Risk Management"* section in the management's discussion and analysis of the 2022 Annual Report, which is incorporated by reference in this Base Prospectus. Investors

and others who rely on the Issuer's or the Guarantor's forward-looking statements should carefully review the above factors as well as the uncertainties they represent and the risk they entail. The forward-looking information contained in this document is presented for the purpose of interpreting the information contained herein and may not be appropriate for other purposes. Except as required by law, none of the Issuer, the Guarantor, the Arrangers, the Dealers, the Bond Trustee or any other person undertakes to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Issuer or the Guarantor.

Additional information about these factors can be found under "*Risk Factors*" and the discussion and analysis of the Issuer's management pertaining to risk factors incorporated by reference herein (see "*Documents Incorporated by Reference*").

### **LEGALITY OF THE COVERED BONDS**

## STRUCTURE OVERVIEW

The information in this section is an overview of the structure relating to the Programme and does not purport to be complete. The information is taken from, and is qualified in its entirety by, the remainder of this Base Prospectus. Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this overview. A glossary of certain defined terms used in this Base Prospectus is contained at the end of this Base Prospectus.

### Structure Diagram

#### COVERED BOND STRUCTURE OVERVIEW

### Structure Overview

- **Programme:** Under the terms of the Programme, the Issuer will issue Covered Bonds on each Issue Date. The Covered Bonds will be direct, unsecured and unconditional obligations of the Issuer. The Covered Bonds will be treated as deposits under the Bank Act; however, the Covered Bonds are not deposits insured under the *Canada Deposit Insurance Corporation Act* (Canada). The Covered Bonds will rank *pari passu* with all deposit liabilities of the Issuer without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations of the Issuer, present and future (except as otherwise prescribed by law).
- **Covered Bond Guarantee:** The Guarantor has provided a direct and, following the occurrence of a Covered Bond Guarantee Activation Event, unconditional and irrevocable guarantee as to payments of interest and principal under the Covered Bonds when such amounts become Due for Payment where

such amounts would otherwise be unpaid by the Issuer. Upon the occurrence of a Covered Bond Guarantee Activation Event, the Covered Bonds will become immediately due and payable as against the Issuer and, where that Covered Bond Guarantee Activation Event is the service of a Guarantor Acceleration Notice on the Guarantor, the Guarantor's obligations under the Covered Bond Guarantee will also be accelerated. Payments by the Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the Priorities of Payments.

- *Security:* The Guarantor's obligations under the Covered Bond Guarantee and the Transaction Documents to which it is a party are secured by a first ranking security interest over the present and future acquired assets of the Guarantor (which consist principally of the Guarantor's interest in the Covered Bond Portfolio, the Substitute Assets, the Transaction Documents to which it is a party, funds being held for the account of the Guarantor by its service providers and funds in the Guarantor Accounts) in favour of the Bond Trustee (for itself and on behalf of the Secured Creditors) pursuant to the Security Agreement.
- *Covered Bond Portfolio:* The Covered Bond Portfolio currently consists solely of Loans originated by the Seller that are secured by Canadian first lien residential mortgages ("**Mortgages**"). The Loans will be serviced by the Bank pursuant to the terms of the Servicing Agreement (see "*Summary of the Principal Documents—Servicing Agreement*"). The Bank has agreed to exercise reasonable care and prudence in the making of the Loans, in the administration of the Loans, in the collection of the repayment of the Loans and in the protection of the security for each Loan.
- *Intercompany Loan Agreement:* Under the terms of the Intercompany Loan Agreement, the Bank has made available to the Guarantor, on an unsecured basis, an interest-bearing Intercompany Loan, comprised of a Guarantee Loan and a revolving Demand Loan in a combined aggregate amount equal to the Total Credit Commitment. In addition, in respect of each issuance of Covered Bonds, the Intercompany Loan Agreement provides for the Bank to make advances to the Guarantor so that the Bank can be provided as repayments of such advances with (i) the issuance proceeds converted into Canadian dollars and (ii) Euros for the payment obligations it has for interest and principal payments on the Covered Bonds. The Guarantor will utilize the applicable Covered Bond Swap Agreement for this purpose. The amounts advanced under the Issue Advances Facility are not included in the Total Credit Commitment and the repayment by the Guarantor of the Issue Advances will be made on the same day without any interest charge being applicable.

The Intercompany Loan is denominated in Canadian dollars. The interest rate on the Intercompany Loan is a Canadian dollar floating rate determined by the Bank from time to time, which rate shall not exceed the amount received by the Guarantor pursuant to the Interest Rate Swap Agreement after taking into account the sum of a minimum spread and an amount for certain expenses of the Guarantor. The balance of the Guarantee Loan and Demand Loan will fluctuate with the issuances and redemptions of Covered Bonds and the requirements of the Asset Coverage Test. The Guarantee Loan is a drawn amount equal to the balance of outstanding Covered Bonds at any relevant time plus that portion of the Covered Bond Portfolio required to collateralize the Covered Bonds to ensure that the Asset Coverage Test is met at all times (see "*Summary of the Principal Documents – Guarantor Agreement – Asset Coverage Test*"). The Demand Loan is a revolving credit facility, the outstanding balance of which is equal to the difference between the balance of the Intercompany Loan and the balance of the Guarantee Loan at any relevant time. Upon the occurrence of (x) a Contingent Collateral Trigger Event, (y) an event of default (other than an insolvency event of default) or an additional termination event in respect of which the relevant Swap Provider is the defaulting party or the affected party, as applicable, or (z) a Downgrade Trigger Event, in each case, in respect of the Interest Rate Swap Agreement or the Covered Bond Swap Agreement, the Guarantor may deliver a Contingent Collateral Notice to the Issuer, as lender under the Intercompany Loan, under which the Guarantor elects to decrease the amount of the Demand Loan with a corresponding increase in the amount of the Guarantee Loan, in each case, in an amount equal to the related Contingent Collateral Amount(s).

At any time prior to a Demand Loan Repayment Event, the Guarantor may borrow any undrawn committed amount or re-borrow any amount repaid by the Guarantor under the Intercompany Loan for a permitted purpose provided, among other things: (i) such drawing does not result in the Intercompany Loan exceeding the Total Credit Commitment; and (ii) no Issuer Event of Default or Guarantor Event of Default has occurred and is continuing. Unless otherwise agreed by the Bank and subject to satisfaction of the Rating Agency Condition, no further advances will be made to the Guarantor under the Intercompany Loan following the occurrence of a Demand Loan Repayment Event.

To the extent the Covered Bond Portfolio increases or is required to be increased to meet the Asset Coverage Test, the Bank may increase the Total Credit Commitment to enable the Guarantor to acquire New Loans and their Related Security from the Seller.

The Demand Loan or any portion thereof is repayable no later than the first Canadian Business Day following 60 days after a demand therefor is served on the Guarantor, subject to a Demand Loan Repayment Event having occurred (see below in respect of the repayment of the Demand Loan in such circumstance) and the Asset Coverage Test being met on the date of repayment after giving effect to such repayment.

Following the occurrence of a Demand Loan Repayment Event, the Guarantor will be required to repay any amount of the Demand Loan that exceeds the Demand Loan Contingent Amount on the first Guarantor Payment Date following 60 days after such Demand Loan Repayment Event. Following such Demand Loan Repayment Event, the Guarantor will be required to repay the then outstanding Demand Loan on the date on which the Asset Percentage is next calculated. Repayment of any amount outstanding under the Demand Loan will be subject to the Asset Coverage Test being met on the date of repayment after giving effect to such repayment.

The Guarantor may repay the principal on the Demand Loan in accordance with the Priorities of Payments and the terms of the Intercompany Loan Agreement, (a) using (i) funds being held for the account of the Guarantor by its service providers and/or funds in the Guarantor Accounts (other than any amount standing to the credit of the Pre-Maturity Liquidity Ledger); and/or (ii) proceeds from the sale of Substitute Assets; and/or (iii) proceeds from the sale of Portfolio Assets to the Seller or to another person subject to a right of pre-emption on the part of the Seller; and/or (b) by selling, transferring and assigning to the Seller all of the Guarantor's right, title and interest in and to Portfolio Assets.

The Demand Loan shall not have a positive balance at any time following the occurrence of a Demand Loan Repayment Event and the repayment in full of the then outstanding Demand Loan by the Guarantor.

The Guarantor will be entitled to set off amounts paid by the Guarantor under the Covered Bond Guarantee against amounts owing by it to the Bank under the Intercompany Loan Agreement.

For greater certainty, the obligations of the Issuer for payments due by the Issuer under the Covered Bonds are not conditional upon receipt by the Issuer of payments in respect of the Intercompany Loan.

- *Proceeds of the Intercompany Loan:* The Guarantor has used advances of proceeds from the Intercompany Loan to pay for the purchase price for the Loans and their Related Security in the Covered Bond Portfolio purchased from the Seller in accordance with the terms of the Mortgage Sale Agreement and may use additional advances (i) to purchase New Loans and their Related Security for the Covered Bond Portfolio pursuant to the terms of the Mortgage Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (iii) subject to complying with the Asset Coverage Test, to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including without limitation, to fund the Reserve Fund and the Pre-Maturity Liquidity Ledger, if applicable (in each case to an amount not exceeding the prescribed limit)).

In addition, prior to an Issuer Event of Default or Covered Bond Guarantee Activation Event, the Guarantor will use Issue Advances received under the Intercompany Loan Agreement in respect of issuances, in order to facilitate the repayment to the Issuer on the same day of (i) the Canadian dollar equivalent of the net amount of the issuance proceeds of a Series of Covered Bonds denominated in the applicable currency; (ii) the equivalent amount in the applicable currency for the interest payments to be made by Issuer to holders of the applicable Series of Covered Bonds, and (iii) the equivalent amount in the applicable currency for the principal payments to be made by Issuer to holders of the applicable Series of Covered Bonds. The Guarantor will utilize the applicable Covered Bond Swap Agreement for this purpose of providing the Issuer with such amounts. Issue Advances received by the Guarantor from the Bank in respect of issuance proceeds and principal payments on the Covered Bonds will provide the Guarantor with its sole source of funds, prior to an Issuer Event of Default or Covered Bond Guarantee Activation Event, to make the applicable payments owing by the Guarantor under the Covered Bond Swap Agreement relating to such amounts (separately, the Guarantor will fund from the Priorities of Payments the normal course monthly payments to be made by it pursuant to the Covered Bond Swap Agreement relating to interest payments on the Covered Bonds).

- *Consideration:* Under the terms of the Mortgage Sale Agreement, the Seller sold the Loans and their Related Security in the Covered Bond Portfolio and may, from time to time, sell New Loans and their Related Security to the Guarantor on a fully-serviced basis in exchange for cash consideration equal to the fair market value of such Loans at the relevant Transfer Date. The Limited Partner may also make Capital Contributions of New Loans and their Related Security on a fully-serviced basis in exchange for an additional interest in the capital of the Guarantor.
- *Cashflows:* At any time that there is no Asset Coverage Test Breach Notice outstanding and no Covered Bond Guarantee Activation Event has occurred, the Guarantor will:
  - apply Available Revenue Receipts to (i) pay interest due on the Intercompany Loan; and (ii) make Capital Distributions to the Limited Partner. However, these payments will only be made in accordance with, and after payment of certain items ranking higher in, the Pre-Acceleration Revenue Priority of Payments (including, but not limited to certain expenses and amounts, if any, due to the Interest Rate Swap Provider and the Covered Bond Swap Provider); and
  - apply Available Principal Receipts to (i) fund the Pre-Maturity Liquidity Ledger, if applicable (to an amount not exceeding the prescribed limit) in respect of any liquidity that may be required in respect of Hard Bullet Covered Bonds following any breach of the Pre-Maturity Test; (ii) acquire New Loans and their Related Security; (iii) pay principal amounts outstanding on the Intercompany Loan (excluding Issue Advances); and (iv) make Capital Distributions to the Limited Partner. However, these payments will only be made in accordance with, and after payment of certain items ranking higher in, the Pre-Acceleration Principal Priority of Payments.

For further details of the Pre-Acceleration Revenue Priority of Payments and Pre-Acceleration Principal Priority of Payments, see “*Cashflows*” below.

While an Asset Coverage Test Breach Notice is outstanding but prior to a Covered Bond Guarantee Activation Event having occurred, the Guarantor will continue to apply Available Revenue Receipts and Available Principal Receipts as described above, except that, while any Covered Bonds remain outstanding:

- in respect of Available Revenue Receipts, no further amounts will be paid to the Issuer under the Intercompany Loan Agreement, towards any indemnity amount due to any of the Partners under the Guarantor Agreement or towards any Capital Distributions (but payments will, for the avoidance of doubt, continue to be made under the relevant Swap Agreements); and

- in respect of Available Principal Receipts, no payments will be made other than into the GIC Account and, as required, credited to the Pre-Maturity Liquidity Ledger, if applicable (see “Cashflows” below).

Following service of a Notice to Pay on the Guarantor (but prior to service of a Guarantor Acceleration Notice on the Guarantor) the Guarantor will use all moneys to pay Guaranteed Amounts in respect of the Covered Bonds when the same become Due for Payment subject to paying higher ranking obligations of the Guarantor (including the obligations of the Guarantor to make repayment on the Demand Loan, as described above) in accordance with the Priorities of Payments.

Following service of a Guarantor Acceleration Notice on the Guarantor, the Covered Bonds will become immediately due and repayable (if not already due and payable following the occurrence of an Issuer Event of Default) and the Bond Trustee will enforce its claim against the Guarantor under the Covered Bond Guarantee for an amount equal to the Early Redemption Amount in respect of each Covered Bond together with accrued interest and any other amounts due under the Covered Bonds (other than additional amounts payable by the Issuer under Condition 8). At such time, the Security will also become enforceable by the Bond Trustee (for the benefit of the Secured Creditors). Any moneys recovered by the Bond Trustee from realization on the Security following enforcement will be distributed according to the Post-Enforcement Priority of Payments, see “Cashflows” below.

- *OC Valuation:* The CMHC Guide requires that the Guarantor confirm that the cover pool’s level of overcollateralization exceeds 103 percent. The level of overcollateralization (expressed as a percentage) shall be calculated at the same time as the Asset Coverage Test. The Issuer must provide immediate notice to CMHC if the level of overcollateralization falls below the Guide OC Minimum. See “*Summary of the Principal Documents—Guarantor Agreement—OC Valuation*”.
- *Asset Coverage Test:* The Programme provides that the assets of the Guarantor are subject to an Asset Coverage Test in respect of the Covered Bonds. Accordingly, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that monthly, on each Calculation Date, the Adjusted Aggregate Asset Amount will be in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on that Calculation Date. The Bank shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. The Asset Coverage Test will not give credit to Non-Performing Loans. The Asset Coverage Test will be tested by the Cash Manager as at each Calculation Date and monitored from time to time by the Asset Monitor. Such testing will be completed within the time period specified in the Cash Management Agreement. A breach of the Asset Coverage Test as at a Calculation Date, if not remedied so that the breach no longer exists on the immediately succeeding Calculation Date, will require the Guarantor (or the Cash Manager on its behalf) to serve an Asset Coverage Test Breach Notice on the Partners, the Bond Trustee, CMHC and, if delivered by the Cash Manager, the Guarantor. An Asset Coverage Test Breach Notice will be revoked if the Asset Coverage Test is satisfied on the next Calculation Date following service of the Asset Coverage Test Breach Notice, provided a Covered Bond Guarantee Activation Event has not occurred. See “*Summary of the Principal Documents—Guarantor Agreement—Asset Coverage Test*”.

At any time an Asset Coverage Test Breach Notice is outstanding:

- (a) the application of Available Revenue Receipts and Available Principal Receipts will be restricted while any Covered Bonds remain outstanding; and
- (b) the Issuer will not be permitted to make further issuances of Covered Bonds.

If an Asset Coverage Test Breach Notice has been served and is not revoked on or before the Guarantor Payment Date following the next Calculation Date after service of such Asset Coverage Test Breach Notice, then an Issuer Event of Default will have occurred and the Bond Trustee will be entitled (and, in certain circumstances, may be required) to serve an Issuer Acceleration Notice on the Issuer,

following which the Bond Trustee must forthwith serve a Notice to Pay on the Guarantor (which shall constitute a Covered Bond Guarantee Activation Event).

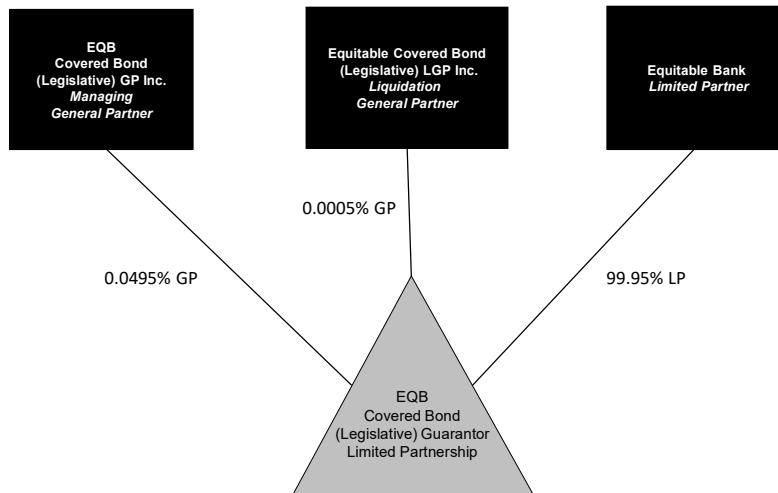

- *Amortization Test*: Following the occurrence and during the continuance of an Issuer Event of Default (but prior to service of a Guarantor Acceleration Notice) and, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that, as at each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default, the Guarantor is in compliance with the Amortization Test. The Amortization Test will be tested by the Cash Manager and will be verified by the Asset Monitor as at each Calculation Date. Such testing will be completed within the time period specified in the Cash Management Agreement. A breach of the Amortization Test will constitute a Guarantor Event of Default, which will entitle the Bond Trustee to serve a Guarantor Acceleration Notice declaring the Covered Bonds immediately due and repayable and entitle the Bond Trustee to exercise the remedies available to it under the Security Agreement, including to enforce on the Security granted under the Security Agreement. See “*Summary of the Principal Documents—Guarantor Agreement—Amortization Test*”.
- *Extendable obligations under the Covered Bond Guarantee*: An Extended Due for Payment Date may be specified as applying in relation to a Series of Covered Bonds in the applicable Final Terms. This means that, if the Issuer fails to pay the Final Redemption Amount of the relevant Series of Covered Bonds on the Final Maturity Date (subject to applicable grace periods) and if the Guaranteed Amounts equal to the Final Redemption Amount of the relevant Series of Covered Bonds are not paid in full by the Extension Determination Date (for example because, following the service of a Notice to Pay on the Guarantor, the Guarantor has insufficient moneys available in accordance with the Priorities of Payments to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds after payment of higher ranking amounts and taking into account amounts ranking *pari passu* in the Priorities of Payments), then payment of the unpaid amount pursuant to the Covered Bond Guarantee will be automatically deferred (without a Guarantor Event of Default occurring as a result of such non-payment) and will be due and payable 12 months later on the Extended Due for Payment Date (subject to any applicable grace period) and interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at the applicable Rate of Interest including, if applicable, as may be determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds). To the extent that a Notice to Pay has been served on the Guarantor and the Guarantor has sufficient time and sufficient moneys to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of the relevant Series of Covered Bonds, the Guarantor will make such partial payment on any Interest Payment Date up to and including the relevant Extended Due for Payment Date, in accordance with the Priorities of Payments and as described in Condition 6.01 and will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date with any unpaid portion thereof (if any) becoming due and payable on the Extended Due for Payment Date. Any amount that remains unpaid on any such Interest Payment Date will be automatically deferred for payment until the applicable Extended Due for Payment Date (where the relevant Series of Covered Bonds are subject to an Extended Due for Payment Date).
- *Servicing*: The Bank, as Servicer, has agreed to provide administrative services to the Guarantor in respect of the Covered Bond Portfolio. In certain circumstances, the Bank may be required to assign the role of Servicer to a third party acceptable to the Bond Trustee and qualified to service the Covered Bond Portfolio (see “*Summary of the Principal Documents—Servicing Agreement*”).
- *Covered Bond Legislative Framework*: The Issuer and the Programme were registered in the Registry in accordance with the Covered Bond Legislative Framework and the CMHC Guide on 27 July 2021.
- *Interest Rate Swap Agreement*: To provide a hedge against possible variances in (i) the rates of interest payable on the Portfolio Assets (which may, for instance, include variable rates of interest or fixed rates of interest) and related amounts, and (ii) amounts payable under the Covered Bond Swap Agreement and the Intercompany Loan Agreement, the Guarantor has entered into the Interest Rate Swap

Agreement with the Interest Rate Swap Provider (see “*Summary of the Principal Documents—Interest Rate Swap Agreement*”).

- *Covered Bond Swap Agreement*: The Guarantor will enter into Covered Bond Swap Agreements from time to time (which may include a new ISDA Master Agreement, schedule, a credit support annex and confirmation(s) for each Tranche and/or Series of Covered Bonds) with the Covered Bond Swap Provider in respect of each Series of Covered Bonds to provide a hedge against currency and/or other risks arising following the occurrence of a Covered Bond Guarantee Activation Event with respect to the mismatch between (x) its obligations under the Covered Bond Guarantee and (y) the amounts received under the Interest Rate Swap Agreement. The Covered Bond Swap Agreements will also provide for the exchange of cash flows prior to the Covered Bond Guarantee Activation Event, and, during this time, the Covered Bond Swap Agreements will provide the Guarantor with amounts which it will pay to the Issuer in repayment of Issue Advances to provide the Issuer with an effective hedge with respect to the mismatch between (x) its obligations owing under a Tranche and/or Series of Covered Bonds in euros and (y) its general sources of funds being in Canadian dollars and to also provide the Issuer with the ability to convert issuance proceeds from euros to Canadian dollars. (see “*Summary of the Principal Documents—Covered Bond Swap Agreement*”).
- *Further Information*: For a more detailed description of the transactions summarized above relating to the Covered Bonds see, amongst other relevant sections of this Base Prospectus, “*Overview of the Programme*”, “*Terms and Conditions of the Covered Bonds*”, “*Summary of the Principal Documents*”, “*Credit Structure*” and “*Cashflows*”.

#### **Ownership Structure of the Guarantor**

- As at the date of this Base Prospectus, the Partners of the Guarantor are the Limited Partner, which holds the substantial economic interest in the Guarantor, and the Managing GP and the Liquidation GP. As of the Programme Date, the Limited Partner held 99.95 percent of the interest in the Guarantor, and the Managing GP and the Liquidation GP, each of which owned 99 percent and 1 percent, respectively, of the remaining 0.05 percent general partner interest in the Guarantor as shown in the diagram below.

- A new Limited Partner may be admitted to the Guarantor, subject to meeting certain conditions precedent including, (except in the case of a Subsidiary of a current Limited Partner) but not limited to, satisfaction of the Rating Agency Condition.
- Other than in respect of those decisions reserved to the Partners and the limited circumstances described below, the Managing GP will manage and conduct the business of the Guarantor and will have all the rights, power and authority to act at all times for and on behalf of the Guarantor (provided that a voluntary liquidation of the Guarantor would require the consent of the Liquidation GP).
- Under certain circumstances, including an Issuer Event of Default or insolvency or winding-up of the Managing GP, the Liquidation GP will assume the management responsibilities of the Managing GP.

#### **Ownership Structure of the Managing GP**

- The Managing GP is a wholly-owned subsidiary of the Bank. The directors and officers of the Managing GP are officers and employees of the Bank.

#### **Ownership Structure of the Liquidation GP**

- As at the date of this Base Prospectus, 91 percent of the issued and outstanding shares in the capital of the Liquidation GP are held by the Corporate Services Provider, as trustee of the EQB Covered Bond (Legislative) LGP Trust (the “**LGP Trust**”) and 9 percent of the issued and outstanding shares in the capital of the Liquidation GP are held by the Bank. All of the directors of the Liquidation GP are appointed by the Corporate Services Provider, as trustee of the LGP Trust, and are independent of the Bank. The Bank is entitled to have one “observer” of the board of the Liquidation GP who is an officer or employee of the Bank.
- The beneficiary of the LGP Trust will be one or more Canadian non-profit organizations or registered charities.

## OVERVIEW OF THE PROGRAMME

*The following overview does not purport to be complete and is taken from, and is qualified in its entirety by, information contained elsewhere in this Base Prospectus and, in relation to the terms and conditions of any particular Tranche of Covered Bonds, the applicable Final Terms. Words and expressions defined elsewhere in this Base Prospectus shall have the same meanings in this overview. A glossary of certain defined terms is contained at the end of this Base Prospectus.*

Description:	Global Legislative Covered Bond Programme.
Covered Bond Legislative Framework:	The Issuer and the Programme were registered in the Registry in accordance with the Covered Bond Legislative Framework and the CMHC Guide on 27 July 2021.
Certain Restrictions:	Each Series or Tranche of Covered Bonds denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see " <i>Subscription and Sale and Selling Restrictions</i> ").
Programme Size:	Up to CAD 3,000,000,000 (or its equivalent in Specified Currencies), outstanding at any time, subject to increase. The Issuer may increase the amount of the Programme in accordance with the terms of the Dealership Agreement.  Covered Bonds denominated in a currency other than CAD shall be converted into CAD at the date of the agreement to issue such Covered Bonds using the spot rate of exchange for the purchase of such currency against payment of CAD being quoted by the Issuing and Paying Agent on the date on which such agreement was made which, where the parties enter into a subscription agreement in respect of the Covered Bonds, shall

be the date of execution thereof, and in all other cases, the date of the applicable Final Terms.

- Distribution: Covered Bonds may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis, subject to the restrictions set forth in “*Subscription and Sale and Selling Restrictions*”.
- Issuance of Series: Covered Bonds will be issued in series (each, a “**Series**”). Each Series may comprise one or more tranches (“**Tranches**” and each, a “**Tranche**”) issued on different issue dates. The Covered Bonds of each Series will all be subject to identical terms, except that (i) the issue date, issue price, first interest payment date and the amount of the first payment of interest may be different in respect of different Tranches and (ii) a Series may comprise Covered Bonds in more than one denomination.
- Terms and Conditions: Final Terms will be prepared in respect of each Tranche of Covered Bonds. A copy of each Final Terms will, in the case of Covered Bonds to be admitted to the Official List and to be admitted to trading on the Regulated Market, be delivered to the Central Bank and to Euronext Dublin on or before the closing date of such Covered Bonds. The terms and conditions applicable to each Tranche will be those set out herein under “Terms and Conditions of the Covered Bonds”, as completed by the applicable Final Terms.
- Specified Currencies: Covered Bonds may be denominated in any currency or currencies subject to compliance with all applicable legal and/or regulatory and/or central bank requirements, such currencies to be agreed upon between the Issuer, the relevant Dealer(s) and the Bond Trustee (as set out in the applicable Final Terms).
- Payments in respect of Covered Bonds may, subject to compliance as described above, be made in and/or linked to, any currency or currencies other than the currency in which such Covered Bonds are denominated as may be specified in the applicable Final Terms.
- Denomination: Covered Bonds may be issued on a fully-paid basis at any price and in such denominations as may be agreed between the Issuer and the relevant Dealer(s) and as indicated in the applicable Final Terms, save that the minimum denomination of each Covered Bond to be admitted to trading on a regulated market within the EEA or the UK or offered to the public in the EEA or the UK in circumstances which would otherwise require a prospectus under the Prospectus Regulation or the UK Prospectus Regulation, will be at least €100,000 (or, if the Covered Bonds are denominated in a currency other than euros, at least the equivalent amount in such currency as at the Issue Date of such Covered Bonds) or such other higher amount as may be required from time to time by the relevant regulator (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.
- Maturities: Such maturities as may be agreed between the Issuer and the relevant Dealer(s) and as indicated in the applicable Final Terms, subject to such minimum or maximum maturities as may be allowed or required from time to time by the relevant regulator (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency.

Form of the Covered Bonds: The Covered Bonds will be issued in registered form as described in “*Form of the Covered Bonds*”.

Registered Covered Bonds will be sold in reliance on Regulation S and will be issued in the form of Registered Global Covered Bonds (the “**Registered Global Covered Bonds**”) will (i) if held under the new safekeeping structure for registered global securities which are intended to constitute eligible collateral for monetary policy of the central banking system for the Euro (the “**Eurosystem**”) and intra-day credit operations (the “**NSS**”), be registered in the name of a nominee of, and delivered to, a common safekeeper or Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream, Luxembourg**”); and (ii) if not held under the NSS, either be deposited with a custodian, a common depository or a common safekeeper for, and registered in the name of a nominee for Euroclear and Clearstream, Luxembourg, as specified in the applicable Final Terms. Registered Global Covered Bonds will be exchangeable for Registered Definitive Covered Bonds only in the limited circumstances specified in, or subject to the notice requirements of the “*Terms and Conditions of the Covered Bonds*”.

Registered Covered Bonds are subject to transfer restrictions described under “*Subscription and Sale and Selling Restrictions*”.

See “*Form of the Covered Bonds*” for further details.

Interest: Covered Bonds may be interest bearing or non-interest bearing. Interest (if any) may accrue at a fixed or floating rate (detailed in a formula or otherwise) and may vary during the lifetime of the relevant Series.

Types of Covered Bonds: The following is a list of the types of Covered Bonds that may be issued under the Programme:

- Fixed Rate Covered Bonds
- Floating Rate Covered Bonds
- Zero Coupon Covered Bonds

Fixed Rate Covered Bonds: Fixed Rate Covered Bonds will bear interest at a fixed rate which will be payable on such date or dates as may be agreed between the Issuer and the relevant Dealer(s) and on redemption and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s) (as set out in the applicable Final Terms), provided that if an Extended Due for Payment Date is specified in the Final Terms, interest following the Due for Payment Date will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at the applicable Rate of Interest, including, if applicable, as may be determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds) even where the relevant Covered Bonds are Fixed Rate Covered Bonds.

Floating Rate Covered Bonds: Floating Rate Covered Bonds will bear interest at a rate determined:

- (i) on the same basis as the floating rate under a confirmation for the relevant Tranche and/or Series of Covered Bonds in the relevant

Specified Currency governed by the Covered Bond Swap Agreement incorporating the ISDA Definitions; or

- (ii) on the basis of a reference rate appearing on the agreed screen page of a commercial quotation service;

as set out in the applicable Final Terms. The Margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each Tranche and Series of Floating Rate Covered Bonds as set out in the applicable Final Terms.

Zero Coupon Covered Bonds: Zero Coupon Covered Bonds may be offered and sold at a discount to their nominal amount and will not bear interest except in the case of late payment.

Rating Agency Condition: Any issuance of new Covered Bonds will be conditional upon satisfaction of the Rating Agency Condition in respect of the ratings of the then outstanding Covered Bonds by the Rating Agencies.

Ratings: Covered Bonds issued under the Programme are expected on issue to be assigned ratings of "AA" by DBRS and "AA" by Fitch, unless otherwise specified in the applicable Final Terms.

Listing and admission to trading: Application will be made to admit Covered Bonds issued under the Programme for the period of 12 months from the date of this Base Prospectus to the Official List and to admit such Covered Bonds to trading on the Regulated Market. The Final Terms relating to each Tranche of the Covered Bonds will state where the Covered Bonds are to be listed and/or admitted to trading and, if so, on which stock exchange(s) and/or markets.

Redemption: The applicable Final Terms relating to each Tranche of Covered Bonds will indicate either that the relevant Covered Bonds of such Tranche cannot be redeemed prior to their stated maturity (other than following an Issuer Event of Default or a Guarantor Event of Default or as indicated below) or that such Covered Bonds will be redeemable at the option of the Issuer upon giving notice to the holders of the Covered Bonds, on a date or dates specified prior to such stated maturity and at a price or prices set out in the applicable Final Terms.

Early redemption will be permitted for taxation reasons and illegality as mentioned in "*Terms and Conditions of the Covered Bonds — Early Redemption for Taxation Reasons*" and "*—Redemption due to Illegality*".

Hard Bullet Covered Bonds: If offered, Hard Bullet Covered Bonds will be subject to a Pre-Maturity Test. The intention of the Pre-Maturity Test is to test the liquidity of the Guarantor's assets in respect of Hard Bullet Covered Bonds maturing within 12 months from the relevant Pre-Maturity Test Date when the Bank's credit ratings have fallen below the Pre-Maturity Required Ratings.

Extendable obligations under the Covered Bond Guarantee: The applicable Final Terms may also provide that (if a Notice to Pay has been served on the Guarantor) the Guarantor's obligations under the Covered Bond Guarantee to pay the Guaranteed Amounts corresponding to the Final Redemption Amount of the applicable Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) may be deferred until the Extended Due for Payment Date. In such case, such deferral will occur automatically (i) if the Issuer fails to pay the Final

Redemption Amount of the relevant Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) and (ii) if the Guaranteed Amounts equal to the Final Redemption Amount in respect of such Series of Covered Bonds are not paid in full by the Guarantor by the Extension Determination Date (for example, because the Guarantor has insufficient moneys in accordance with the Priorities of Payments to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds after payment of higher ranking amounts and taking into account amounts ranking *pari passu* in the Priorities of Payments). To the extent a Notice to Pay has been served on the Guarantor and the Guarantor has sufficient time and sufficient moneys to pay in part the Final Redemption Amount, such partial payment will be made by the Guarantor on any Interest Payment Date up to and including the relevant Extended Due for Payment Date as described in Condition 6.01. Interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at the applicable Rate of Interest including, if applicable, as may be determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds). The Guarantor will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date and any unpaid amounts in respect thereof shall be due and payable on the Extended Due for Payment Date.

Taxation:

Payments in respect of Covered Bonds will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada or any province or territory thereof, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer will (subject to customary exceptions, including by reason of the Issuer being a “specified entity” (as defined in proposed subsection 18.4(1) of the *Income Tax Act* (Canada) contained in proposals to amend such Act released on 29 April 2022) in respect of the Holder or recipient of the payment), pay such additional amounts as will result in the holders of Covered Bonds receiving such amounts as they would have received in respect of such Covered Bonds had no such withholding or deduction been required (see “*Terms and Conditions of the Covered Bonds—Early Redemption for Taxation Reasons*”). Under the Covered Bond Guarantee, the Guarantor will not be liable to pay any such additional amounts as a consequence of any applicable tax withholding or deduction, including such additional amounts which may become payable by the Issuer under Condition 8.

Canadian Taxation:

See the discussion under the heading “*Taxation-Canada*”. If (i) any portion of interest payable on a Covered Bond is contingent or dependent on the use of, or production from, property in Canada or is computed by reference to revenue, profit, cashflow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series of shares of a corporation; or (ii) the recipient of interest payable on a Covered Bond does not deal at arm’s length with the Issuer for purposes of the *Income Tax Act* (Canada); or (iii) interest is payable in respect of a Covered Bond owned by a person with whom the Issuer or the Guarantor is not dealing with at arm’s length for purposes of the *Income Tax Act* (Canada), such interest may be subject to Canadian non-resident withholding tax.

Cross Default:	<p>If an Issuer Event of Default occurs in respect of a particular Series of Covered Bonds, the Covered Bonds of all Series outstanding will, provided a Covered Bond Guarantee Activation Event has occurred, accelerate at the same time against the Issuer.</p> <p>If a Guarantor Acceleration Notice is served in respect of any one Series of Covered Bonds, then the obligation of the Guarantor to pay Guaranteed Amounts in respect of all Series of Covered Bonds outstanding will be accelerated.</p>
Status of the Covered Bonds:	<p>The Covered Bonds will constitute deposits for purposes of the Bank Act and will constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and will rank <i>pari passu</i> with all deposit liabilities of the Issuer without any preference among themselves and (save for any applicable statutory provisions) at least equally with all other present and future unsecured and unsubordinated obligations of the Issuer, from time to time outstanding.</p> <p>The Covered Bonds will not be deposits insured under the <i>Canada Deposit Insurance Corporation Act</i> (Canada).</p>
Governing Law and Jurisdiction:	<p>The Covered Bonds issued pursuant to this Base Prospectus and all Transaction Documents (other than, as of the date of this Base Prospectus, certain provisions of the Security Agreement relating to real property located outside of the Province of Ontario, which are governed by the law of the jurisdiction in which such property is located) will be governed by, and construed in accordance with the laws of the Province of Ontario and the laws of Canada applicable therein. See "<i>Summary of the Principal Documents</i>".</p> <p>Ontario courts have non-exclusive jurisdiction in the event of litigation in respect of the contractual documentation and the Covered Bonds governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein, and, subject to certain exceptions, can enforce foreign judgments in respect of agreements governed by foreign laws.</p>
Clearing System:	<p>Euroclear and Clearstream, Luxembourg and/or, in relation to any Covered Bonds, any other clearing system as may be specified in the applicable Final Terms.</p>
Non-U.S. Selling Restrictions:	<p>There will be specific restrictions on offers, sales and deliveries of Covered Bonds and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Covered Bonds in Canada, the UK, the EEA (including France, Italy, the Netherlands, Ireland, Belgium, Denmark and Sweden), Switzerland, Hong Kong, Japan, and Singapore, as well as such other restrictions as may be required in connection with a particular issue of Covered Bonds as set out in the applicable Final Terms. Also see "<i>Subscription and Sale and Selling Restrictions</i>".</p>
U.S. Selling Restrictions:	<p>Regulation S, Category 2.</p>
U.S. Transfer Restrictions:	<p>There are restrictions on the transfer of certain Registered Covered Bonds. See "<i>Subscription and Sale and Selling Restrictions—United States of America-Transfer Restrictions</i>".</p>

**Covered Bond Guarantee:** Payment of interest and principal in respect of the Covered Bonds when Due for Payment will be irrevocably guaranteed by the Guarantor. The obligations of the Guarantor to make payment in respect of the Guaranteed Amounts when Due for Payment are subject to the condition that a Covered Bond Guarantee Activation Event has occurred. The obligations of the Guarantor under the Covered Bond Guarantee will accelerate against the Guarantor upon the service of a Guarantor Acceleration Notice. The obligations of the Guarantor under the Covered Bond Guarantee constitute direct obligations of the Guarantor secured against the assets of the Guarantor, including the Covered Bond Portfolio.

Payments made by the Guarantor under the Covered Bond Guarantee will be made subject to, and in accordance with, the applicable Priorities of Payments.

**Security:** To secure its obligations under the Covered Bond Guarantee and the Transaction Documents to which it is a party, the Guarantor has granted a first ranking security interest over its present and future acquired assets, including the Covered Bond Portfolio, in favour of the Bond Trustee (for itself and on behalf of the other Secured Creditors) pursuant to the terms of the Security Agreement.

**Covered Bond Portfolio:** The Covered Bond Portfolio currently consists solely of Loans originated by the Seller and secured by Canadian first lien residential Mortgages. Subject to satisfaction of the Rating Agency Condition and compliance with the CMHC Guide and the Covered Bond Legislative Framework, the Covered Bond Portfolio may also contain New Portfolio Asset Types. Covered Bond Portfolio static data and statistics relating to the Loans comprising the Covered Bond Portfolio from time to time will be disclosed in the Investor Reports. The Investor Reports will also disclose, among other things, the results of the Asset Coverage Test and the Valuation Calculation.

Further, the Issuer has not, and will not, include in the Covered Bond Portfolio in any circumstance any asset-backed securities which do not satisfy the ECB eligibility criteria for covered bonds as set out in Article 80 of the Guideline on the implementation of the Eurosystem monetary policy framework (recast) (ECB/2014/60).

Asset backed securities cannot be included in covered bond collateral or substitute assets in a registered covered bond program under Part I.1 of the *National Housing Act* (Canada). See "*Description of the Canadian Registered Covered Bond Programs Regime - Eligible Covered Bond Collateral and Coverage Tests.*"

**Intercompany Loan:** Under the terms of the Intercompany Loan Agreement, the Bank has made available to the Guarantor an interest-bearing Intercompany Loan, comprised of a Guarantee Loan and a revolving Demand Loan, in a combined aggregate amount equal to the Total Credit Commitment, subject to increases and decreases as described below. The Intercompany Loan is denominated in Canadian dollars. The interest rate on the Intercompany Loan is a Canadian dollar floating rate determined by the Bank from time to time, which rate shall not exceed the amount received by the Guarantor pursuant to the Interest Rate Swap Agreement after taking into account the sum of a minimum spread and an amount for certain expenses of the Guarantor. The balance of the Guarantee Loan and Demand Loan will

fluctuate with the issuances and redemptions of Covered Bonds and the requirements of the Asset Coverage Test.

Upon the occurrence of (x) a Contingent Collateral Trigger Event, (y) an event of default (other than an insolvency event of default) or an additional termination event in respect of which the relevant Swap Provider is the defaulting party or the affected party, as applicable, or (z) a Downgrade Trigger Event, in each case, in respect of the Interest Rate Swap Agreement or the Covered Bond Swap Agreement, the Guarantor may deliver a Contingent Collateral Notice to the Issuer, as lender under the Intercompany Loan, under which the Guarantor elects to decrease the amount of the Demand Loan with a corresponding increase in the amount of the Guarantee Loan, in each case, in an amount equal to the related Contingent Collateral Amount(s).

To the extent the Covered Bond Portfolio increases or is required to be increased to meet the Asset Coverage Test, the Bank may increase the Total Credit Commitment to enable the Guarantor to purchase New Loans and their Related Security from the Seller. The balance of the Guarantee Loan and the Demand Loan from time to time will be disclosed in the Investor Report.

Guarantee Loan: The Guarantee Loan is in an amount equal to the balance of outstanding Covered Bonds at any relevant time plus that portion of the Covered Bond Portfolio required in accordance with the Asset Coverage Test as over collateralization for the Covered Bonds in excess of the amount of then outstanding Covered Bonds (see “*Summary of the Principal Documents—Guarantor Agreement—Asset Coverage Test*”) plus, if applicable, any Contingent Collateral Amount.

Demand Loan: The Demand Loan is a revolving credit facility, the outstanding balance of which is equal to the difference between the balance of the Intercompany Loan and the balance of the Guarantee Loan at any relevant time. At any time prior to a Demand Loan Repayment Event (or following a Demand Loan Repayment Event if agreed to by the Bank and subject to satisfaction of the Rating Agency Condition), the Guarantor may re-borrow any amount repaid by the Guarantor under the Intercompany Loan for a permitted purpose provided, among other things, such drawing does not result in the Intercompany Loan exceeding the Total Credit Commitment.

Issue Advances Facility: In addition, in respect of each issuance of Covered Bonds, the Intercompany Loan Agreement provides for the Bank to make advances to the Guarantor so that the Bank can be provided as repayments of such advances with (i) the issuance proceeds converted into Canadian dollars and (ii) Euros for the payment obligations it has for interest and principal payments on the Covered Bonds. The Guarantor will utilize the applicable Covered Bond Swap Agreement for this purpose. The amounts advanced under the Issue Advances Facility are not included in the Total Credit Commitment and the repayment by the Guarantor of the Issue Advances will be made on the same day without any interest charge being applicable.

The Proceeds of the Intercompany Loan and the Issue Advances Facility: The Guarantor has used advances of proceeds from the Intercompany Loan to pay for the purchase price for the Loans and their Related Security in the Covered Bond Portfolio purchased from the Seller in accordance with the terms of the Mortgage Sale Agreement and may use additional advances (i) to purchase New Loans and their Related Security pursuant

to the terms of the Mortgage Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (iii) subject to complying with the Asset Coverage Test to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including, without limitation, to fund the Reserve Fund and the Pre-Maturity Liquidity Ledger, if applicable (in each case to an amount not exceeding the prescribed limit)).

In addition, prior to an Issuer Event of Default or Covered Bond Guarantee Activation Event, the Guarantor will use Issue Advances received under the Intercompany Loan Agreement in respect of issuances, in order to facilitate the repayment to the Issuer on the same day of (i) the Canadian dollar equivalent of the net amount of the issuance proceeds of a Series of Covered Bonds denominated in the applicable currency; (ii) the equivalent amount in the applicable currency for the interest payments to be made by Issuer to holders of the applicable Series of Covered Bonds, and (iii) the equivalent amount in the applicable currency for the principal payments to be made by Issuer to holders of the applicable Series of Covered Bonds. The Guarantor will utilize the applicable Covered Bond Swap Agreement for this purpose of providing the Issuer with such amounts. Issue Advances received by the Guarantor from the Bank in respect of issuance proceeds and principal payments on the Covered Bonds will provide the Guarantor with its sole source of funds, prior to an Issuer Event of Default or Covered Bond Guarantee Activation Event, to make the applicable payments owing by the Guarantor under the Covered Bond Swap Agreement relating to such amounts (separately, the Guarantor will fund from the Priorities of Payments the normal course monthly payments to be made by it pursuant to the Covered Bond Swap Agreement relating to interest payments on the Covered Bonds).

- Capital Contribution: Each of the Managing GP and the Liquidation GP contributed an initial nominal cash amount to the Guarantor and respectively held at that time 99 percent and 1 percent of the initial general partner interest in the Guarantor. The Limited Partner holds the substantial economic interest in the Guarantor having made an initial Cash Capital Contribution to the Guarantor. The Limited Partner has made and may make from time to time make additional Capital Contributions.
- Consideration: Under the terms of the Mortgage Sale Agreement, the Seller sold the Loans and their Related Security in the Covered Bond Portfolio and may, from time to time, sell New Loans and their Related Security to the Guarantor on a fully-serviced basis in exchange for cash consideration. The Limited Partner may also make Capital Contributions of New Loans and their Related Security in exchange for an additional interest in the capital of the Guarantor.
- Interest Rate Swap Agreement: To provide a hedge against possible variances in (i) the rates of interest payable on the Portfolio Assets (which may, for instance, include variable rates of interest or fixed rates of interest) and related amounts, and (ii) amounts payable under the Covered Bond Swap Agreement and the Intercompany Loan Agreement, the Guarantor has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. See “*Summary of the Principal Documents—Interest Rate Swap Agreement*”.

Covered Bond Swap Agreement:

The Guarantor will enter into Covered Bond Swap Agreements from time to time (which may include a new ISDA Master Agreement, schedule, a credit support annex and confirmation(s) for each Tranche and/or Series of Covered Bonds) with the Covered Bond Swap Provider in respect of each Series of Covered Bonds to provide a hedge against currency and/or other risks arising following the occurrence of a Covered Bond Guarantee Activation Event with respect to the mismatch between (x) its obligations under the Covered Bond Guarantee and (y) the amounts received under the Interest Rate Swap Agreement. The Covered Bond Swap Agreements will also provide for the exchange of cash flows prior to the Covered Bond Guarantee Activation Event, and, during this time, the Covered Bond Swap Agreements will provide the Guarantor with amounts which it will pay to the Issuer in repayment of Issue Advances to provide the Issuer with an effective hedge with respect to the mismatch between (x) its obligations owing under a Tranche and/or Series of Covered Bonds in euros and (y) its general sources of funds being in Canadian dollars and to also provide the Issuer with the ability to convert issuance proceeds from euros to Canadian dollars. See "*Summary of the Principal Documents—Covered Bond Swap Agreement*".

Risk Factors:

There are certain risks related to any issue of Covered Bonds under the Programme, which investors should ensure they fully understand. A description of the principal categories and sub-categories of such risks is set out under "*Risk Factors*".

## RISK FACTORS

*In purchasing Covered Bonds, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Covered Bonds. The Issuer and the Guarantor believe that the factors described below represent the principal categories and subcategories of risks inherent in investing in Covered Bonds issued under the Programme.*

*Neither the Issuer nor the Guarantor represents that the statements below regarding the risks of holding any Covered Bonds are exhaustive. Additional risks and uncertainties not presently known to or able to be anticipated by the Issuer or the Guarantor or that they currently believe to be immaterial based on information currently available to them could, individually or cumulatively, also have a material impact on the Issuer's business operations.*

*Such risks could also have a material impact on the Issuer's or the Guarantor's financial results, businesses, financial condition or liquidity and could, directly or indirectly, adversely affect the ability of the Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with any Covered Bonds or to perform any of their respective obligations.*

*In addition to considering the categories of principal risks identified and discussed herein related to the Issuer and its business, including steps taken to manage those risks, prospective investors should also consider, in consultation with their own financial and legal advisers, the detailed information set out elsewhere in this Base Prospectus (including information incorporated by reference) and any applicable Final Terms to reach their own views prior to making any investment decisions. The Covered Bonds are not a suitable investment for a prospective investor that does not understand their terms or the risks involved in holding the Covered Bonds.*

**THE PURCHASE OF COVERED BONDS MAY INVOLVE SUBSTANTIAL RISKS AND MAY BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE COVERED BONDS. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CONSIDER CAREFULLY, IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES, (I) ALL THE INFORMATION SET FORTH IN THIS BASE PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW AND (II) ALL THE INFORMATION SET FORTH IN THE APPLICABLE FINAL TERMS. PROSPECTIVE INVESTORS SHOULD MAKE SUCH ENQUIRIES AS THEY DEEM NECESSARY, INCLUDING (WITHOUT LIMITATION) WITH THEIR OWN FINANCIAL, TAX AND LEGAL ADVISORS, WITHOUT RELYING SOLELY ON THE ISSUER, THE GUARANTOR, ANY ARRANGER OR ANY DEALER.**

### **1. PRINCIPAL RISKS RELATING TO THE ISSUER AND ITS ABILITY TO FULFIL ITS OBLIGATIONS UNDER THE COVERED BONDS ISSUED UNDER THE PROGRAMME**

A description of risk factors relating to the Issuer that may affect the ability of the Issuer to fulfil its obligations to the investors under the Covered Bonds issued under the Programme is set out below.

- a) Macro-economic and geopolitical risks

*The Issuer's results and earnings are affected by global and local economic and market conditions*

Uncertain and at times volatile economic conditions can create a challenging operating environment for banks such as the Issuer. In particular, the following factors may create challenges to the Issuer's operations and operating model:

- the general health of capital and/or credit markets, including liquidity, level of activity, volatility and stability;
- the demand for borrowing by creditworthy customers may diminish during periods of recession or where economic activity is slow or remains subdued;
- fluctuating interest rates could have a negative impact on the Issuer's net interest income;
- the Issuer's ability to engage in funding transactions may be adversely affected by market disruption; and
- market developments may depress consumer and business confidence beyond expected levels.

If economic growth is subdued, for example, asset prices and payment patterns may be adversely affected, leading to greater than expected increases in the Issuer's delinquencies, default rates and expected credit losses. However, if growth is too rapid, new asset valuation bubbles could appear, particularly in the real estate sector, with potentially negative consequences for the Issuer.

The occurrence of any of these events or circumstances could have a material adverse effect on the Issuer's business, financial condition, results of operations, prospects and customers.

***The Issuer may be subject to environmental and climate risks in Canada and globally***

The Issuer's operations are subject to potentially unfavourable political, social, environmental and economic developments in Canada and globally, which may include protest, acts of terrorism, political and/or social instability, climate change and acts of God, such as natural disasters, epidemics and pandemics such as the COVID-19 outbreak, and infrastructure issues, such as transportation or power failures.

Environmental risk is the possibility of loss of strategic, financial, operational, or reputational value resulting from the impact of environmental issues or concerns, including climate change, and related social risk. These risks are categorized by the industry as either: physical risks, including risks arising from a changing climate leading to the potentially increased frequency of climate-related natural disasters; or transition risks, those that result from the transition to a low-carbon economy. Transition risks are broader, and could surface for the Issuer in the form of emerging regulatory and legal requirements, disruptions to its operations and services, as well as through its customers themselves. To manage this risk, the Issuer evaluates environmental factors as part of its underwriting process. The Issuer considers the environmental risk associated with single family residential lending to be low and does not conduct environmental assessments for each of those loans. For most of its commercial loan portfolio, it employs third-party consultants to carry out detailed environmental assessments. These physical and transition risks could result in potential financial impacts for the Issuer in the form of higher risk-weighted assets, greater transactional losses, and increased capital requirements.

The Issuer strives to play a constructive role in the wellbeing of society. To that end, it provides financing to underserved segments including the self-employed, newcomers to Canada, retirees in the wealth decumulation phase of their lives and small businesses. Financial losses caused by climate change, epidemics and pandemics such as the COVID-19 outbreak and infrastructure issues could also impair asset values and the creditworthiness of the Issuer's customers which in turn may result in a material adverse effect on the Issuer's business, financial condition, results of operations, prospects and strategy.

In addition, given the interconnectedness of global financial markets and the importance of trade flows, changes in the global economic and political environment, such as the prolonged and escalating Russia-Ukraine war, continued differences between the U.S. and China over a range of strategic issues and the evolution of the UK's relationship with the EU, lower oil prices and trade disputes could affect the pace of economic growth in Canada, which may result in defaults by other financial services companies which are counterparties to the Issuer and could, in turn, adversely affect the Issuer's earnings.

***The Issuer is subject to risks associated with market fluctuations which may reduce its income or the value of its portfolios***

The Issuer's businesses are inherently subject to risks associated with financial markets and the wider economy, including changes in, and increased volatility of, interest rates, inflation rates, credit spreads, foreign exchange rates, commodity, equity, bond and property prices, business investment, government spending and the risk that the Issuer's customers act in a manner inconsistent with its business, pricing and hedging assumptions.

The macroeconomic environment has deteriorated during 2022, as the war between Russia and Ukraine and the ongoing impacts of the COVID-19 pandemic have led to higher inflation, a resulting increase in interest rates and slower growth for the global economy. Market volatility has at times been high, and ongoing market movements could significantly affect the Issuer in a number of key areas. For example, banking and trading activities are subject to interest rate risk, foreign exchange risk and credit spread risk. Changes in interest rate levels, interbank spreads over official rates, yield curves and spreads affect the interest rate spread realized between lending and borrowing costs.

The interest rate sensitivity position of the Issuer as at 31 December 2022 is disclosed on page 148 of the 2022 Annual Report and as at 30 June 2023 on page 71 of the 2023 Second Quarter Report, both of which are incorporated herein by reference. With respect to equity price risk, the value of the Issuer's securities portfolio may be impacted by market determined variables which are beyond the Issuer's control, such as benchmark yields, credit and/or market spreads, implied volatilities, the possibility of credit migration and default, among others. Overall, the Issuer has a 'low' appetite for market risk.

Further, repayment and renewal activity may increase in a rising interest rate environment, which may negatively impact the Issuer's liquidity. Competitive pressures on fixed rates or product terms in existing loans and deposits may restrict the Issuer's ability to change interest rates to customers in response to changes in official and wholesale market.

It is difficult to predict with any degree of accuracy changes in market conditions, and such changes could have a material adverse effect on the Issuer's business, financial condition, results of operations and prospects.

***The Issuer faces intense competition in all aspects of its business from established competitors and new entrants in the financial services industry***

The level of competition among financial services companies is high. Customer loyalty and retention can be influenced by a number of factors, including service levels, prices for products or services, the Issuer's reputation and the actions of competitors.

The Issuer generally competes on the basis of the quality of its customer service, the wide variety of products and services that the Issuer can offer its customers, the ability of those products and services to satisfy its customers' needs, the distribution channels available for its customers, its innovation and its reputation. Continued and increased competition in any one or all of these areas may negatively affect its market share and/or cause the Issuer to increase its capital investment in its businesses in order to remain competitive. Additionally, the Issuer's products and services may not be accepted by its targeted clients. In many markets, there is increased competitive pressure to provide products and services at current or lower prices. Consequently, the Issuer's ability to reposition or reprice its products and services from time to time may be limited, and could be influenced significantly by the actions of its competitors who may or may not charge similar fees for their products and services. Any changes in the types of products and services that the Issuer offers its customers, and/or the pricing for those products and services, could result in a loss of customers and market share. Changes in these factors or any subsequent loss of market share could adversely affect the Issuer's earnings.

Furthermore, non-financial companies (such as financial technology ('fintech') companies) have increasingly been offering services traditionally provided by banks. While this presents a number of opportunities that the Issuer is actively engaging in, there is also a risk that it could disrupt the Issuer's business model. Such new entrants to the market or new technologies could require the Issuer to spend more to modify or adapt its products to attract and retain customers. The Issuer may not respond effectively to these competitive threats from existing and new competitors, and may be forced to increase its investment in its business to modify or adapt its existing products and services or develop new products and services to respond to its customers' needs.

Any of these factors could have a material adverse effect on the Issuer's business, financial condition, results of operations, prospects and reputation.

- b) Macro-prudential, regulatory and legal risks to the Issuer's business model

***The Issuer's results could be affected by legislative and regulatory developments and changes in policies and approach to supervision in the jurisdictions where the Issuer conducts business***

The financial services industry is highly regulated. The Issuer is subject to on-going regulation, including by the Office of the Superintendent of Financial Institutions (Canada), the Canada Deposit Insurance Corporation, the Financial Transactions and Reports Analysis Centre of Canada and the Financial Consumer Agency of Canada, and associated regulatory risks, including the effects of changes in the laws and regulations. Regulators in Canada, where the Issuer conducts its business, are very active on a number of fronts, including consumer protection, data protection and privacy, capital markets activities, anti-money laundering, and the oversight and strengthening of risk management.

The Issuer's operations, profitability and reputation could be adversely affected by the introduction of new laws and regulations, changes to, or changes in interpretation or application of current laws and regulations, and issuance of judicial decisions. Such adverse effects may include incurring additional costs and resources to address initial and ongoing compliance; limiting the types or nature of products and services the Issuer can provide and fees it can charge; unfavourably impacting the pricing and delivery of products and services the Issuer provides; increasing the ability of new and existing competitors to compete with their pricing, products and services; and increasing risks associated with potential non-compliance. In addition to the adverse impacts described above, the Issuer could suffer loss from exposure to fines, penalties, or punitive damages from civil litigations, contractual obligations, criminal or supervisory actions, as well as private settlements; and from not complying with regulatory requirements, regulatory changes or regulators' expectations.

The Issuer has a 'low' appetite and a 'low' tolerance for legislative and regulatory risk. Further details of regulatory risks which may impact the Issuer can be found in the section entitled "*Legal and Regulatory Risk*" on page 71 of the 2022 Annual Report incorporated herein by reference.

Further, considerable changes have been made to laws and regulations in Canada that relate to the financial services industry and mortgages, including changes related to mortgage deferrals and capital and liquidity requirements. This is particularly the case in the post-financial crisis regulatory environment, where the Issuer expects government and regulatory intervention in the banking sector as a whole to remain high for the foreseeable future. Such intervention includes government and central bank actions that are being taken in response to the COVID-19 outbreak: such actions provide an indication of the potential severity of downturn and post recovery environment, which from a commercial, regulatory and risk perspective could be significantly different to past crises and persist for a prolonged period. Additionally, many of these changes have an effect beyond the country in which they are enacted, as regulators deliberately enact regulation with extra-territorial impact.

No assurance can be given that additional regulations or guidance from CMHC, Canadian Deposit Insurance Corporation or any other regulatory body with authority over the Issuer will not arise with regard to the mortgage market in Canada generally which could adversely affect the realizable value of the

Covered Bond Portfolio or any part thereof and accordingly affect the ability of the Issuer to meet its obligations under the Covered Bonds.

The Canadian Securities Administrators has proposed regulations relating to over-the-counter derivatives reform. The Issuer is monitoring this regulatory initiative which, if implemented, could result in increased compliance costs, and compliance with these standards may impact the Issuer's businesses, operations and results. Further, the Canadian Securities Administrators recently introduced regulatory reforms to enhance the client-registrant relationship, referred to as the "Client Focused Reforms". Enhanced requirements under the Client Focused Reforms create a higher standard of conduct across all categories of registered dealers and advisors. This will result in new training, operational and systems costs, as well as changes in the types of products and services that are offered through the Issuer's registered affiliates.

In addition, the Issuer's earnings are affected by fiscal, monetary, interest rate and economic policies that are adopted by Canadian regulatory authorities. Such policies can have the effect of increasing or reducing competition and uncertainty in the markets. Such policies may also adversely affect the Issuer's customers and counterparties, causing a greater risk of default by these customers and counterparties. In addition, expectations in the bond and money markets about inflation and central bank monetary policy have an impact on the level of interest rates. Changes in market expectations and monetary policy are difficult to anticipate and predict. Fluctuations in interest rates that result from these changes can have an impact on the Issuer's earnings. Future changes to such policies will directly impact earnings.

Globally, the data and privacy landscape has and continues to experience regulatory change, with significant new legislation that has been passed and will be implemented in the near term in some of the jurisdictions in which the Issuer does business and additional new legislation that is anticipated to come into force in the medium-term. Compliance with such regulatory and legislative changes may result in higher operational and system costs to the Issuer.

***The Issuer is or may be subject to a number of legal and regulatory actions and investigations, the outcomes of which are inherently difficult to predict***

In the ordinary course of business, the Issuer is or may become a party to a number of legal proceedings, including regulatory investigations, in which claims for substantial monetary damages are asserted against the Issuer and its subsidiaries. Note 23 of EQB Inc.'s consolidated annual financial statements for the year ended 2022 on pages 146 to 147 of the 2022 Annual Report and the section "*Legal proceedings and regulatory actions*" on page 18 of the 2022 Annual Information Form, both of which are incorporated herein by reference, provide details on legal proceedings and regulatory matters affecting the Issuer. While the Issuer takes what it believes are reasonable measures to comply with the laws and regulations in effect in the jurisdictions in which it conducts business, there can be no assurance that the Issuer will always be in compliance or deemed to be in compliance. An unfavourable result in one or more of these proceedings could result in the Issuer incurring significant expense, substantial monetary damages, loss of significant assets, other penalties and injunctive relief, potential regulatory restrictions on the Issuer's business and/or a negative effect on the Issuer's reputation, any of which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

- c) Risks related to the Issuer's business, operations and governance

***The Issuer's operations are subject to a number of credit-related risks***

Credit risk is defined as the possibility that the Issuer will not receive the full value of amounts and recovery costs owed to it if counterparties fail to honour their obligations to the Issuer. Credit risk arises principally from the Issuer's lending activities, and its investment in debt and equity securities. The Issuer's exposure to credit risk is monitored by senior management and the ERM Committee, as well as the Risk and Capital Committee of the Issuer's board of directors, which also undertakes the approval and monitoring of the Issuer's investment and lending policies.

The Issuer has implemented several risk appetite measures which allow the Issuer to monitor and control inherent risks at the enterprise and portfolio levels. These measures vary by business unit as may be appropriate and include a combination of approaches such as geographic concentrations, loan classifications, asset concentration limits, and industrial segmentation limits. These limits are monitored and reported to senior management and the board of directors of the Issuer on a regular basis and are also used to inform the Issuer's strategic planning process.

The Issuer has clearly defined underwriting policies and procedures that it adheres to in the mortgage underwriting process. These include a maximum LTV ratio on all uninsured commercial and residential mortgage loans; certain standards with regard to the asset quality and debt service coverage of commercial properties; standards for the marketability of the properties taken as security, including geographic market restrictions; and requirements surrounding the overall credit quality and integrity of all borrowers. The Issuer also analyzes the profile of its lending businesses and new mortgage originations in tandem with external market conditions, including market values and employment conditions that the markets in which the Issuer operates. When the Issuer judges that the risk associated with a particular region or product is increasing, it adjusts the underwriting criteria to ensure that the underwriting policies continue to be prudent and reflective of current and expected economic conditions. When appropriate, the Issuer also engages in initiatives designed to increase or decrease mortgage originations, as required, while continuing to ensure a prudent credit risk profile across its entire portfolio.

The Issuer also faces risks arising from changes in credit quality and the recoverability of loans and amounts due from borrowers and counterparties (e.g., counterparties in derivative transactions) are inherent in a wide range of the Issuer's businesses. Adverse changes in the credit quality of the Issuer's borrowers and counterparties arising from a general deterioration in economic conditions or systemic risks in the financial systems could reduce the recoverability and value of the Issuer's assets and require an increase in the Issuer's loan impairment charges.

The Issuer estimates and recognizes impairment allowances for expected credit losses inherent in its credit exposure. This process, which is critical to the Issuer's results and financial condition, requires difficult, subjective and complex judgments, including forecasts of how the economic conditions might impair the ability of the Issuer's borrowers to repay their loans and the ability of other counterparties to meet their obligations. Further details on the methodology used by the Issuer to recognise and measure expected credit loss can be found in Note 3 of EQB Inc.'s consolidated annual financial statements for the year ended 2022 on pages 91 to 108 of the 2022 Annual Report, incorporated herein by reference. As is the case with any such assessments, the Issuer may fail to estimate accurately the effect of factors that it identifies or fails to identify relevant factors. Further, the information the Issuer uses to assess the creditworthiness of its counterparties may be inaccurate or incorrect. Any failure by the Issuer to accurately estimate the ability of its counterparties to meet their obligations may have a material adverse effect on its business, prospects, financial conditions and results of operations, including its ability to make payments in connection with any Covered Bonds.

Further discussions on credit risk, expected credit losses, and credit risk management measures can be found in the section entitled "*Credit Risk*" on pages 59 to 64 of the 2022 Annual Report and on pages 34 to 36 of the 2023 Second Quarter Report, both of which are incorporated herein by reference.

The Issuer's primary lending business is providing first mortgages on real estate located across Canada. All mortgages are individually evaluated by the Issuer's or its agents' underwriters using internal and external credit risk assessment tools, and are assigned risk ratings in accordance with the level of credit risk attributed to each loan. The Issuer originates residential loans in both the prime and Canadian alternative mortgage markets. In the Canadian alternative mortgage market, the Issuer originates loans by lending to self-employed and other Canadians that have been determined to meet the Issuer's underwriting standards, including based on capacity and character to reliably pay their mortgages, but these borrowers may not meet the strict credit criteria of the major Canadian banks. Alternative lending is an important line of business for the Issuer. The prime business generates return on capital, but, is less important to the overall profitability of the Issuer than the alternative business. A deterioration in the credit quality of the

Issuer's alternative mortgage loans could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

***The Issuer's operations are highly dependent on the Issuer's information technology systems***

Due to the Issuer's enhanced use of the internet and mobile technologies as a branchless bank and the migration to the cloud of its core banking system, the Issuer is susceptible to a wide range of cyber risks that impact and/or are facilitated by technology. The Issuer therefore maintains an increased focus on the confidentiality, integrity and availability of its information and cyber security controls that protect its network, data and infrastructure. If these were to become compromised, customer recourse to visit a physical banking location is not possible based on the Issuer's operating model. The cyber security risk landscape includes numerous cyber threats such as hacking threats, identity theft, denial of service, and advanced persistent threats. These and other cyber threats continue to become more sophisticated, complex, and potentially damaging. Failure to protect its operations from internet crime or cyber attacks may result in financial loss, business disruption and/or loss of customer services and data or other sensitive information that could undermine its reputation and its ability to attract and keep customers.

Third-party service providers that the Issuer uses may also be subject to these risks which can increase the Issuer's risk of potential attack. The occurrence of any such breach in relation to any of the Issuer's third-party service providers could in turn have a pass-through adverse impact on the Issuer's operations and reputation.

The Issuer continually assesses the performance of third-party suppliers against industry standards. In addition, the Issuer has limited control over the safety of its clients' personal devices that may be used to conduct transactions. To manage these risks, the Issuer's defence systems are designed as an integral part of both its existing bank infrastructure, and its architecture and development for its digital banking platform. The Issuer views cyber risk as a key component of operational risk and it proactively maintains a "defence in depth" strategy with developed standards and procedures to prevent, detect, respond, manage, and address cyber security threats from all types of malicious attackers that attempt to steal sensitive information, cause a system failure or denial of service on websites or other types of service disruption.

The Issuer has not experienced any material cyber security breaches and has not incurred any material expenses with respect to the remediation of such cyber events.

The reliability and security of the Issuer's information and technology infrastructure and the Issuer's customer databases are crucial to maintaining the service availability of banking applications and processes and to protecting the Issuer's brand and reputation as a branchless bank. The proper functioning of the Issuer's payment systems, financial control, risk management, credit analysis and reporting, accounting, customer service and other information technology systems, as well as the communication networks between the Issuer's main data processing centres, are critical to the Issuer's operations.

The Issuer faces the risk that information technology systems could fail. Critical system failure, any prolonged loss of service availability or any material breach of data security, particularly involving confidential customer data, could cause serious damage to the Issuer's ability to service its clients including as a result of its use of paper-free mortgage documentation technology, could breach regulations under which the Issuer operates or contractual obligations to which the Issuer is subject and could cause long-term damage to the Issuer's business operations, and brand reputation as a branchless bank, which in turn could have a material adverse effect on the Issuer's business, prospects, financial condition and results of operations.

***Operational and infrastructure risks are inherent in the Issuer's business***

Operational risk is present in virtually all business activities of the Issuer and includes such considerations as fraud, damage to equipment, system failures, data entry errors, model risk, cyber security and business continuity. The Issuer also considers natural disasters in its assessment of operational risk, to the extent

that they may impact collateral values or other pertinent loan loss drivers. The Issuer has a 'low' appetite and a 'low-to-medium' tolerance for operational risk. It recognizes that while the nature of operational risk is such that there is little or no expected reward in taking on this risk, the costs to attempt to eliminate operational risk may be excessive.

The Issuer also faces the risk that computer or telecommunications systems could fail, despite its efforts to maintain these systems in good working order. Though the Issuer takes great care to maintain and enhance its controls and security, some of the Issuer's services or operations may face the risk of interruption or other security risks arising from the use of the internet in these services or operations, which may impact the Issuer's customers and infrastructure. Given the high volume of transactions the Issuer processes on a daily basis, certain errors may be repeated or compounded before they are discovered and rectified. Shortcomings or failures of the Issuer's internal processes, employees or systems, or those provided by third parties, including any of the Issuer's financial, accounting or other data processing systems, could lead to financial loss and damage to the Issuer's reputation.

In addition, despite the contingency plans the Issuer has in place, its ability to conduct business may be adversely affected by a disruption in the infrastructure that supports both its operations and the communities in which it does business, including but not limited to disruption caused by public health emergencies, environmental disasters or terrorist acts.

***The Issuer may fail to adequately manage its third-party suppliers and service providers***

The Issuer relies on third parties to supply goods and services. Global regulators have increased their scrutiny of the use of third-party service providers by financial institutions, including with respect to how outsourcing decisions are made and how key relationships are managed. Risks arising from the use of third parties may be less transparent and therefore more challenging to manage. A third party or any substitute may be unable to perform its obligations under the agreements to which it is a party as a result of factors outside its control, including disruptions due to technical difficulties (including as a result of cyber threats), operational or workforce difficulties, and local, national and/or global macroeconomic factors such as protest, acts of terrorism, political and/or social instability, climate change and acts of God, such as natural disasters, epidemics and pandemics such as the COVID-19 outbreak, and infrastructure issues, such as transportation or power failures. The inadequate management of third-party risks could impact the Issuer's ability to meet strategic, regulatory and client expectations. This may lead to a range of effects, including regulatory censure, civil penalties or damage both to shareholder value and to the Issuer's reputation, which could have a material adverse effect on the Issuer's business, prospects, financial condition and results of operations.

***The Issuer's data management policies and processes may not be sufficiently robust***

The use and management of data and its governance are becoming increasingly important as the Issuer continues to invest in digital solutions and innovation, the move of the Issuer's core banking system to the cloud and the ongoing expansion of business activities. There are regulatory compliance risks associated with data management and privacy as well, which form part of the Issuer's Regulatory Compliance Management Program. The Issuer has established a dedicated Enterprise Data Management team to ensure it effectively addresses current and future data needs (quality, security, integrity), and that it is positioned to address emerging requirements from a data management planning and governance perspective.

Financial institutions, including the Issuer, that fail to comply with the principles for effective risk data aggregation and risk reporting as set out by the Basel Committee by the required deadline may face supervisory measures, which could have a material adverse effect on the Issuer's business, prospects, financial condition and results of operations.

### ***The Issuer's risk management measures may not be successful***

The management of risk is an integral part of all the Issuer's activities. Risk constitutes the Issuer's exposure to uncertainty and the consequent variability of return. Specifically, risk equates to the adverse effect on profitability or financial condition arising from different sources of uncertainty, including, but not limited to, credit risk, liquidity and funding risk, reputational risk and operational risk. While the Issuer employs a broad and diversified set of risk monitoring and risk mitigation techniques (as more particularly described in "*Risk Management*" on pages 56 to 72 of the 2022 Annual Report incorporated herein by reference), such techniques and the judgments that accompany their application cannot anticipate every unfavourable event or the specifics and timing of every outcome. Failure to manage risks appropriately could have an adverse effect on the Issuer's income, cash flows and the value of assets and liabilities, which could have a material adverse effect on the Issuer's business, its financial condition and prospects and/or results of the Issuer's operations.

### ***The Issuer may suffer losses due to employee misconduct***

The Issuer's businesses are exposed to risk from potential noncompliance with business policies, including the Issuer's values, and related behaviours and employee misconduct, which could manifest in the form of improper use or disclosure of confidential information, fraud or negligence, violation of laws and regulations concerning financial abuse and money laundering, embezzlement, unauthorised transactions or other operational errors including clerical or record keeping errors, any of which could result in regulatory sanctions against the Issuer or reputational or financial harm. It is not always possible to deter and guard against employee misconduct, or to ensure full compliance with the Issuer's policies, and the precautions the Issuer takes to prevent and detect this activity may not always be effective. The direct and indirect cost of employee misconduct to the Issuer's businesses can be substantial and could have a material adverse effect on the Issuer's business, prospects, financial condition and results of operations.

### ***The Issuer's operations have inherent reputational risk***

Reputational risk is the possibility that current and potential customers, counterparties, analysts, shareholders, investors, regulators, or others will have an adverse opinion of the Issuer – irrespective of whether these opinions are based on facts or merely public perception. Such an event could result in potential losses to the Issuer arising from a decline in business volumes, challenges accessing funding markets, or increased funding costs.

In accordance with its Board-approved Risk Appetite Framework, the Issuer's appetite and tolerance for reputational risk both remain 'low' and the Issuer believes that the pursuit of its long-term goals requires the proper conduct of its business activities in accordance with its established Code of Conduct and business principles, as well as with all applicable laws and regulations. Nevertheless, negative public opinion may adversely affect the Issuer's ability to retain and attract customers, in particular corporate and retail depositors, which in turn could cause the Issuer to experience a decline in business volume. Negative public opinion may also adversely affect the Issuer's ability to retain and motivate highly qualified banking and financial industry professionals, a key element of the Issuer's strategy, which could result in the Issuer's inability to successfully implement its strategy and have a negative impact on the Issuer's ability to remain competitive, which in turn could have a material adverse effect on the Issuer's business, prospects, financial condition, reputation and results of operations.

### ***The Issuer may be subject to fraud and criminal activities.***

As a financial institution, the Issuer is inherently exposed to various types of fraud and other financial crime. The sophistication, complexity, and materiality of these crimes evolves quickly and these crimes can arise from numerous sources, including potential or existing clients or customers, agents, third parties, including suppliers, service providers and outsourcers, other external parties, contractors or employees. In deciding whether to extend credit or enter into other transactions with customers or counterparties, the Issuer may rely on information furnished by or on behalf of such customers, counterparties or other external parties including financial statements and financial information and authentication information. The Issuer may also

rely on the representations of customers, counterparties, and other external parties as to the accuracy and completeness of such information. In order to authenticate customers, whether through the Issuer's phone or digital channels, the Issuer may also rely on certain authentication methods which could be subject to fraud. In addition to the risk of material loss (financial loss, misappropriation of confidential information or other assets of the Issuer or its customers and counterparties) that could result in the event of a financial crime, the Issuer could face legal action and client and market confidence in the Issuer could be impacted.

The Issuer maintains a robust control framework designed to manage the risks related to misrepresentation and fraudulent activities across its operations. Further details in this regard can be found in the section entitled: "*Operational Risk*" on pages 67 to 71 of the 2022 Annual Report, incorporated herein by reference. The Issuer has processes to keep its fraud controls relevant, agile, and current to accommodate new products, new channels, and evolving fraud trends. However, there can be no guarantee that those defensive efforts will be effective in eliminating or materially limiting the Issuer's exposure to fraud and other financial crimes, which could have a material adverse effect on the Issuer's business, financial condition, results of operations, prospects, strategy and reputation.

***Changes to credit ratings may affect the cost and other terms upon which the Issuer is able to obtain market funding.***

Credit ratings affect the cost and other terms upon which the Issuer is able to obtain market funding. Certain rating agencies evaluate the Issuer as well as the Covered Bonds. Their ratings are based on a number of factors, including their assessment of the relative financial strength of the Issuer as well as conditions affecting the financial services industry generally. There can be no assurance that the rating agencies will maintain the Issuer's or Covered Bond's relevant ratings. In the event that a rating assigned to the Issuer or the Covered Bonds is subsequently suspended, lowered or withdrawn for any reason, other than as specified herein, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Covered Bonds, the Issuer may be adversely affected, the market value of the Covered Bonds is likely to be adversely affected and the ability of the Issuer to make payments under the Covered Bonds may be adversely affected.

***Borrower and Counterparty risk exposure***

A number of the Issuer's counterparties are EU or UK credit institutions and investment firms, including the Dealers under the Programme (collectively, "**BRRD Firms**"), which are subject to Directive 2014/59/EU (as amended) (the "**BRRD**"), which is intended to enable a range of actions to be taken in relation to BRRD Firms considered to be at risk of failing. In the United Kingdom, the Banking Act implements the BRRD. The BRRD is designed to provide resolution authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing BRRD Firm so as to ensure the continuity of the institution's critical financial and economic functions, whilst minimising the impact of the institution's failure on the economy and financial system. The BRRD was applied in Member States and the United Kingdom from 1 January 2015 with the exception of the bail-in tool (referred to below) which was applicable from 1 January 2016.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) any of the Issuer's BRRD Firm counterparties is failing or likely to fail; (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest. Such resolution tools and powers are: (i) sale of business; (ii) bridge institution; (iii) asset separation; and (iv) bail-in. The bail-in tool gives the resolution authority the power to write-down or convert certain unsecured debt instruments of any of the Issuer's BRRD Firm counterparties into shares (or other instruments of ownership), to reduce the outstanding amount due under such debt instruments (including reducing such amounts to zero) or to cancel, modify or vary the terms of such debt instruments (including varying the maturity of such instruments) and other contractual arrangements. The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. A similar provision is also available in the UK under the Banking Act. These financial stabilisation tools consist of the public equity support and

temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the applicable state aid framework.

A BRRD Firm will be considered as failing or likely to fail when: (i) it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances).

The powers set out in the BRRD will impact how the Issuer's BRRD Firm counterparties are managed as well as, in certain circumstances, the rights of their creditors including the Issuer. For instance, the Issuer and its debtholders may be affected by disruptions due to an BRRD Firm not being able to fulfil its obligations as issuing and paying agent, European registrar, calculation agent or similar roles. See the section entitled "*Subscription and Sale and Selling Restrictions*" on pages 228 to 237 of this Base Prospectus for more information on the relationship between the Issuer and the relevant BRRD Firms.

***EQB Inc.'s financial statements are based in part on judgments, estimates and assumptions that are subject to uncertainty.***

The preparation of the consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenue and expenses during the years. Estimates and underlying assumptions are reviewed by management on an ongoing basis. The critical estimates and judgments utilized in preparing EQB's consolidated financial statements affect the assessment of the allowance for credit losses on loans, impairment of other financial instruments, fair values of financial assets and liabilities, derecognition of financial assets transferred in securitization transactions, effectiveness of financial hedges for accounting purposes, fair values of net identifiable assets acquired, liabilities assumed and intangible assets recognized in a business combination, and income taxes, which are discussed in detail under the heading "*Critical Accounting Estimates*" on pages 54 to 55 of the 2022 Annual Report and pages 32 to 34 of the 2023 Second Quarter Report, both of which are incorporated by reference herein.

In making estimates and judgments, the Issuer's management uses external information and observable market inputs where possible, supplemented by internal analysis as required. These estimates and judgments have been made taking into consideration the economic impact of the current market volatility and uncertainty due to geopolitical unrest, the current interest rate environment, and inflationary pressures. Actual results could differ materially from these estimates, in which case the impact would be recognized in the consolidated financial statements in future periods. If the judgments, estimates and assumptions EQB Inc. uses in preparing its consolidated financial statements are subsequently found to be materially different from those assumed using information available at the reporting date, this could affect its business, prospects, financial condition and results of operations.

## **2. FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING RISKS RELATED TO THE GUARANTOR'S ABILITY TO FULFIL ITS COMMITMENT UNDER THE GUARANTEE**

***The Guarantor has finite resources available to meet its obligations under the Covered Bond Guarantee***

The Guarantor's ability to meet its obligations under the Covered Bond Guarantee will depend on: (i) the realizable value of the assets of the Guarantor, including the Covered Bond Portfolio; (ii) the amount of Available Revenue Receipts and Available Principal Receipts generated by the Covered Bond Portfolio and the timing thereof; (iii) amounts received from the Swap Providers and the timing thereof; (iv) the realizable value of Substitute Assets held by it; and (v) the receipt by it of funds held for and on behalf of the Guarantor by its service providers and of credit balances and interest on credit balances from the Guarantor Accounts. The Guarantor will not have any other source of funds available to meet its obligations under the Covered Bond Guarantee.

If a Guarantor Event of Default occurs, as described in Condition 7.02 “*Guarantor Events of Default*” on page 100 of this Base Prospectus, and the Security created by or pursuant to the Security Agreement is enforced, the proceeds from the realization of the Charged Property may not be sufficient to meet the claims of all the Secured Creditors, including the holders of the Covered Bonds.

If, following enforcement of the Security constituted by or pursuant to the Security Agreement, the Secured Creditors have not received the full amount due to them pursuant to the terms of the Transaction Documents, it is expected that they will have an unsecured claim against the Issuer for the shortfall. There is no guarantee that the Issuer will have sufficient funds to pay that shortfall in whole or in part.

Holders of the Covered Bonds should note that the Asset Coverage Test has been structured to ensure that the Adjusted Aggregate Asset Amount is at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding, which should reduce the risk of there ever being a shortfall (although there is no assurance of this result and the sale of New Loans and their Related Security by the Seller to the Guarantor, advances under the Intercompany Loan or additional Capital Contributions by the Limited Partner may be required to avoid or remedy a breach of the Asset Coverage Test). The Guarantor must ensure that following the occurrence and during the continuance of an Issuer Event of Default, the Amortization Test is met on each Calculation Date. A breach of the Amortization Test will constitute a Guarantor Event of Default and will entitle the Bond Trustee to serve a Guarantor Acceleration Notice on the Guarantor (see “*Summary of the Principal Documents—Guarantor Agreement—Asset Coverage Test*” and “*Credit Structure—Asset Coverage Test*”). The Issuer shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. This may include making advances under the Intercompany Loan, selling New Loans and their Related Security to the Guarantor or making a Capital Contribution on or before the next Calculation Date following delivery of an Asset Coverage Test Breach Notice in amounts sufficient to avoid such shortfall on future Calculation Dates.

### ***Risks resulting from the Guarantor’s reliance on Service Providers***

The Guarantor has entered into agreements with a number of third parties pursuant to which such third parties have agreed to perform services for the Guarantor. In particular, but without limitation, the Servicer has been appointed to service Loans in the Covered Bond Portfolio sold to the Guarantor, the Cash Manager has been appointed to calculate and monitor compliance with the Asset Coverage Test, the Amortization Test and the OC Valuation and to provide cash management services to the Guarantor and the GIC Account and Transaction Account (to the extent maintained) will be held with the Account Bank. Several of these roles, including, but not limited to, the roles of Servicer and Cash Manager, are initially performed by the Issuer. The Issuer may, and in some circumstances will be required to, be terminated as a service provider if its ratings by the Rating Agencies have been downgraded below a specified rating or there is an uncured breach of the relevant agreement. There can be no assurance that a suitable replacement will be found that is willing to and able to provide such services. A third party or any substitute may be unable to perform its obligations under the agreements to which it is a party as a result of factors outside its control, including disruptions due to technical difficulties (including as a result of cyber threats), operational or workforce difficulties, and local, national and/or global macroeconomic factors such as protest, acts of terrorism, political and/or social instability, climate change and acts of God, such as natural disasters, epidemics and pandemics such as the COVID-19 outbreak, and infrastructure issues, such as transportation or power failures. In the event that any of those parties fails to perform its obligations under the relevant agreement to which it is a party, the realizable value of the Covered Bond Portfolio or any part thereof or pending such realization (if the Covered Bond Portfolio or any part thereof cannot be sold) the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee may be affected. For instance, if the Servicer has failed to administer adequately the Loans, this may lead to higher incidences of non-payment or default by Borrowers. See risk factor entitled “*Risks resulting from default by Borrowers in paying amounts due on their Loans*”.

The Guarantor is also reliant on the Interest Rate Swap Provider and the Covered Bond Swap Provider to provide it with the funds matching its obligations under the Intercompany Loan Agreement and the Covered Bond Guarantee, as described below. Following a Covered Bond Guarantee Activation Event, the

Guarantor is also reliant on the ability of the Standby GIC Provider (or any successor Standby GIC Provider) to repay funds deposited with it into the Standby GIC Account in order for the Guarantor to pay amounts due under the Covered Bonds. In particular, in this circumstance, if a Notice to Pay has been served on the Guarantor, Available Revenue Receipts and Available Principal Receipts not required to pay certain higher ranking obligations of the Guarantor in accordance with the Guarantee Priority of Payments will be deposited in the Standby GIC Account and holders of Covered Bonds will be dependent on the credit of the Standby GIC Provider for the availability of these amounts.

If a Servicer Event of Default occurs pursuant to the terms of the Servicing Agreement, then the Guarantor and/or the Bond Trustee will be entitled to terminate the appointment of the Servicer and appoint a new servicer in its place. There can be no assurance that a substitute servicer with sufficient experience in administering mortgages of residential properties in Canada would be found who would be willing and able to service the Loans and their Related Security and enter into a servicing agreement with the Guarantor. If found, a substitute servicer may not have applicable ratings from the Rating Agencies above the level specified in the Servicing Agreement or may not be rated at all and the Rating Agency Condition may not be satisfied for such substitute servicer. A substitute servicer may charge higher servicing fees that it agrees to with the Guarantor, which servicing fees will be entitled to priority over payments to holders of the Covered Bonds. See risk factor entitled “*Risks resulting from default by Borrowers in paying amounts due on their Loans*”.

If the Seller, as initial Servicer, becomes subject to insolvency proceedings, it could give rise to a stay of proceedings that would delay and may otherwise impair the Guarantor's or the Bond Trustee's exercise of rights and remedies in respect of the removal of the Seller as the initial Servicer.

The ability of a substitute servicer to perform fully the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute servicer may affect the realizable value of the Covered Bond Portfolio or any part thereof, and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee.

The Servicer has no obligation itself to advance payments that Borrowers fail to make in a timely fashion. Holders of the Covered Bonds will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Agreement.

The Bond Trustee is not obligated to act as a servicer or to monitor the performance by the Servicer of its obligations in any circumstances.

### ***Risks resulting from the Guarantor's reliance on Swap Providers***

To provide a hedge against possible variances in (i) the rates of interest payable on the Portfolio Assets (which may, for instance, include variable rates of interest or fixed rates of interest) and related amounts, and (ii) amounts payable under the Covered Bond Swap Agreement and the interest amounts payable under the Intercompany Loan Agreement, the Guarantor has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. See “*Summary of the Principal Documents – Interest Rate Swap Agreement*” on page 188 of this Base Prospectus. In addition, the Guarantor will enter into Covered Bond Swap Agreements from time to time with the Covered Bond Swap Provider in respect of each Series of Covered Bonds to provide a hedge against currency and/or other risks arising following the occurrence of a Covered Bond Guarantee Activation Event with respect to the mismatch between (x) its obligations under the Covered Bond Guarantee and (y) the amounts received under the Interest Rate Swap Agreement. The Covered Bond Swap Agreements will also provide for the exchange of cash flows prior to the Covered Bond Guarantee Activation Event, and, during this time, the Covered Bond Swap Agreements will provide the Guarantor with amounts which it will pay to the Issuer in repayment of Issue Advances to provide the Issuer with an effective hedge with respect to the mismatch between (x) its obligations owing under a Tranche and/or Series of Covered Bonds in euros and (y) its general sources of funds being in Canadian dollars and to also provide the Issuer will the ability to convert issuance proceeds from euros to Canadian dollars. See “*Summary of the Principal Documents – Covered Bond Swap Agreement*” on page 192 of this Base Prospectus. A Swap Provider may, and in certain circumstances will be required to, be

replaced by third parties under the Swap Agreements if its ratings by the Rating Agencies have been downgraded below a specified rating or upon an event of default under the relevant Swap Agreement.

If the Guarantor fails to make timely payments of amounts due under any Swap Agreement (except where such failure is caused by the assets available to the Guarantor being insufficient to make the required payment in full), then it will have defaulted under that Swap Agreement and such Swap Agreement may be terminated. Further, a Swap Provider is only obliged to make payments to the Guarantor as long as and to the extent that the Guarantor complies with its payment and delivery obligations. The Guarantor will not be in breach of its payment obligations where the Guarantor fails to pay a required payment in full, provided such non-payment is caused by the assets of the Guarantor being insufficient to make such payment in full under the relevant Swap Agreement. If a Swap Agreement terminates or the Swap Provider is not obliged to make payments or if it defaults in its obligations to make payments of amounts (including in the relevant currency, if applicable) to the Guarantor on the payment date under the relevant Swap Agreement, the Guarantor or the Issuer (based on the Issuer receiving repayment of Issue Advances from the Guarantor under the Intercompany Loan Agreement relating to a Tranche and/or Series of Covered Bonds), as applicable, will be exposed to changes in the relevant currency exchange rates to Canadian dollars and to any changes in the relevant rates of interest. Unless a replacement Swap Agreement is entered into, the Guarantor may have insufficient funds to meet its obligations under the Covered Bond Guarantee.

If a Swap Agreement terminates, the Guarantor may be obliged to make a termination payment in an amount related to the mark to market value of such Swap Agreement to the relevant Swap Provider. There can be no assurance that the Guarantor will have sufficient funds available to make such termination payment under the relevant Swap Agreement, nor can there be any assurance that the Guarantor will be able to find a replacement swap counterparty which (i) agrees to enter into a replacement swap agreement on substantially the same terms as the terminated swap agreement, and (ii) has sufficiently high ratings to prevent a downgrade of the then current ratings of the Covered Bonds by any one of the Rating Agencies.

If the Guarantor is not Independently Controlled and Governed and is obliged to pay a termination payment under any Swap Agreement, such termination payment will rank *pari passu* with amounts due on the Covered Bonds, except where default by, or downgrade of, the relevant Swap Provider has caused the relevant Swap Agreement to terminate, in which case, such termination payment is subordinated to the interest amounts due on the Covered Bonds. If the Guarantor is Independently Controlled and Governed, it has the discretion to afford the Interest Rate Swap Provider priority over payments due on the Covered Bonds in respect of amounts due and payable under the Interest Rate Swap Agreement, other than termination payments payable to the Interest Rate Swap Provider where the Interest Rate Swap Provider has caused the termination, in which case such termination payment is subordinated to the interest amounts due on the Covered Bonds. The obligation to pay a termination payment may adversely affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. Additionally, the failure of the Guarantor to receive a termination payment from the relevant Swap Provider may adversely affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee.

***Risks resulting from the differences in timings of obligations of the Guarantor and the Covered Bond Swap Provider under the Covered Bond Swap Agreement***

Upon the issuance of the related Covered Bonds, cashflows will be exchanged under the Covered Bond Swap Agreement. After the occurrence of a Covered Bond Guarantee Activation Event, the Guarantor will make payments to the Covered Bond Swap Provider on each Guarantor Payment Date from the amounts received by the Guarantor under the Interest Rate Swap Agreement. The Covered Bond Swap Provider may not be obliged to make payments to the Guarantor under the Covered Bond Swap Agreement until amounts are Due for Payment on the Covered Bonds, which may be up to 12 months after payments have been made by the Guarantor to the Covered Bond Swap Provider under the Covered Bond Swap Agreement. If the Covered Bond Swap Provider does not meet its payment obligations to the Guarantor under the Covered Bond Swap Agreement and the Covered Bond Swap Provider does not make a termination payment that has become due from it to the Guarantor, the Guarantor may have a larger shortfall in funds with which to meet its obligations under the Covered Bond Guarantee than if the Covered Bond Swap Provider's payment obligations coincided with Guarantor's payment obligations under the

Covered Bond Guarantee. As a result, the difference in timing between the obligations of the Guarantor under the Covered Bond Swap Agreement and the obligations of the Covered Bond Swap Provider under the Covered Bond Swap Agreement could adversely affect the Guarantor's ability to meet its obligations under the Covered Bond Guarantee.

### ***Withholding on payments under the Covered Bond Guarantee***

Subject to the qualifications and assumptions stated in "*Taxation – Canada*", interest paid or credited or deemed to be paid or credited on a Covered Bond by the Guarantor pursuant to the Covered Bond Guarantee will be exempt from Canadian withholding tax to the extent interest paid or credited by the Issuer on such Covered Bond would have been exempt (see "*Taxation – Canada*"). If such payments by the Guarantor pursuant to the Covered Bond Guarantee are not exempt, such payments will be made subject to any applicable withholding or deduction and the Guarantor will have no obligation to gross up in respect of any withholding or deduction which may be required in respect of any such payment, which would adversely affect the amount of payment on the Covered Bonds to be received by the applicable Covered Bondholders at the time of such payment.

### **3. FACTORS WHICH ARE MATERIAL FOR THE PURPOSES OF ASSESSING THE RISKS RELATED TO THE COVERED BOND PORTFOLIO**

- a) Risks related to the constitution and maintenance of the Covered Bond Portfolio

#### ***Changes to the constitution of the Covered Bond Portfolio***

The Covered Bond Portfolio currently consists solely of Loans originated by the Seller or its partner mortgage brokers, financial institutions and other business partners who provide independent financial advice to the Issuer's customers. See "*Retail Loan Origination and Lending Criteria*" on page 139 of this Base Prospectus for additional information. It is expected that the constitution of the Covered Bond Portfolio will frequently change due to, for instance, repayments of Loans by Borrowers from time to time and the need to replace such Loans with New Loans in the Covered Bond Portfolio, or the Covered Bond Portfolio being increased to, among other things, permit the issuance of additional Covered Bonds and ensure that the Asset Coverage Test is met.

The Covered Bond Portfolio consists of Loans originated by the Issuer in the Canadian alternative mortgage market. In the Canadian alternative mortgage market, the Issuer originates loans by lending to self-employed and other Canadians that have been determined to meet the Issuer's underwriting standards, including based on capacity and character to reliably pay their mortgages, but these borrowers may not meet the strict credit criteria of the major Canadian banks. Alternative lending is an important line of business for the Issuer. The Covered Bond Portfolio will vary from time to time in respect of the alternative mortgage loans, but such Loans will all be required to meet the Eligibility Criteria. A deterioration in the credit quality of the alternative mortgage Loans in the Covered Bond Portfolio could have a material adverse effect on the Covered Bond Portfolio and the Covered Bonds.

There is no assurance that the characteristics of New Loans assigned to the Guarantor in the future will be the same as those in the Covered Bond Portfolio at the date of this Base Prospectus, which may result in a material change in the composition of the Covered Bond Portfolio held by the Guarantor in support of the Covered Bonds. The New Loans may perform in a materially different manner from the existing Loans in the Covered Bond Portfolio as it existed at the time that an investor first acquired the Covered Bonds. Each Loan will be required to meet the Eligibility Criteria and satisfy the Loan Representations and Warranties set out in the Mortgage Sale Agreement, although the Eligibility Criteria and the Loan Representations and Warranties may change in certain circumstances as described herein, which may also result in a material change in the New Loans in the Covered Bond Portfolio and represent a material risk to the investors if such New Loans perform in a materially different manner from the existing Loans in the Covered Bond Portfolio. See "*Summary of the Principal Documents – Mortgage Sale Agreement – Sale by the Seller of Portfolio Assets*". In addition, the Asset Coverage Test is intended to ensure that the Adjusted Aggregate Asset Amount is an amount equal to or in excess of the Canadian Dollar Equivalent of the aggregate

Principal Amount Outstanding of the Covered Bonds for so long as Covered Bonds remain outstanding. The Cash Manager prepares and provides Investor Reports that set out certain information in relation to, among other things, the Covered Bond Portfolio, the Asset Coverage Test, the OC Valuation and the Valuation Calculation, and the Issuer will make such Investor Reports available to Covered Bondholders. See “*General Information*”.

### ***Risks related to the maintenance of the Covered Bond Portfolio***

The Asset Coverage Test and the Amortization Test are intended to ensure that the assets and cashflows of the Guarantor, including the Portfolio Assets and cashflows in respect thereof, will be adequate to enable the Guarantor to meet its obligations under the Covered Bond Guarantee following the occurrence of a Covered Bond Guarantee Activation Event. See “*Summary of the Principal Documents – Asset Coverage Test*” and “*Amortization Test*” on pages 176 to 180 of this Base Prospectus for further details on these two tests. Accordingly, it is expected (but there is no assurance) that the Covered Bond Portfolio could be realized for sufficient values, together with the other assets of the Guarantor, to enable the Guarantor to meet its obligations under the Covered Bond Guarantee.

#### 1) Risks to credit rating of the Covered Bonds due to insufficient enhancement

*Asset Coverage Test:* The Issuer shall use all reasonable efforts to ensure that the Guarantor is in compliance with the Asset Coverage Test. This may include making advances under the Intercompany Loan, selling New Loans and their Related Security to the Guarantor or making a Capital Contribution in cash or in kind in amounts sufficient to avoid such shortfall on future Calculation Dates.

If a breach of the Asset Coverage Test occurs which is not cured as at the next Calculation Date, an Asset Coverage Test Breach Notice will be served on the Guarantor. An Asset Coverage Test Breach Notice that is not revoked on or before the Guarantor Payment Date immediately following the next Calculation Date after service of the Asset Coverage Test Breach Notice will result in an Issuer Event of Default. There is no specific recourse by the Guarantor to the Issuer in respect of any failure of the Bank to make a Capital Contribution on or before the Guarantor Payment Date immediately following the next Calculation Date after service of an Asset Coverage Test Breach Notice, in sufficient amounts, rates or margins, as applicable.

The Asset Percentage is a component of the Asset Coverage Test which establishes the credit enhancement required for the then outstanding Covered Bonds in accordance with the terms of the Guarantor Agreement and in accordance with Rating Agency methodologies. Pursuant to the terms of the Asset Coverage Test, there is a limit to the degree to which the Asset Percentage may be decreased without the consent of the Issuer and as a result, there is a corresponding limit on the amount of credit enhancement required to be maintained to meet the Asset Coverage Test.

If the methodologies used to determine the Asset Percentage conclude that additional credit enhancement is required beyond the maximum provided for (by requiring a reduction in the Asset Percentage below the minimum Asset Percentage), and the Issuer does not agree to provide credit enhancement beyond the maximum provided for (by agreeing to a reduction in the Asset Percentage below the minimum Asset Percentage), any Rating Agency may reduce, remove, suspend or place on credit watch, its rating of the Covered Bonds and the assets of the Guarantor may be seen to be insufficient to ensure that, in the scenarios employed in the cashflow models, the assets and cashflows of the Guarantor will be adequate to enable it to meet its obligations under the Covered Bond Guarantee following a Covered Bond Guarantee Activation Event, notwithstanding that the Asset Coverage Test continues to be met.

#### 2) Risks related to the variance between the market value of the Covered Bond Portfolio and market value of the obligations guaranteed under the Covered Bond Guarantee

*Valuation Calculation:* The Guarantor is required to perform the Valuation Calculation to monitor exposure to interest rates and currency exchange rates by measuring the present value of the Covered Bond Portfolio

relative to the market value of the obligations guaranteed under the Covered Bond Guarantee. As a result, the market value of the Covered Bond Portfolio may not be sufficient to satisfy the obligations guaranteed under the Covered Bond Guarantee. However, there is no obligation on the part of the Issuer or the Guarantor to take any action in respect of the Valuation Calculation to the extent it shows the market value of the Covered Bond Portfolio is less than the market value of the obligations guaranteed under the Covered Bond Guarantee. The Valuation Calculation does not take into account the Covered Bond Swap Agreement, which is intended to provide a hedge against currency risks, interest rate risks and timing risks in respect of, among other things, amounts received by the Guarantor under the Interest Rate Swap Agreement and amounts payable in respect of its obligations under the Covered Bond Guarantee after the occurrence of a Covered Bond Guarantee Activation Event, except to the extent of any cash or securities transferred to the Guarantor by the Covered Bond Swap Provider as credit support for the obligations of the Covered Bond Swap Provider under the terms of the Covered Bond Swap Agreement. Such protection afforded by the Covered Bond Swap Agreement would only be applicable if the Covered Bond Swap Agreement has not been terminated at the relevant time and the Swap Counterparty satisfies its obligations. If not, the mismatch identified by the Valuation Calculation may have an adverse effect on the investors in the Covered Bonds if the Covered Bond Portfolio is disposed of at the time.

### 3) Risks related to the failure to meet the Amortization Test

*Amortization Test:* Pursuant to the Guarantor Agreement, following the occurrence and during the continuance of an Issuer Event of Default (but prior to service of a Guarantor Acceleration Notice) and, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that, as at each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default, the Guarantor is in compliance with the Amortization Test. The Amortization Test is met if the Amortization Test Aggregate Asset Amount is in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds. The Amortization Test is intended to ensure that the assets of the Guarantor do not fall below a certain threshold to ensure that the assets of the Guarantor are sufficient to meet its obligations under the Covered Bond Guarantee.

If the collateral value of the Covered Bond Portfolio has not been maintained in accordance with the terms of the Asset Coverage Test and/or the Amortization Test, that may affect the realizable value of the Covered Bond Portfolio or any part thereof (both before and after the occurrence of a Guarantor Event of Default) and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. Failure to satisfy the Amortization Test as at any Calculation Date following an Issuer Event of Default will constitute a Guarantor Event of Default, thereby entitling the Bond Trustee to accelerate the Covered Bonds against the Issuer (if the Covered Bonds have not already been accelerated) and the Guarantor's obligations under the Covered Bond Guarantee against the Guarantor subject to and in accordance with the Conditions.

Prior to the occurrence of an Issuer Event of Default, the Asset Monitor will, subject to receipt of the relevant information from the Cash Manager, carry out the arithmetic testing of, and report on the arithmetic accuracy of, the calculations performed by the Cash Manager in respect of the Asset Coverage Test and the OC Valuation once each year and more frequently in certain circumstances as required by the terms of the Asset Monitor Agreement. Following the occurrence of an Issuer Event of Default, the Asset Monitor will be required to carry out the arithmetic testing of, and report on the arithmetic accuracy of, the calculations performed by the Cash Manager in respect of the Amortization Test. See further "*Summary of the Principal Documents—Asset Monitor Agreement*".

The Bond Trustee will not be responsible for monitoring compliance with, nor the monitoring of, the Asset Coverage Test, the OC Valuation or the Amortization Test or any other test, or supervising the performance by any other party of its obligations under any Transaction Document.

The Properties subject to the Related Security for Loans in the Covered Bond Portfolio do not undergo periodic valuations but are required to be indexed to account for subsequent market developments. Valuations are obtained when a Loan is originated, but generally not subsequent to origination.

The Guarantor employs an indexation methodology that meets the requirements provided for in the CMHC Guide to determine indexed valuations for Properties relating to the Loans in the Covered Bond Portfolio (which methodology may be updated from time to time and will, at any time, be disclosed in the then-current Investor Report, the “**Indexation Methodology**”) for purposes of the Asset Coverage Test, the Amortization Test, the Valuation Calculation and for other purposes as may be required by the CMHC Guide from time to time. Further information about the Indexation Methodology can be found at any time in the then-current Investor Report. Changes to the Indexation Methodology may only be made (i) upon notice to CMHC and satisfaction of any other conditions specified by CMHC in relation thereto, (ii) if such change constitutes a material change, subject to satisfaction of the Rating Agency Condition, and (iii) if such change is materially prejudicial to the Covered Bondholders, subject to the consent of the Bond Trustee. The Indexation Methodology must at all times comply with the requirements of the CMHC Guide.

Neither the Issuer nor the Guarantor can give any assurance as to the accuracy or completeness of any data obtained from a third-party index for use in the Indexation Methodology and it is not expected that a sponsor of a third-party index will represent as to the accuracy or completeness of such data or accept any liability therefor.

4) Renewal risk related to the Loans in the Covered Bond Portfolio with Short Maturities

Loans generally provide for the renewal of the loans periodically (e.g., every three years), but the amortization period of the loans is generally much longer (e.g., 30 years). The borrower faces a change, perhaps a substantial change, in the applicable interest rate on the loan at the time of renewal and the prospect of seeking a replacement loan from another lender if the current lender does not renew the loan. In an adverse economic environment, obtaining a replacement loan may be difficult. Accordingly, if prevailing interest rates have risen significantly, an existing lender may need to renew the loan at below market rates in order to avoid a default on a loan up for renewal.

In the event that the Guarantor must liquidate some Loans in order to meet its obligations under the Covered Bond Guarantee, it may realize less than the principal amount of the Loans liquidated. If the Guarantor is required to liquidate a large number of Loans that have interest rates significantly below prevailing interest rates, the Guarantor may not realize sufficient proceeds to pay the Covered Bonds in full.

5) Risks arising from the trigger of the Guarantor’s obligation to sell randomly selected Loans following the breach of the Pre-Maturity Test, if applicable, Asset Coverage Test Breach Notice or Notice to pay

If, to the extent any Hard Bullet Covered Bonds are issued and outstanding, the Pre-Maturity Test is breached, the Guarantor may offer to sell Randomly Selected Loans to seek to generate sufficient cash to enable the Guarantor to pay the Final Redemption Amount on any such Hard Bullet Covered Bonds should the Issuer fail to pay the Final Redemption Amount on the Final Maturity Date: see “*Summary of the Principal Documents—Guarantor Agreement—Sales of Randomly Selected Loans following a breach of the Pre-Maturity Test*”.

If an Asset Coverage Test Breach Notice or a Notice to Pay is served on the Guarantor (and, in the case of an Asset Coverage Test Breach Notice, for as long as such notice has not been revoked), the Guarantor may be obliged to sell Randomly Selected Loans in order to remedy a breach of the Asset Coverage Test or to make payments to the Guarantor’s creditors, including payments under the Covered Bond Guarantee, as appropriate: see “*Summary of the Principal Documents—Guarantor Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*”.

There is no guarantee that a buyer will be found to acquire such Portfolio Assets at the times required and there can be no guarantee or assurance as to the price which may be able to be obtained, which may affect payments under the Covered Bond Guarantee. However, prior to the service of a Guarantor Acceleration Notice, the Portfolio Assets may not be sold by the Guarantor for less than an amount equal to the Adjusted Required Redemption Amount for the relevant Series of Covered Bonds until six months prior to: (i) the

Final Maturity Date in respect of such Covered Bonds; or (ii) (if the same is specified as applicable in the applicable Final Terms) the Extended Due for Payment Date under the Covered Bond Guarantee in respect of such Covered Bonds. In the six months prior to, as applicable, the Final Maturity Date or Extended Due for Payment Date, the Guarantor is obliged to sell Portfolio Assets for the best price reasonably available notwithstanding that such price may be less than the Adjusted Required Redemption Amount. The Seller that assigned the relevant Portfolio Assets to the Guarantor will have a right of pre-emption to purchase such Portfolio Assets in the event the Guarantor wishes to or is required to sell such Portfolio Assets (see “*Summary of the Principal Documents—Mortgage Sale Agreement—Right of pre-emption*”). The Guarantor may also use Portfolio Assets to repay the Demand Loan and will, following a Covered Bond Guarantee Activation Event, receive credit for such repayment equal to the True Balance on such Portfolio Assets or in certain circumstances, the fair market value thereof.

6) Risk of insufficient market for Charged Property upon realisation following the occurrence of a Guarantor Event of Default

If a Guarantor Event of Default occurs and a Guarantor Acceleration Notice is served on the Guarantor, then the Bond Trustee will be entitled to enforce the Security created under and pursuant to the Security Agreement and the proceeds from the realization of the Charged Property will be applied by the Bond Trustee towards payment of all secured obligations in accordance with the Post-Enforcement Priority of Payments described in “*Cashflows*” below.

There is no guarantee that there will be a market for the Charged Property or that the proceeds of realization of the Charged Property will be in an amount sufficient to repay all amounts due to the Secured Creditors (including the holders of the Covered Bonds) under the Covered Bonds and the Transaction Documents.

If a Guarantor Acceleration Notice is served on the Guarantor, then the Covered Bonds may be repaid sooner or later than expected or not at all.

b) Risks related to the realizable value of the Covered Bond Portfolio

Following the occurrence of a Covered Bond Guarantee Activation Event, the realizable value of the Portfolio Assets may be reduced (which may affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee) by:

- representations or warranties not being given by the Guarantor or the Seller, as the case may be (unless otherwise agreed with the Seller), on the sale of the Portfolio Assets by the Guarantor;
- default by Borrowers of amounts due on the Loans (see “*Risks resulting from default by Borrowers in paying amounts due on their Loans*”);
- the insolvency of the Seller (including as initial Servicer);
- changes to the lending criteria of the Seller assigning the Portfolio Assets, or changes to the implementation thereof by any external broker used by the Seller in the origination of Loans;
- the Guarantor not being the registered creditor of the Loans in the Covered Bond Portfolio and notice of the sale, transfer and assignment of such Loans and their Related Security not having been given to Borrowers;
- risks in relation to some types of the Loans which may adversely affect the value of the Covered Bond Portfolio or any part thereof;
- recourse to the Seller being limited under the terms of the Mortgage Sale Agreement;
- possible regulatory changes by OSFI, CMHC and other regulatory authorities;

- law or regulations that could lead to some terms of the Loans being unenforceable; and
- general market conditions which may make the sale of Portfolio Assets at a price sufficient to repay all amounts due under the Covered Bonds and the Transaction Documents unattainable or difficult.

However, it should be noted that the Asset Coverage Test, the Amortization Test, the OC Valuation and the Eligibility Criteria are intended to ensure that the Guarantor will have adequate assets and cashflows to enable the Guarantor to meet its obligations under the Covered Bond Guarantee following the occurrence of a Covered Bond Guarantee Activation Event. Accordingly, it is expected (but there is no assurance) that the Covered Bond Portfolio could be realized for sufficient values, together with the other assets of the Guarantor, to enable the Guarantor to meet its obligations under the Covered Bond Guarantee.

In the event the Bank is required to assign some or all of its obligations to one or more third-party service providers, as Servicer or Cash Manager, such third-party service providers may require fees for such services in excess of the rates or amounts, if any, currently being paid to the Bank by the Guarantor. Any such increase in fees for the services currently provided by the Bank could have an adverse impact on the ability of the Guarantor to meet its obligations under the Covered Bonds. Additionally, there can be no assurance that any such third-party service provider will (i) have the same level of operational experience as the Bank and operational issues may arise in connection with the appointment of a third-party service provider, or (ii) not require more onerous terms in any relevant Transaction Document.

***Risks resulting from no new Guarantor or Seller representations and warranties***

Following the occurrence of a Covered Bond Guarantee Activation Event (including as a result of an Issuer Event of Default following a breach of the Pre-Maturity Test, if applicable), and/or an Asset Coverage Test Breach Notice or a Notice to Pay is served on the Guarantor (and, in the case of an Asset Coverage Test Breach Notice, for so long as such notice has not been revoked), the Guarantor may be obliged to sell Portfolio Assets to third-party purchasers, subject to a right of pre-emption of the Seller that assigned such Portfolio Assets to the Guarantor (see “*Summary of the Principal Documents—Guarantor Agreement—Method of Sale of Portfolio Assets*”). In respect of any sale of Portfolio Assets to third parties, however, the Guarantor will not be permitted to give warranties or indemnities in respect of those Portfolio Assets (unless expressly permitted to do so by the Bond Trustee). There is no assurance that the Seller would give any warranties or representations in respect of the Portfolio Assets. Any Loan Representations and Warranties previously given by the Seller in respect of Loans in the Covered Bond Portfolio may not have value for a third-party purchaser particularly if the Seller is then insolvent. Accordingly, there is a risk that the realizable value of the Portfolio Assets could be adversely affected by the lack of representations and warranties which in turn could adversely affect the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee.

***Risks resulting from default by Borrowers in paying amounts due on their Loans***

Borrowers may default on their obligations due under the Loans. Defaults may occur for a variety of reasons. The Loans are affected by credit, market, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal. Examples of such factors include changes in the national or international economic climate, local, regional or national economic or housing conditions, and changes in law, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Other factors involving Borrowers’ individual, personal or financial circumstances may affect the ability of Borrowers to repay the Loans. Loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Loans. In addition, the ability of a Borrower to sell a property given as security for a Loan at a price sufficient to repay the amounts outstanding under that Loan will depend upon a number of factors, including general market conditions, the availability of buyers for that property, the value of that property and property values in general at the time. Non-Performing Loans in the Covered Bond Portfolio will be given no credit for the purposes of the Asset Coverage Test, the Amortization Test,

the Valuation Calculation or the OC Valuation. See “*Summary of the Principal Documents – Guarantor Agreement*” on page 174 of this Base Prospectus for additional information on those tests.

The application of Canadian federal bankruptcy and insolvency laws and related provincial laws to a Borrower could affect the ability to collect the Portfolio Assets if such laws result in any related Loan being charged off as uncollectible either in whole or in part.

***Risks resulting from the changes to the Lending Criteria which may result in increased borrower defaults***

Each of the Loans originated by the Seller will have been originated in accordance with such Seller’s Lending Criteria at the time of origination. See “*Retail Loan Origination and Lending Criteria*” on page 139 of this Base Prospectus for additional information. It is expected that the Seller’s Lending Criteria will generally consider type of property, term of loan, age of applicant, LTV ratio, status of applicants and credit history. In the event of the sale of any Loans and their Related Security to the Guarantor, the Seller will only warrant that such Loans and their Related Security meet the Eligibility Criteria and were originated in accordance with the Seller’s Lending Criteria applicable at the time of origination. The Seller retains the right to revise its Lending Criteria from time to time. If the Lending Criteria change in a manner that affects the creditworthiness of the Loans, that may lead to increased defaults by Borrowers and may affect the realizable value of the Covered Bond Portfolio, or part thereof, and the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee. As described above, however, Non-Performing Loans in the Covered Bond Portfolio will be given no credit for the purposes of the Asset Coverage Test, the Amortization Test, the Valuation Calculation and the OC Valuation.

***Risks particular to the Multiproduct Mortgage Loans***

The Covered Bond Portfolio includes Multiproduct Mortgage Loans. For a detailed description of the Multiproduct Mortgage Loans, see “*Summary of the Principal Documents-Mortgage Sale Agreement-Multiproduct Accounts*” on page 160 of this Base Prospectus. Such Multiproduct Mortgage Loans are subject to certain additional risks which include, without limitation, the following:

- the risk that Multiproduct Mortgage Loans may be more difficult for the Guarantor to sell to third parties than other Loans due to the related servicing and priority arrangements governing the Multiproduct Mortgage Loans and/or the continuing ownership interests of the Seller and/or Multiproduct Purchasers in the related Multiproduct Accounts and the related Multiproduct Mortgages;
- the risk that the Guarantor, or the Servicer on its behalf, is or will become subject to certain fiduciary and other rights, duties and obligations under applicable law or under any applicable agreements in regard to the Seller and/or any Multiproduct Purchasers having an interest in the related Multiproduct Mortgages which could delay or otherwise adversely affect its right to make certain servicing and/or enforcement decisions relating to such Multiproduct Mortgage Loans or, with respect to such agreements, which may affect the respective priorities of the related Multiproduct Mortgage Loans and Lines of Credit; and
- since the Seller or Multiproduct Purchasers will each be entitled to an interest in the related Multiproduct Mortgages in the Province of Québec to the extent of the outstanding indebtedness owing under any related Line of Credit or Multiproduct Mortgage Loan, the Guarantor will in respect of each Multiproduct Mortgage have to join the Seller or Multiproduct Purchaser in enforcement proceedings against the related Borrower.

***Risks resulting from a lack of notice and registration of the sale, transfer and assignment of the Loans and their Related Security in the Covered Bond Portfolio on the relevant Transfer Dates***

The sale, transfer and assignment by the Seller to the Guarantor of the Loans and their Related Security will be effected in accordance with the terms of the Mortgage Sale Agreement.

Other than (i) registrations in the appropriate land registry or land titles offices in respect of the sale, transfer and assignment of the Loans from the Seller to the Guarantor effected by the Mortgage Sale Agreement, and (ii) the provision to Borrowers under the related Loans or the obligors under their Related Security of actual notice of the sale, transfer and assignment thereof to the Guarantor, all material filings, recordings, notifications, registrations or other actions under all applicable laws will have been made or taken in each jurisdiction where necessary or appropriate (other than certain registrations in the Province of Québec which will be made when permitted by applicable law) to give legal effect to the sale, transfer and assignment of the Loans and their Related Security and the right to transfer servicing of such Loans as contemplated by the Mortgage Sale Agreement, and to validate, preserve, perfect and protect the Guarantor's ownership interest in and rights to collect any and all of the related Loans being purchased on the relevant Transfer Date, including the right to service and enforce such Loans and their Related Security. Since the Seller or Multiproduct Purchaser will be entitled to an interest in the related Multiproduct Mortgage to the extent of the outstanding indebtedness owing under any related Line of Credit Loan or Multiproduct Mortgage Loan not owned by the Guarantor, the Guarantor will have to join the Seller or Multiproduct Purchaser in enforcement proceedings against the related Borrower.

Notice of the sale, transfer and assignment of the Loans and, where appropriate, the registration or recording in the appropriate land registry or land title offices of the transfer of legal title to the Mortgages will not be given or made, as the case may be, except in the circumstances described in "*Summary of the Principal Documents—Mortgage Sale Agreement—Notice to Borrower of the Sale, assignment and transfer of the Loans and their Related Security and registration of transfer of title to the Mortgages*". Similarly, neither Borrowers nor obligors will be given notice of the interests of the Bond Trustee (for itself and on behalf of the other Secured Creditors) in the Loans and their Related Security, granted pursuant to the terms of the Security Agreement, nor will the interests of the Bond Trustee (for itself and on behalf of the other Secured Creditors) in the Mortgages be registered in the appropriate land registry or land titles offices, prior to notice of the Guarantor's interests in the Loans and their Related Security, and/or registration of the transfer of title to the Mortgages, having been given or made, as the case may be.

As long as the interests of the Guarantor in the Loans and their Related Security are not registered at the appropriate land registry or land titles offices, and notice has not been given to Borrowers, the following risks exist:

- *first*, if the Seller wrongly sells a Loan and its Related Security which has already been sold to the Guarantor, to another person and that person acted in good faith and did not have notice of the interests of the Guarantor in the Loan and its Related Security, then such person might obtain good title to the Loan and its Related Security, free from the interests of the Guarantor. If this occurred, then the Guarantor would not have good title to the affected Loan and its Related Security and it would not be entitled to payments by a Borrower in respect of that Loan. However, the risk of third-party claims obtaining priority to the interests of the Guarantor would likely be limited to circumstances arising from a breach by the Seller of its contractual obligations or fraud, negligence or mistake on the part of the Seller or the Guarantor or their respective personnel or agents;
- *second*, the rights of the Guarantor may be subject to the rights of the Borrowers against the Seller, such as rights of set-off, which occur in relation to transactions or deposits made between Borrowers and the Seller, as applicable, and the rights of Borrowers to redeem their mortgages by repaying the Loans directly to the Seller, as applicable, however, the Canadian dollar deposits of Borrowers with the Issuer are currently insured up to C\$100,000, subject to certain exceptions by the Canada Deposit Insurance Corporation, a Canadian Crown corporation; and

- *third*, unless the Guarantor has registered the sale, transfer and assignment of the Loans and their Related Security (which it is only entitled to do in certain limited circumstances), the Guarantor may not, itself, be able to enforce any Borrower's obligations under a Loan or its Related Security but would have to join the Seller as a party to any legal proceedings.

The foregoing risks apply equally to the Bond Trustee (for itself and on behalf of the other Secured Creditors). If any of the risks described in the first two bullet points above were to occur, then the realizable value of the Covered Bond Portfolio or any part thereof and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee or the Bond Trustee (for itself and on behalf of the other Secured Creditors) to enforce its Security granted under the Security Agreement with respect to the Covered Bond Portfolio may be adversely affected.

While the exercise of set-off rights by Borrowers may adversely affect the realizable value of the Covered Bond Portfolio and/or the ability of the Guarantor to meet its obligations under the Covered Bond Guarantee or the Bond Trustee (for itself and on behalf of the other Secured Creditors) to realize on the Covered Bond Portfolio under the Security Agreement, all of the Loans in the Covered Bond Portfolio expressly prohibit the exercise of such rights by the related Borrower.

Once notice has been given to the Borrowers and any other obligors of the sale, transfer and assignment of the Loans and their Related Security to the Guarantor and of the interest of the Bond Trustee in the Loans and their Related Security (for itself and on behalf of the other Secured Creditors), legal set-off rights which a Borrower may have against the Seller (such as, for example, set-off rights associated with Borrowers holding deposits with the Seller) will crystallise and further rights of legal set-off would cease to accrue from that date and no new rights of legal set-off could be asserted following that notice. Set-off rights arising out of a transaction connected with the Loan will not be affected by that notice and will continue to exist.

Further, for so long as notice of the sale, transfer and assignment of the Loans and their Related Security has not been given to the Borrowers and any other obligors and legal title to the Mortgages has not been registered in the appropriate land registry or land titles offices in the name of the Guarantor, the Seller will undertake for the benefit of the Guarantor and the Secured Creditors that it will lend its name to, and take such other steps as may be reasonably required by the Guarantor and/or the Bond Trustee in relation to, any legal proceedings in respect of the Loans and their Related Security.

#### ***Limitations on recourse to the Seller***

The Guarantor and the Bond Trustee will not undertake any investigations, searches or other actions on any Portfolio Assets and will rely instead on the Loan Representations and Warranties given in the Mortgage Sale Agreement by the Seller in respect of the Portfolio Assets sold by it to the Guarantor.

If any Portfolio Asset assigned by the Seller to the Guarantor does not materially comply with any of the Loan Representations and Warranties made by the Seller as at the Transfer Date of that Portfolio Asset, then the Seller will be required to notify the Guarantor and the Bond Trustee as soon as reasonably practical after becoming aware of the fact and, upon receipt of a request to do the same from the Guarantor, remedy the breach within 30 calendar days of receipt by it of the request. There is no further recourse to the Seller in respect of a breach of a Loan Representation or Warranty.

If the Seller fails to remedy the breach of a Representation and Warranty within 30 calendar days of such request, then the Seller will be required (but only prior to the occurrence of an Issuer Event of Default and after the service of a Portfolio Asset Repurchase Notice) to repurchase on or before the next following Calculation Date (or such other date that may be agreed between the Guarantor and the Seller) the relevant Portfolio Assets (and any other Loans of the relevant Borrower that are included in the Covered Bond Portfolio) at the purchase price paid by the Guarantor for the relevant Portfolio Assets plus expenses as at the relevant repurchase date, less any amounts received since the Transfer Date in respect of principal on such Portfolio Assets.

There can be no assurance that the Seller, in the future, will have the financial resources to repurchase a Loan or Loans and its or their Related Security. Any failure by the Seller to do so when required could have a negative impact on the realizable value of the Covered Bond Portfolio.

#### **4. FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING RISKS RELATED TO THE COVERED BONDS GENERALLY**

##### ***Sole Obligors of the Covered Bonds are the Issuer and, after a Covered Bond Guarantee Activation Event, the Guarantor***

The Covered Bonds will be obligations of the Issuer and, after a Covered Bond Guarantee Activation Event, the Guarantor. The Covered Bonds will not be obligations of EQB Inc. or any of its subsidiaries or affiliates, other than the Issuer and the Guarantor as stated in the prior sentence. The Covered Bonds will not represent an obligation or be the responsibility of any of the Dealers, the Arrangers, the Bond Trustee, or any other person involved in or associated with the Programme, or their officers, directors, employees, security holders or incorporators, other than the Issuer and, after a Covered Bond Guarantee Activation Event, the Guarantor. The Issuer will be liable solely in its corporate capacity, the Managing GP and Liquidation GP will be liable solely as general partners of the Guarantor in their corporate capacity and the Limited Partner of the Guarantor will be liable in its corporate capacity solely to the extent of its interests in the Guarantor, for their respective obligations in respect of the Covered Bonds and the Covered Bond Guarantee, as applicable, and such obligations will not be the obligations of any of their respective officers, directors, employees, security holders or incorporators, as the case may be.

##### ***The Issuer is liable to make payments when due on the Covered Bonds***

The Issuer is liable to make payments when due on the Covered Bonds. The Covered Bonds constitute deposit liabilities of the Issuer for purposes of the Bank Act, however the Covered Bonds will not be insured under the *Canada Deposit Insurance Corporation Act* (Canada) (the “**CDIC Act**”) or any other governmental insurance scheme of any other country, and will constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank pari passu with all deposit liabilities of the Issuer without any preference among themselves and at least pari passu with all other unsubordinated and unsecured obligations of the Issuer, present and future (except as otherwise prescribed by law).

The Guarantor has no obligation to pay the Guaranteed Amounts payable under the Covered Bond Guarantee until the occurrence of a Covered Bond Guarantee Activation Event. The occurrence of an Issuer Event of Default does not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay amounts when Due for Payment under the Covered Bond Guarantee would constitute a Guarantor Event of Default which would entitle the Bond Trustee to accelerate the obligations of the Issuer under the Covered Bonds (if the Covered Bonds have not already become due and payable) and the obligations of the Guarantor under the Covered Bond Guarantee and entitle the Bond Trustee to enforce the Security.

##### ***The Guarantor is only obliged to pay Guaranteed Amounts when the same are Due for Payment***

Subsequent to a failure by the Issuer to make a payment in respect of one or more Series of Covered Bonds, the Bond Trustee may, but is not obliged to, serve an Issuer Acceleration Notice on the Issuer and Notice to Pay on the Guarantor (which would constitute a Covered Bond Guarantee Activation Event) (see Condition 4 on page 83 of this Base Prospectus) unless and until service of such Issuer Acceleration Notice is requested or directed, as applicable, by the Holders of at least 25 percent of the aggregate Principal Amount Outstanding of the Covered Bonds then outstanding as if they were a single Series or an Extraordinary Resolution of all the Holders of the Covered Bonds in accordance with Condition 7.01. As a result, a certain percentage of Holders of the Covered Bonds may be able to direct such action without obtaining the consent of the other Holders of the Covered Bonds.

Following a Covered Bond Guarantee Activation Event, the Guarantor will be obliged to pay Guaranteed Amounts as and when the same are Due for Payment. The Guarantor will not be obliged to pay Holders of

the Covered Bonds any amounts which may be payable in respect of the Covered Bonds until a Covered Bond Guarantee Activation Event has occurred.

Payments by the Guarantor will be made subject to any applicable withholding or deduction and the Guarantor will not be obliged to pay any additional amounts as a consequence. Prior to service on the Guarantor of a Guarantor Acceleration Notice, the Guarantor will not be obliged to make any payments payable in respect of broken funding indemnities, penalties, premiums, default interest or interest on interest which may accrue on or in respect of the Covered Bonds. In addition, the Guarantor will not be obliged at any time to make any payments in respect of additional amounts which may become payable by the Issuer under Condition 8.

Subject to any grace period, if the Guarantor fails to make a payment when Due for Payment under the Covered Bond Guarantee or any other Guarantor Event of Default occurs, then the Bond Trustee may accelerate the obligations of the Guarantor under the Covered Bond Guarantee by service of a Guarantor Acceleration Notice, whereupon the Bond Trustee will have a claim under the Covered Bond Guarantee for an amount equal to the Early Redemption Amount of each Covered Bond, together with accrued interest and all other amounts then due under the Covered Bonds (other than additional amounts payable under Condition 8). In such circumstances, the Guarantor will not be obliged to gross up in respect of any withholding or deduction which may be required in respect of any payment. Following service of a Guarantor Acceleration Notice, the Bond Trustee may enforce the security granted under the Security Agreement over the Covered Bond Portfolio. The proceeds of enforcement of the Security will be applied by the Bond Trustee in accordance with the Post-Enforcement Priority of Payments in the Security Agreement, and holders of the Covered Bonds will receive amounts from the Guarantor (if any) on an accelerated basis.

#### ***Excess Proceeds received by the Bond Trustee***

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may receive Excess Proceeds. The Excess Proceeds will be paid by the Bond Trustee, as soon as practicable after receipt thereof by the Bond Trustee, on behalf of the Holders of the Covered Bonds of the relevant Series, to the Guarantor for the account of the Guarantor and will be held by the Guarantor in the Guarantor Accounts (as discussed further in Condition 7.01 on page 99 of this Base Prospectus). The Excess Proceeds will thereafter form part of the Security granted pursuant to the Security Agreement and will be used by the Guarantor in the same manner as all other moneys from time to time standing to the credit of the Guarantor Accounts. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds (subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Guarantor). However, the obligations of the Guarantor under the Covered Bond Guarantee are direct and, following the occurrence of a Covered Bond Guarantee Activation Event, unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds shall not reduce or discharge any such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Guarantor in the manner as described above. As a result, the Holders of the Covered Bonds will not receive the Excess Proceeds directly from the Issuer or the Guarantor and will be limited on their recovery against the Guarantor only for the Guaranteed Amounts and only pursuant to the Covered Bond Guarantee.

#### ***All Covered Bonds issued under the Programme will accelerate at the same time if there is a Covered Bond Guarantee Activation Event***

Covered Bonds issued under the Programme will either be fungible with an existing Series of Covered Bonds or have different terms from an existing Series of Covered Bonds (in which case they will constitute a new Series).

All Covered Bonds issued from time to time will rank *pari passu* with each other in all respects and will share in the security granted by the Guarantor under the Security Agreement. If an Issuer Event of Default occurs in respect of a particular Series of Covered Bonds, the Covered Bonds of all Series outstanding will,

provided a Covered Bond Guarantee Activation Event has occurred, accelerate at the same time against the Issuer and have the benefit of payments made by the Guarantor under the Covered Bond Guarantee. In order to ensure that any further issue of Covered Bonds under the Programme does not adversely affect holders of the existing Covered Bonds:

- the Asset Coverage Test will be required to be met both before and after any further issue of Covered Bonds; and
- on or prior to the date of issue of any further Covered Bonds, the Issuer will be obliged to satisfy the Rating Agency Condition.

Based on the foregoing, the holders of a Series of Covered Bonds will not have full entitlement to amounts available from the Issuer for holders of Covered Bonds and will be limited to their applicable entitlement on a shared priority basis and will, on a similar basis, be limited in their access to the security granted by the Guarantor under the Security Agreement.

### ***The Bond Trustee's powers may affect the interests of the holders of the Covered Bonds***

In the exercise of its powers, trusts, authorities and discretions, the Bond Trustee will only have regard to the interests of the holders of the Covered Bonds. In the exercise of its powers, trusts, authorities and discretions, the Bond Trustee may not act on behalf of the Issuer.

If, in connection with the exercise of its powers, trusts, authorities or discretions, the Bond Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Bond Trustee will not exercise such power, trust, authority or discretion without the approval by Extraordinary Resolution of such holders of the relevant Series of Covered Bonds then outstanding or by a direction in writing of such holders of the Covered Bonds representing at least 25 percent of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding. See Condition 21 "*Indemnification of Bond Trustee and Bond Trustee contracting with the Issuer and/or the Guarantor*" on page 115 of this Base Prospectus. As a result, the rights of an individual holder of Covered Bonds may be adversely affected by decisions made by the Bond Trustee, by an Extraordinary Resolution of the applicable holders of a Series or a direction in writing by holders of Covered Bonds representing the requisite percentage of Covered Bonds of the relevant Series.

### ***Extendable obligations under the Covered Bond Guarantee***

Following the failure by the Issuer to pay the Final Redemption Amount of a Series of Covered Bonds on their Final Maturity Date (subject to applicable grace periods) and, if following service of a Notice to Pay on the Guarantor (by no later than the date which falls one Canadian Business Day prior to the Extension Determination Date), payment of the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Series of the Covered Bonds are not paid in full, then the payment of such Guaranteed Amounts may be automatically deferred for payment until the applicable Extended Due for Payment Date (where the relevant Series of Covered Bonds are subject to an Extended Due for Payment Date) and interest will continue to accrue and be payable on the unpaid amount in accordance with Condition 5, at the applicable Rate of Interest including, if applicable, as may be determined in accordance with Condition 5.03 (in the same manner as the Rate of Interest for Floating Rate Covered Bonds) even where the relevant Covered Bonds are Fixed Rate Covered Bonds. To the extent that a Notice to Pay has been served on the Guarantor and the Guarantor has sufficient time and sufficient moneys to pay in part the Guaranteed Amounts corresponding to the relevant Final Redemption Amount in respect of such Covered Bonds, the Guarantor will make such partial payment on any Interest Payment Date up to and including the relevant Extended Due for Payment Date in accordance with the Priorities of Payments and as described in Condition 6.01 and the Guarantor will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date and any unpaid amounts in respect thereof shall be due and payable on the Extended Due for Payment Date. The Issuer is not required to notify Covered Bondholders of such deferral. This will occur (subject to no Guarantor Event of Default

having occurred) if the Final Terms for a relevant Series of Covered Bonds provides that such Covered Bonds are subject to an Extended Due for Payment Date.

The Extended Due for Payment Date will fall up to one year after the Final Maturity Date (as specified in the applicable Final Terms) and the Guarantor will pay Guaranteed Amounts constituting Scheduled Interest on each Original Due for Payment Date and the Extended Due for Payment Date and any unpaid amounts in respect thereof shall be due and payable on the Extended Due for Payment Date. In these circumstances, except where the Guarantor has failed to apply money in accordance with the Priorities of Payments, failure by the Guarantor to meet its obligations in respect of the Final Redemption Amount on the Final Maturity Date (or such later date within any applicable grace period) will not constitute a Guarantor Event of Default. However, failure by the Guarantor to pay Guaranteed Amounts corresponding to the Final Redemption Amount or the balance thereof, as the case may be, on the Extended Due for Payment Date and/or pay Guaranteed Amounts constituting Scheduled Interest on any Original Due for Payment Date or the Extended Due for Payment Date will (subject to any applicable grace period) be a Guarantor Event of Default.

***Modification and Waivers; The Bond Trustee may agree to modifications to the Transaction Documents without, respectively, the holders of the Covered Bonds' or Secured Creditors' prior consent***

The Conditions of the Covered Bonds contain provisions for calling meetings (including at a physical location or by means of an electronic platform (such as a conference call or videoconference) or a combination thereof) of Holders of the Covered Bonds to consider, and for passing written resolutions on, matters affecting their interests generally. These provisions permit defined majorities to bind all Holders of the Covered Bonds including Holders of Covered Bonds who do not attend and vote at the relevant meeting (or do not sign the written resolutions) and Holders of the Covered Bonds who voted in a manner contrary to the majority.

Pursuant to the terms of the Trust Deed, the Bond Trustee may also, without the consent or sanction of any of the Holders of the Covered Bonds or any of the other Secured Creditors, concur with any person in making or sanctioning any modification to the Transaction Documents:

- provided that the Bond Trustee is of the opinion that such modification will not be materially prejudicial to the interest of any of the Holders of the Covered Bonds of any Series; or
- which in the opinion of the Bond Trustee are made to correct a manifest error or are of a formal, minor or technical nature or are made to comply with mandatory provisions of law.

Pursuant to the terms of the Trust Deed, the Bond Trustee may, without the consent or sanction of any of the holders of the Covered Bonds or any of the other Secured Creditors grant any authorization or waiver of (on such terms and conditions (if any) as shall seem expedient to it) any proposed or actual breach of any of the covenants contained in the Trust Deed, the Security Agreement or any of the other Transaction Documents, provided that the Bond Trustee is of the opinion that such waiver or authorization will not be materially prejudicial to the interest of any of the holders of the Covered Bonds of any Series.

Pursuant to the terms of the Transaction Documents certain conditions, actions and steps under or with respect to the Transaction Documents require satisfaction of the Rating Agency Condition. Certain Rating Agencies have issued policies or commented that such Rating Agencies do not provide consent to or approval of changes or amendments to the transaction documents or structure and that such Rating Agencies are not bound by the provisions of transaction documents in programmes for which they provide ratings. As a result of such policies and comments, a formal written or published response from the Rating Agencies with respect to the satisfaction of the Rating Agency Condition or confirming that such Rating Agencies do not consider such confirmation or response necessary in the circumstances (which would also satisfy such requirement) may not be forthcoming despite such condition, action or step being in the best

interest of Covered Bondholders. In these circumstances, the Issuer may in the future be restricted from taking such conditions, actions or steps in a timely manner.

***Certain modifications to the Transaction Documents may be made in some cases without the consent of Covered Bondholders, and in other cases, Covered Bondholders will be deemed to have consented to such modifications unless holders of the Covered Bonds representing at least 10 percent of the aggregate Principal Amount Outstanding of the relevant Series of Covered Bonds have notified their objection to the Bond Trustee in writing***

In addition to the right of the Bond Trustee to make certain modifications to the Transaction Documents without the consent of the holders of the Covered Bonds described under “—*Modification and Waivers; The Bond Trustee may agree to modifications to the Transaction Documents without, respectively, the holders of the Covered Bonds’ or Secured Creditors’ prior consent*”, the Bond Trustee shall, without any consent or sanction of any of the holders of the Covered Bonds or any of the other Secured Creditors, concur with the Issuer in making any modification (other than a Series Reserved Matter) to the Trust Deed, the Conditions or any other Transaction Document to which it is a party or in relation to which it holds security for the purpose of changing the Reference Rate to an Alternative Base Rate as further described in Conditions 5.03 and 13.02(c) for the relevant Series of Covered Bonds (and such other amendments as are necessary or advisable in the reasonable judgment of the Issuer to facilitate such change) to the extent there has been or there is reasonably expected to be a material disruption or cessation to EURIBOR or any other relevant benchmark, provided that such amendments will not constitute a Series Reserved Matter and, in each case subject to the satisfaction of certain requirements, including receipt by the Bond Trustee of a Base Rate Modification Certificate, certifying, among other things, that the modification is required for its stated purpose.

The Issuer must provide at least 30 days’ notice to the holders of the Covered Bonds of the proposed modification in accordance with Condition 14 and by publication on Bloomberg on the “Company News” screen relating to the Covered Bonds. If, within 30 days from the giving of such notice, holders of the Covered Bonds representing at least 10 percent of the aggregate Principal Amount Outstanding of the relevant Series of Covered Bonds have notified the Issuer or the Issuing and Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable Clearing System through which such Covered Bonds may be held) that such holders of the Covered Bonds do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Covered Bondholders of the relevant Series is passed in favour of the Base Rate Modification in accordance with Condition 13.01 and the Trust Deed. However, in the absence of such a notification, all Covered Bondholders will be deemed to have consented to such modification and the Bond Trustee shall, subject to the requirements of Condition 13.02(c), without seeking further consent or sanction of any of the holders of the Covered Bonds and irrespective of whether such modification is or may be materially prejudicial to the interest of the holders of the Covered Bonds as a class, concur with the Issuer in making the proposed modification.

Therefore, it is possible that a modification to the Reference Rate (and as otherwise described above) could be made without the vote of any holders of the relevant Series of Covered Bonds or even if holders of such Series of Covered Bonds holding less than 10 percent of the aggregate Principal Amount Outstanding of the relevant Series of Covered Bonds objected to it. In addition, holders of the Covered Bonds should be aware that, unless they have made arrangements to promptly receive notices sent to Covered Bondholders from any custodians or other intermediaries through which they hold their Covered Bonds and give the same their prompt attention, meetings may be convened or resolutions (including Extraordinary Resolutions) may be proposed and considered and passed or rejected or deemed to be passed or rejected without their involvement even if, were they to have been promptly informed by such custodians or other intermediaries as aforesaid, they would have voted in an affirmative manner to the holders of the Covered Bonds which passed or rejected the relevant proposal or resolution.

### ***Issuer's potential conflict of interest in connection with the Covered Bond Programme***

The Issuer has a number of roles pursuant to the Programme including, but not limited to, the roles of Issuer, Seller, Servicer, Cash Manager and Limited Partner (as further described in “*Summary of the Principal Documents*” on pages 149 to 204 of this Base Prospectus). In respect of the Programme, the Issuer will act in its own interest subject to compliance with the Transaction Documents. Such actions by the Issuer may not be in the best interests of and may adversely affect the holders of the Covered Bonds, including by negatively impacting the ability for the Issuer to pay to the holders of the Covered Bonds any principal and/or interest due on the Covered Bonds. Subject to compliance with the Transaction Documents, the Bank may act in its own interest without incurring any liability to the holders of any Series or Tranche of Covered Bonds.

### ***Privacy Issues associated with the Covered Bond Programme***

The Loans originated by the Seller have been originated at various times with the result that the underlying mortgage documentation may vary from Loan to Loan. See the section entitled “*Retail Loan Origination and Lending Criteria*” on pages 139 to 143 of this Base Prospectus for further details on the Loans. Earlier Loan documentation may not have the same level of acknowledgements and consents from borrowers regarding the disclosure of information, and, in certain circumstances may not provide for an express right to share client information. As a result, limited information may be available to parties other than the Issuer and its related entities (which would include the Guarantor).

### ***Certain decisions of Holders of the Covered Bonds taken at the Programme level***

Any Extraordinary Resolution to direct the Bond Trustee to serve an Issuer Acceleration Notice following an Issuer Event of Default, to direct the Bond Trustee to serve a Guarantor Acceleration Notice following a Guarantor Event of Default and any direction to the Bond Trustee to take any enforcement action must be passed at a single meeting of the Holders of all Covered Bonds of all Series then outstanding. In the event that there is more than one Series of Covered Bonds outstanding, the Holders of the Covered Bonds of any particular Series may not have sufficient votes to control any matter voted on at a single meeting of the Holders of all Covered Bonds of all Series outstanding. See Condition 13.01 “*Meetings of Holders of the Covered Bonds*” for additional information.

### ***Change of law***

The structure of the issue of the Covered Bonds and the ratings which are to be assigned to them are based on the law of Ontario and the law of Canada applicable therein including federal banking, bankruptcy and income tax laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible change in law, including applicable laws, regulations and policies with respect to the issuance of Covered Bonds, the Covered Bonds themselves or the bankruptcy, insolvency, winding-up and receivership of the Issuer or the Guarantor after the date of this Base Prospectus, nor can any assurance be given as to whether any such change could adversely affect the ability of the Issuer to meet its obligations in respect of the Covered Bonds or the Guarantor to meet its obligations under the Covered Bond Guarantee. Any such change could adversely impact the value of the Covered Bonds.

It should also be noted that in November of 2019, the European Parliament and the Council of the European Union finalised the European Union’s legislative package on covered bond reforms, which were made up of a new covered bond directive (Directive (EU) 2019/2162) and a new regulation (Regulation (EU) 2019/2160), which came into force on 7 January 2020 with a deadline for application of 8 July 2022. The new covered bond directive replaces current article 52(4) of the UCITS Directive, and establishes a revised common base-line for the issue of covered bonds for EU regulatory purposes (subject to various options that Member States may choose to exercise when implementing the new directive through national laws). The new regulation has been directly applicable in the EU from 8 July 2022 and it amends article 129 of the Capital Requirements Regulation (“**EU CRR**”) (and certain related provisions) and further strengthens the criteria for covered bonds that benefit from preferential capital treatment under the EU CRR regime. The Issuer is not a European Union credit institution and the Covered Bonds do not fall within the scope of

the EU Directive (2019/2162) or EU Regulation (2019/2160). It remains uncertain whether and if so how an equivalence regime could be introduced for third-country credit institutions issuing covered bonds. Therefore, there can be no assurances or predictions made as to the precise effect of the regime on the Covered Bonds.

In the UK, the FCA has not published a consultation on any potential proposed amendments to domestic law connected with the EU covered bond reforms. Therefore, there can be no assurances or predictions made as to the precise effect of any new regime on the Covered Bonds in the future.

In addition, the implementation of and/or changes to the Basel III framework may affect the capital requirements and/or liquidity associated with a holding of the Covered Bonds for certain investors. See risk factor entitled “*Factors which are material for the purposes of assessing the risks relating to the Issuer’s and the Guarantor’s legal and regulatory situation – Basel Accord, Basel Committee on Banking Supervision Global Standards for Capital and Liquidity Reform (Basel III) and regulatory environment*” below.

### ***Change of Tax Law***

Statements in this Base Prospectus concerning the taxation of investors (see the section entitled “*Taxation*” on page 225 of this Base Prospectus) are of a general nature and are based upon current tax law and published practice in the jurisdictions stated. Such law and practice is, in principle, subject to change, possibly with retrospective or retroactive effect, and this could adversely affect holders.

In addition, any change in the Issuer’s tax status or in taxation legislation or practice in a relevant jurisdiction could adversely impact the market value of the Covered Bonds.

### ***Ratings of the Covered Bonds***

The ratings assigned to the Covered Bonds address (i) with respect to DBRS, the risk that the Issuer will fail to satisfy its financial obligations thereunder in accordance with the terms under which the Covered Bonds are issued and (ii) with respect to Fitch, an indication of the probability of default and of recovery given a default of the Covered Bonds.

The expected ratings of the Covered Bonds are set out in the relevant Final Terms for each Series of Covered Bonds. Any Rating Agency may lower its rating or withdraw its rating or place the rating on negative watch if, in the sole judgment of the Rating Agency, the credit quality of the Covered Bonds, the Issuer or Canada has declined or is in question. If any rating assigned to the Covered Bonds is lowered or withdrawn or placed on negative watch, the market value of the Covered Bonds may be reduced. The rating assigned to the Covered Bonds may not reflect the potential of all risks related to structure, market, additional and other factors discussed herein and other factors that may affect the value of the Covered Bonds. A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time.

#### ***(i) Credit ratings might not reflect all risks***

One or more independent credit rating agencies may assign credit ratings to the Covered Bonds. The ratings might not reflect the potential impact of all risks related to the structure, market, additional factors discussed above, and other factors that may affect the value of the Covered Bonds. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time based on a number of factors including the Issuer’s financial strength, competitive position, and liquidity, as well as factors not entirely within the Issuer’s control, including the methodologies used by rating agencies and conditions affecting the overall financial services industry.

In general, EEA regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU

under the EU CRA Regulation (and such registration has not been withdrawn or suspended) subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. See “*Credit Rating Agencies*” on page 7 of this Base Prospectus for additional information. Such general restriction will also apply in the case of credit ratings issued by third country non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU Registered CRA or the relevant third country non-EU rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

The list of registered and certified credit rating agencies published by ESMA on its website in accordance with the EU CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Investors regulated in the UK are subject to similar restrictions under the UK CRA Regulation. As such, UK regulated investors are required to use for UK regulatory purposes ratings issued by a UK Registered CRA. In the case of ratings issued by third country non-UK credit rating agencies, third country credit ratings can either be: (a) endorsed by a UK Registered CRA; or (b) issued by a third country credit rating agency that is certified in accordance with the UK CRA Regulation. Note this is subject, in each case, to (a) the relevant UK registration, certification or endorsement, as the case may be, not having been withdrawn or suspended and (b) transitional provisions that apply in certain circumstances.

The list of registered and certified credit rating agencies published by the FCA on its website in accordance with the UK CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated FCA list.

If the regulated status of a rating agency under the EU CRA Regulation or the UK CRA Regulation changes, EEA and UK regulated investors may no longer be able to use the rating for regulatory purposes and the Covered Bonds may have a different regulatory treatment. This may result in EEA and UK regulated investors selling the Covered Bonds which may impact the value of the Covered Bonds on any secondary market. Certain information with respect to the credit rating agencies and ratings is disclosed in the “*Credit Rating Agencies*” section on page 7 of this Base Prospectus.

(ii) *Rating Agency Condition in respect of Covered Bonds*

The terms of certain of the Transaction Documents provide that, in certain circumstances, the Issuer and/or the Guarantor must, and the Bond Trustee may, obtain confirmation from each Rating Agency that any particular action proposed to be taken by the Issuer, the Guarantor, the Seller, the Servicer, the Cash Manager, the Bond Trustee or any other party to a Transaction Document will not result in a reduction or withdrawal of the rating of the Covered Bonds in effect immediately before the taking of such action. However, holders of the Covered Bonds should be aware that if a confirmation or some other response by a Rating Agency is a condition to any action or step or is otherwise required under any Transaction Document and a written request for confirmation of the satisfaction of the Rating Agency Condition is delivered to that Rating Agency by any of the Issuer, the Guarantor and/or the Bond Trustee, as applicable, and either (i) the Rating Agency indicates in its sole discretion that it does not consider such confirmation or response necessary in the circumstances or (ii) within 30 days (or in the case of Fitch, 10 Business Days) of actual receipt of such request by the Rating Agency, such request elicits no confirmation or response and/or such request elicits no statement by the Rating Agency that such confirmation or response could not be given, the Issuer, the Guarantor and/or the Bond Trustee, as applicable, will be entitled to disregard the requirement for satisfaction of the Rating Agency Condition or affirmation of rating or other response by the Rating Agency and proceed on the basis that such confirmation or affirmation of rating or other response by the Rating Agency is not required in the particular circumstances of the request. In such circumstances there can be no assurance that a Rating Agency would not downgrade or place on watch the then current rating of the Covered Bonds or cause such rating to be withdrawn or suspended.

The failure by a Rating Agency to respond to a written request for a confirmation or affirmation shall not be interpreted to mean that such Rating Agency has given any deemed confirmation of the satisfaction of the Rating Agency Condition or affirmation of rating or other response in respect of such action or step. No Rating Agency is a party to any of the Transaction Documents and no Rating Agency will at any time be under an obligation to confirm satisfaction of the Rating Agency Condition.

As described in Condition 20 on page 114 of this Base Prospectus, by subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that a credit rating of a Series of Covered Bonds by the Rating Agencies is an assessment of credit risk and does not address other matters that may be of relevance to holders of Covered Bonds, including, without limitation, in the case of a Rating Agency Condition in respect of an action proposed to be taken, whether such action is either (i) permitted by the terms of the relevant Transaction Document or (ii) in the best interests of, or not prejudicial to, some or all of the holders of Covered Bonds.

Further, as discussed in Condition 20 on page 114 of this Base Prospectus, by subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that: (a) confirmation of the satisfaction of the Rating Agency Condition may or may not be given at the sole discretion of each Rating Agency; (b) depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide confirmation of the satisfaction of the Rating Agency Condition in the time available, or at all, and the Rating Agency shall not be responsible for the consequences thereof; (c) confirmation of the satisfaction of the Rating Agency Condition, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time, and in the context of cumulative changes to the transaction of which the Covered Bonds forms a part; and (d) confirmation of the satisfaction of the Rating Agency Condition represents only a restatement of the opinions given, and shall not be construed as advice for the benefit of any holder of Covered Bonds or any other party.

## 5. RISKS RELATING TO THE STRUCTURE OF A PARTICULAR ISSUE OF COVERED BONDS

A wide range of Covered Bonds may be issued under the Programme. A number of these Covered Bonds may have features which contain particular risks for potential investors, the most common of which are set out below:

- a) Risks related to Floating Rate Covered Bonds

***Changes or uncertainty in respect of interest rates and indices that are deemed “benchmarks” may adversely affect the value or payment of interest under the Covered Bonds, including where such benchmarks may not be available.***

- (i) *IBOR Replacement*

Various interest rates and other indices which are deemed to be “benchmarks” (including EURIBOR) are, and have been, the subject of regulatory scrutiny and national and international reform, with further changes anticipated.

The International reform includes the Benchmarks Regulation, which was published in the Official Journal of the European Union on 29 June 2016. Most of the provisions of the Benchmarks Regulation have applied in the EU from 1 January 2018 with certain exceptions, including provisions with respect to critical benchmarks that applied from 30 June 2016. The Benchmarks Regulation also applied in the UK until the end of the Brexit transition period on 31 December 2020, from which time the Benchmarks Regulation, as it forms part of UK domestic law by virtue of the EUWA (the “**UK BMR**”) has applied. The Benchmarks Regulation and the UK BMR apply to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA and UK (as applicable) and will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EEA-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in

relation to the administration of “benchmarks” and (ii) prevent certain uses by EEA and UK supervised entities of “benchmarks” of administrators that are not authorised/registered (or, if third country-based, deemed equivalent or recognised or endorsed).

In order to comply with the Benchmarks Regulation, the methodology for determining EURIBOR has been clarified and its determination is now based on a hybrid methodology. The EMMI performs a review of the hybrid methodology on an annual basis to confirm EURIBOR remains robust, resilient and representative of its underlying market and to identify any potential for further beneficial recalibrations. Favourable amendments to the hybrid methodology were identified in its first review in 2020 and have been implemented since April 2021. Although EURIBOR has been reformed in order to comply with the terms of the Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with Euro Short-term Rate or an alternative benchmark.

On 21 January 2019, the Euro risk-free rate working group for the Euro area published a set of guiding principles for fallback provisions, among other things, in new Euro denominated cash products (including bonds) referencing EURIBOR. The guiding principles indicate, among other things, that continuing to reference EURIBOR in relevant contracts (without robust fallback provisions) may increase the risk to the Euro area financial system. On 11 May 2021, the working group published recommendations relating to fallback trigger events and fallback rates for contracts and financial instruments referencing EURIBOR which follow the guiding principles.

These reforms and other pressures may cause some benchmarks to disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or contribute to certain benchmarks or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Covered Bonds linked to such a benchmark.

It is not possible to predict the further effect of any changes in the methodologies pursuant to which the IBOR rates are determined, or any other reforms to or other proposals affecting IBOR rates or any other relevant benchmarks that will be enacted, each of which may adversely affect the trading market for IBOR and/or other relevant benchmark-based securities, including any Covered Bonds that bear interest at rates based on EURIBOR or any other relevant benchmarks. In addition, any future changes in the method pursuant to which the IBORs and/or other relevant benchmarks are determined or the transition to a successor benchmark may result in, among other things, a sudden or prolonged increase or decrease in the reported benchmark rates, a delay in the publication of any such benchmark rates, trigger changes in the rules or methodologies in certain benchmarks discouraging market participants from continuing to administer or participate in certain benchmarks, and, in certain situations, could result in a benchmark rate no longer being determined and published. Accordingly, in respect of a Covered Bond referencing EURIBOR or any other relevant benchmark, such proposals for reform and changes in applicable regulation could have a material adverse effect on the value or liquidity of and return on any Covered Bonds linked to, referencing or otherwise dependent (in whole or in part) on a relevant benchmark.

Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by the Benchmarks Regulation and the UK BMR, as applicable, or any of the international or national reforms and the possible application of the benchmark replacement provisions of the Covered Bonds in making any investment decision with respect to the Covered Bonds.

*(ii) Fallback arrangements under the Conditions*

The Conditions provide for certain fallback arrangements in the event that a published benchmark is discontinued or otherwise becomes unavailable, including the possibility under Condition 13.02 (and subject to the requirements thereof) that the rate of interest could be determined: (i) by the Issuer, either solely or in consultation with an Independent Financial Adviser (as defined below), or (ii) set by reference to an Alternative Base Rate. In making such determinations and adjustments, the Issuer may be entitled to exercise substantial discretion and potential conflicts of interest may arise in exercising this discretion. Any

Alternative Base Rate may be adjusted (if required) in order to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as applicable) to investors arising out of the replacement of the relevant benchmark. However, it may not be possible to determine or apply any such adjustment and even if an adjustment is applied, such adjustment may not be effective to reduce or eliminate economic prejudice to investors. If no adjustment can be determined, an Alternative Base Rate may nonetheless be used to determine the rate of interest on the Covered Bonds.

Based on the foregoing, investors should be aware that:

- any of the reforms or pressures described above or any other changes to a relevant interest rate benchmark could affect the level of the published rate, including causing the published rate to be lower and/or more volatile than it would otherwise be;
- if EURIBOR or any other relevant benchmark rate is discontinued, then to the extent that an Alternative Base Rate has not been determined in accordance with Condition 5.03 at the relevant time, the rate of interest on the Covered Bonds will be determined for a period by the fall-back provisions provided for under Condition 5.03 of the “*Terms and Conditions of the Covered Bonds*”, although if such provisions are dependent in part upon the provision by major banks of offered quotations to prime banks in the Euro-zone interbank market (in the case of EURIBOR), they may not operate as intended depending on market circumstances and the availability of rate information at the relevant time and may result, to the extent that other fall-back provisions under Condition 5.03 are not applicable, in the effective application of a fixed rate based on the rate which applied in the previous period when EURIBOR or any other relevant benchmark rate was available;
- while the base rate on the Floating Rate Covered Bonds may be changed by the Independent Financial Adviser or by the Issuer, as applicable, from EURIBOR or any other relevant benchmark to an Alternative Base Rate in accordance with Condition 5.03, and, subject to certain conditions being satisfied, Condition 13.02(c), there can be no assurance that any such amendment will be made or, if made, that it (i) will fully or effectively mitigate all or any relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Floating Rate Covered Bonds which could result in a material adverse effect on the value and liquidity of and return on such Covered Bonds or (ii) will be made prior to any date on which any of the risks described in this risk factor may arise (see “*Certain modifications to the Transaction Documents may be made in some cases without the consent of Covered Bondholders, and in other cases, Covered Bondholders will be deemed to have consented to such modifications unless holders of the Covered Bonds representing at least 10 percent of the aggregate Principal Amount Outstanding of the relevant Series of Covered Bonds have notified their objection to the Bond Trustee in writing*”);
- there is no requirement, or expectation, that either the Independent Financial Adviser or the Issuer, as applicable, will take into account the individual circumstances of a particular holder of Covered Bonds and due to the uncertainty concerning the availability of successor rates and alternative reference rates, and the involvement of an Independent Financial Adviser, the relevant fall-back provisions may not operate as intended at the relevant time;
- if EURIBOR or any other relevant benchmark rate is discontinued or is otherwise unavailable, and whether or not the base rate on the Floating Rate Covered Bonds is changed to an Alternative Base Rate in accordance with Conditions 5.03 and 13.02(c), there can be no assurance that the applicable fall-back provisions under the Swap Agreements would operate so as to ensure that the benchmark rate used to determine payments under the Swap Agreements would be the same as that used to determine interest payments under the Intercompany Loan or under the Covered Bonds, or that the Swap Agreements would operate to allow the transactions under the Swap Agreements to effectively mitigate interest rate and currency risks in respect of the Guarantor’s obligations under the Covered Bond Guarantee or the Intercompany Loan (subject to the Intercompany Loan Agreement’s requirement that the applicable rate of interest thereunder does not exceed the amount received by the Guarantor pursuant to the Interest Rate Swap less certain specified amounts); and

(iii) *Additional Risks related to benchmarks applicable to Covered Bonds*

The use of an Alternative Base Rate may result in interest payments that are substantially lower than or that do not otherwise correlate over time with the payments that could have been made on the Covered Bonds if the relevant benchmark remained available in its current form.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Loans, the Covered Bonds and/or the Swap Agreements due to applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer or the Guarantor to meet its payment obligations in respect of the Covered Bonds.

More generally, any of the above matters (including a change in the base rate under Condition 5.03 and any amendments under Condition 13.02(c) as described above) or any other significant change to the setting or existence of EURIBOR or any other relevant benchmark rate could affect the amounts available to the Issuer or the Guarantor to meet their respective obligations under the Covered Bonds and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Covered Bonds. No assurance may be provided that relevant changes will not be made to EURIBOR or any other relevant benchmark rate and/or that such benchmarks will continue to exist, and any of the foregoing methods of determining an appropriate Alternative Base Rate or making permitted adjustments thereto may result in interest payments on the Covered Bonds that are lower than or that do not otherwise correlate over time with the payments that would have been made thereon if the published benchmark continued to be available. Investors should consider these matters when making their investment decision with respect to the Covered Bonds.

b) *Covered Bonds where denominations involve integral multiples: definitive Covered Bonds*

In relation to any issue of Covered Bonds which has denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that the Covered Bonds may be traded in the clearing systems in amounts that are not integral multiples of such minimum Specified Denomination. In such a case, a Holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive Covered Bond in respect of such holding (should definitive Covered Bonds be provided) and would need to purchase or sell a principal amount of Covered Bonds such that its holding amounts to a Specified Denomination before definitive Covered Bonds are issued to such Holder. See "*Form of the Covered Bonds*" on page 76 of this Base Prospectus for additional information.

If definitive Covered Bonds are issued, Holders should be aware that definitive Covered Bonds which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

c) *Covered Bonds subject to optional redemption by the Issuer*

An optional redemption feature of Covered Bonds is likely to limit their market value and could reduce secondary market liquidity of the Covered Bonds. During any period when the Issuer may elect to redeem Covered Bonds, the market value of those Covered Bonds generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

The Issuer may be expected to redeem Covered Bonds, if the Issuer has a right of redemption in respect of the relevant Series of Covered Bonds, when its cost of borrowing is lower than the interest rate on the Covered Bonds. See Condition 6.03 "*Call Option*" on page 96 of this Base Prospectus for additional information. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Covered Bonds being redeemed and may only

be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

d) Risks related to Fixed Rate Covered Bonds

Investment in Fixed Rate Covered Bonds involves the risk that subsequent changes in the market interest rates applying to fixed rate debt instruments issued in the same currency and having the same term to maturity as those Fixed Rate Covered Bonds may adversely affect the value of the Fixed Rate Covered Bonds, as an equivalent investment issued at the current market interest rate may be more attractive to investors. In such circumstances an investor may not be able to obtain the expected return on the sale of the relevant Covered Bonds.

e) Covered Bonds issued at a substantial discount or premium

The issue price of Covered Bonds specified in the applicable Final Terms may be more than the market value of such Covered Bonds as of the issue date, and the price, if any, at which a Dealer or any other person willing to purchase the Covered Bonds in secondary market transactions may be lower than the issue price. In particular, the issue price may take into account amounts with respect to commissions relating to the hedging of the Issuer's obligations under such Covered Bonds, and secondary market prices are likely to exclude such amounts. In addition, pricing models of market participants may differ or produce a different result. Covered Bonds may also be issued at a discount or premium from their principal amount as a result of off-market coupons, including zero coupons.

The market values of Covered Bonds issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing Covered Bonds. Generally, the longer the remaining term of the Covered Bonds, the greater the price volatility as compared to conventional interest-bearing Covered Bonds with comparable maturities.

f) Registered Global Covered Bonds

The laws of some jurisdictions require that certain persons take physical delivery of securities in definitive form. Consequently, the ability to transfer Covered Bonds represented by a Registered Global Covered Bond to such persons may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. See "*Form of the Covered Bonds – Transfer of Interests*" on page 77 of this Base Prospectus for additional information. Similarly, because certain clearing systems can only act on behalf of direct participants in such clearing systems who in turn act on behalf of indirect participants, the ability of a person having an interest in Covered Bonds represented by a Registered Global Covered Bond accepted by such clearing systems to pledge such Covered Bonds to persons or entities that do not participate in such clearing systems or otherwise take action in respect of such Covered Bonds may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form.

## **6. FACTORS WHICH ARE MATERIAL FOR THE PURPOSES OF ASSESSING THE RISKS RELATING TO THE ISSUER'S AND THE GUARANTOR'S LEGAL AND REGULATORY SITUATION**

The principal risks related to the Issuer's and Guarantor's legal and regulatory situation are described below. There can be no assurance that further regulations or guidance from CMHC, OSFI, Canada Deposit Insurance Corporation or any other regulatory authority, in addition to those referred to specifically below, will not arise with regard to the mortgage market in Canada generally, the Issuer's or Guarantor's particular sector in that market or specifically in relation to the Issuer or the Guarantor. Any such action or developments may have a material adverse effect on the Issuer, and/or the Guarantor and their respective businesses and operations. This may adversely affect the ability of the Guarantor to dispose of the Covered Bond Portfolio or any part thereof in a timely manner and/or the realizable value of the Covered Bond Portfolio or any part thereof and accordingly affect the ability of the Issuer and (following the occurrence of

a Covered Bond Guarantee Activation Event) the Guarantor, respectively, to meet their obligations under the Covered Bonds in the case of the Issuer and the Covered Bond Guarantee in the case of the Guarantor.

### ***Bankruptcy or Insolvency Risk***

The assignments of the Portfolio Assets from the Seller to the Guarantor pursuant to the terms of the Mortgage Sale Agreement are intended by the Seller and the Guarantor to be and have been documented as sales for legal purposes. For a description of the principal mortgage terms of the Mortgage Sale Agreement see pages 153 to 164 of this Base Prospectus. As the subject of a legal sale, the Portfolio Assets would not form part of the assets of the Issuer and would not be available to the creditors of the Issuer. However, if the Seller or the Guarantor were to become bankrupt or otherwise subject to insolvency, winding up and/or restructuring proceedings, the Superintendent of Financial Institutions (the “**Superintendent**”), appointed pursuant to the *Office of the Superintendent of Financial Institutions Act* (Canada), any liquidator or other stakeholder of the Seller, could attempt to re-characterize the sale of the Portfolio Assets as a loan from the Guarantor to the Seller secured by the Portfolio Assets, to challenge the sale under the fraudulent transfer or similar provisions of the *Winding-up and Restructuring Act* (“**WURA**”) or other applicable laws or to consolidate the assets of the Seller with the assets of the Guarantor. In this regard, the Transaction Documents contain restrictions on the Seller and the Guarantor intended to reduce the possibility that a Canadian court would order consolidation of the assets and liabilities of the Seller and the Guarantor given, among other things, current jurisprudence on the matter. Further, the Covered Bond Legislative Framework contains provisions that will limit the application of the laws of Canada and the provinces and territories relating to bankruptcy, insolvency and fraudulent conveyance to the assignments of the Portfolio Assets from the Seller to the Guarantor. Nonetheless, any attempt to challenge the transaction or to consolidate the assets of the Seller with the assets of the Guarantor, even if unsuccessful, could result in a delay or reduction of collections on the Portfolio Assets available to the Guarantor to meet its obligations under the Covered Bond Guarantee, which could prevent timely or ultimate payment of amounts due to the Guarantor, and consequently, the holders of the Covered Bonds.

The interests of the Guarantor may be subordinate to statutory deemed trusts and other non-consensual liens, trusts and claims created or imposed by statute or rule of law on the property of the Seller arising prior to the time that the Portfolio Assets are transferred to the Guarantor, which may reduce the amounts that may be available to the Guarantor and, consequently, the holders of the Covered Bonds. The Guarantor will not, at the time of sale, give notice to Borrowers of the transfer to the Guarantor of the Portfolio Assets or the grant of a security interest therein to the Bond Trustee. However, under the Mortgage Sale Agreement, the Seller will warrant that the Portfolio Assets have been or will be transferred to the Guarantor free and clear of the security interest or lien of any third party claiming an interest therein, through or under the Seller, other than certain permitted security interests. The Guarantor will warrant and covenant that it has not taken and will not take any action to encumber or create any security interests or other liens in any of the property of the Guarantor, except for the security interest granted to the Bond Trustee and except as permitted under the Transaction Documents.

Amounts that are on deposit from time to time in the Guarantor Accounts may be invested in certain permitted investments pursuant to the Transaction Documents. In the event of the liquidation, insolvency, receivership or administration of any entity with which an investment of the Guarantor is made (such as pursuant to the Guaranteed Investment Contract or the Standby Guaranteed Investment Contract) or which is an issuer, obligor or guarantor of any investment, the ability of the Guarantor to enforce its rights to any such investments and the ability of the Guarantor to make payments to holders of the Covered Bonds in a timely manner may be adversely affected and may result in a loss on some or all of the Covered Bonds. In order to reduce this risk, these investments must satisfy certain criteria, including those provided for in the Covered Bond Legislative Framework.

Payments of interest and principal on the Covered Bonds are subordinate to certain payments (including payments for services provided to the Guarantor), taxes and the reimbursement of all costs, charges and expenses of and incidental to the enforcement of the Trust Deed and the other Transaction Documents to which the Bond Trustee is a party, including the appointment of a receiver in respect of the Portfolio Assets (including legal fees and disbursements) and the exercise by the receiver or the Bond Trustee of all or any

of the powers granted to them under the Trust Deed and the other Transaction Documents to which the Bond Trustee is a party, and the reasonable remuneration of such receiver or any agent or employee of such receiver or any agent of the Bond Trustee and all reasonable costs, charges and expenses properly incurred by such receiver or the Bond Trustee in exercising their power. These amounts could increase, especially in adverse circumstances such as the occurrence of a Guarantor Event of Default, the insolvency of the Issuer or the Guarantor or a Servicer Termination Event. If such expenses or the costs of a receiver or the Bond Trustee become too great, payments of interest on and principal of the Covered Bonds may be reduced or delayed.

The ability of the Bond Trustee (for itself and on behalf of the other Secured Creditors) to enforce the security granted to it pursuant to the terms of the Security Agreement is subject to the bankruptcy and insolvency laws of Canada. The *Bankruptcy and Insolvency Act* (Canada) (“**BIA**”) and the *Companies’ Creditors Arrangement Act* (Canada) (“**CCAA**”) both provide regimes pursuant to which debtor companies are entitled to seek temporary relief from their creditors. The BIA applies to limited partnerships. In addition, Canadian jurisprudence makes it clear that both the BIA and the CCAA can apply to limited partnerships. Further, it is a possibility that the Seller, a liquidator of the Seller, another creditor of the Guarantor or the Superintendent could seek the court appointment of a receiver of the Guarantor or a winding-up of the Guarantor, or might commence involuntary insolvency proceedings against the Guarantor under the BIA or the CCAA.

If the Guarantor or Issuer, including as Seller and initial Servicer, voluntarily or involuntarily becomes subject to insolvency or winding-up proceedings including pursuant to the BIA, the CCAA or the WURA, or subject to “control” pursuant to the Bank Act or “resolution” processes pursuant to the CDIC Act, if a receiver is appointed over the Issuer or the Guarantor, notwithstanding the protective provisions of the Covered Bond Legislative Framework, this may delay or otherwise impair the exercise of rights or any realization by the Bond Trustee (for itself and on behalf of the other Secured Creditors) under the Covered Bond Guarantee and/or the Security Agreement and/or impair the ability of the Guarantor or Bond Trustee to trace and recover any funds which the Servicer has commingled with any other funds held by it prior to such funds being paid into the GIC Account. In the event of a Servicer Termination Event as a result of the insolvency of the Issuer, the right of the Guarantor to appoint a successor Servicer may be stayed or prevented.

CMHC has the right under the Covered Bond Legislative Framework and the CMHC Guide to suspend a registered issuer from issuing further covered bonds under a registered program if the issuer has breached certain requirements of its registered program or the CMHC Guide. A suspended issuer is not permitted to issue any covered bonds during a period of suspension.

### ***Remedial Powers of the Superintendent under the Bank Act***

The Superintendent, under Section 645(1) of the Bank Act, has the power, where in the opinion of the Superintendent a person, a bank, such as the Issuer, or a person with respect to a bank, is committing, or is about to commit, an act that is an unsafe or unsound practice in conducting the business of the bank, or is pursuing or is about to pursue any course of conduct that is an unsafe or unsound practice in conducting the business of the bank, to direct the person or bank, as the case may be, to cease or refrain from committing the act or pursuing the course of conduct and to perform such acts as in the opinion of the Superintendent are necessary to remedy the situation.

Although the above remedial power exists, following an initial review of potential regulatory and policy concerns associated with the issuance of covered bonds by Canadian deposit taking institutions, including the Issuer (during which it requested that financial institutions refrain from issuing covered bonds), OSFI confirmed by letter dated 27 June 2007 that Canadian deposit taking institutions, including the Issuer, may issue covered bonds, provided certain conditions are met. That letter from OSFI was first updated in a letter dated 19 December 2014 from OSFI to Canadian deposit taking institutions issuing covered bonds (the “**December 2014 letter**”) and further updated in a second letter dated 23 May 2019 from OSFI to Canadian deposit taking institutions issuing covered bonds (the “**May 2019 letter**”), a third letter dated 27 March 2020 from OSFI to Canadian deposit taking institutions (the “**March 2020 letter**”) and a fourth letter dated 6 April

2021 (the “**April 2021 letter**”). The conditions set out in the 27 June 2007 letter, as modified by the December 2014 letter, included that at the time of issuance, the covered bonds must not make up more than 4 percent of the total assets (defined using a select number of data points from the 2015 Leverage Requirements Return and 2015 Basel Capital Adequacy Return filed with OSFI) of the relevant deposit taking institution.

As a result of the May 2019 letter, as of 1 August 2019, OSFI required that the total assets pledged by the deposit-taking institution for covered bonds (calculated as the Canadian dollar equivalent of the deposit-taking institution’s covered bonds outstanding multiplied by the level of overcollateralization, as calculated in accordance with the CMHC Guide and reported in the monthly investors’ reports), must not, at any time, exceed 5.5 percent of the deposit-taking institution’s on-balance sheet assets (as reported on the regulatory balance sheet return of the deposit-taking institution). The OSFI covered bond limit must be met on an ongoing basis and the following requirements must be satisfied: (i) if at any time after issuance the 5.5 percent limit is exceeded, the relevant deposit taking institution must notify OSFI in a timely manner; and (ii) excesses (above the 5.5 percent limit) due to factors not under the control of the issuing institution, such as foreign exchange fluctuations, will not require the relevant deposit taking institution to take action to reduce the amount outstanding, however, for other excesses, the relevant deposit taking institution must provide a plan showing how it proposes to eliminate the excess quickly. Institutions which exceed the 5.5 percent pool assets limit will be expected to return below this threshold as soon as market funding conditions permit, and provide a plan to OSFI outlining their proposed approach and timing to return below the required threshold. As of the date of this Base Prospectus, the Issuer is in compliance with the OSFI covered bond limits.

The May 2019 letter also confirms that relevant deposit taking institutions will continue to be expected to amend the pledging policies they are required to maintain under the Bank Act or other applicable federal law to take into account the issuance of covered bonds consistent with the above limits. The Issuer is not able to carry out a future issuance unless such applicable test is satisfied at the time of issuance.

### ***Basel Committee on Banking Supervision Global Standards for Capital and Liquidity Reform (Basel III)***

In Europe, the U.S. and elsewhere, there is significant focus on fostering greater financial stability through increased regulation of financial institutions, and their corresponding capital and liquidity positions. This has resulted in a number of regulatory initiatives which are currently at various stages of implementation and which may have an impact on the regulatory position for certain investors in covered bond exposures and/or on the incentives for certain investors to hold covered bonds, and may thereby affect the liquidity of such securities. Investors in the Covered Bonds are responsible for analysing their own regulatory position and none of the Issuer, the Guarantor, any Arranger or any Dealer makes any representation to any prospective investor or purchaser of the Covered Bonds regarding their treatment of their investment on the closing date of such Covered Bonds or at any time in the future. See also risk factor entitled “*The Issuer’s results could be affected by legislative and regulatory developments and changes in policies and approach to supervision in the jurisdictions where the Issuer conducts business*” above for details on the Issuer’s approach to managing regulatory compliance risk more generally.

In particular, the Basel Committee on Banking Supervision published significant changes to the Basel regulatory capital and liquidity framework (such changes being commonly referred to as “**Basel III Reform**”) which have been revised over time with further reforms, between December 2010 and December 2017.

The implementation of Basel III requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of covered bonds (e.g., as Liquidity Coverage Ratio (LCR) eligible assets or not), may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements are anticipated for insurance and reinsurance undertakings through national initiatives, such as the Solvency II framework in Europe.

Prospective investors should therefore make themselves aware of the requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Covered Bonds. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

### ***Impact of Regulatory Guidelines on Residential Mortgage Underwriting Practices and Procedures***

Guideline B-20 – Residential Mortgage Underwriting Practices and Procedures (“**Guideline B-20**”), published by OSFI in June 2012 as amended in November 2014, July 2017 and revised in October 2017, sets out OSFI’s expectations for prudent residential mortgage underwriting by federally-regulated financial institutions, which includes the Issuer as Seller in respect of Loans originated by it. Guideline B-20 calls for the establishment of a Residential Mortgage Underwriting Policy by the Seller and sets out expectations with respect to borrower due diligence, collateral management and appraisal processes and credit and counterparty risk management practices and procedures by the Seller. OSFI indicates in Guideline B-20 that it expects federally-regulated financial institutions, such as the Issuer in its role as the Seller, to limit the non-amortizing home equity line of credit component of a residential mortgage to a maximum authorized loan-to-value ratio of less than or equal to 65 percent, and has further clarified by way of a 28 June 2022 advisory that on combined loan plans any and all lending above the 65 percent loan-to-value limit should be both amortizing and non-re-advanceable. Principal payments applied to the portion above 65 percent loan-to-value should be matched by a reduction in the overall authorized limit, until this overall combined loan plan limit reduces to the 65 percent the loan-to-value limit for all segments on a combined basis. The implementation of the 28 June 2022 advisory for federally-regulated lenders will be after the fiscal year end in 2023 of the relevant lender, such as the Seller. See the section entitled “*Retail Loan Origination and Lending Criteria*” on page 139 of this Base Prospectus for further details regarding the loan-to-value ratio requirements as related to the Covered Bond Portfolio. Guideline B-20 does not apply to any Loans that are non-amortizing home equity lines of credit which are existing and in force prior to the implementation of Guideline B-20.

Loans that may be sold to the Guarantor in the future may have characteristics differing from current Loans generated under prior Guideline B-20 requirements, including in respect of loss experience, delinquencies,

revenue experience and monthly payment rates. Compliance with Guideline B-20 requirements from time to time may impact the Seller's ability to generate new Loans for sale to the Guarantor under the Programme at the same rate as the Seller originated previously.

Guideline B-20 also provides that where a federally-regulated financial institution such as the Issuer acquires a residential mortgage loan, including a home equity line of credit, that has been originated by a third party, such federally-regulated financial institution should ensure that the underwriting standards of that third party are consistent with those set out in the residential mortgage underwriting policy of the federally-regulated financial institution and compliant with Guideline B-20. To the extent that the Guarantor proposes to sell mortgage loans to a third party or the Bond Trustee realizes upon the security it has on the assets of the Guarantor, including the Covered Bond Portfolio, the Guarantor or the Bond Trustee, as applicable, may be limited in its ability to sell such assets to a federally-regulated financial institution if such purchaser determines that the sale would not be in compliance with Guideline B-20. OSFI published the final version of the Guideline B-20 on 17 October 2017, which went into effect on 1 January 2018.

On 1 January 2018, OSFI implemented changes to clarify or strengthen expectations in a number of specific areas, including:

- Requiring a qualifying stress test for all uninsured mortgages;
- Requiring that Loan-to-Value ("LTV") measurements remain dynamic and adjust for local market conditions where they are used as a risk control, such as for qualifying borrowers; and
- Expressly prohibiting co-lending arrangements that are designed, or appear to be, designed to circumvent regulatory requirements.

Additionally, as of 1 June 2021, OSFI increased the minimum qualifying rate for uninsured mortgages.

Also, pursuant to a consultation process launched in January 2023, OSFI noted that mortgage lending risks, particularly related to debt serviceability, have increased considerably since the onset of the pandemic, and stated that, in addition to the Minimum Qualifying Rate (MQR), or "stress test", OSFI is exploring complementary measures to better mitigate risks to federally-regulated financial institutions, such as the Issuer, arising from high consumer indebtedness. New measures being considered include volume limits on high Loan-to-Income (LTI) and high debt service lending. The proposed debt serviceability measures include loan-to-income (LTI) and debt-to-income (DTI) restrictions, debt service coverage restrictions, and interest rate affordability stress tests.

### ***Financial Regulatory Reforms in Canada Could Have a Significant Impact on the Issuer or the Guarantor***

In Canada, a regulatory framework for swap transactions is proposed by the regulators, and certain rules thereunder are in effect. Such regulatory framework may have certain consequences for the Issuer and the Guarantor, including a potential disruption in the Guarantor's ability to hedge its exposure to various transaction (see "*Summary of the Principal Documents – Interest Rate Swap Agreement*" and "*Covered Bond Swap Agreement*" on pages 188 to 197 of this Base Prospectus), including any obligations it may owe to investors under the Covered Bonds, and may materially and adversely impact a transaction's value or the value of the Covered Bonds. In addition, it is possible that compliance with other emerging regulations could result in the imposition of higher administration expenses on the Issuer and the Guarantor.

No assurance can be given that the proposed regulatory framework in Canada, or any other new legislative changes enacted will not have a significant impact on the Issuer or the Guarantor, including on the amount of Covered Bonds that may be issued in the future or the Guarantor's ability to maintain or enter into swap transactions.

The Issuer is monitoring international and Canadian developments and proposed reforms, and will take action to mitigate the impact on its business, where possible. The changes may result in significant systems changes, less flexible trading options, higher capital requirements, more stringent regulatory requirements along with some potential benefits as a result of reduced risk through central counterparty clearing.

## **7. OTHER FACTORS WHICH ARE MATERIAL FOR THE PURPOSES OF ASSESSING THE RISKS INVOLVED IN AN INVESTMENT IN THE COVERED BONDS**

### ***Risks related to the secondary market***

Covered Bonds may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Covered Bonds easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Covered Bonds that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. See also the risk factors under sub-category “*Risks related to the structure of a particular issue of Covered Bond*” above. These types of Covered Bonds generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Covered Bonds.

The Covered Bonds have not been, and will not be, registered under the Securities Act or any other applicable state securities or “blue sky” laws and are subject to certain restrictions on the resale and other transfer thereof as set forth under the section entitled “*Subscription and Sale and Selling Restrictions*” on pages 228 to 237 to this Base Prospectus. If a secondary market does develop, it may not continue for the life of the Covered Bonds or it may not provide holders of the Covered Bonds with liquidity of investment with the result that a holder of the Covered Bonds may not be able to find a buyer to buy its Covered Bonds readily or at prices that will enable the holder of the Covered Bonds to realize a desired yield. There can be no expectation or assurance that the Issuer or any of its affiliates will create or maintain a market in the Covered Bonds.

The Covered Bonds may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with an applicable exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and in compliance with applicable state securities laws. Accordingly, the Covered Bonds are being offered and sold only in a private sale exempt from the registration requirements of the Securities Act. Each purchaser of the Covered Bonds will be required to have made certain acknowledgments, representations and agreements as set forth under “*Subscription and Sale and Selling Restrictions*”. Transfers of the Covered Bonds may only be made outside the United States to non-U.S. persons in reliance upon Regulation S. The Issuer has not agreed to provide registration rights to any purchaser of the Covered Bonds, and as such is not obligated to register the Covered Bonds under the Securities Act or any state securities laws or the laws of any other jurisdiction. See “*Subscription and Sale and Selling Restrictions*”. The Issuer does not intend to provide registration rights to holders of the Covered Bonds and does not intend to file any registration statement with the SEC in respect of the Covered Bonds.

### ***Exchange rate risks and exchange controls***

The Issuer will pay principal and interest on the Covered Bonds in the Specified Currency (see Condition 9 “*Payments*” and Condition 5 “*Interest*” for additional information). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (1) the Investor’s Currency-equivalent yield on the

Covered Bonds, (2) the Investor's Currency-equivalent value of the principal payable on the Covered Bonds and (3) the Investor's Currency-equivalent market value of the Covered Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal or receive payments in a significantly devalued Specified Currency.

***No obligation to maintain listing***

The Issuer is not under any obligation to Holders of the Covered Bonds to maintain any listing of Covered Bonds and may, in good faith, determine that it is impractical or unduly burdensome to maintain such listing and seek to terminate the listing of such Covered Bonds provided it uses all reasonable efforts to seek an alternative admission to listing, trading and/or quotation of such Covered Bonds by another listing authority, securities exchange and/or quotation system (including a market which is not a regulated market for the purposes of MiFID II or a market outside the EEA) that it may reasonably determine, provided however that any such listing authority, securities exchange and/or quotation system is commonly used for the listing and trading of debt securities in the international debt markets (see "*Overview of the Programme*" on page 20 of this Base Prospectus for further details regarding listings). Although there is no assurance as to the liquidity of any Covered Bonds as a result of the admission to trading on a regulated market for the purposes of MiFID II, delisting of such Covered Bonds may have a material effect on the ability of investors to (i) continue to hold such Covered Bonds, (ii) resell the Covered Bonds in the secondary market or (iii) use the Covered Bonds as eligible collateral.

Except as stated within this section, neither the content of any website nor the content of any website accessible from hyperlinks within such website is incorporated by reference into, or forms a part of, this Base Prospectus.

The Issuer will, in the event of any significant new factor, material mistake or material inaccuracy relating to the information included in this Base Prospectus which may affect the assessment of any Covered Bonds, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Covered Bonds issued in circumstances requiring publication of a prospectus under the Prospectus Regulation. The Issuer has undertaken to the Dealers in the Dealership Agreement that it will comply with the Prospectus Regulation.

## FORM OF THE COVERED BONDS

The Covered Bonds of each Series will be in registered form without receipts, interest coupons and/or talons attached. Registered Covered Bonds issued pursuant to this Base Prospectus will be issued outside the United States in reliance on the exemption from registration provided by Regulation S.

### Registered Covered Bonds

The Registered Covered Bonds of each Tranche offered and sold in reliance on Regulation S, which will be sold to non-U.S. persons outside the United States, will initially be represented by a global covered bond in registered form (a “**Registered Global Covered Bond**”). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Covered Bonds, beneficial interests in a Registered Global Covered Bond may not be offered, sold or delivered to, or for the account or benefit of, a U.S. person (as defined in Regulation S) save as otherwise provided in Condition 2 and may not be held otherwise than through Euroclear or Clearstream, Luxembourg or other approved clearing system and such Registered Global Covered Bond will bear a legend regarding such restrictions on transfer.

Registered Global Covered Bonds will: (i) be deposited with a custodian, a common depository or a common safekeeper for, and registered in the name of a nominee of Euroclear and/or Clearstream, Luxembourg; (ii) be deposited with a common depository for, and registered in the name of a common nominee of, Euroclear and Clearstream, Luxembourg, in each case, or (iii) if held under the new safekeeping structure for registered global securities which are intended to constitute eligible collateral for Eurosystem monetary policy and intra-day credit operations (the “**NSS**”), be registered in the name of a nominee of, and delivered to, a Common Safekeeper for Euroclear and/or Clearstream, Luxembourg, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Covered Bonds will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Covered Bonds in fully registered form (“**Registered Definitive Covered Bonds**”).

If the Registered Global Covered Bonds are stated in the Final Terms to be held under the NSS, such Final Terms will also specify whether the Covered Bonds are intended to be held in a manner which would allow Eurosystem eligibility, notwithstanding that recognition as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem will depend upon satisfaction of the Eurosystem eligibility criteria. However, in any particular case, such recognition will depend upon satisfaction of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Covered Bonds meet such Eurosystem eligibility criteria.

Payments of principal, interest and any other amount in respect of the Registered Global Covered Bonds will, in the absence of provision to the contrary, be made to the person shown on the Register as the registered holder of the Registered Global Covered Bonds. None of the Issuer, the Guarantor, the Bond Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Covered Bonds in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date immediately preceding the due date for payment in the manner provided in that Condition.

Interests in a Registered Global Covered Bond will be exchangeable (free of charge), in whole but not in part, for Registered Definitive Covered Bonds without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, “**Exchange Event**” means that: (i) in the case of Covered Bonds registered in the name of a nominee for a common depository for Euroclear and Clearstream, Luxembourg, or, if the applicable Final Terms specifies that the Covered Bond is to be held under the NSS, a nominee for a common safekeeper for Euroclear and Clearstream, Luxembourg, the

Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of at least 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available; or (ii) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Covered Bonds represented by the Registered Global Covered Bond in definitive form. The Issuer will promptly give notice to holders of the Covered Bonds of each Series of Registered Global Covered Bonds in accordance with Condition 14 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event described in (i)-(ii) above, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any registered holder of an interest in such Registered Global Covered Bond) may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 10 days after the date of receipt of the first relevant notice by the Registrar.

### **Transfer of Interests**

Interests in a Registered Global Covered Bond may, subject to compliance with all applicable restrictions, be transferred to a person who wishes to hold such interest in another Registered Global Covered Bond. No beneficial owner of an interest in a Registered Global Covered Bond will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Covered Bonds are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions (see "*Subscription and Sale and Selling Restrictions*").

### **General**

Pursuant to the Agency Agreement (as defined under "*Terms and Conditions of the Covered Bonds*"), the Issuing and Paying Agent (or any additional agent appointed pursuant to the Agency Agreement) shall arrange that, where a further Tranche of Covered Bonds is issued which is intended to form a single Series with an existing Tranche of Covered Bonds, the Covered Bonds of such further Tranche shall be assigned, a common code and ISIN, which are different from the common code and ISIN assigned to Covered Bonds of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which should not be prior to the expiry of the distribution compliance period (as defined in Regulation S) applicable to the Covered Bonds of such Tranche, if any.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms or as may otherwise be approved by the Issuer, the Issuing and Paying Agent and the Bond Trustee.

Covered Bonds that are initially deposited with a clearing system may also be credited to the accounts of subscribers with other clearing systems (if indicated in the applicable Final Terms) through direct or indirect accounts with such clearing systems held by such other clearing systems.

No holder of the Covered Bonds shall be entitled to proceed directly against the Issuer or the Guarantor unless the Bond Trustee, having become so bound to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer will notify Euroclear, Clearstream, Luxembourg and the Issuing and Paying Agent upon issue whether the Covered Bonds are intended, or are not intended, to be held in a manner which would allow Eurosystem eligibility and deposited with one of Euroclear and Clearstream, Luxembourg as common safekeeper (and in the case of registered Covered Bonds, registered in the name of a nominee of one of Euroclear and Clearstream, Luxembourg acting as common safekeeper). Where the Covered Bonds are not intended to be deposited with one of Euroclear and Clearstream, Luxembourg as common safekeeper upon issuance, should the Eurosystem eligibility criteria be amended in the future such as that the Covered Bonds are capable of meeting such criteria, the Covered Bonds may then be deposited with one of Euroclear and Clearstream, Luxembourg as common safekeeper. Where the Covered Bonds are so deposited with one of Euroclear and Clearstream, Luxembourg as common safekeeper (and in the case of

registered Covered Bonds, registered in the name of a nominee of one of Euroclear and Clearstream, Luxembourg acting as common safekeeper) upon issuance or otherwise, this does not necessarily mean that the Covered Bonds will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

## TERMS AND CONDITIONS OF THE COVERED BONDS

*The following are the terms and conditions of the Covered Bonds (the “**Terms and Conditions**” or the “**Conditions**”) which will, as completed by the applicable Final Terms in relation to a Tranche of Covered Bonds, apply to each Registered Global Covered Bond and each Registered Definitive Covered Bond, in the latter case only if permitted by the relevant stock exchange or other relevant authority (if any) and agreed by the Issuer and the relevant Dealer(s) at the time of issue but, if not so permitted and agreed, such Registered Definitive Covered Bond will have endorsed thereon or attached thereto such Terms and Conditions. The applicable Final Terms (or the relevant provisions thereof) will be endorsed upon, or attached to, each Registered Global Covered Bond and Registered Definitive Covered Bond.*

This Covered Bond is one of a Series (as defined below) of Covered Bonds issued by Equitable Bank (the “**Bank**” or the “**Issuer**”) as part of the Issuer’s CAD 3 billion global legislative covered bond programme (the “**Programme**”) and constituted by a trust deed initially dated as of the Programme Date and as amended and restated on 19 September 2022 and as further amended by a first amending agreement dated on 29 September 2023 (such trust deed as may be further amended, restated, supplemented or replaced, the “**Trust Deed**”) made between the Issuer, EQB Covered Bond (Legislative) Guarantor Limited Partnership, as guarantor (the “**Guarantor**”) and Computershare Trust Company of Canada, as bond trustee (in such capacity, the “**Bond Trustee**” which expression shall include any successor as bond trustee).

The Covered Bonds have the benefit of an agency agreement initially dated as of the Programme Date (as may be further amended, supplemented or replaced, the “**Agency Agreement**”) and made between the Issuer, the Guarantor, the Bond Trustee, The Bank of New York Mellon, London Branch, in its capacities as issuing and principal paying agent (the “**Issuing and Paying Agent**”, and which expression shall include any successor in such capacity), and as calculation agent (the “**Calculation Agent**”, which expression shall include any successor in such capacity and any substitute calculation agent appointed in accordance with the Agency Agreement either with respect to the Programme or with respect to a particular Series) and as paying agent named therein (the “**Paying Agent**”, which expression shall include the Issuing and Paying Agent, and any substitute or additional paying agent appointed in accordance with the Agency Agreement either with respect to the Programme or with respect to a particular Series) and The Bank of New York Mellon SA/NV, Dublin Branch, in its capacities as transfer agent, (the “**Transfer Agent**” which expression shall include any Registrar and any additional or successor transfer agents), and as European registrar (the “**European Registrar**”, which expression shall include any successor in such capacity, and the “**Registrar**” or “**Registrars**” for a Tranche (as defined below) shall be as specified in the applicable Final Terms (as defined below)). As used herein, “**Agents**” shall mean the Paying Agents, the Registrar or Registrars, and the Transfer Agents.

Save as provided in Conditions 7 and 13, references in these Terms and Conditions to “**Covered Bonds**” are to Covered Bonds of this Series and shall mean:

- (a) in relation to any Registered Global Covered Bond, units of the lowest Specified Denomination in the Specified Currency; and
- (b) any Registered Definitive Covered Bonds (whether or not issued in exchange for a Registered Global Covered Bond).

References in these Terms and Conditions to the Final Terms are to Part A of the Final Terms(s) prepared in relation to the Covered Bonds of the relevant Tranche or Series.

In respect of any Covered Bonds, references herein to these “Terms and Conditions” are to these terms and conditions as completed by the Final Terms, and any reference herein to a “**Condition**” is a reference to the relevant Condition of the Terms and Conditions of the relevant Covered Bonds.

The Covered Bonds are issued in series (each, a “**Series**”), and each Series may comprise one or more tranches (“**Tranches**” and each, a “**Tranche**”) of Covered Bonds. Each Tranche will be the subject of Final

Terms (each, “**Final Terms**”), a copy of which will be available free of charge during normal business hours at the specified office of the Issuing and Paying Agent and/or, as the case may be, the applicable Registrar and each other Paying Agent. Copies of the Final Terms will only be available for inspection by a Holder of or, as the case may be, a Relevant Account Holder (each as defined herein) in respect of, such Covered Bonds.

The Bond Trustee acts for the benefit of the holders for the time being of the Covered Bonds (the “**holders of the Covered Bonds**”, which expression shall, in relation to any Covered Bonds represented by a Registered Global Covered Bond, be construed as provided below) and for holders of each other series of Covered Bonds in accordance with the provisions of the Trust Deed.

The Guarantor has, in the Trust Deed, irrevocably and unconditionally guaranteed the due and punctual payment of the Guaranteed Amounts in respect of the Covered Bonds as and when the same shall become due for payment on certain dates and in accordance with the Trust Deed (“**Due for Payment**”), but only after the occurrence of a Covered Bond Guarantee Activation Event.

The security for the obligations of the Guarantor under the Covered Bond Guarantee and the other Transaction Documents to which it is a party has been created in and pursuant to, and on the terms set out in, a security agreement (such security agreement as amended, restated, supplemented or replaced the “**Security Agreement**”) dated the Programme Date and made between the Guarantor, the Bond Trustee and certain other Secured Creditors.

These Terms and Conditions include summaries of and are subject to, the provisions of the Trust Deed, the Security Agreement, the Agency Agreement and the other Transaction Documents.

Copies of the Trust Deed, the Security Agreement, the Master Definitions and Construction Agreement (as defined below), the Agency Agreement and each of the other Transaction Documents (other than the Dealership Agreement and any subscription agreements) are available for inspection during normal business hours at the registered office for the time being of the Bond Trustee being at the date of this Base Prospectus at 100 University Avenue, 8<sup>th</sup> Floor, North Tower, Toronto, Ontario, Canada, M5J 2Y1 and at the specified office of each of the Paying Agents. Copies of the applicable Final Terms of all Covered Bonds of each Series are obtainable during normal business hours of the specified office of each of the Paying Agents and/or, as the case may be, the applicable Registrar, and any holder of the Covered Bonds must produce evidence satisfactory to the Issuer and the Bond Trustee or, as the case may be, relevant Paying Agent as to its holding of Covered Bonds and identity. The holders of the Covered Bonds are deemed to have notice of, or are bound by, and are entitled to the benefit of, all the provisions of, and definitions contained in, the Trust Deed, the Security Agreement, the Master Definitions and Construction Agreement, the Agency Agreement, each of the other Transaction Documents (other than the Dealership Agreement and any subscription agreements) and the applicable Final Terms which are applicable to them and to have notice of each set of Final Terms relating to each other Series.

Except where the context otherwise requires, capitalized terms used or otherwise defined in these Terms and Conditions shall bear the meanings given to them in the master definitions and construction agreement made between certain parties to the Transaction Documents initially dated as of the Programme Date and as amended by a first amending agreement dated 19 September 2022 and as further amended by a second amending agreement dated 29 September 2023 (such master definitions and construction agreement as may be further amended, supplemented or replaced, the “**Master Definitions and Construction Agreement**”), a copy of each of which may be obtained as described above.

## **1. Form and Denomination**

**1.01** Covered Bonds are issued in registered form (“**Registered Covered Bonds**”) and are serially numbered. The Covered Bond is a Fixed Rate Covered Bond, a Floating Rate Covered Bond or a Zero Coupon Covered Bond or any appropriate combination thereof, depending on the Interest Basis specified in the applicable Final Terms.

**1.02** For so long as a Registered Global Covered Bond is held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of such Covered Bonds (a “**Relevant Account Holder**”) (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Covered Bonds standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor, the Bond Trustee, the Issuing and Paying Agent, the Registrar and any other Agent as the holder of such principal amount of such Covered Bonds for all purposes, in accordance with and subject to the Terms and Conditions of the relevant Registered Global Covered Bond and the Trust Deed, other than with respect to the payment of principal or interest on the Covered Bonds, where the registered holder shall be treated by the Issuer, the Guarantor, the Bond Trustee, the Issuing and Paying Agent and any Agent and any Registrar as the holder of such principal amount of such Covered Bonds in accordance with and subject to the terms of the relevant Registered Global Covered Bond and the expression “Holder” and related expressions shall be construed accordingly. Covered Bonds which are represented by a Registered Global Covered Bond will be transferable only in accordance with the then current rules and procedures of Euroclear or Clearstream, Luxembourg, or any other relevant clearing system, as the case may be.

References to Euroclear or Clearstream, Luxembourg, shall, whenever the context so permits, (but not in the case of any Registered Global Covered Bond to be held under the NSS), be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms as may otherwise be approved by the Issuer, the Issuing and Paying Agent and the Bond Trustee.

### ***Denomination***

**1.03** The Covered Bonds are in the Specified Denominations specified in the Final Terms.

### ***Currency of Covered Bonds***

**1.04** The Covered Bonds are denominated in such currency as may be specified in the Final Terms. Any currency may be so specified, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

## **2. Title and Transfer**

**2.01** Title to Registered Covered Bonds passes by due endorsement in the relevant register. The Issuer shall procure that the Registrar keep a register or registers in which shall be entered the names and addresses of the Holders of Registered Covered Bonds and particulars of the Registered Covered Bonds held by them. Such registration shall be noted on the Registered Covered Bonds by the Registrar. References herein to the “**Holders**” of Registered Covered Bonds are to the persons in whose names such Registered Covered Bonds are so registered in the relevant register.

**2.02** The Holder of any Registered Covered Bond will for all purposes of the Trust Deed, Security Agreement and Agency Agreement (except as otherwise required by applicable law or regulatory requirement) be treated as its absolute owner whether or not it is overdue and regardless of any notice of ownership, trust or any interest thereof or therein, any writing thereon, or any theft or loss thereof and no person shall be liable for so treating such Holder.

### ***Transfer of Registered Covered Bonds***

**2.03** A Registered Covered Bond may, upon the terms and subject to the terms and conditions set forth in the Agency Agreement and as required by law, be transferred in whole or in part only (provided that such part is a Specified Denomination specified in the Final Terms) upon the surrender of the Registered Covered Bond to be transferred, together with a form of transfer duly completed and executed, at the specified office of the Registrar. A new Registered Covered Bond will be issued to the transferee and, in

the case of a transfer of part only of a Registered Covered Bond, a new Registered Covered Bond in respect of the balance not transferred will be issued to the transferor.

**2.04** Each new Registered Covered Bond to be issued upon the registration of the transfer of a Registered Covered Bond will, within three Relevant Banking Days of the transfer date be available for collection by each relevant Holder at the specified office of the Registrar or, at the option of the Holder requesting such transfer, be mailed (by uninsured mail at the risk of the Holder(s) entitled thereto) to such address(es) as may be specified by such Holder. For these purposes, a form of transfer received by the Registrar or the Issuing and Paying Agent after the Record Date in respect of any payment due in respect of Registered Covered Bonds shall be deemed not to be effectively received by the Registrar or the Issuing and Paying Agent until the day following the due date for such payment.

**2.05** Transfers of beneficial interests in Registered Global Covered Bonds will be effected by Euroclear or Clearstream, Luxembourg as the case may be, and, in turn, by other participants and, if appropriate, indirect participants in such clearing systems acting on behalf of beneficial transferors and transferees of such interests. Consequently, the ability to transfer Covered Bonds represented by a Registered Global Covered Bond may depend upon the ability to exchange such Covered Bonds for Covered Bonds in definitive form. A beneficial interest in a Registered Global Covered Bond will, subject to compliance with all applicable legal and regulatory restrictions, be transferable for Registered Definitive Covered Bonds or for a beneficial interest in another Registered Global Covered Bond only in the Specified Denominations set out in the applicable Final Terms and only in accordance with the rules and operating procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and in accordance with the terms and conditions specified in the Agency Agreement.

**2.06** Subject as provided in Conditions 2.08 and 2.09, upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Definitive Covered Bond may be transferred in whole or in part in the authorised denominations set out in the applicable Final Terms. In order to effect any such transfer (a) the holder or holders must (i) surrender the Registered Covered Bond for registration of the transfer of the Registered Covered Bond (or the relevant part of the Registered Covered Bond) at the specified office of the Registrar or any Transfer Agent, with the form of transfer thereon duly executed by the holder or holders thereof or his or their, attorney or attorneys duly authorised in writing, and (ii) complete and deposit such other certifications as may be required by the Registrar or, as the case may be, the relevant Transfer Agent, and (b) the Registrar or, as the case may be, the relevant Transfer Agent must, after due and careful enquiry, be satisfied with the documents of title and the identity of the person making the request.

Any such transfer will be subject to such reasonable regulations as the Issuer, the Bond Trustee and the Registrar may from time to time prescribe (the initial such regulations being set out in the Agency Agreement).

Subject as provided above, the Registrar or, as the case may be, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar or, as the case may be, the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with, any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new Registered Definitive Covered Bond of a like aggregate nominal amount to the Registered Definitive Covered Bond (or the relevant part of the Registered Definitive Covered Bond) transferred.

In the case of the transfer of part only of a Registered Definitive Covered Bond, a new Registered Definitive Covered Bond in respect of the balance of the Registered Definitive Covered Bond not transferred will (in addition to the new Registered Definitive Covered Bond in respect of the nominal amount transferred) be so authenticated and delivered or (at the risk of the transferor) so sent by uninsured mail to the address specified by the transferor.

**2.07** For the purposes of these Terms and Conditions:

- (a) **“Distribution Compliance Period”** means the period that ends 40 days after the completion of the distribution of the relevant Tranche of Covered Bonds, as certified by the relevant Dealer (in the case of a non-syndicated issue) or the relevant lead manager (in the case of a syndicated issue);
- (b) **“Regulation S”** means Regulation S under the Securities Act;
- (c) **“Registered Global Covered Bond”** means a Registered Global Covered Bond representing Covered Bonds sold outside the United States in reliance on Regulation S;
- (d) **“Securities Act”** means the United States Securities Act of 1933, as amended; and
- (e) the **“transfer date”** shall be the Relevant Banking Day following the day on which the relevant Registered Covered Bond shall have been surrendered for transfer in accordance with Condition 2.03.

**2.08** The issue of new Registered Covered Bonds on transfer will be effected without charge by or on behalf of the Issuer, the Issuing and Paying Agent or the Registrar, but upon payment by the applicant of (or the giving by the applicant of such indemnity as the Issuer, the Issuing and Paying Agent or the Registrar may require in respect of) any tax, duty or other governmental charges which may be imposed in relation thereto.

**2.09** In the event of a partial redemption of Covered Bonds under Condition 6, the Issuer shall not be required to register the transfer of any Registered Covered Bond, or part of a Registered Covered Bond called for partial redemption.

**2.10** Prior to expiry of the applicable Distribution Compliance Period, transfers by the holder of, or of a beneficial interest in, a Registered Global Covered Bond to a transferee in the United States or who is a U.S. person will only be made pursuant to the Securities Act or an exemption therefrom, subject to receipt by the Issuer of such satisfactory evidence as the Issuer may reasonably require, which may include an opinion of United States counsel, that such transfer is in compliance with any applicable securities laws of any state of the United States.

### **3. Status of the Covered Bonds**

The Covered Bonds constitute deposit liabilities of the Issuer for purposes of the Bank Act, however the Covered Bonds will not be insured under the *Canada Deposit Insurance Corporation Act* (Canada) or any other governmental insurance scheme of any other country, and will constitute legal, valid and binding direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank *pari passu* with all deposit liabilities of the Issuer without any preference among themselves and at least *pari passu* with all other unsubordinated and unsecured obligations of the Issuer, present and future (except as otherwise prescribed by law). The deposits to be evidenced by the Covered Bonds will be taken by the head office of the Issuer in Toronto, but without prejudice to the provisions of Condition 9.

### **4. Guarantee**

Payment of Guaranteed Amounts in respect of the Covered Bonds when the same shall become Due for Payment has been unconditionally and irrevocably guaranteed by the Guarantor (the **“Covered Bond Guarantee”**) in favour of the Bond Trustee (for and on behalf of the Covered Bondholders) following a Covered Bond Guarantee Activation Event pursuant to the terms of the Trust Deed. The Guarantor shall have no obligation under the Covered Bond Guarantee to pay any Guaranteed Amounts until a Covered Bond Guarantee Activation Event (as defined below) has occurred. The obligations of the Guarantor under the Covered Bond Guarantee are direct and, following the occurrence of a Covered Bond Guarantee

Activation Event, unconditional and, except as provided in the Guarantee Priorities of Payments, unsubordinated obligations of the Guarantor, which are secured as provided in the Security Agreement. For the purposes of these Terms and Conditions, a “**Covered Bond Guarantee Activation Event**” means the earlier to occur of (i) an Issuer Event of Default together with the service of an Issuer Acceleration Notice on the Issuer and the service of a Notice to Pay on the Guarantor; and (ii) a Guarantor Event of Default together with the service of a Guarantor Acceleration Notice on the Issuer and the Guarantor. If a Notice to Pay is served on the Guarantor, the Guarantor shall pay Guaranteed Amounts in respect of the Covered Bonds on the Original Due for Payment Dates or, if applicable, the Extended Due for Payment Date.

Any payment made by the Guarantor under the Covered Bond Guarantee shall (unless such obligation shall have been discharged as a result of the payment of Excess Proceeds to the Bond Trustee pursuant to Condition 7) discharge *pro tanto* the obligations of the Issuer in respect of such payment under the Covered Bonds, except where such payment has been declared void, voidable or otherwise recoverable in whole or in part and recovered from the Bond Trustee or the holders of the Covered Bonds.

## **5. Interest**

### ***Interest***

**5.01** Covered Bonds may be interest-bearing or non-interest-bearing. The Interest Basis is specified in the applicable Final Terms. Words and expressions appearing in this Condition 5 and not otherwise defined herein shall have the meanings given to them in Condition 5.09.

### ***Interest on Fixed Rate Covered Bonds***

**5.02** Each Fixed Rate Covered Bond bears interest on its Outstanding Principal Amount from and including the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrears on the Interest Payment Date(s) in each year up to and including the Final Maturity Date if that does not fall on an Interest Payment Date.

Unless otherwise provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on, but excluding, such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount(s) so specified.

As used in these Terms and Conditions, “**Fixed Interest Period**” means the period from and including an Interest Payment Date (or the Interest Commencement Date) to but excluding the next (or first) Interest Payment Date.

Interest will be calculated on the Calculation Amount of the Fixed Rate Covered Bonds and will be paid to the Holders of the Covered Bonds (provided that, in the case of a Registered Global Covered Bond, interest will be paid to Euroclear and/or Clearstream, Luxembourg for distribution by them to Relevant Account Holders in accordance with their usual rules and operating procedures). If interest is required to be calculated for a period ending other than on an Interest Payment Date, or if no Fixed Coupon Amount is specified in the applicable Final Terms, such interest shall be calculated in accordance with Condition 5.08.

Notwithstanding anything else in this Condition 5.02, if an Extended Due for Payment Date is specified in the Final Terms, interest following the Original Due for Payment Date will continue to accrue and be payable on any unpaid amount in accordance with Condition 5 at a Rate of Interest specified in the applicable Final Terms which may provide that such Series of Fixed Rate Covered Bonds will continue to bear interest at a fixed rate or at a floating rate determined in accordance with Condition 5.03 despite the fact that interest accrued and was payable on such Covered Bonds prior to the Final Maturity Date at a fixed rate.

## ***Interest on Floating Rate Covered Bonds***

### **5.03 Interest Payment Dates**

Each Floating Rate Covered Bond bears interest on its Outstanding Principal Amount from (and including) the Interest Commencement Date and such interest will be payable in arrears on either:

- (a) the Specified Interest Payment Date(s) (each an “**Interest Payment Date**”) in each year specified in the applicable Final Terms; or
- (b) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “Interest Payment Date”) which falls the number of months or other period specified as the Specified Period(s) in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (provided that, in the case of a Registered Global Covered Bond, interest will be paid to Clearstream, Luxembourg and/or Euroclear for distribution by them to Relevant Account Holders in accordance with their usual rules and operating procedures).

### ***Rate of Interest***

Where the Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below and subject to the provisions of Condition 13.02, be determined by the Calculation Agent on the following basis:

- (a) the Calculation Agent will determine the Reference Rate as it appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
- (b) if, on any Interest Determination Date no rate so appears or if the Relevant Screen Page is unavailable, the Issuer will request appropriate quotations of the Reference Rate be provided to the Calculation Agent and the Calculation Agent will determine the arithmetic mean (rounded as described above) of the rates at which deposits in the relevant currency are offered by the Reference Banks at approximately the Relevant Time on the Interest Determination Date to prime banks in the Euro-zone (as defined herein) interbank market in the case of EURIBOR for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time;
- (c) if, on any Interest Determination Date, only two or three rates are so quoted pursuant to the Issuer’s request, the Issuer will request the Calculation Agent to and the Calculation Agent will determine the arithmetic mean (rounded as described above) of the rates so quoted; or
- (d) if fewer than two rates are so quoted pursuant to the Issuer’s request, the Issuer will request the Calculation Agent to and the Calculation Agent will determine the arithmetic mean (rounded as described above) of the rates quoted by major banks in the Euro-zone in the case of EURIBOR as selected by the Issuer, at approximately the Relevant Time on the first day of the relevant Interest Period for loans in the relevant currency to leading European banks for a period for the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Covered Bonds during each Interest Period will be the sum of the Margin specified in the Final Terms and the Reference Rate, or, as the case may be, the arithmetic mean (rounded as described above) of the rates so determined, provided however that if the Calculation Agent is unable to determine a Reference Rate or an arithmetic mean of rates in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Covered Bonds during such Interest Period will be the sum of the Margin and the rate or, as the case may be, the arithmetic mean (rounded as described above) of the rates determined in relation to such Covered Bonds in respect of the last preceding Interest Period.

### **ISDA Rate Covered Bonds**

**5.04** Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin, if any provided that in any circumstances where under the ISDA definitions the Calculation Agent would be required to exercise any discretion, including the selection of any Reference Banks and seeking quotations from Reference Banks, when calculating the relevant ISDA Rate, the relevant determination(s) which require the Calculation Agent to exercise its discretion shall instead be made by the Issuer or its designee. For purposes of this Condition 5.04, “**ISDA Rate**” for an Interest Period means a rate equal to the Fixed Rates, Fixed Amounts, Floating Rates or Floating Amounts, as the case may be, as set out in the applicable Final Terms, as would have applied (regardless of any event of default or termination event or tax event thereunder) if the Issuer had entered into a schedule, credit support annex and confirmation(s) in respect of the relevant Tranche or Series of Covered Bonds, as applicable, with the Holder of such Covered Bond under the terms of an agreement to which the ISDA Definitions applied and under which:

- the Fixed Rate Payer, Fixed Amount Payer, Floating Rate Payer or, as the case may be, Floating Amount Payer is the Issuer (as specified in the Final Terms);
- the Effective Date is the Interest Commencement Date;
- the Floating Rate Option is as specified in the applicable Final Terms;
- the Designated Maturity, if applicable, is the period specified in the applicable Final Terms;
- the Agent is the Calculation Agent;
- the Calculation Periods are the Interest Periods;
- the Payment Dates are the Interest Payment Dates;
- the relevant Reset Date is the day specified in the applicable Final Terms;
- if applicable, the Applicable Benchmark, Fixing Day, Fixing Time and /or any other items specified in the applicable Final Terms as relating to ISDA Determination are as specified in the applicable Final Terms;
- the Calculation Amount is the principal amount of such Covered Bond;
- the Day Count Fraction applicable to the calculation of any amount is that specified in the Final Terms (which may be Actual/Actual (ISDA), Actual/365 (Fixed), Actual/360, 30E/360, Eurobond Basis, 30/360, 360/360, Bond Basis, 30E/360 (ISDA), Actual/Actual (ICMA) or Act/Act (ICMA)), or if none is so specified, as may be determined in accordance with the ISDA Definitions; and
- the Business Day Convention applicable to any date is that specified in the Final Terms (which may be Following Business Day Convention, Modified Following Business Day Convention, Modified Business

Day Convention, Preceding Business Day Convention, FRN Convention or Eurodollar Convention), or if none is so specified, as may be determined in accordance with the ISDA Definitions.

For the purposes of this Condition 5.04, “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**”, “**Applicable Benchmark**”, “**Fixing Day**” and “**Fixing Time**” have the meanings given to those terms in the ISDA Definitions.

#### ***Maximum or Minimum Interest Rate***

**5.05** If any Maximum or Minimum Interest Rate is specified in the Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified and in any event will not be less than zero.

#### ***Accrual of Interest after the due date***

**5.06** Interest will cease to accrue as from the due date for redemption therefor unless upon due presentation or surrender thereof (if required), payment in full of the Final Redemption Amount is improperly withheld or refused or default is otherwise made in the payment thereof. In such event, interest shall continue to accrue on the principal amount in respect of which payment has been improperly withheld or refused or default has been made (as well after as before any demand or judgment) at the Rate of Interest then applicable or such other rate as may be specified for this purpose in the Final Terms if permitted by applicable law (“**Default Rate**”) until the date on which, upon due presentation or surrender of the relevant Covered Bond (if required), the relevant payment is made or, if earlier (except where presentation or surrender of the relevant Covered Bond is not required as a precondition of payment), the seventh day after the date on which, the applicable Paying Agent having received the funds required to make such payment, notice is given to the Holders of the Covered Bonds in accordance with Condition 14 that the applicable Paying Agent has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder).

#### ***Interest Amount(s), Calculation Agent and Reference Banks***

**5.07** If a Calculation Agent is specified in the Final Terms, the Calculation Agent, as soon as practicable after the Relevant Time (or, if appropriate, such other time as is customary in the principal financial centre of the country of the Specified Currency), on each Interest Determination Date (or such other time on such date as the Calculation Agent may be required to calculate any Final Redemption Amount or make any determination or calculation) will determine the Rate of Interest and calculate the amount(s) of interest payable (the “**Interest Amount(s)**”) in the manner specified in Condition 5.08 below, calculate the Final Redemption Amount or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date or the Final Redemption Amount to be notified to the Paying Agents, the Registrar, the Issuer and the Holders in accordance with Condition 14, and if the Covered Bonds are listed on a stock exchange or admitted to listing by any other authority and the rules of such exchange or other relevant authority so require, such exchange or listing authority as soon as possible after their determination or calculation but in no event later than the time required by the relevant stock exchange or listing authority. The Interest Amounts and the Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Covered Bonds become due and payable under Condition 7, the Rate of Interest and the accrued interest payable in respect of the Covered Bonds shall nevertheless continue to be calculated in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of each Rate of Interest, Interest Amount and Final Redemption Amount and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon the Issuer and the Holders and neither the Calculation Agent nor any Reference Bank shall have any liability to the Holders in respect of any determination, calculation, or rate made or provided by it.

The Issuer will procure that there shall at all times be a Calculation Agent, if provision is made for one in the Terms and Conditions.

If the Calculation Agent is incapable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest for any Interest Period or to calculate the Interest Amounts or any other requirements, the Bond Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having regard as it shall think fit to the foregoing provision of this Condition, but subject always to any Minimum Rate of Interest or Maximum Rate of Interest specified in the applicable Final Terms), it shall deem fair and reasonable in all circumstances or, as the case may be, the Bond Trustee shall calculate (or appoint an agent to calculate) the Interest Amount(s) in such manner as it shall deem fair and reasonable in all the circumstances and each such determination or calculation shall be deemed to have been made by the Calculation Agent. The Calculation Agent may not resign its duties without a successor having been appointed as described above.

### ***Calculations and Adjustments***

**5.08** The amount of interest payable in respect of any Covered Bond for any period shall be calculated by applying the Rate of Interest to the Calculation Amount, and, in each case, multiplying such sum by the Day Count Fraction, save that if the Final Terms specifies a specific amount in respect of such period, the amount of interest payable in respect of such Covered Bond for such Interest Period will be equal to such specified amount.

For the purposes of any calculations referred to in these Terms and Conditions, (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 percent being rounded up to 0.00001 percent) and (b) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

Where the Covered Bonds are represented by a Registered Global Covered Bond or where the Specified Denomination of a Covered Bond in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Covered Bond shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Outstanding Principal Amount of the Registered Global Covered Bond or the Specified Denomination of a Covered Bond in definitive form, without any further rounding.

### ***Definitions***

**5.09** In the Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

**“Banking Day”** means, in respect of any city, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in that city.

**“Business Day”** means (i) in relation to Covered Bonds payable in other than Euro, a day (other than a Saturday or Sunday) on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) and settle payments in the relevant currency in the Business Centre(s) specified in the Final Terms, (ii) if T2 is specified in the Final Terms as a Business Centre, a T2 Business Day (as defined below), or (iii) in relation to Covered Bonds payable in Euro, a day which is a T2 Business Day and a day on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) in the Business Centre(s) specified in the Final Terms.

**“Business Day Convention”** means a convention for adjusting any date if it would otherwise fall on a day that is not a Business Day and the following Business Day Conventions, where specified in the Final Terms in relation to any date applicable to any Covered Bonds, shall have the following meanings:

- (a) **“Following Business Day Convention”** means that such date shall be postponed to the first following day that is a Business Day;
- (b) **“Modified Following Business Day Convention”** or **“Modified Business Day Convention”** means that such date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day;
- (c) **“Preceding Business Day Convention”** means that such date shall be brought forward to the first preceding day that is a Business Day; and
- (d) **“FRN Convention”** or **“Eurodollar Convention”** means that each such date shall be the date which numerically corresponds to the preceding such date in the calendar month which is the number of months specified in the Final Terms after the calendar month in which the preceding such date occurred, provided that:
  - (i) if there is no such numerically corresponding day in the calendar month in which any such date should occur, then such date will be the last day which is a Business Day in that calendar month;
  - (ii) if any such date would otherwise fall on a day which is not a Business Day, then such date will be the first following day which is a Business Day unless that day falls in the next calendar month, in which case it will be the first preceding day which is a Business Day; and
  - (iii) if the preceding such date occurred on the last day in a calendar month which was a Business Day, then all subsequent such dates will be the last day which is a Business Day in the calendar month which is the specified number of months after the calendar month in which the preceding such date occurred.

**“Calculation Agent”** means the Issuing and Paying Agent or such other agent as may be specified in the Final Terms as the Calculation Agent.

**“Canadian Business Day”** means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in Toronto.

**“Day Count Fraction”** means, in respect of the calculation of an amount for any period of time (each such period from and including the first day of such period to but excluding the last, an **“Accrual Period”**), such day count fraction as may be specified in the Final Terms and:

- (a) if **“Actual/Actual (ISDA)”** is so specified, means the actual number of days in the Accrual Period divided by 365 (or, if any portion of the Accrual Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Accrual Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Accrual Period falling in a non-leap year divided by 365);
- (b) if **“Actual/365 (Fixed)”** is so specified, means the actual number of days in the Accrual Period divided by 365;
- (c) if **“Actual/360”** is so specified, means the actual number of days in the Accrual Period divided by 360;
- (d) if **“30E/360”** or **“Eurobond Basis”** is specified in the applicable Final Terms, the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_{(2)} - Y_{(1)})] + [30 \times (M_{(2)} - M_{(1)})] + (D_{(2)} - D_{(1)})}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of such period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included in such period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the such period falls;

“M<sub>2</sub>” is the calendar month, expressed as a number, in which the day immediately following the last day included in such period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of such period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in such period, unless such number would be 31, in which case D<sub>2</sub>, will be 30.

- (e) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included in the Interest Period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M<sub>2</sub>” is the calendar month, expressed as number, in which the day immediately following the last day included in the Interest Period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D<sub>1</sub> is greater than 29, in which case D<sub>2</sub> will be 30; and

- (f) if “**30E/360 (ISDA)**” is so specified, means the number of days in the Accrual Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y<sub>1</sub>” is the year, expressed as a number, in which the first day of the Accrual Period falls;

“Y<sub>2</sub>” is the year, expressed as a number, in which the day immediately following the last day included the Accrual Period falls;

“M<sub>1</sub>” is the calendar month, expressed as a number, in which the first day of the Accrual Period falls;

“M<sub>2</sub>” is the calendar month, expressed as a number, in which the day immediately following the last day included in the Accrual Period falls;

“D<sub>1</sub>” is the first calendar day, expressed as a number, of the Accrual Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D<sub>1</sub> will be 30; and

“D<sub>2</sub>” is the calendar day, expressed as a number, immediately following the last day included in the Accrual Period, unless (i) that day is the last day of February but not the Final Maturity Date or (ii) such number would be 31, in which case D<sub>2</sub> will be 30; and

(g) if “**Actual/Actual (ICMA)**” or “**Act/Act (ICMA)**” is specified in the applicable Final Terms, then:

(A) in the case of Covered Bonds where the Accrual Period is equal to or shorter than the Determination Period during which the Accrual Period ends, it means the number of days in such Accrual Period divided by the product of: (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or

(B) in the case of Covered Bonds where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, it means the sum of:

(I) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of: (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

(II) the number of days in such Accrual Period falling in the next Determination Period divided by the product of: (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year.

“**Designated Maturity**” means, in relation to Screen Rate Determination, the period of time designated on the Reference Rate.

“**Determination Date**” means such dates as specified in the applicable Final Terms.

“**Determination Period**” means the period from and including a Determination Date in any year to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

**“Euro-zone”** means the region comprised of those member states of the EU participating in the European Monetary Union from time to time.

**“Independent Financial Adviser”** means an independent financial institution of international repute or other independent financial adviser, if any, experienced in the international capital markets, in each case appointed by the Issuer at its own expense.

**“Interest Commencement Date”** means the date of issue (the **“Issue Date”**) of the Covered Bonds (as specified in the Final Terms) or such other date as may be specified as such in the Final Terms.

**“Interest Determination Date”** means, in respect of any Interest Period, the date specified as such in the applicable Final Terms, or if none is so specified, the date falling two T2 Business Days prior to the first day of such Interest Period.

**“Interest Payment Date”** means the date or dates specified as such in the Final Terms and, as the same may be adjusted in accordance with the Business Day Convention, if any, specified in the Final Terms or if the Business Day Convention is the FRN Convention and an interval of a number of calendar months is specified in the Final Terms as being the Specified Period, each of such dates as may occur in accordance with the FRN Convention at such specified period of calendar months following the Issue Date of the Covered Bonds (in the case of the first Interest Payment Date) or the previous Interest Payment Date (in any other case).

**“Interest Period”** means: (i) each successive period beginning on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date, provided always that the first Interest Period shall commence on and include the Interest Commencement Date and the final Interest Period shall end on but exclude the Final Maturity Date, or the Extended Due for Payment Date, as applicable; or (ii) such other period (if any) in respect of which interest is to be calculated being the period from (and including) the first day of such period to (but excluding) the day on which the relevant payment of interest falls due (which in the case of the scheduled final or early redemption of any Covered Bonds, shall be such redemption date and in other cases where the relevant Covered Bonds become due and payable in accordance with Condition 9, shall be the date on which such Covered Bonds become due and payable).

**“ISDA Definitions”** means, in relation to any Series of Covered Bonds, the 2021 ISDA Interest Rate Derivatives Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto, as amended or supplemented from time to time, or any successor definitional booklet for interest rate derivatives published from time to time.

**“Outstanding Principal Amount”** means, in respect of a Covered Bond, its principal amount as indicated in the Final Terms.

**“Rate of Interest”** means the rate or rates (expressed as a percentage per annum) or amount or amounts (expressed as a price per unit of relevant currency) of interest payable in respect of the Covered Bonds specified in, or calculated or determined in accordance with the provisions of, the Final Terms.

**“Reference Banks”** means such banks as may be specified in the Final Terms as the Reference Banks, or, if none are specified or “Not Applicable” is specified in the Final Terms, “Reference Banks” has the meaning given in the ISDA Definitions, *mutatis mutandis*.

**“Reference Rate”** means EURIBOR or such other benchmark rate specified in the applicable Final Terms.

**“Relevant Nominating Body”** means, in respect of a benchmark or screen rate (as applicable):

- (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the Reference Rate; or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof.

**“Relevant Screen Page”** means the page, section or other part of a particular information service (including, without limitation, Reuters) specified as the “Relevant Screen Page” in the applicable Final Terms, or such other page, section or other part as may replace it in that information service (or any successor page thereto or any page of any successor information service, as applicable), in each case, as may be nominated by the person providing or sponsoring the information appearing there for the purpose of displaying rates or prices comparable to the Reference Rate.

**“Relevant Time”** means the time as of which any rate is to be determined as specified in the applicable Final Terms (which in the case of EURIBOR means Central European Time), or if none is specified, at which it is customary to determine such rate.

**“Reuters Screen Page”** means, when used in connection with a designated page and any designated information, the display page so designated on the Reuters Market 3000 (or such other page as may replace that page on that service for the purpose of displaying such information).

**“T2”** means the real-time gross settlement system operated by the Eurosystem which was launched in March 2023 or any successor or replacement thereto.

**“T2 Business Day”** means a day on which T2 is open.

### ***Linear Interpolation***

**5.10** Where **“Linear Interpolation”** is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issuing and Paying Agent or the Calculation Agent, as applicable, by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Issuing and Paying Agent or the Calculation Agent, as applicable, shall determine such rate at such time and by reference to such sources as the Issuer determines appropriate.

### ***Zero Coupon Covered Bonds***

**5.11** If any Final Redemption Amount in respect of any Zero Coupon Covered Bond is not paid when due, interest shall accrue on the overdue amount at a rate per annum (expressed as a percentage per annum) equal to the Amortization Yield defined in the Final Terms or at such other rate as may be specified for this purpose in the Final Terms until the date on which, upon due presentation or surrender of the relevant Covered Bond (if required), the relevant payment is made or, if earlier (except where presentation or surrender of the relevant Covered Bond is not required as a precondition of payment), the seventh day after the date on which, the applicable Paying Agent having received the funds required to make such

payment, notice is given to the Holders of the Covered Bonds in accordance with Condition 14 that the applicable Paying Agent has received the required funds (except to the extent that there is failure in the subsequent payment thereof to the relevant Holder). The amount of any such interest shall be calculated in accordance with the provisions of Condition 5.08 as if the Rate of Interest was the Amortization Yield, the Outstanding Principal Amount was the overdue sum and the Day Count Fraction was as specified for this purpose in the Final Terms or, if not so specified, 30E/360 (ISDA) (as defined in Condition 5.09).

## **6. Redemption and Purchase Redemption at Maturity**

**6.01** Unless previously redeemed, or purchased and cancelled, this Covered Bond shall be redeemed at its Final Redemption Amount specified in the applicable Final Terms in the Specified Currency on the Final Maturity Date.

Without prejudice to Condition 7, if an Extended Due for Payment Date is specified as applicable in the Final Terms for a Series of Covered Bonds and the Issuer has failed to pay the Final Redemption Amount on the Final Maturity Date specified in the Final Terms (or after expiry of the grace period set out in Condition 7.01(a)) and, following service of a Notice to Pay on the Guarantor by no later than the date falling one Business Day prior to the Extension Determination Date, the Guarantor has insufficient moneys available in accordance with the Guarantee Priority of Payments to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds on the date falling on the earlier of (a) the date which falls two Canadian Business Days after service of such Notice to Pay on the Guarantor or, if later, the Final Maturity Date (or, in each case, after the expiry of the grace period set out in Condition 7.02) under the terms of the Covered Bond Guarantee or (b) the Extension Determination Date, then (subject as provided below) payment of the unpaid amount by the Guarantor under the Covered Bond Guarantee shall be deferred until the Extended Due for Payment Date, provided that in respect of any amount representing the Final Redemption Amount due and remaining unpaid on the earlier of (a) and (b) above, the Guarantor will apply any moneys available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) to pay the Guaranteed Amounts corresponding to the Final Redemption Amount of the relevant Series of Covered Bonds on any Interest Payment Date thereafter up to (and including) the relevant Extended Due for Payment Date.

The Issuer shall confirm to the Paying Agents as soon as reasonably practicable and in any event at least 4 Business Days prior to the Final Maturity Date of a Series of Covered Bonds whether payment will be made in full of the Final Redemption Amount in respect of such Series of Covered Bonds on that Final Maturity Date. Any failure by the Issuer to notify the Paying Agents shall not affect the validity or effectiveness of the extension of maturity.

The Guarantor shall notify the relevant holders of the Covered Bonds (in accordance with Condition 14), the Rating Agencies, the Bond Trustee, the Paying Agents and the Registrar as soon as reasonably practicable and in any event at least one Business Day prior to the dates specified in (a) and (b) of the second paragraph of this Condition 6.01 of any inability of the Guarantor to pay in full the Guaranteed Amounts corresponding to the Final Redemption Amount in respect of a Series of Covered Bonds pursuant to the Covered Bond Guarantee. Any failure by the Guarantor to notify such parties shall not affect the validity or effectiveness of the extension nor give rise to any rights in any such party.

In the circumstances outlined above, the Guarantor shall on the earlier of (a) the date falling two Canadian Business Days after the service of a Notice to Pay on the Guarantor or if later the Final Maturity Date (or, in each case, after the expiry of the applicable grace period set out in Condition 7.02) and (b) the Extension Determination Date, under the Covered Bond Guarantee, apply the moneys (if any) available (after paying or providing for payment of higher ranking or *pari passu* amounts in accordance with the Guarantee Priority of Payments) *pro rata* in part payment of an amount equal to the Final Redemption Amount of each Covered Bond of the relevant Series of Covered Bonds and shall pay Guaranteed Amounts constituting the Scheduled Interest in respect of each such Covered Bond on such date. The obligation of the Guarantor to pay any amounts in respect of the balance of the Final Redemption Amount not so paid shall be deferred as described above. Such failure to pay by the Guarantor shall not constitute a Guarantor Event of Default.

Any discharge of the obligations of the Issuer as the result of the payment of Excess Proceeds to the Bond Trustee shall be disregarded for the purposes of determining the amounts to be paid by the Guarantor under the Covered Bond Guarantee in connection with this Condition 6.01.

For the purposes of these Terms and Conditions:

**“Extended Due for Payment Date”** means, in relation to any Series of Covered Bonds, the date, if any, specified as such in the applicable Final Terms to which the payment of all or (as applicable) part of the Final Redemption Amount payable on the Final Maturity Date will be deferred in the event that the Final Redemption Amount is not paid in full on the Extension Determination Date.

**“Extension Determination Date”** means, in respect of a Series of Covered Bonds, the date falling two Business Days after the expiry of seven days from (and including) the Final Maturity Date of such Covered Bonds.

**“Guarantee Priority of Payments”** means the priority of payments relating to moneys received by the Cash Manager for and on behalf of the Guarantor and moneys standing to the credit of the Guarantor Accounts, to be paid on each Guarantor Payment Date in accordance with the Guarantor Agreement.

**“Rating Agency”** means any one of DBRS Limited and Fitch Ratings, Inc. to the extent that at the relevant time it provides ratings in respect of the then outstanding Covered Bonds, its successors or any other credit rating agency that the Issuer may in the future designate to provide ratings in respect of the Covered Bonds and **“Rating Agencies”** means more than one Rating Agency.

#### ***Early Redemption for Taxation Reasons***

**6.02** If, in relation to any Series of Covered Bonds (i) as a result of any amendment to, clarification of, or change including any announced proposed change in the laws or regulations, or the application or interpretation thereof of Canada or any political subdivision thereof or any authority or agency therein or thereof having power to tax or in the interpretation or administration of any such laws or regulations which becomes effective on or after the Issue Date of such Covered Bonds or any other date specified in the Final Terms; (ii) any judicial decision, administrative pronouncement, published or private ruling, regulatory procedure, rule, notice, announcement, assessment or reassessment (including any notice or announcement of intent to adopt or issue such decision, pronouncement, ruling, procedure, rule, notice, announcement, assessment or reassessment) (collectively, an “administrative action”); or (iii) any amendment to, clarification of, or change in, the official position with respect to or the interpretation of any administrative action or any interpretation or pronouncement that provides for a position with respect to such administrative action that differs from the theretofore generally accepted position, in each of case (i), (ii) or (iii), by any legislative body, court, governmental authority or agency, regulatory body or taxing authority, irrespective of the manner in which such amendment, clarification, change, administrative action, interpretation or pronouncement is made known, which amendment, clarification, change or administrative action is effective or which interpretation, pronouncement or administrative action is announced on or after the date of issue of the Covered Bonds, there is more than an insubstantial risk (assuming any proposed or announced amendment, clarification, change, interpretation, pronouncement or administrative action is effective and applicable) the Issuer would be required to pay additional amounts as provided in Condition 8, and such circumstances are evidenced by the delivery by the Issuer to the Paying Agents and Bond Trustee of (x) a certificate signed by two senior officers of the Issuer stating that the said circumstances prevail and describing the facts leading thereto, and (y) an opinion of independent legal advisers of recognised standing to the effect that the circumstances set forth in (i), (ii) or (iii) above prevail, the Issuer may, at its option and having given no less than 30 nor more than 60 days’ notice (ending, in the case of Floating Rate Covered Bonds, on an Interest Payment Date) to the Holders of the Covered Bonds in accordance with Condition 14 (which notice shall be irrevocable), redeem all (but not some only) of the outstanding Covered Bonds at their Outstanding Principal Amount or, in the case of Zero Coupon Covered Bonds, their Amortized Face Amount (as defined in Condition 6.10) or such Early Redemption Amount as may be specified in, or determined in accordance with the provisions of, the Final Terms, together with accrued interest (if any) thereon, provided, however, that no such notice of redemption may be given earlier

than 90 days (or, in the case of Floating Rate Covered Bonds a number of days which is equal to the aggregate of the number of days falling within the then current Interest Period plus 60 days) prior to the earliest date on which the Issuer would be obliged to pay such additional amounts were a payment in respect of the Covered Bonds then due.

The Issuer may not exercise such option in respect of any Covered Bond which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Covered Bond under Condition 6.06.

### ***Call Option***

**6.03** If a Call Option is specified in the Final Terms as being applicable, then the Issuer may, having given the appropriate notice to the Holders in accordance with Condition 14, which Notice shall be irrevocable, and shall specify the date fixed for redemption, redeem all, or if so specified in the applicable Final Terms, some only of the Covered Bonds of this Series outstanding on any Optional Redemption Date at the Optional Redemption Amount(s) specified in, or determined in the manner specified in the applicable Final Terms together with accrued interest (if any) thereon on the date specified in such notice.

The Issuer may not exercise such option in respect of any Covered Bond which is the subject of the prior exercise by the Holder thereof of its option to require the redemption of such Covered Bond under Condition 6.06.

**6.04** The appropriate notice referred to in Condition 6.03 is a notice given by the Issuer to the Holders of the Covered Bonds of the relevant Series in accordance with Condition 14, which notice shall be irrevocable and shall specify:

- the Series of Covered Bonds subject to redemption;
- whether such Series is to be redeemed in whole or in part only and, if in part only, the aggregate principal amount of and (except in the case of a Registered Global Covered Bond) the serial numbers of the Covered Bonds of the relevant Series which are to be redeemed;
- the due date for such redemption, which shall be not less than 30 days nor more than 60 days after the date on which such notice is given and which shall be such date or the next of such dates (“**Call Option Date(s)**”) or a day falling within such period (“**Call Option Period**”), as may be specified in the Final Terms and which is, in the case of Covered Bonds which bear interest at a floating rate, a date upon which interest is payable; and
- the Optional Redemption Amount at which such Covered Bonds are to be redeemed.

### ***Partial Redemption***

**6.05** If the Covered Bonds are to be redeemed in part only on any date in accordance with Condition 6.03:

- such redemption must be for an amount not less than the Minimum Redemption Amount or not more than the Maximum Redemption Amount, in each case as may be specified in the applicable Final Terms;
- in the case of a Registered Global Covered Bond, the Covered Bonds to be redeemed shall be selected in accordance with the then rules of Euroclear and Clearstream, Luxembourg, and/or any other relevant clearing system (to be reflected in the records of Euroclear and Clearstream, Luxembourg, and/or such other relevant clearing system as either a pool factor or a reduction in principal amount, at their discretion); and

- in the case of Registered Definitive Covered Bonds, the Covered Bonds shall be redeemed (so far as may be practicable) *pro rata* to their principal amounts, provided always that the amount redeemed in respect of each Covered Bond shall be equal to a Specified Denomination,

subject always to compliance with all applicable laws and the requirements of any stock exchange on which the relevant Covered Bonds may be listed.

In the case of the redemption of part only of a Registered Definitive Covered Bond, a new Registered Definitive Covered Bond in respect of the unredeemed balance shall be issued in accordance with Conditions 2.03 to 2.06, which shall apply as in the case of a transfer of Registered Definitive Covered Bonds as if such new Registered Definitive Covered Bond were in respect of the untransferred balance.

### ***Put Option***

**6.06** If a Put Option is specified in the Final Terms as being applicable, upon the Holder of any Covered Bond of this Series giving the required notice to the Issuer specified in the applicable Final Terms (which notice shall be irrevocable), the Issuer will, upon expiry of such notice, redeem such Covered Bond subject to and in accordance with the terms specified in the applicable Final Terms in whole (but not in part only) on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined in accordance with the provisions of, the applicable Final Terms, together with accrued interest (if any) thereon. In order to exercise such option, the Holder must, not less than 45 days before the Optional Redemption Date where the Covered Bond is a Covered Bond in definitive form held outside Euroclear and Clearstream, Luxembourg, deposit the relevant Covered Bond during normal business hours at the specified office of the Registrar together with a duly completed early redemption notice ("**Put Notice**") in the form which is available from the specified office of the Registrar specifying, in the case of a Registered Global Covered Bond, the aggregate principal amount in respect of which such option is exercised (which must be a Specified Denomination specified in the Final Terms). Notwithstanding the foregoing, Covered Bonds represented by a Registered Global Covered Bond shall be deemed to be deposited with the Registrar for purposes of this Condition 6.06 at the time a Put Notice has been received by the Registrar in respect of such Covered Bonds. No Covered Bond so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement).

In the case of the redemption of part only of a Registered Covered Bond, a new Registered Definitive Covered Bond in respect of the unredeemed balance shall be issued in accordance with Conditions 2.03 to 2.06 which shall apply as in the case of a transfer of Registered Definitive Covered Bonds as if such new Registered Definitive Covered Bond were in respect of the untransferred balance.

The Holder of a Covered Bond may not exercise such Put Option (i) in respect of any Covered Bond which is the subject of an exercise by the Issuer of its option to redeem such Covered Bond under either Condition 6.02 or 6.03, or (ii) following an Issuer Event of Default.

### ***Purchase of Covered Bonds***

**6.07** The Issuer or any of its subsidiaries may at any time, but will at no time be obligated to, purchase Covered Bonds in the open market, by tender or otherwise and at any price.

### ***Cancellation of Redeemed and Purchased Covered Bonds***

**6.08** All unmatured Covered Bonds redeemed in accordance with this Condition 6 will be cancelled forthwith and may not be reissued or resold. All unmatured Covered Bonds purchased in accordance with Condition 6.07 may be cancelled or may be reissued or resold.

### ***Further Provisions applicable to Redemption Amount***

**6.09** The provisions of Condition 5.07 and the last paragraph of Condition 5.08 shall apply to any determination or calculation of the Redemption Amount required by the Final Terms to be made by the Calculation Agent (as defined in Condition 5.09).

References herein to “**Redemption Amount**” shall mean, as appropriate, the Final Redemption Amount, the Optional Redemption Amount, the Early Redemption Amount or such other amount in the nature of a redemption amount as may be specified in, or determined in accordance with, the provisions of the applicable Final Terms.

**6.10** In the case of any Zero Coupon Covered Bond, the “**Amortized Face Amount**” shall be an amount equal to the sum of:

- (a) the Issue Price specified in the Final Terms; and
- (b) the product of the Amortization Yield (compounded annually) being applied to the Issue Price from (and including) the Issue Date specified in the Final Terms to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Covered Bond becomes due and repayable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of the Day Count Fraction (as defined in Condition 5.09) specified in the Final Terms.

**6.11** If any Redemption Amount (other than the Final Redemption Amount) is improperly withheld or refused or default is otherwise made in the payment thereof, the Amortized Face Amount shall be calculated as provided in Condition 6.10 but as if references in subparagraph (b) to the date fixed for redemption or the date upon which such Zero Coupon Covered Bond becomes due and repayable were replaced by references to the earlier of:

- (a) the date on which, upon due presentation or surrender of the relevant Covered Bond (if required), the relevant payment is made; and
- (b) (except where presentation or surrender of the relevant Covered Bond is not required as a precondition of payment), the seventh day after the date on which, the Paying Agents or, as the case may be, the Registrar having received the funds required to make such payment, notice is given to the Holders of the Covered Bonds in accordance with Condition 14 of that circumstance (except to the extent that there is a failure in the subsequent payment thereof to the relevant Holder).

### ***Redemption due to Illegality***

**6.12** The Covered Bonds of all Series may be redeemed at the option of the Issuer in whole, but not in part, at any time, on giving not less than 30 nor more than 60 days' notice to the Bond Trustee, the Paying Agents, the Registrar and, in accordance with Condition 14, all holders of the Covered Bonds (which notice shall be irrevocable), if the Issuer satisfies the Bond Trustee immediately before the giving of such notice that it has, or will, before the next Interest Payment Date of any Covered Bond of any Series, become unlawful for the Issuer to make, fund or allow to remain outstanding any advance made by it to the Guarantor pursuant to the Intercompany Loan Agreement, as a result of any change in, or amendment to, the applicable laws or regulations or any change in the application or official interpretation of such laws or regulations, which change or amendment has become or will become effective before the next such Interest Payment Date.

Covered Bonds redeemed pursuant to this Condition 6.12 will be redeemed at their Early Redemption Amount together (if appropriate) with interest accrued to (but excluding) the date of redemption.

Prior to the publication of any notice of redemption pursuant to this Condition 6.12, the Issuer shall deliver to the Paying Agents and Bond Trustee a certificate signed by two senior officers of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and the Paying Agents and Bond Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on all holders of the Covered Bonds.

## **7. Events of Default**

### ***Issuer Events of Default***

**7.01** The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 percent of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose or the purpose of any Extraordinary Resolution (as defined in the Trust Deed) referred to in this Condition 7.01 means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Trust Deed) then outstanding as if they were a single Series (with the nominal amount of Covered Bonds not denominated in CAD converted into CAD at the applicable Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds shall, (but in the case of the happening of any of the events mentioned in sub-paragraphs (b) to (f) below, only if the Bond Trustee shall have certified in writing to the Issuer and the Guarantor, that such event is, in its opinion, materially prejudicial to the interests of the holders of the Covered Bonds of any Series) (subject in each case to being indemnified and/or secured to its satisfaction), give notice (an **"Issuer Acceleration Notice"**) in writing to the Issuer that as against the Issuer (but, for the avoidance of doubt, not against the Guarantor under the Covered Bond Guarantee) each Covered Bond of each Series is, and each such Covered Bond shall thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest as provided in the Trust Deed if any of the following events (each, an **"Issuer Event of Default"**) shall occur and be continuing:

- (a) the Issuer fails to pay any principal or interest in respect of the Covered Bonds within 10 Business Days in the case of principal and 30 days in the case of interest, in each case of the respective due date; or
- (b) the Issuer fails to perform or observe any obligations under the Covered Bonds of any Series, the Trust Deed or any other Transaction Document (other than the Dealership Agreement and any subscription agreement for the Covered Bonds) to which the Issuer is a party (other than any obligation of the Issuer to comply with the Asset Coverage Test and any other obligation of the Issuer specifically provided for in this Condition 7.01) and such failure continues for a period of 30 days (or such longer period as the Bond Trustee may permit) next following the service by the Bond Trustee on the Issuer of notice requiring the same to be remedied (except in circumstances where the Bond Trustee considers such failure to be incapable of remedy in which case no period of continuation will apply and no notice by the Bond Trustee will be required); or
- (c) an Insolvency Event in respect of the Issuer; or
- (d) an Asset Coverage Test Breach Notice has been served and not revoked (in accordance with the terms of the Transaction Documents) on or before the Guarantor Payment Date immediately following the next Calculation Date after service of such Asset Coverage Test Breach Notice; or

- (e) to the extent any Series of Hard Bullet Covered Bonds is issued and outstanding and the Pre-Maturity Test in respect of any such Series of Hard Bullet Covered Bonds is breached less than six months prior to the Final Maturity Date of that Series of Hard Bullet Covered Bonds, and the Guarantor has not cured the breach before the earlier to occur of: (i) ten Canadian Business Days from the date that the Seller is notified of the breach of the Pre-Maturity Test and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds; or
- (f) if a ratings trigger prescribed by the Conditions or the Transaction Documents (and not otherwise specifically provided for in this Condition 7.01) is breached and the prescribed remedial action is not taken within the specified time period, unless, in respect of any ratings trigger other than the Account Bank Threshold Ratings, the Standby Account Bank Threshold Ratings, the Cash Manager Required Ratings and the Servicer Deposit Threshold Ratings, such breach occurs at a time that the Guarantor is Independently Controlled and Governed.

For the purposes of these Terms and Conditions “**Calculation Date**” means the last Canadian Business Day of each month.

Upon the Covered Bonds becoming immediately due and repayable against the Issuer pursuant to this Condition 7.01, the Bond Trustee shall forthwith serve a notice to pay (the “**Notice to Pay**”) on the Guarantor pursuant to the Covered Bond Guarantee and the Guarantor shall be required to make payments of Guaranteed Amounts when the same shall become Due for Payment in accordance with the terms of the Covered Bond Guarantee.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may or shall take such proceedings against the Issuer in accordance with the first paragraph of Condition 7.03.

The Trust Deed provides that all moneys (the “**Excess Proceeds**”) received by the Bond Trustee from the Issuer or any receiver, liquidator, administrator or other similar official appointed in relation to the Issuer following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, shall be paid by the Bond Trustee, as soon as practicable after receipt thereof by the Bond Trustee, on behalf of the holders of the Covered Bonds of the relevant Series to the Guarantor (or the Cash Manager on its behalf) for the account of the Guarantor and shall be held in the Guarantor Accounts and the Excess Proceeds shall thereafter form part of the Security granted pursuant to the Security Agreement and shall be used by the Guarantor (or the Cash Manager on its behalf) in the same manner as all other moneys from time to time held by the Cash Manager and/or standing to the credit of the Guarantor in the Guarantor Accounts. Any Excess Proceeds received by the Bond Trustee shall discharge *pro tanto* the obligations of the Issuer in respect of the payment of the amount of such Excess Proceeds under the Covered Bonds. However, the obligations of the Guarantor under the Covered Bond Guarantee are, following a Covered Bond Guarantee Activation Event, unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds shall not reduce or discharge any of such obligations.

By subscribing for Covered Bonds, each holder of the Covered Bonds shall be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Guarantor in the manner as described above.

### ***Guarantor Events of Default***

**7.02** The Bond Trustee at its discretion may, and if so requested in writing by the holders of at least 25 percent of the aggregate Principal Amount Outstanding of the Covered Bonds (which for this purpose and the purpose of any Extraordinary Resolution referred to in this Condition 7.02 means the Covered Bonds of this Series together with the Covered Bonds of any other Series constituted by the Trust Deed) then outstanding as if they were a single Series (with the nominal amount of Covered Bonds not denominated in CAD converted into CAD at the applicable Covered Bond Swap Rate) or if so directed by an Extraordinary Resolution of all the holders of the Covered Bonds shall (but in the case of the happening of any of the

events described in paragraphs (b) to (f) below, only if the Bond Trustee shall have certified in writing to the Issuer and the Guarantor that such event is, in its opinion, materially prejudicial to the interests of the holders of the Covered Bonds of any Series) (subject in each case to being indemnified and/or secured to its satisfaction) give notice (the **“Guarantor Acceleration Notice”**) in writing to the Issuer and to the Guarantor, that (x) each Covered Bond of each Series is, and each Covered Bond of each Series shall as against the Issuer (if not already due and repayable against it following an Issuer Event of Default), thereupon immediately become, due and repayable at its Early Redemption Amount together with accrued interest and (y) all amounts payable by the Guarantor under the Covered Bond Guarantee shall thereupon immediately become due and payable at the Guaranteed Amount corresponding to the Early Redemption Amount for each Covered Bond of each Series together with accrued interest, in each case as provided in the Trust Deed and thereafter the Security shall become enforceable if any of the following events (each, a **“Guarantor Event of Default”**) shall occur and be continuing:

- (a) default is made by the Guarantor for a period of seven days or more in the payment of any Guaranteed Amounts when Due for Payment in respect of the Covered Bonds of any Series, except in the case of the payment of a Guaranteed Amount when Due for Payment under Condition 6.01 where the Guarantor shall be required to make payments of Guaranteed Amounts which are Due for Payment on the dates specified therein; or
- (b) if default is made by the Guarantor in the performance or observance of any obligation, condition or provision binding on it (other than any obligation for the payment of Guaranteed Amounts in respect of the Covered Bonds of any Series and any other obligation specifically provided for in this Condition 7.02) under the Trust Deed, the Security Agreement or any other Transaction Document (other than the obligation of the Guarantor to (i) repay the Demand Loan pursuant to the terms of the Intercompany Loan Agreement, or (ii) make a payment under a Swap Agreement if it has insufficient funds therefor) to which the Guarantor is a party and, except where such default is or the effects of such default are, in the opinion of the Bond Trustee, not capable of remedy when no such continuation and notice as is hereinafter mentioned will be required, such default continues for 30 days (or such longer period as the Bond Trustee may permit) after written notice thereof has been given by the Bond Trustee to the Guarantor requiring the same to be remedied; or
- (c) an Insolvency Event in respect of the Guarantor; or
- (d) a failure to satisfy the Amortization Test on any Calculation Date following the occurrence and during the continuance of an Issuer Event of Default; or
- (e) the Covered Bond Guarantee is not, or is claimed by the Guarantor not to be, in full force and effect; or
- (f) if a ratings trigger prescribed by the Conditions or the Transaction Documents (and not otherwise specifically provided for in this Condition 7.02) is breached and the prescribed remedial action is not taken within the specified time period, unless, in respect of any ratings trigger other than the Account Bank Threshold Ratings, the Standby Account Bank Threshold Ratings, the Cash Manager Required Ratings and the Servicer Deposit Threshold Ratings, such breach occurs at a time that the Guarantor is Independently Controlled and Governed.

Following the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice on the Guarantor, the Bond Trustee may or shall take such proceedings or steps in accordance with the first and second paragraphs, respectively, of Condition 7.03 and the holders of the Covered Bonds shall have a claim against the Guarantor, under the Covered Bond Guarantee, for an amount equal to the Early Redemption Amount together with accrued but unpaid interest and any other amount due under the Covered Bonds (other than additional amounts payable under Condition 8) as provided in the Trust Deed in respect of each Covered Bond.

## **Enforcement**

**7.03** The Bond Trustee may at any time, at its discretion and without further notice, take such proceedings against the Issuer and/or the Guarantor, as the case may be, and/or any other person as it may think fit to enforce the provisions of the Trust Deed, the Covered Bonds and any other Transaction Document, but it shall not be bound to take any such enforcement proceedings in relation to the Trust Deed, the Covered Bonds or any other Transaction Document unless (i) it shall have been so directed by an Extraordinary Resolution of all the holders of the Covered Bonds of all Series (with the Covered Bonds of all Series taken together as a single Series as described above) or so requested in writing by the holders of not less than 25 percent of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (taken together and converted into CAD at the applicable Covered Bond Swap Rate) and (ii) it shall have been indemnified and/or secured to its satisfaction.

The Bond Trustee may at any time, at its discretion and without further notice, take such proceedings against the Guarantor and/or any other person as it may think fit to enforce the provisions of the Security Agreement and may, at any time after the Security has become enforceable, take such steps as it may think fit to enforce the Security, but it shall not be bound to take any such steps unless (i) it shall have been so directed by an Extraordinary Resolution of all the holders of the Covered Bonds of all Series (with the Covered Bonds of all Series taken together as a single Series as described above) or a request in writing by the holders of not less than 25 percent of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series then outstanding (taken together and converted into CAD at the applicable Covered Bond Swap Rate); and (ii) it shall have been indemnified and/or secured to its satisfaction.

In exercising any of its powers, trusts, authorities and discretions the Bond Trustee shall, subject to applicable law, only have regard to the interests of the holders of the Covered Bonds of all Series and shall not have regard to the interests of any other Secured Creditors.

No holder of the Covered Bonds shall be entitled to proceed directly against the Issuer or the Guarantor or to take any action with respect to the Trust Deed, the Covered Bonds, or the Security unless the Bond Trustee, having become bound so to proceed, fails so to do within a reasonable time and such failure shall be continuing.

## **8. Taxation**

**8.01** All payments (whether in respect of principal, interest or otherwise) in respect of the Covered Bonds by or on behalf of the Issuer will be paid free and clear of and without withholding or deduction for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada, any province or territory or political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law or the interpretation or administration thereof. In that event, the Issuer will pay such additional amounts as may be necessary in order that the net amounts received by the Holder after such withholding or deduction shall equal the respective amounts of principal and interest which would have been received in respect of the Covered Bonds in the absence of such withholding or deduction; except that no additional amounts shall be payable with respect to any payment in respect of any Covered Bond:

- (a) to, or to a third party on behalf of, a Holder who is liable for such taxes, duties, assessments or governmental charges in respect of such Covered Bond by reason of such person having some connection with Canada or the country in which such branch is located (for these purposes "connection" includes but is not limited to any present or former connection between such holder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over such holder if such holder is an estate, trust, partnership, limited liability company or corporation) and such jurisdiction) otherwise than the mere holding of (but not the enforcement of) such Covered Bond; or

- (b) to, or to a third party on behalf of, a Holder in respect of whom such tax, duty, assessment or governmental charge is required to be withheld or deducted by reason of the Holder or any other person entitled to payments under the Covered Bonds being a person with whom the Issuer is not dealing at arm's length (within the meaning of the *Income Tax Act* (Canada)), or being a person who is, or does not deal at arm's length with any person who is, a "specified shareholder" (as defined in subsection 18(5) of the *Income Tax Act* (Canada)) or a "specified entity" (as defined in proposed subsection 18.4(1) of the *Income Tax Act* (Canada) contained in proposals to amend such Act released on 29 April 2022) in respect of the Issuer or payor; or
- (c) in respect of a debt or other obligation to pay an amount to a person with whom the Issuer or payor is not dealing at arm's length within the meaning of the *Income Tax Act* (Canada); or
- (d) presented for payment more than 30 days after the Relevant Date except to the extent that the Holder thereof would have been entitled to such additional amount on presenting the same for payment on the thirtieth such day assuming that day to have been a Payment Day (as defined in Condition 9.04); or
- (e) to, or to a third party on behalf of, a Holder who is liable for such taxes, duties, assessments or other governmental charges by reason of such Holder's failure to comply with any certification, identification, documentation or other reporting requirement concerning the nationality, residence, identity or connection with Canada or the country in which such branch is located of such Holder, if (i) compliance is required by law as a precondition to, exemption from, or reduction in the rate of, the tax, assessment or other governmental charge and (ii) the Issuer has given Holders at least 30 days' notice that Holders will be required to provide such certification, identification, documentation or other requirement; or
- (f) in respect of any estate, inheritance, gift, sales, transfer, personal property or any similar tax, duty, assessment or governmental charge; or
- (g) for or on account of any withholding tax or deduction imposed or collected pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") (or any amended or successor version), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code, whether currently in effect or as published and amended from time to time (the "**FATCA Withholding Tax Rules**"); or
- (h) where any combination of items (a) - (g) applies;

nor will such additional amounts be payable with respect to any payment in respect of the Covered Bonds to a holder that is a fiduciary or partnership to the extent that the beneficiary or settlor with respect to such fiduciary, or member of such partnership would not have been entitled to receive a payment of such additional amounts had such beneficiary, settlor or member received directly its beneficial or distributive share of such payment.

For the purposes of this Condition 8.01, the term "**Holder**" shall be deemed to refer to the beneficial holder for the time being of the Covered Bonds and the term "person" shall include a partnership.

**8.02** For the purposes of these Terms and Conditions, the "**Relevant Date**" means, in respect of any Covered Bond, the date on which payment thereof first become due and payable, or, if the full amount of the moneys payable has not been received by the Paying Agent, or as the case may be, the Registrar on

or prior to such due date, the date on which, the full amount of such moneys shall have been so received and notice to that effect shall have been duly given to the Holders in accordance with Condition 14.

**8.03** If the Issuer and/or the Guarantor become subject generally at any time to any taxing jurisdiction other than or in addition to Canada, references in Condition 6.02, Condition 8.01 and Condition 8.05, as applicable, to Canada shall be read and construed as references to Canada and/or to such other jurisdiction, provided, for the avoidance of doubt, that the Issuer shall not be considered to be subject generally to the taxing jurisdiction of the United States for purposes of this Condition 8.03 solely because payments in respect of the Covered Bonds are subject to the FATCA Withholding Tax Rules.

**8.04** Any reference in these Terms and Conditions to any payment due in respect of the Covered Bonds shall be deemed to include any additional amounts which may be payable under this Condition 8. Unless the context otherwise requires, any reference in these Terms and Conditions to “principal” shall include any premium payable in respect of a Covered Bond, any Final Redemption Amount, any Excess Proceeds which may be payable by the Bond Trustee under or in respect of the Covered Bonds and any other amounts in the nature of principal payable pursuant to these Terms and Conditions and “interest” shall include all amounts payable pursuant to Condition 5 and any other amounts in the nature of interest payable pursuant to these Terms and Conditions.

**8.05** Should any payments made by the Guarantor under the Covered Bond Guarantee be made subject to any withholding or deduction for or on account of taxes or duties of whatever nature imposed or levied by or on behalf of Canada, any province or territory or political subdivision thereof or by any authority or agency therein or thereof having power to tax, the Guarantor will not be obliged to pay any additional amounts as a consequence.

## **9. Payments**

**9.01** Payments of principal in respect of each Registered Covered Bond (whether or not in global form) will be made against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the Registered Covered Bond at the specified office of any of the Paying Agents. Such payments will be made by electronic transfer to the Designated Account (as defined below) of the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the register (the “**Register**”) of holders of the Registered Covered Bonds maintained by the Registrar at the close of business on the third Business Day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) before the relevant due date. Notwithstanding the previous sentence, if (i) a holder does not have a “**Designated Account**” or (ii) the principal amount of the Covered Bonds held by a holder is less than CAD250,000 (or its approximate equivalent in any other Specified Currency), payment will instead be made by a cheque in the Specified Currency drawn on a Designated Bank (as defined below). For these purposes, “Designated Account” means the account maintained by a holder with a “Designated Bank” and identified as such in the Register and Designated Bank means (in the case of payment in a Specified Currency other than Euro) a bank in the principal financial centre of the country of such Specified Currency and (in the case of a payment in Euro) any bank which processes payments in Euro.

Payments of interest in respect of each Registered Covered Bond (whether or not in global form) will be made by a cheque in the Specified Currency drawn on a Designated Bank and mailed by uninsured mail on the Business Day in the city where the specified office of the Paying Agent is located on the relevant due date to the holder (or the first named of joint holders) of the Registered Covered Bond appearing in the Register at the close of business on the following record date for the applicable Covered Bonds (the “**Record Date**”):

- (i) in the case of Registered Global Covered Bonds held in Euroclear and/or Clearstream, Luxembourg, the Clearing System Business Day before the relevant due date for such payment, where “**Clearing System Business Day**” means a day on which each clearing system for which the Registered Global Covered Bonds are being held is open for business (x) Monday to Friday inclusive except

25 December and 1 January in the case of Global Covered Bonds held in Euroclear and/or Clearstream, Luxembourg;

- (ii) in the case of Registered Global Covered Bonds held in any other Clearing System, the “Business Day” as defined in Condition 5.09 before the relevant due date; and
- (iii) in the case of Registered Definitive Covered Bonds, the fifteenth day, whether or not such fifteenth day is a Business Day, before the relevant due date.

Each such payment shall be at the holder’s address shown in the Register on the Record Date and at the holder’s risk. Upon application of the holder to the specified office of the Paying Agent not less than three Business Days in the city where the specified office of the Paying Agent is located before the due date for any payment of interest in respect of a Registered Covered Bond, the payment may be made by electronic transfer on the due date in the manner provided in the preceding paragraph. Any such application for electronic transfer shall be deemed to relate to all future payments of interest (other than interest due on redemption and installments of principal (other than the final installments)) in respect of the Registered Covered Bonds which become payable to the holder who has made the initial application until such time as the Paying Agent is notified in writing to the contrary by such holder. Payment of the interest due in respect of each Registered Covered Bond on redemption and the final installment of principal will be made in the same manner as payment of the principal in respect of such Registered Covered Bond.

Holders of Registered Covered Bonds will not be entitled to any interest or other payment for any delay in receiving any amount due in respect of any Registered Covered Bond as a result of a cheque posted in accordance with this Condition arriving after the due date for payment or being lost in the post. No commissions or expenses shall be charged to such holders by the Paying Agent in respect of any payments of principal or interest in respect of the Registered Covered Bonds.

None of the Issuer, the Guarantor, the Bond Trustee or the Agents will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

If the due date for payment of any amount due in respect of any Registered Covered Bond is not a Payment Day (as defined in Condition 9.04), then the Holder thereof will not be entitled to payment thereof until the next day which is such a day, and from such day and thereafter will be entitled to receive payment by cheque on any local banking day, and will be entitled to payment by transfer to a designated account on any day which is a local banking day, a Payment Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located and no further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is a subsequent failure to pay in accordance with these Terms and Conditions in which event interest shall continue to accrue as provided in Condition 5.06 or, if appropriate, Condition 5.11.

**9.02** Payments of amounts due (whether principal, interest or otherwise) in respect of Covered Bonds will be made in the currency in which such amount is due (a) by cheque or (b) at the option of the payee, by transfer to an account denominated in the relevant currency specified by the payee. Payments will, without prejudice to the provisions of Condition 8, be subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment and (ii) any withholding or deduction required pursuant to the FATCA Withholding Tax Rules.

**9.03** Canadian usury laws

Pursuant to Condition 5.05, a maximum interest rate may be specified in the Final Terms. The Criminal Code (Canada) prohibits the receipt of “interest” (as such term is broadly defined therein) at a “criminal

rate” (namely, an effective annual rate of interest that exceeds 60 percent until Section 610 of Bill C-47 comes into force, and thereafter, an annual percentage rate that exceeds 35 percent). Accordingly, the provisions for the payment of interest or a redemption amount in excess of the aggregate principal amount of the Covered Bonds may not be enforceable if the provision provides for the payment of “interest” in excess of the prescribed rate, currently being an effective annual rate of interest of 60 percent and after Section 610 of Bill C-47 comes into force, an annual percentage rate that exceeds 35 percent and such provision for payment is not otherwise grandfathered under the applicable legislative provision.

**9.04** For the purposes of these Terms and Conditions:

- (a) **“Clearing System Business Day”** is defined in Condition 9.01;
- (b) **“local banking day”** means a day (other than a Saturday or Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in the place of presentation of the relevant Covered Bond; and
- (c) **“Payment Day”** means (a) in the case of a Registered Global Covered Bond, a Clearing System Business Day (b) in the case of any currency other than Euro, a day on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) and foreign exchange markets settle payments in the Financial Centre(s) specified in the Final Terms, (c) if T2 is specified in the Final Terms as a Financial Centre, a T2 Business Day, or (d) in the case of payment in Euro, a day which is a T2 Business Day and a day on which commercial banks and foreign exchange markets are open for general business (including dealings in foreign exchange and foreign currency deposits) in the Financial Centre(s) specified in the Final Terms.

**9.05** No commissions or expenses shall be charged to the Holders of Covered Bonds in respect of such payments.

## **10. Prescription**

**10.01** Subject to applicable law, the Issuer’s obligation to pay an amount of principal and interest in respect of Covered Bonds will cease if the Covered Bonds are not presented within two years after the Relevant Date (as defined in Condition 8.02) for payment thereof.

## **11. The Paying Agents, the Registrar, the Transfer Agent, and the Calculation Agent**

**11.01** The initial Paying Agents, the Registrar and the Transfer Agent and their respective initial specified offices are specified herein. Each of the Issuer and the Guarantor (in respect of itself only) reserves the right, without approval of the Bond Trustee, at any time to vary or terminate the appointment of any Paying Agent (including the Issuing and Paying Agent), any Transfer Agent(s), the Registrar, or the Calculation Agent and to appoint additional or other Paying Agents, Transfer Agents or another Registrar, or Calculation Agent provided that the Issuer and the Guarantor will at all times maintain (i) an Issuing and Paying Agent, (ii) the Registrar, (iii) so long as the Covered Bonds are admitted to the Official List and to trading on Euronext Dublin and/or admitted to listing or trading on any other stock exchange or relevant authority, a Transfer Agent, which may be the Issuing and Paying Agent, each with a specified office in such place as may be required by the rules of Euronext Dublin or such other stock exchange or other relevant authority, and (iv) a Calculation Agent where required by the Terms and Conditions applicable to any Covered Bonds, (in the case of (i), (ii), and (iii) with a specified office located in such place (if any) as may be required by the Terms and Conditions). The Agents, the Registrar and the Calculation Agent reserve the right at any time to change their respective specified offices to some other specified office provided that (i) there will at all times be a Paying Agent in a jurisdiction other than the jurisdiction in which the Issuer is incorporated; and (ii) so long as the Covered Bonds are listed on a stock exchange, there will at all times be an agent having its specified office in such place as may be required by the rules and regulations of such exchange or other relevant authority. Notice of all changes in the identities or specified offices of any Agent, the

Registrar or the Calculation Agent will be given promptly by the Issuer or the Guarantor to the Holders in accordance with Condition 14.

**11.02** The Agents, the Registrar and the Calculation Agent act solely as agents of the Issuer and the Guarantor, and, in certain circumstances of the Bond Trustee, and save as provided in the Agency Agreement or any other agreement entered into with respect to its appointment, do not assume any obligations towards or relationship of agency or trust for any Holder of any Covered Bond and each of them shall only be responsible for the performance of the duties and obligations expressly imposed upon it in the Agency Agreement or other agreement entered into with respect to its appointment or incidental thereto.

**11.03** Notwithstanding the foregoing, the Issuing and Paying Agent, on behalf of itself and the other Paying Agents, shall have the right to decline to act as the Paying Agent with respect of any Covered Bonds issued pursuant to the Programme that are payable and/or dischargeable by the Issuer by the payment or delivery of securities and/or other property or any combination of cash, securities and/or property whereupon the Issuer or an affiliate thereof shall either (i) act as Paying Agent or (ii) engage another financial institution to act as Paying Agent in respect of such Covered Bonds. The Final Terms relating to such Covered Bonds shall include the relevant details regarding the applicable Paying Agent.

## **12. Replacement of Covered Bonds**

If any Covered Bond is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Registrar or any Transfer Agent (the "**Replacement Agent**"), subject to all applicable laws and the requirements of any stock exchange on which the Covered Bonds are listed, upon payment by the claimant of all expenses incurred in connection with such replacement and upon such terms as to evidence, security, indemnity and otherwise as the Issuer and the Replacement Agent may require. Mutilated or defaced Covered Bonds must be surrendered before replacements will be delivered therefor.

## **13. Meetings of Holders of the Covered Bonds, Modification and Waiver**

### **13.01 Meetings of Holders of the Covered Bonds**

The Trust Deed contains provisions for convening meetings of the holders of the Covered Bonds (including at a physical location or by means of an electronic platform (such as a conference call or videoconference) or a combination thereof) to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Terms and Conditions or the provisions of the Trust Deed. The quorum at any such meeting in respect of any Covered Bonds of any Series for passing an Extraordinary Resolution is one or more persons holding or representing not less than a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned meeting one or more persons being or representing holders of the Covered Bonds whatever the nominal amount of the Covered Bonds of such Series so held or represented, except that at any meeting the business of which includes the modification of any Series Reserved Matter (as defined below), the quorum shall be one or more persons holding or representing not less than two-thirds of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding, or at any adjourned such meeting one or more persons holding or representing not less than one third of the aggregate Principal Amount Outstanding of the Covered Bonds of such Series for the time being outstanding. An Extraordinary Resolution passed at any meeting of the holders of the Covered Bonds of a Series shall, subject as provided below, be binding on all the holders of the Covered Bonds of such Series, whether or not they are present at the meeting and, signed a written resolution in respect of such Series of Covered Bonds. Pursuant to the Trust Deed, the Bond Trustee may convene a single meeting of the holders of Covered Bonds of more than one Series if in the opinion of the Bond Trustee there is no conflict between the holders of such Covered Bonds, in which event the provisions of this paragraph shall apply thereto mutatis mutandis.

Notwithstanding the provisions of the immediately preceding paragraph, any Extraordinary Resolution to direct the Bond Trustee to accelerate the Covered Bonds pursuant to Condition 7 or to direct the Bond Trustee to take any enforcement action (a "**Programme Resolution**") shall only be capable of being passed

at a single meeting of the holders of the Covered Bonds of all Series then outstanding. Any such meeting to consider a Programme Resolution may be convened by the Issuer, the Guarantor or the Bond Trustee or by holders of the Covered Bonds of any Series. The quorum at any such meeting for passing a Programme Resolution is one or more persons holding or representing at least a clear majority of the aggregate Principal Amount Outstanding of the Covered Bonds of all Series for the time being outstanding or at any adjourned such meeting one or more persons holding or representing Covered Bonds whatever the nominal amount of the Covered Bonds of any Series so held or represented. A Programme Resolution passed at any meeting of the holders of the Covered Bonds of all Series shall be binding on all holders of the Covered Bonds of all Series, whether or not they are present at the meeting.

In connection with any meeting of the holders of Covered Bonds of more than one Series the Covered Bonds of any Series not denominated in CAD shall be converted into CAD at the applicable Covered Bond Swap Rate.

### 13.02 Modification and Waiver

The Bond Trustee, the Guarantor and the Issuer may also agree, without the consent of the holders of the Covered Bonds of any Series and without the consent of the other Secured Creditors (and for this purpose the Bond Trustee may disregard whether any such modification relates to a Series Reserved Matter), to:

- (a) any modification of the Covered Bonds of one or more Series or any Transaction Document provided that in the opinion of the Bond Trustee such modification is not materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series; or
- (b) any modification of the Covered Bonds of any one or more Series or any Transaction Document which is of a formal, minor or technical nature or is in the opinion of the Bond Trustee made to correct a manifest error or to comply with mandatory provisions of law; or
- (c) any modification (other than in respect of a Series Reserved Matter, provided that a Base Rate Modification (as defined below) will not constitute a Series Reserved Matter) to the Conditions and/or any Transaction Document (including, for the avoidance of doubt but without limitation, the Covered Bond Swap Agreement in relation to the relevant Series of Covered Bonds and subject to the consent only of the Secured Creditors (i) party to the relevant Transaction Document being amended or (ii) whose ranking in any Priorities of Payments is affected) that the Issuer considers necessary for the purpose of changing the base rate in respect of the Covered Bonds from a Reference Rate to an alternative base rate (any such rate, an “**Alternative Base Rate**”) and making such other amendments as are necessary or advisable in the reasonable judgment of the Issuer to facilitate such change (a “**Base Rate Modification**”), provided that:
  - (i) the Issuer certifies to the Bond Trustee in writing (such certificate, a “**Base Rate Modification Certificate**”) that:
    - (1) such Base Rate Modification is being undertaken due to:
      - (I) a material disruption to the relevant Reference Rate, an adverse change in the methodology of calculating the relevant Reference Rate or the relevant Reference Rate ceasing to exist or be published;
      - (II) the insolvency or cessation of business of the administrator of the Reference Rate (in circumstances where no successor administrator has been appointed);
      - (III) a public statement by the administrator of the relevant Reference Rate that it will cease publishing such Reference Rate permanently or

indefinitely (in circumstances where no successor administrator for the Reference Rate has been appointed that will continue publication of the relevant Reference Rate) and such cessation is reasonably expected by the Issuer to occur prior to the Final Maturity Date or the Extended Due for Payment Date, as applicable;

(IV) a public statement by the supervisor of the administrator of the relevant Reference Rate that such Reference Rate has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner and such cessation is reasonably expected by the Issuer to occur prior to the Final Maturity Date or the Extended Due for Payment Date, as applicable;

(V) a public statement by the supervisor of the administrator of the relevant Reference Rate that means such Reference Rate may no longer be used or that its use is or will be subject to restrictions or adverse consequences;

(VI) an official announcement by the supervisor of the administrator of the original Reference Rate that the original Reference Rate is no longer representative of its relevant underlying market;

(VII) it has become unlawful for any Paying Agent, the Calculation Agent or the Issuer to calculate any payments due to be made to any holders of the Covered Bonds of any Series using the relevant Reference Rate; or

(VIII) the reasonable expectation of the Issuer that any of the events specified in sub-paragraphs (I), (II), (III), (IV), (V), (VI) or (VII) above will occur or exist within six months of the proposed effective date of such Base Rate Modification,

(2) the modifications proposed are required solely for the purpose of applying the Alternative Base Rate and making consequential modifications to the Conditions and/or any Transaction Document which are, as reasonably determined by the Issuer as necessary or advisable in its reasonable judgment, and the modifications have been drafted solely to such effect; and

(3) the consent of each Secured Creditor (x) which is party to the relevant Transaction Document being amended, or (y) whose ranking in any Priorities of Payments is affected has been obtained (evidence of which shall be provided by the Issuer to the Bond Trustee with the Base Rate Modification Certificate) and, subject to Condition 13.02(c)(i)(vi), no other consents are required to be obtained in relation to the Base Rate Modification; and

(ii) such Alternative Base Rate is:

(1) a base rate published, endorsed, approved or recognised by the European Commission or the European Central Bank, any regulator in the European Union or any stock exchange on which the Covered Bonds are listed, any Relevant Nominating Body for the Specified Currency to which the Reference Rate relates (or any relevant committee or other body established, sponsored or approved by any of the foregoing); or

(2) a base rate utilised in a material number of publicly-listed, publicly-offered or benchmark new issues of floating rate covered bonds or floating rate senior unsecured notes prior to the effective date of such Base Rate Modification (for these purposes, five such issues shall be considered material); or

(3) a base rate utilised in a publicly-listed, publicly-offered or benchmark new issue of floating rate covered bonds where the issuer (or, in the case of asset backed securities, the originator of the relevant assets) is the Issuer or a Subsidiary of the Issuer,

- (iii) at least 30 days' prior written notice of any Base Rate Modification has been given to the Bond Trustee;
- (iv) the Base Rate Modification Certificate is provided to the Bond Trustee at the time the Bond Trustee is notified of the Base Rate Modification and on the effective date of such Base Rate Modification;
- (v) with respect to each Rating Agency, the Rating Agency Condition (as specified in Condition 20) has been satisfied;
- (vi) the Issuer pays (or arranges for the payment of) all fees, costs and expenses (including legal fees) properly incurred by the Bond Trustee in connection with such Base Rate Modification; and
- (vii) the Issuer has provided at least 30 days' notice to the Covered Bondholders of the relevant Series of Covered Bonds of the Base Rate Modification in accordance with Condition 14 and by publication on Bloomberg on the "Company News" screen relating to the Covered Bonds (in each case specifying the date and time by which Covered Bondholders must respond), and Covered Bondholders representing at least 10 percent of the aggregate Principal Amount Outstanding of the relevant Series of Covered Bonds then outstanding have not notified the Issuer or the Issuing and Paying Agent in accordance with the then current practice of any applicable Clearing System through which such Covered Bonds may be held by the time specified in such notice that such Covered Bondholders do not consent to the Base Rate Modification.

If Covered Bondholders representing at least 10 percent of the aggregate Principal Amount Outstanding of the relevant Series of Covered Bonds then outstanding have notified the Issuer or the Issuing and Paying Agent in accordance with the then current practice of any applicable Clearing System through which the Covered Bonds may be held or in the manner specified in the next following paragraph of this Condition 13.02 where there is no applicable Clearing System by the time specified in such notice that such Covered Bondholders do not consent to the Base Rate Modification, then the Base Rate Modification will not be made unless an Extraordinary Resolution of the Covered Bondholders of the relevant Series then outstanding is passed in favour of the Base Rate Modification in accordance with Condition 13.01 and the Trust Deed.

Where there is no applicable Clearing System, Covered Bondholders may object in writing to a Base Rate Modification by notifying the Issuer or the Issuing and Paying Agent but any such objection in writing must be accompanied by evidence to the Bond Trustee's satisfaction (having regard to prevailing market practices) of the relevant Covered Bondholder's holding of the Covered Bonds.

With respect to the above-referenced modifications, the Issuer, may determine (acting in good faith and a commercially reasonable manner), or may, in its sole discretion appoint an Independent Financial Adviser to assist in determining, the Alternative Base Rate, as soon as reasonably practicable, following the satisfaction of the requirements of this Condition 13.02(c).

An Independent Financial Adviser appointed pursuant to this Condition 13.02(c) shall act in good faith and a commercially reasonable manner (in the absence of bad faith or fraud) shall have no liability whatsoever to the Issuer, Issuing and Paying Agent and/or the Covered Bondholders, for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 13.02(c).

- (d) When implementing any modification pursuant to Condition 13.02(c):
- (i) the Bond Trustee shall not consider the interests of the Covered Bondholders, any other Secured Creditor or any other person and shall act and rely solely and without investigation or liability on any direction of the Issuer relating to any Base Rate Modification Certificate or other certificate or evidence provided to it by the Issuer and shall not be liable to the Covered Bondholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
  - (ii) the Bond Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Bond Trustee, would have the effect of (i) exposing the Bond Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights, powers, authorisations, discretions, indemnification or protections, of the Bond Trustee in the Transaction Documents and/or these Conditions.

The Bond Trustee may also agree, without the consent of the holders of the Covered Bonds of any Series, to the waiver or authorization of any breach or proposed breach of any of the provisions of the Covered Bonds of any Series, or determine, without any such consent as described above, that any Issuer Event of Default or Guarantor Event of Default or Potential Issuer Event of Default or Potential Guarantor Event of Default shall not be treated as such, provided that, in any such case, it is not, in the opinion of the Bond Trustee, materially prejudicial to the interests of any of the holders of the Covered Bonds of any Series.

Any such modification, waiver, authorization or determination shall be binding on all holders of the Covered Bonds of all Series of Covered Bonds for the time being outstanding and the other Secured Creditors, and unless the Bond Trustee otherwise agrees, any such modification shall be notified by the Issuer to the holders of the Covered Bonds of all Series of Covered Bonds for the time being outstanding and the other Secured Creditors in accordance with the relevant terms and conditions as soon as practicable thereafter.

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver, authorization or determination), the Bond Trustee shall have regard to the general interests of the holders of the Covered Bonds of each Series as a class (but shall not have regard to any interests arising from circumstances particular to individual holders of the Covered Bonds whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual holders of the Covered Bonds (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political subdivision thereof and the Bond Trustee shall not be entitled to require, nor shall any holder of the Covered Bonds be entitled to claim, from the Issuer, the Guarantor, the Bond Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual holders of the Covered Bonds, except to the extent

already provided for in Condition 8 and/or in any undertaking or covenant given in addition to, or in substitution for, Condition 8 pursuant to the Trust Deed.

For the purposes of these Terms and Conditions:

**“Potential Issuer Event of Default”** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute an Issuer Event of Default;

**“Potential Guarantor Event of Default”** means any condition, event or act which, with the lapse of time and/or the issue, making or giving of any notice, certification, declaration, demand, determination and/or request and/or the taking of any similar action and/or the fulfilment of any similar condition, would constitute a Guarantor Event of Default; and

**“Series Reserved Matter”** in relation to Covered Bonds of a Series means (other than, for the avoidance of doubt, a Base Rate Modification): (i) reduction or cancellation of the amount payable or, where applicable, modification of the method of calculating the amount payable or modification of the date of payment or, where applicable, modification of the method of calculating the date of payment in respect of any principal or interest in respect of the Covered Bonds; (ii) alteration of the currency in which payments under the Covered Bonds are to be made; (iii) alteration of the majority required to pass an Extraordinary Resolution; (iv) any amendment to the Covered Bond Guarantee or the Security Agreement (except in a manner determined by the Bond Trustee not to be materially prejudicial to the interests of the holders of the Covered Bonds of any Series); (v) except in accordance with Condition 13, the sanctioning of any such scheme or proposal for the exchange or sale of the Covered Bonds for or the conversion of the Covered Bonds into, or the cancellation of the Covered Bonds in consideration of, shares, stock, covered bonds, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, bonds, covered bonds, debentures, debenture stock and/or other obligations and/or securities as described above and partly for or into or in consideration of cash and for the appointment of some person with power on behalf of the holders of the Covered Bonds to execute an instrument of transfer of the Registered Covered Bonds held by them in favour of the persons with or to whom the Covered Bonds are to be exchanged or sold respectively; and (vi) alteration of specific sections of the Trust Deed relating to the quorum and procedure required for meetings of holders of Covered Bonds.

## **14. Notices**

### ***To Holders of Registered Definitive Covered Bonds***

**14.01** Notices to Holders of Registered Definitive Covered Bonds, save where another means of effective communication has been specified herein, will be deemed to be validly given if sent by first class mail (or equivalent) or, if posted to an overseas address, by air mail to them (or, in the case of joint Holders, to the first-named in the register kept by the Registrar) at their respective addresses as recorded in the register kept by the Registrar, and will be deemed to have been validly given on the fourth weekday after the date of such mailing or, if posted from another country, on the fifth such day. The Issuer shall also ensure that notices are duly published in compliance with the requirements of each stock exchange or any other relevant authority on which the Covered Bonds are listed.

### ***To Issuer***

**14.02** Notices to be given by any holder of Covered Bonds to the Issuer shall be in writing and given by lodging the same, together with the relevant Covered Bond or Covered Bonds, with the Issuing and Paying Agent or the Registrar, as the case may be. While any of the Covered Bonds are represented by a Global Covered Bond, such notice may be given by any accountholder to the Issuing and Paying Agent through

Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as Euroclear and Clearstream, Luxembourg may approve for this purpose.

### ***To Holders of Registered Global Covered Bonds***

**14.03** So long as the Covered Bonds are represented in their entirety by any Registered Global Covered Bonds held on behalf of Euroclear and Clearstream, Luxembourg, there may be substituted for publication in accordance with Condition 14.01, the delivery of the relevant notice to Euroclear and Clearstream, Luxembourg, for communication by them to the holders of the Covered Bonds. In addition, for so long as any Covered Bonds are listed on a stock exchange or admitted to listing by any other relevant authority and the rules of the stock exchange, or as the case may be, other relevant authority so require, such notice will also be published in a manner which complies with the rules and regulations of that stock exchange, as the case may be, or any other relevant authority. Any such notice shall be deemed to have been given to the holders of the Covered Bonds on the day on which the said notice was given to Euroclear and Clearstream, Luxembourg.

### **15. Further Issues**

The Issuer may from time to time, without the consent of the Holders of any Covered Bonds, create and issue further Covered Bonds so as to form a single series with the Covered Bonds of any particular Series. Each Series may comprise one or more Tranches issued on different issue dates. The Covered Bonds of each Series will all be subject to identical terms, except that (i) the issue date, issue price, first interest payment date and the amount of the first payment of interest may be different in respect of different Tranches and (ii) a Series may comprise Covered Bonds in more than one denomination.

### **16. Currency Indemnity**

The currency in which the Covered Bonds are denominated or, if different, payable, as specified in the Final Terms (the “**Contractual Currency**”), is the sole currency of account and payment for all sums payable by the Issuer in respect of the Covered Bonds, including damages. Any amount received or recovered in a currency other than the Contractual Currency (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction or otherwise) by any Holder of a Covered Bond in respect of any sum expressed to be due to it from the Issuer shall only constitute a discharge to the Issuer to the extent of the amount in the Contractual Currency which such Holder is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first day on which it is practicable to do so). If that amount is less than the amount in the Contractual Currency expressed to be due to any Holder of a Covered Bond in respect of such Covered Bond, the Issuer shall indemnify such Holder against any loss sustained by such Holder as a result. In any event, the Issuer shall indemnify each such Holder against any cost of making such purchase which is reasonably incurred. These indemnities constitute a separate and independent obligation from the Issuer’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Holder of a Covered Bond and shall continue in full force and effect despite any judgment, order, claim or proof for a liquidated amount in respect of any sum due in respect of the Covered Bonds or any judgment or order. Any such loss shall be deemed to constitute a loss suffered by the relevant Holder of a Covered Bond and no proof or evidence of any actual loss will be required by the Issuer.

### **17. Waiver and Remedies**

No failure to exercise, and no delay in exercising, on the part of the Holder of any Covered Bond, any right hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or future exercise thereof or the exercise of any other right. Rights hereunder shall be in addition to all other rights provided by law. No notice or demand given in any case shall constitute a waiver of rights to take other action in the same, similar or other instances without such notice or demand.

## **18. Branch of Account**

**18.01** For the purposes of the Bank Act, the branch of the Bank set out in a Covered Bond or the related Final Terms shall be the branch of account (the “**Branch of Account**”) for the deposits evidenced by such Covered Bond.

**18.02** Each Covered Bond will be paid without the necessity of first being presented for payment at the Branch of Account.

## **19. Substitution**

Subject as provided in the Trust Deed, the Bond Trustee, if it is satisfied that to do so would not be materially prejudicial to the interests of the holders of the Covered Bonds, may agree, without the consent of the holders of the Covered Bonds, to the substitution of a Subsidiary of the Issuer in place of the Issuer as principal debtor under the Covered Bonds and the Trust Deed, provided that the obligations of such Subsidiary in respect of the Covered Bonds and the Trust Deed shall be guaranteed by the Issuer in such form as the Bond Trustee may require.

Any substitution pursuant to this Condition 19 shall be binding on the holders of the Covered Bonds, and, unless the Bond Trustee agrees otherwise, shall be notified to the holders of the Covered Bonds as soon as practicable thereafter in accordance with Condition 14.

It shall be a condition of any substitution pursuant to this Condition 19 that (i) the Covered Bond Guarantee shall remain in place or be modified to apply mutatis mutandis and continue in full force and effect in relation to any Subsidiary of the Issuer which is proposed to be substituted for the Issuer as principal debtor under the Covered Bonds and the Trust Deed; and (ii) any Subsidiary of the Issuer which is proposed to be substituted for the Issuer is included in the Registry as a registered issuer and that all other provisions of the Covered Bond Legislative Framework and the CMHC Guide are satisfied prior to the substitution of the Issuer.

## **20. Rating Agency Condition**

**20.01** By subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that a credit rating of a Series of Covered Bonds by the Rating Agencies is an assessment of credit risk and does not address other matters that may be of relevance to holders of Covered Bonds, including, without limitation, in the case of a confirmation by each Rating Agency that any action proposed to be taken by the Issuer, the Guarantor, the Seller, the Servicer, the Cash Manager, the Bond Trustee or any other party to a Transaction Document will not result in a reduction or withdrawal of the rating of the Covered Bonds in effect immediately before the taking of such action (a “**Rating Agency Condition**”), whether such action is either (i) permitted by the terms of the relevant Transaction Document or (ii) in the best interests of, or not prejudicial to, some or all of the holders of Covered Bonds.

**20.02** In being entitled to have regard to the fact that a Rating Agency has confirmed that the then current rating of the relevant Series of Covered Bonds would not be reduced or withdrawn, each of the Issuer, the Guarantor, the Bond Trustee, and the Secured Creditors (including the Holders of Covered Bonds) is deemed to have acknowledged and agreed that confirmation of the satisfaction of the Rating Agency Condition does not impose or extend any actual or contingent liability on the Rating Agencies to the Issuer, the Guarantor, the Bond Trustee, the Secured Creditors (including the Holders of Covered Bonds) or any other person or create any legal relations between the Rating Agencies and the Issuer, the Guarantor, the Bond Trustee, the Secured Creditors (including the Holders of Covered Bonds) or any other person whether by way of contract or otherwise.

**20.03** By subscribing for or purchasing Covered Bond(s), each holder of Covered Bonds shall be deemed to have acknowledged and agreed that:

- (a) a confirmation of the satisfaction of the Rating Agency Condition may or may not be given at the sole discretion of each Rating Agency;
- (b) depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot confirm the satisfaction of the Rating Agency Condition in the time available, or at all, and the Rating Agency shall not be responsible for the consequences thereof;
- (c) a confirmation of the satisfaction of the Rating Agency Condition, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time, and in the context of cumulative changes to the transaction of which the Covered Bonds forms a part; and
- (d) a confirmation of the satisfaction of the Rating Agency Condition represents only a restatement of the opinions given, and shall not be construed as advice for the benefit of any holder of Covered Bonds or any other party.

**20.04** If a confirmation of the satisfaction of the Rating Agency Condition or some other response by a Rating Agency is a condition to any action or step or is otherwise required under any Transaction Document and a written request for such confirmation of the satisfaction of the Rating Agency Condition or response is delivered to that Rating Agency by any of the Issuer, the Guarantor and/or the Bond Trustee, as applicable (each a "**Requesting Party**"), and either (i) the Rating Agency indicates that it does not consider such confirmation or response necessary in the circumstances or (ii) within 10 Business Days of actual receipt of such request by the Rating Agency, such request elicits no confirmation or response and/or such request elicits no statement by the Rating Agency that such confirmation or response could not be given, the Requesting Party will be entitled to disregard the requirement for satisfaction of the Rating Agency Condition or affirmation of rating or other response by the Rating Agency and proceed on the basis that such confirmation or affirmation of rating or other response by the Rating Agency is not required in the particular circumstances of the request. The failure by a Rating Agency to respond to a written request for a confirmation or affirmation shall not be interpreted to mean that such Rating Agency has given any deemed confirmation of the satisfaction of the Rating Agency Condition or affirmation of rating or other response in respect of such action or step.

## **21. Indemnification of Bond Trustee and Bond Trustee contracting with the Issuer and/or the Guarantor**

If, in connection with the exercise of its powers, trusts, authorities or discretions the Bond Trustee is of the opinion that the interests of the holders of the Covered Bonds of any one or more Series would be materially prejudiced thereby, the Bond Trustee shall not exercise such power, trust, authority or discretion without the approval by Extraordinary Resolution of such holders of the relevant Series of Covered Bonds then outstanding or by a direction in writing of such holders of the Covered Bonds of at least 25 percent of the Principal Amount Outstanding of Covered Bonds of the relevant Series then outstanding.

The Trust Deed and the Security Agreement contain provisions for the indemnification of the Bond Trustee and for relief from responsibility, including provisions relieving the Bond Trustee from taking any action unless indemnified and/or secured to the satisfaction of the Bond Trustee.

The Trust Deed and the Security Agreement also contain provisions pursuant to which the Bond Trustee is entitled, among other things: (i) to enter into business transactions with the Issuer, the Guarantor and/or any of their respective Subsidiaries and affiliates and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer, the Guarantor and/or any of their respective Subsidiaries and affiliates; (ii) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the holders of the Covered Bonds or the other Secured Creditors; and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

The Bond Trustee will not be responsible for any loss, expense or liability, which may be suffered as a result of any Portfolio Assets, or any deeds or documents of title thereto, being uninsured or inadequately insured or being held by clearing organizations or their operators or by intermediaries such as banks, brokers or other similar persons on behalf of the Bond Trustee. The Bond Trustee will not be responsible for: (i) supervising the performance by the Issuer or any other party to the Transaction Documents of their respective obligations under the Transaction Documents and the Bond Trustee will be entitled to assume, until it has written notice to the contrary, that all such persons are properly performing their duties; (ii) considering the basis on which approvals or consents are granted by the Issuer or any other party to the Transaction Documents under the Transaction Documents; (iii) monitoring the Covered Bond Portfolio, including, without limitation, whether the Covered Bond Portfolio is in compliance with the Asset Coverage Test and/or the Amortization Test; or (iv) monitoring whether the Portfolio Assets satisfy the Eligibility Criteria. The Bond Trustee will not be liable to any holder of the Covered Bonds or other Secured Creditor for any failure to make or to cause to be made on their behalf the searches, investigations and enquiries which would normally be made by reasonable and prudent institutional mortgage lenders in the Seller's market in relation to the Security and have no responsibility in relation to the legality, validity, sufficiency and enforceability of the Security and the Transaction Documents.

## **22. Law and Jurisdiction**

The Trust Deed, the Agency Agreement, the Covered Bonds and the other Transaction Documents, other than as specified therein, are governed by and shall be construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

### **EXPENSES**

Expenses related to the issue and distribution of each Tranche of Covered Bonds will be paid as agreed in the Dealership Agreement.

### **USE OF PROCEEDS**

Except as otherwise set out in the applicable Final Terms, the net proceeds of the issue of each Tranche of Covered Bonds will be added to the general funds of the Issuer.

**[NOTIFICATION UNDER SECTION 309B(1)(C) OF THE SECURITIES AND FUTURES ACT (2001) OF SINGAPORE, AS MODIFIED OR AMENDED FROM TIME TO TIME (the “SFA”) –** In connection with Section 309B of the SFA and the Securities and Futures (Capital Markets Products) Regulations 2018 (the “**CMP Regulations 2018**”), the Issuer has determined the classification of the Covered Bonds to be prescribed capital markets products (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in the Singapore Monetary Authority (the “**MAS**”) Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]<sup>1</sup>

**[MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET -** Solely for the purposes of [each/the] manufacturer’s product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered Bonds is eligible counterparties and professional clients only, each as defined in [MiFID II] [Directive 2014/65/EU (as amended, “**MiFID II**”)]; and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

**[UK MIFIR PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET –** Solely for the purposes of [each/the] manufacturer’s product approval process, the target market assessment in respect of the Covered Bonds has led to the conclusion that: (i) the target market for the Covered bonds is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (“**COBS**”), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**UK MiFIR**”); and (ii) all channels for distribution of the Covered Bonds to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Covered Bonds (a “**UK distributor**”) should take into consideration the UK manufacturer[’s/s’] target market assessment; however, a UK distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Covered Bonds (by either adopting or refining the UK manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

As at the date of this Base Prospectus, there are no potential conflicts of interests between any duties owed to the Issuer by the directors and the private interests and/or external duties owed by these individuals.

### **Business**

The Issuer serves retail and commercial customers across Canada with a range of savings solutions and lending products, offered under the Equitable Bank and EQ Bank brands. With total assets under management of approximately \$108 billion as at 30 June 2023, the Bank is the seventh largest independent Schedule I Bank in Canada] by assets and employs nearly 1,700 employees across Canada.

As a federally-regulated deposit-taking institution, and member of the Canada Deposit Insurance Corporation, the Bank offers secure deposit products to savers in all Canadian jurisdictions. The Bank offers savers Guaranteed Investment Certificates (“**GICs**”) and High Interest Savings Accounts that provide security and competitive interest rates. These deposits fund the Bank’s unsecuritized mortgage lending and liquid asset portfolios, and over the long term have served as a reliable source of funding and asset-liability matching. The majority of the deposits are sourced through a national distribution network of independent deposit agents, investment dealers, and financial planners. These agents are members of the Investment Industry Regulatory Organization of Canada, the Mutual Fund Dealer’s Association, or the Registered Deposit Brokers Association. Equitable Bank also offers select deposit products directly to Canadian savers through its digital banking platform, EQ Bank. EQ Bank offers deposit products with an everyday high interest rate, convenient features and great digital experience to more than 350,000 Canadians as at 30 June 2023.

Currently, Equitable Bank provides mortgage loans to a wide range of retail and commercial customers that include business-for-self individuals, newcomers to Canada, small and large commercial entities, and real estate investors. The Bank’s retail lending operations consist of alternative single-family lending (which include home equity lines of credit), and prime (insured) single-family residential lending as well as reverse mortgages. The Bank’s commercial lending business consists of conventional commercial, insured multi-unit residential, specialized financing and equipment leasing assets. The Bank intends to continue to grow these businesses through its extensive broker network and combining prudent lending with class-leading service.

Currently, EQ Bank offers GICs and the Savings Plus Account to its customers as well as both registered accounts (registered retirement savings plans and tax-free savings accounts). The Bank intends to expand the range of products and services offered directly to customers through EQ Bank in future years, while continuing to grow its strong commitment to its broker partners. Equitable Bank’s wholly-owned subsidiary, Equitable Trust, currently offers deposit solutions to Canadians through a network of independent deposit agents, dealers and planners and is also a member of Canada Deposit Insurance Corporation.

The Issuer originates residential loans in both the prime and Canadian alternative mortgage markets. In the Canadian alternative mortgage market, the Issuer originates loans by lending to self-employed and other Canadians that have been determined to meet the Issuer’s underwriting standards, including based on capacity and character to reliably pay their mortgages, but these borrowers may not meet the strict credit

criteria of the major Canadian banks. Alternative lending is an important line of business for the Issuer. The prime business generates a strong return on capital, but is less important to the overall profitability of the Issuer than the alternative business.

### **Major Shareholders**

The Issuer is a Canadian federally-regulated bank and the rights of EQB Inc., as the parent company of the Issuer, are restricted in accordance with the provisions of the Bank Act.

### **Material Contracts**

Neither the Bank nor the Guarantor has entered into any contracts outside the ordinary course of the Bank's business that could materially affect the Bank's obligations in respect of any Covered Bonds to be issued by the Bank pursuant to this Base Prospectus other than, with respect to any Covered Bonds, the contracts described in "*Subscription and Sale and Selling Restrictions*", "*Terms and Conditions of the Covered Bonds*" and "*Summary of the Principal Documents*".

### **Ratings**

As at the date of this Base Prospectus, the Issuer has been assigned the following long-term credit ratings in respect of its senior unsecured debt:

- BBB- by Fitch Ratings, Inc.; and
- BBB (high) by DBRS Limited.

As at the date of this Base Prospectus, the Issuer has been assigned the following short-term credit ratings:

- F3 by Fitch Ratings, Inc.; and
- R-1 (low) by DBRS Limited.

Each of Fitch and DBRS is established outside of the EU and the UK but its respective credit rating agency affiliate is either established in the EU or the UK and, in each case, (i) is registered under the applicable CRA Regulation; and (ii) is permitted to endorse the credit ratings of Fitch or DBRS, as applicable, issued in specified third countries, including Canada, for use in the EU or the UK, as applicable, by relevant market participants.

In accordance with Article 4.1 of the EU CRA Regulation, please note that the following document (as defined in the section entitled "*Documents Incorporated by Reference*") incorporated by reference in this Base Prospectus contains references to credit ratings from the same rating agencies: the 2022 Annual Information Form (page 10).

Credit ratings are not a recommendation to buy, sell or hold a financial obligation inasmuch as they do not comment on market price or suitability for a particular investor. Ratings are subject to revision or withdrawal at any time by the rating organization.

## **PRESENTATION OF FINANCIAL RESULTS**

## **EQB COVERED BOND (LEGISLATIVE) GUARANTOR LIMITED PARTNERSHIP**

### **General**

EQB Covered Bond (Legislative) Guarantor Limited Partnership (the “**Guarantor**”) is a limited partnership formed on 9 February 2021 and existing under the *Limited Partnerships Act* (Ontario). The registered office of the Guarantor is 30 St. Clair Avenue West, Suite 700, Toronto, Ontario Canada M4V 3A1 and the telephone contact number is 1-416-515-7000. The Guarantor is governed by the Guarantor Agreement (see “*Summary of the Principal Documents – Guarantor Agreement*”).

### **Description of Limited Partnership**

Pursuant to the terms of the *Limited Partnerships Act* (Ontario), a limited partner in a limited partnership is liable for the liabilities, debts and obligations of the partnership, but only to the extent of the amount contributed by it or agreed to be contributed by it to the partnership, unless, in addition to exercising rights and powers as a limited partner, the limited partner takes part in the control of the business of the partnership. Subject to applicable law, limited partners will otherwise have no liability in respect of the liabilities, debts and obligations of the partnership. Each general partner will have unlimited liability for an obligation of the partnership unless the holder of such obligation agrees otherwise.

### **Business of the Guarantor**

The Guarantor is a structured entity whose primary purpose and sole business is to support the Programme by providing the Covered Bond Guarantee and the sole business of the Guarantor shall be related thereto by: (a) entering into the Trust Deed, giving the Covered Bond Guarantee; (b) entering into the Intercompany Loan Agreement and accepting Capital Contributions from the Partners to fund the collateralization of the Covered Bond Guarantee; (c) using the proceeds from the Intercompany Loan and Capital Contributions (i) to purchase the Covered Bond Portfolio consisting of Loans and their Related Security from the Seller in accordance with the terms of the Mortgage Sale Agreement and additional Covered Bond Portfolios of New Loans and their Related Security pursuant to the terms of the Mortgage Sale Agreement to collateralize the Covered Bond Guarantee; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit (under the CMHC Guide); and/or (iii) subject to complying with the Asset Coverage Test (as described below) to from time to time make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including to fund the Reserve Fund (to an amount not exceeding the prescribed limit) and the Pre-Maturity Liquidity Ledger, if applicable (to an amount not exceeding the prescribed limit)); (d) arranging for the servicing of the Covered Bond Portfolio by the Servicer; (e) entering into the Security Agreement; (f) entering into the other Transaction Documents to which it is a party; and (g) performing its obligations thereunder and in respect thereof and doing all things incidental or ancillary thereto.

The Guarantor has not, since its formation, engaged in, and will not, while there are Covered Bonds outstanding, engage in any material activities other than activities relating to the business of the Guarantor described above and/or incidental or ancillary thereto. The Guarantor and its general partners are not required by applicable Canadian law (including the *Limited Partnerships Act* (Ontario)) to publish any financial statements.

The Guarantor has no employees.

### **Financial Disclosure and Alternative Performance Measures (APMs)**

In accordance with the laws of the Province of Ontario and the federal laws of Canada, as a limited partnership, the Guarantor is not required to produce financial statements (audited or unaudited). Instead, (unaudited) Investor Reports are prepared by the Cash Manager on a pro forma basis under Section 9.4(a) of the Cash Management Agreement and provide (as at the relevant Calculation Date) information and data in relation to the Covered Bond Portfolio, including the calculation of the Asset Coverage Test, the

Amortization Test, the Valuation Calculation, the OC Valuation, the Intercompany Loan balance and statistical information about the Loans in the Portfolio. Such Investor Reports are, when necessary in accordance with the Prospectus Regulation, incorporated by reference into this Base Prospectus. For the purposes of the European Securities and Markets Authority guidelines on APMs of 5 October 2015 (ESMA Guidelines), such Investor Reports constitute APMs.

The Investor Reports incorporated herein by reference are not derived from the Guarantor's financial statements, since the Guarantor is not required to produce financial statements. Therefore, it is impracticable to provide comparative figures or to have such Investor Reports reconciled to financial statements of the Guarantor. The indexation methodology used for the purposes of preparing Investor Reports (in order to determine indexed valuations for Properties relating to the Loans in the Portfolio) meets the requirements provided for in the CMHC Guide (in this regard, please also refer to the "*Risk Factors*" section of this Base Prospectus and description of the Indexation Methodology set out in each Investor Report that is incorporated by reference herein). Please see "*Overview of the Programme – Covered Bond Portfolio*" and "*Documents Incorporated by Reference*" herein for more information. The Investor Reports and the information included in the Investor Reports are required to be produced to meet the requirements in the CMHC Guide.

### **Partners of the Guarantor**

As of the date of this Base Prospectus, the partners (the "**Partners**") of the Guarantor are:

- EQB Covered Bond (Legislative) GP Inc., as the managing general partner (the "**Managing GP**"), a wholly owned subsidiary corporation of the Bank incorporated on 5 February 2021 under the laws of Canada as a special purpose entity to be the managing general partner of the Guarantor, with its registered office at 30 St. Clair Avenue West, Suite 700, Toronto, Ontario Canada M4V 3A1;
- Equitable Covered Bond (Legislative) LGP Inc., as the liquidation general partner (the "**Liquidation GP**"), a corporation incorporated on 5 February 2021 under the laws of Canada as a special purpose entity to be the liquidation general partner of the Guarantor, with its registered office at 100 University Avenue, 8<sup>th</sup> Floor, Toronto, Ontario, Canada M5J 2Y1; and
- The Bank, as the sole limited partner.

The Capital Contribution Balance of each of the Partners will be recorded in the Capital Account Ledger. As of the date of this Base Prospectus, the Bank holds substantially all of the capital in the Guarantor with the Managing GP and the Liquidation GP each holding a nominal interest in the Guarantor.

Each of the Partners has covenanted in the Guarantor Agreement that, except as provided in the Transaction Documents, it will not sell, transfer, convey, create or permit to arise any security interest on, declare a trust over, create any beneficial interest in or otherwise dispose of its interest in the Guarantor without the prior written consent of the Guarantor and, while there are Covered Bonds outstanding, the Bond Trustee.

### **Directors of the Partners of the Guarantor**

The following table sets out the directors of the Managing GP and the Liquidation GP (and their respective business addresses and occupations). For the directors of the Bank see "*Equitable Bank – Directors*", above.

### ***Directors of the Managing GP***

<b><u>Name</u></b>	<b><u>Business Address</u></b>	<b><u>Business Occupation</u></b>
Chadwick Westlake.....	30 St. Clair Avenue West, Suite 700 Toronto, Ontario Canada M4V 3A1	Senior Vice-President and Chief Financial Officer, Equitable Bank
Michael Mignardi.....	30 St. Clair Avenue West, Suite 700 Toronto, Ontario Canada M4V 3A1	Vice-President and General Counsel, Equitable Bank
Alex Prokoudine.....	30 St. Clair Avenue West, Suite 700 Toronto, Ontario Canada M4V 3A1	Vice-President, Capital Markets, Equitable Bank

Each of the directors of the Managing GP is an officer and/or employee of the Bank.

### ***Directors of the Liquidation GP***

<b><u>Name</u></b>	<b><u>Business Address</u></b>	<b><u>Business Occupation</u></b>
Toni de Luca.....	1500 Robert-Bourassa Blvd., 7th floor, Montréal, Québec H3A 3S8	Senior Vice President, Corporate Trust, Computershare Trust Company of Canada
Scott Markham.....	100 University Ave, 8th Floor Toronto, Ontario M5J 2Y1	General Manager, Corporate Trust, Computershare Trust Company of Canada

Each of the directors of the Liquidation GP is independent of the Bank.

### **Governance of the Guarantor**

Pursuant to the terms of the Guarantor Agreement, the Managing GP manages the business and affairs of the Guarantor, acts on behalf of the Guarantor, makes decisions regarding the business of the Guarantor and has the authority to bind the Guarantor in respect of any such decision. The Managing GP is required to exercise its powers and discharge its duties honestly, in good faith and in the best interests of the Guarantor, and to exercise the care, diligence and skill of a reasonably prudent person in comparable circumstances. The authority and power vested in the Managing GP to manage the business and affairs of the Guarantor includes all authority necessary or incidental to carry out the objects, purposes and business of the Guarantor, including the ability to engage agents to assist the Managing GP to carry out its management obligations and administrative functions in respect of the Guarantor and its business.

Except in certain limited circumstances (described below under “*Withdrawal or Removal of the General Partners*”), the Liquidation GP will not generally take part in managing the affairs and business of the Guarantor. However, the Liquidation GP’s consent will be required for a voluntary wind up or dissolution of the Guarantor.

Each of the Partners has agreed that it will not, for so long as there are Covered Bonds outstanding, terminate or purport to terminate the Guarantor or institute any winding-up, administration, insolvency or other similar proceedings against the Guarantor. Furthermore, the Partners have agreed, among other things, except as specifically otherwise provided in the Transaction Documents, not to demand or receive payment of any amounts payable by the Guarantor (or the Cash Manager on its behalf) or the Bond Trustee unless all amounts then due and payable by the Guarantor to all other creditors ranking higher in the relevant Priorities of Payments have been paid in full.

### **Potential Conflict of Interest**

All of the directors of the Managing GP are officers or employees of the Issuer. As at the date of this Base Prospectus, there are no potential conflicts of interest between the duties owed to the Guarantor by any of the directors of the Managing GP or by any of the directors of the Liquidation GP and their private interests and other duties.

### **Reimbursement of General Partners**

The Guarantor is obliged to reimburse the Managing GP and Liquidation GP for all out-of-pocket costs and expenses incurred on behalf of the Guarantor by the Managing GP or Liquidation GP in the performance of their duties under the Guarantor Agreement.

### **Liability of the Limited Partners of the Guarantor**

The Guarantor operates in a manner so as to ensure, to the greatest extent possible, the limited liability of the limited partner(s). Limited partner(s) may lose their limited liability in certain circumstances. If limited liability is lost by reason of the negligence of the Managing GP or Liquidation GP, as the case may be, in performing its duties and obligations under the Guarantor Agreement, in each case, as determined by a court of competent jurisdiction in a final non-appealable decision, the Managing GP or the Liquidation GP, as applicable, shall indemnify the limited partner(s) against all claims arising from assertions that their respective liabilities are not limited as intended by the Guarantor Agreement. However, since the Managing GP and the Liquidation GP have no significant assets or financial resources, any indemnity from them may have nominal value.

### **Withdrawal or Removal of the General Partners**

The Managing GP or Liquidation GP may resign as managing general partner or liquidation general partner, as the case may be, on not less than 180 days' prior written notice to the Partners and the Bond Trustee, provided that neither the Managing GP nor Liquidation GP will resign if the effect would be to dissolve the Guarantor. In the event that the Liquidation GP resigns as liquidation general partner, the Managing GP shall use its best commercially reasonable efforts to, without delay, find a replacement liquidation general partner acceptable to the limited partner(s) of the Guarantor and the Bond Trustee, to accept the role of liquidation general partner formerly held by the Liquidation GP and acquire a general partner interest in the Guarantor.

In the event the Managing GP resigns, an Issuer Event of Default occurs, or a winding-up or insolvency of the Managing GP occurs, the Managing GP shall forthwith, or in the case of resignation at the expiry of the notice period described above, cease to be the managing general partner of the Guarantor and the Liquidation GP shall assume the role and responsibilities (but not the interest in the Guarantor) of the Managing GP and continue the business of the Guarantor as Managing GP.

If at any time the Liquidation GP becomes the Managing GP pursuant to the foregoing, it may appoint a replacement Managing GP acceptable to the limited partner(s) of the Guarantor and the Bond Trustee to act as Managing GP and acquire a general partner interest in the Guarantor. Following the appointment of the replacement Managing GP pursuant to the foregoing, the replacement Managing GP shall have the powers, duties and responsibilities of the Managing GP of the Guarantor and the Liquidation GP shall resume its role, as it was, prior to assuming the role and responsibility of the Managing GP.

## RETAIL LOAN ORIGINATION AND LENDING CRITERIA

The description of the Bank's Lending Criteria and procedures herein are as of the date of this Base Prospectus. There is no requirement for the Bank to maintain the Lending Criteria or procedures described below and the Bank reserves the right to change its Lending Criteria and procedures at any time (See "*Risk Factors – Factors which are material for the purposes of assessing the risks relating to the Covered Bond Portfolio – Risks resulting from the changes to the Lending Criteria which may result in increased borrower defaults*").

The Bank originates residential loans in the Canadian mortgage market. The Bank provides mortgages to borrowers in the prime insured and Canadian alternative mortgage markets. In the Canadian alternative mortgage market, the Issuer originates loans through the mortgage broker channel, and provides mortgage solutions by lending to self-employed and other Canadians that have been determined to meet the Issuer's underwriting standards, including based on capacity and character to reliably pay their mortgages, but these borrowers may not meet the strict credit criteria of the major Canadian banks.

The Bank Act requires that residential mortgage loans that have an LTV ratio greater than 80 percent at origination be insured against default by a Canadian mortgage insurer, such as CMHC, Sagen MI Canada (formerly Genworth MI Canada Inc.) ("**Sagen**") or Canada Guaranty Mortgage Insurance Company ("**Canada Guaranty**"). In addition, from time to time, the Bank may, subject to certain limitations, obtain insurance against default from a Canadian mortgage insurer on a portfolio of mortgage loans where the portfolio includes mortgage loans with an LTV ratio of 80 percent or less or, for individual mortgage loans that are underwritten, with an LTV ratio of 80 percent or less. Mortgage loans with an LTV ratio that exceeds 80 percent or that are otherwise insured by a Prohibited Insurer are prohibited by the Covered Bond Legislative Framework from forming part of the Covered Bond Portfolio. No such loans with LTV ratio greater than 80 percent or insured mortgage loans form part of the Covered Bond Portfolio.

The Bank is a participant in Canada Mortgage and Housing Corporation's National Housing Act Mortgage-backed Securities and Canada Mortgage Bond programs, which allows it to securitize insured mortgages cost-effectively.

### **Mortgage Origination and Renewal**

The vast majority of the Bank's retail mortgages are originated through its extensive partnerships with Canada's mortgage brokers, financial institutions and other business partners who provide independent professional advice to the Bank's customers.

All mortgage applications derived through these channels are captured electronically and processed using the Bank's internal underwriting system.

Applications can be conditionally approved at this stage subject to meeting further underwriting criteria, declined or referred to the Bank's senior credit decision makers for manual review and an approval or decline decision. Applications are adjudicated regionally and segmented by business line in order to maintain an acceptable level of credit risk selection.

The Bank's retail mortgage lending operations are focused in urban centres across Canada that have diversified employment bases and more liquid real estate markets. The Bank generally avoids lending in cities or towns with an overly high concentration of employment in a single industry. This approach reduces both the probability that its borrowers will default as well as the resulting loss to the Bank in the event that they do.

The Bank's underwriting focuses foremost on a borrower's ability to repay a loan. The average Beacon score of uninsured single family residential borrowers was 714 as at 2022 year-end. 100% of the Bank's single family residential loan portfolio is secured by real property and the Bank is protected from drops in

real property valuations due to the low LTVs at which the Bank lends. The average LTV on the Bank's uninsured residential mortgage portfolio was 65% as at Q4 2022.

All mortgages with a reasonable performance history that have no credit, fraud or anti money laundering concerns are eligible for renewal. Typically, the mortgage loan renewal offers are mailed out several months prior to maturity to borrowers whose existing rates are higher than the renewal rates being offered. Early renewals can be offered up to 3 months prior to maturity without penalty. Subsequent to the mail out of agreements, borrowers are contacted and renewals are negotiated and finalized. At renewal the borrower may pay down the balance by any amount, or change the payment structure (including amount and frequency of payments); however, these changes must not result in the remaining amortization term to extend past the original commitment. Where a borrower does not respond to offers of renewal, and where no payout is made on the maturity date, the Bank's mortgage documents allow it, in its sole discretion, to process an automatic extension of the mortgage for a 12-month term open to prepayment at an elevated annual interest rate.

### **Valuations and Appraisals**

The Bank Act generally requires that all residential mortgage loans that have an LTV ratio greater than 80 percent at origination be default insured by a mortgage insurer. The LTV ratio for prospective loans cannot exceed 95 percent. Prior to April 2007, the threshold for requiring default insurance was 75 percent. The threshold of 80 percent is reflected in the Bank's current mortgage portfolio. The LTV ratio is calculated based on the outstanding amount of all loans under the same loan agreement and the most recent property valuation at time of origination. The value of all Properties securing the Loans in the Covered Bond Portfolio are adjusted at least quarterly to account for subsequent price adjustments using the Indexation Methodology.

The Bank maintains formalized valuation standards across all business lines, as property valuation is a critical element of the credit adjudication process. The Bank's internal policies clearly define the types of properties accepted as collateral for mortgage lending purposes.

For its alternative single family lending business, where the Loan-To-Value (LTV) ratio is equal to or less than 80% LTV, the Bank currently or in the future may employ a variety of valuation techniques, including full property appraisal inspections for all transaction types (i.e. purchases, ports, refinances, internal refinances, etc.) as currently done or an alternative acceptable valuation methodology as described below.

A comprehensive and prudent approach to collateral valuation is completed for all transactions to ensure adherence to underwriting standards and that the property being evaluated is an acceptable security for the proposed mortgage loan. All valuations are assessed using internally-developed review worksheets and any exceptions are escalated to a higher authority level for review and approval.

The Bank requires one of the following methods as an acceptable valuation methodology:

- Automated valuation – a third-party algorithmic risk assessment model used to assess whether the indicated value meets the Bank's predetermined risk parameters, typically based on land titles/sales histories, and municipally-assessed information, and also obtains either a property valuation guarantee certification or indemnity insurance that guarantees the property value at time of origination;
- Desktop valuation – a valuation of the property based on market information of the property, typically based on land titles/sales histories, and municipally-assessed information, without a physical on-site inspection of the property;
- Drive-by valuation – generally speaking a combination of a Desktop valuation approach combined with an exterior inspection of the property; or

- Full appraisal valuation – an interior and exterior inspection of the property by an independent third-party appraiser.

The type of property valuation used may depend on any combination of the following loan characteristics at the time of the application: the location of the property, property value, mortgage loan amount, borrower risk profile, specialty product programs, and the LTV ratio.

For its prime (insured) residential lending business, the Bank employs a variety of valuation techniques as described above in accordance with the requirements of the applicable mortgage insurer (i.e. CMHC, Sagen or Canada Guaranty ).

Valuations are performed by qualified, trained and accredited professionals via Bank-approved valuation management solution providers.

Guideline B-20 calls for the establishment of a Residential Mortgage Underwriting Policy by the Seller and sets out expectations with respect to borrower due diligence, collateral management and valuation processes and credit and counterparty risk management practices and procedures by the Seller. The Issuer is compliant with Guideline B-20.

## **Underwriting**

The Bank's underwriting policies and procedures require that every prospective borrower submits a mortgage loan application that discloses the applicant's assets, liabilities, income and employment history and includes consent to the Bank obtaining a credit report in respect of such applicant.

The Bank uses consumer credit reports, which are generally provided to the bank by mortgage brokers as part of the application process, from either Equifax Information Services LLC or TransUnion LLC, which are nationally recognized credit reporting bureaus, as a means of assessing the creditworthiness of the borrowers. Each of these credit reports contains a standardized credit score (each a "**Bureau Score**" and commonly referred to as a FICO score) that is designed to assess a borrower's credit history at a single point in time, using data currently on file for the borrower at the particular credit reporting bureau. Bureau Scores range from approximately 300 to approximately 900, with higher scores indicating an individual with a more favourable credit history (i.e., statistically expected to be less likely to default) compared to an individual with a lower score. Information used to create a Bureau Score may include, among other things, the borrower's payment history, delinquencies on accounts, levels of outstanding indebtedness, length of credit history, types of credit and bankruptcy experience. A Bureau Score, however, only assesses a borrower's past credit history, and only to the extent of the data on file for the borrower at the particular credit reporting bureau, and provides an indicator of the relative degree of potential risk that a borrower represents to a lender on a specified date. Accordingly, Bureau Scores are not necessarily accurate indicators of levels of default probability over the entire terms of the mortgage loans (which could extend up to five years). Furthermore, Bureau Scores do not take into account the differences between mortgage loans and consumer loans, including the particular LTV ratios of the mortgage loans, the quality or value of the real estate collateral, or the borrower's debt to income ratio. There can be no assurance that a borrower's Bureau Score will be an accurate predictor of the likelihood of such borrower's mortgage loan being repaid, or that a borrower's Bureau Score has or will remain unchanged after origination.

The Bank employs a rigorous underwriting process to adjudicate mortgage loans across all business lines which may require additional supporting documentation to be provided to verify information it has received.

For its alternative lending business, applications are underwritten under the purview of pre-established underwriting matrices which have been established for each lending jurisdiction. Underwriters must adhere to the requirements of the matrices and any exceptions approved by the Bank's appropriate approval authority. In addition, the Bank applies a tiered lending approach where the maximum LTV reduces as the breadth and depth of the geographic real estate market area declines. That is, the maximum LTV is restricted to stronger borrowers borrowing against properties located in real estate markets exhibiting

stronger fundamentals. Current and expected real estate market conditions combined with the borrower's credit risk profile are assessed in tandem when approving residential mortgage LTV.

For its Prime lending business, applications are underwritten in accordance with the guidelines established by the applicable mortgage default insurer (i.e. CMHC, Sagen or Canada Guaranty). The Bank offers mortgage financing in all markets where the insurers are willing to provide default insurance, however focuses primarily on Canadian urban and suburban centres. Underwriters must adhere to the requirements of the applicable mortgage insurer and any exceptions are reviewed on a case-by-case basis, with final approval by such mortgage insurer and/or Bank's appropriate approval authority.

The Bank places a very strong reliance on adherence to underwriting policies in order to maintain an acceptable level of credit risk. Underwriting policies and approval frameworks are in place to establish acceptable lending parameters and delegation authority, including processes for escalation to higher level of authority for exceptions, up to the Chief Risk Officer and/or the Senior Vice-President of Residential Lending.

Extensive and comprehensive reporting is in place covering all aspects of the Bank's residential mortgage underwriting practices and portfolio credit quality. Reports are analyzed for trends and systemic issues, and are monitored on an ongoing basis to ensure that key risks are being appropriately managed.

Across the Alternative and Prime lending businesses, information provided by borrowers, including supporting documentation, coupled with the Bureau score from the consumer's credit report, helps determine whether the borrowers' creditworthiness and income will be sufficient to meet the obligations under the proposed mortgage loan and to pay the other expenses relating to the mortgaged property, including property taxes and other fixed obligations. In general, the Bank requires that expenses related to the mortgage loan (inclusive of an interest rate stress test as mandated by the regulator), the property and all scheduled payments due under the borrower's other debt obligations, must not exceed a specified percentage of the borrower's gross income (the total debt servicing ratio"). The borrower's income is verified to ensure accuracy and compliance with applicable Anti Money Laundering / Anti Terrorism Financing legislation.

### **Credit Adjudication and the Risk Management Group**

The Bank has established and tested procedures and mechanisms for the detection, prevention and reporting of all forms of fraud and misrepresentation. The Bank notifies mortgage insurers of suspected or confirmed fraud or misrepresentations at all stages of the loan lifecycle (e.g., origination, renewal, mortgage servicing, etc.).

In addition, the Bank has been proactive and continues to develop fraud mitigation strategies with respect to income verification -- specifically, the Bank developed and utilizes a Bank Statement Share tool that further enhances its fraud and misrepresentation detection capabilities by allowing borrowers, electronically through a secure electronic portal, to provide copies of banking statements from external bank accounts to the Bank. This assists the Bank in verifying both the identity and the income of its applicants.

### **Credit Effectiveness Review, Audit Process, Quality Control Process**

The Bank has various quality control assurance processes, which aim to minimize the risk of default in the mortgage portfolio.

The Bank maintains an independent Quality Assurance function, which acts as the second line of defence in providing oversight on the Bank's mortgage lending activities, with a specific focus on monitoring the underwriting practices of the business unit. The main method of providing this oversight is by conducting post-funding reviews of a randomly selected sample of funded loans, in order to ensure underwriters are making sound decisions and adjudicating applications in compliance with applicable mortgage loan policies and procedures from initial assessment through to the funding of the loan.

The Bank's Internal Audit Function, which functions as the third line of defence, also conducts an objective review and testing of the mortgage adjudication process on a periodic basis of both the first and second lines of defence. This review assesses the effectiveness of the Bank's risk management controls, processes and systems, including assurances that the Bank's credit policies and procedures are applied in a complete manner during both the approval and funding processes.

Finally, all credit originations (as well as the portfolio as a whole) are monitored continuously and reported monthly on several key risk indicators including the ongoing compliance of the portfolio credit quality with the tolerances defined in the Bank's risk appetite framework. Periodically, deep-dive analyses are conducted and reviewed by senior management to address specific or emerging portfolio trends which may impact portfolio credit quality.

## THE SERVICER

### General

The Bank is the servicer (the “**Servicer**”) of the Loans and Related Security pursuant to a servicing agreement (the “**Servicing Agreement**”) between Equitable Bank, in its capacity as the Servicer, Seller and Cash Manager, the Guarantor, as owner of the Loans and Related Security, and Computershare Trust Company of Canada, as the Bond Trustee. The Servicer will have no obligation or liability with respect to the Loans or Related Security in accordance with the terms and conditions of the Servicing Agreement save in respect of the negligence or willful default of the Servicer in carrying out its functions.

### Servicing Activities

The Servicer services over 70% of the Bank’s mortgage portfolio, while the remainder is serviced by 3rd parties. As at 31 December 2022, the Bank acted as primary servicer on over 40,000 residential mortgage loans having an aggregate unpaid balance of approximately \$16.6 billion. All of the loans forming part of the Covered Bond Portfolio will be serviced by the Servicer.

### Servicing Procedures with respect to Loans and Related Security

Following the sale of a mortgage loan to the Guarantor, the Servicer keeps and maintains records in relation to the Loans and Related Security sold to the Guarantor on a loan by loan basis, for the purposes of identifying amounts paid by each borrower, any amount due from a borrower and the principal balance (and, if different, the total balance) from time to time outstanding on a borrower’s account and such other records as would be customarily kept by a reasonable and prudent mortgage lender. The Servicer also identifies the Loan and Related Security as belonging to the Guarantor and maintains a computer record of the location and identification of the Loans and Related Security by reference to an account number so as to be able to distinguish them from other mortgage loans and security serviced by the Servicer for retrieval purposes.

The Servicer provides customary servicing functions with respect to the Loans and Related Security. The Servicer makes reasonable efforts to collect all payments called for under the loan documents and follows such collection procedures as are customary with respect to loans. The Servicer collects and remits mortgage loan payments, responds to borrower inquiries, accounts for principal and interest, monitors property insurance and in the case of lapses notifies borrowers and obtains lender-placed insurance at the borrower’s expense as necessary, counsels or otherwise works with delinquent borrowers, supervises power of sale, judicial sales or foreclosures, and property dispositions and generally administers the Loans and is required to take all reasonable steps to recover all sums due to the Guarantor in respect of the Loans and Related Security, in each case in accordance with the Lending Criteria and related policies and procedures of the Bank. The Bank’s Lending Criteria does not require the monitoring of expired property insurance policies. The Servicer does however monitor cancelled policies on its retail loan portfolio, and immediately contacts borrowers for evidence of a reinstated/active and adequate policy, upon receipt of a notice of cancellation from the insurer. In the event a cancellation notice is not received by the Servicer, the Loan Files for such Loans may not contain evidence of active or adequate property insurance. The Bank self-insures against the risk represented by a borrower’s failure to obtain such insurance. The Servicer administers the Loans and the Related Security in the same way it administers mortgage loans for the Bank’s own account. The Servicing Agreement requires that the Loans and the Related Security to be serviced as if the Loans had not been sold to the Guarantor but remained with the Bank.

The Servicer, or such other Person approved in writing by the Guarantor, may act as collection agent for the Guarantor by way of automated debiting of bank accounts (the “**Pre-Authorized Debiting System**”) provided such Pre-Authorized Debiting System is operated in accordance with policies and procedures which would be acceptable to a reasonable and prudent mortgage lender and applicable rules/regulations. As of the date of this Base Prospectus, The Toronto-Dominion Bank acts as the Servicer’s collection agent under the Pre-Authorized Debiting System. Borrowers typically provide authorization for regular payments

(made monthly or on a greater frequency) to be deducted automatically from bank accounts on the date each scheduled payment is due.

The Servicer has the power to exercise the rights, powers and discretions and to perform the duties of the Guarantor in relation to the Loans and their Related Security and to do anything which it reasonably considers necessary or convenient or incidental to the administration of the Loans and their Related Security. This includes the authority to accept applications for product switches or advances in respect of the Loans in its sole discretion. The Bank, as seller of the Loans and Related Security to the Guarantor, is required to provide the funding for any product switches or advances approved by the Servicer. The Servicer is not restricted from, in its discretion, (i) waiving any assumption fee, late payment or other charge in connection with a Loan; or (ii) waiving, varying or modifying any term of any Loan or consenting to the postponement of strict compliance with any such term or in any matter grant indulgence to any borrower, including, for greater certainty, consenting to postponement or deferral of scheduled payments.

The Servicer may institute proceedings and enforce any relevant Loan which is in default in accordance with the Bank's enforcement procedures and the usual procedures undertaken by a reasonable and prudent institutional mortgage lender.

The Servicer's collections policy is designed to identify payment problems sufficiently early to permit the Servicer to address such delinquency problems and, when necessary, to act to preserve the lender's equity in the property. A Loan is considered delinquent if a scheduled payment remains unpaid at least 1 day after the due date. If timely payment is not received, the Servicer's loan servicing system automatically places the Loan in the assigned collection queue. The account remains in the collection queue unless and until a payment is received, at which point the Servicer's loan servicing system automatically removes the Loan from that collection queue.

When a Loan appears in a collection queue, various collection techniques are employed to urge the borrower to bring the account current as quickly as possible. Such techniques include immediate attempts by the Servicer's in-house collectors to contact the borrower by telephone, email as well as by letter. Follow-up telephone contacts with the borrower are attempted until the account is current or other payment arrangements have been made. Standard form letters, notices as well as occupancy checks through a third party are utilized when attempts to reach the borrower by telephone fail and/or in some circumstances, to supplement the phone contacts. Collectors have computer access to telephone numbers, payment histories, loan information and all past collection notes. Additionally, collectors may attempt to mitigate losses through the use of workout options in the early stages of delinquency. For those Loans in which collection efforts have been exhausted without success, the Servicer determines whether mortgage enforcement proceedings are appropriate. The course of action elected with respect to a delinquent Loan generally will be guided by a number of factors, including the related borrower's payment history, ability and willingness to pay, the condition and occupancy of the Related Security, the amount of borrower equity in the Related Security, and whether there are any tax arrears, condominium or strata arrears, or construction liens.

Prior to a foreclosure or sale by power of sale, once the Servicer is in possession of the Related Security, it obtains an appraisal from a Bank-approved appraiser. The Servicer then hires a property manager to secure the property and a real-estate agent to sell the property. The property manager ensures security, general maintenance and appropriate repairs. The real-estate agent performs a current market analysis prior to the property listing. The Servicer representative monitors the recovery milestones, which include: (i) a current valuation of the Related Security to be listed and sold; (ii) an evaluation of the amount owed, if any, for real estate taxes; and (iii) estimated carrying costs, fees, repair costs, and other related costs associated with real estate owned properties. The Servicer representative bases the sale price at the foreclosure process or power of sale on the current market and/or appraisal value.

The foreclosure process and power of sale process vary by jurisdiction across Canada and are two different ways that the Servicer can acquire the right to sell the Related Security. The Servicer acquires title to a property in a foreclosure process or a possession of the property in the Power of Sale process. At either of these stages, the Servicer obtains an estimate of value of the property and then hires a real estate agent

to begin marketing the property. Repairs may be performed only if it is determined that they will mitigate losses significantly by increasing the net liquidation proceeds, taking into consideration the cost of repairs, the carrying costs during the repair period and the marketability of the property both before and after the repairs.

A loss, if any, on a Loan is determined based on a number of factors, which include, but are not limited to, the aggregate amount due on the Loan less the aggregate proceeds of sale of the mortgaged property minus related expenses, such as property management fees, real estate sale commissions, tax arrears, etc.

## THE COVERED BOND PORTFOLIO

The Covered Bond Portfolio consists of Loans and their Related Security, and in some cases Substitute Assets up to the threshold amount specified by the Covered Bond Legislative Framework. For details on the eligibility criteria and representations and warranties provided with respect to the Loans in the Covered Bond Portfolio, see “*Summary of the Principal Documents – Mortgage Sale Agreement – Eligibility Criteria*” and “*Summary of the Principal Documents – Mortgage Sale Agreement – Loan Representations and Warranties*”. The Asset Coverage Test and the Amortization Test performed by the Cash Manager are intended to ensure that the assets and cashflows of the Guarantor, including the Loans and their Related Security in the Covered Bond Portfolio and cashflows in respect thereof, will be adequate to enable the Guarantor to meet its obligations under the Covered Bond Guarantee following the occurrence of a Covered Bond Guarantee Activation Event and the Valuation Calculation performed by the Cash Manager is intended to monitor exposure to interest rate and currency exchange rate risks.

Because the Covered Bond Portfolio is not a static pool of assets, the Cash Manager will prepare and provide monthly Investor Reports to the Bank, the Guarantor, the Bond Trustee and the Rating Agencies that will set out certain information in relation to the Covered Bond Portfolio, the calculation of the Asset Coverage Test, the Valuation Calculation, if applicable the Amortization Test, statistical information about the Loans in the Covered Bond Portfolio, performance information about the Loans, information on proceeds received on assets in the Covered Bond Portfolio and the application of such proceeds and other information prescribed by the requirements of the Guide. Investor Reports will be made available to covered bondholders at the Bank’s website at <https://eqbank.investorroom.com/covered-bonds-terms-of-access>.

### **Characteristics of the Loans**

Mortgage loans originated by the Bank and included in the Covered Bond Portfolio are secured by a first mortgage on the residential property to which they relate and are full recourse against the borrower (subject to exceptions in Alberta and Saskatchewan, as described below) and, where applicable, against the co-borrower(s), against the guarantor, and against the property securing the mortgage loan.

Interest is calculated using either a fixed or variable rate. Fixed rate mortgage loans provide for interest based on a fixed annual rate agreed to at the time the mortgage loan is advanced or renewed with interest compounded semi-annually, not in advance. The Bank provides variable rate mortgage loans through its Adjustable Rate Mortgage (“**ARM**”) product which provide for interest based on the Bank’s floating annual rate of interest announced from time to time as a reference rate then in effect for determining interest rates on Canadian dollar residential mortgage loans in Canada (the “**Bank’s Prime Rate**”) plus or minus a set percentage, calculated daily on the outstanding balance. In the case of ARM loans, the interest rate varies automatically with changes in the Bank’s Prime Rate daily and is compounded and charged at the same frequency as payments. The total regular payment amount due on an ARM loan changes whenever the Bank’s Prime Rate changes, such that the revised regular payment amount would be sufficient to fully pay out the principal and interest owed over the remaining number of months in the original amortization period. The Bank does not offer any other variable rate mortgage products that would have a concept of a ‘trigger rate’ or ability to extend the amortization past the original contractual amortization as interest rates change.

Mortgage loans can either be open or closed. An open mortgage loan may be pre-paid at any time without pre-payment charges and a closed mortgage loan may be pre-paid at any time with payment of a pre-payment charge except where the amount pre-paid is within the allowable penalty-free pre-payment privileges disclosed at the time of the advance or renewal. Mortgage loans can be for terms of up to 5 years (with a typical term of 1-3 years) with original amortization periods that do not exceed 30 years (or 25 years, where required by regulations). They provide for regular payments (e.g., weekly, bi-weekly, semi-monthly or monthly) and early and/or increased payment options without pre-payment charges in certain circumstances. Regular payments are applied first to interest, then to principal. Late payments can be applied first to late interest, then to installment interest and then to principal and, at the Bank’s discretion, to any fees or other charges payable pursuant to the Related Security. Interest which is not paid when due is subject to interest.

In certain situations the Bank may make more than one mortgage loan and provide home equity lines of credit to a Borrower under separate loan agreements and secured by the same mortgage or property. In such circumstances, each mortgage loan and/or home equity line of credit is subject to cross-default in the event payments on any loan are not made in accordance with their terms.

Where a mortgage loan is in default all amounts owing in respect of the mortgage loan will become due and payable and the Bank is allowed to require immediate payment of all amounts owing under all related mortgage loans. The Covered Bond Portfolio is not permitted to include mortgage loans that are insured mortgage loans or mortgage loans secured by the same mortgage as an insured mortgage loan (See "*Description of the Canadian Regulated Covered Bond Regime - Eligible Covered Bond Collateral and Coverage Tests*"). In Alberta and Saskatchewan, the law restricts a lender's recourse against a borrower where the proceeds from enforcement of the mortgage by way of a foreclosure action are insufficient to repay the amounts owing on a mortgage loan.

## SUMMARY OF THE PRINCIPAL DOCUMENTS

### Trust Deed

The Trust Deed is the principal agreement governing the Covered Bonds. The Trust Deed contains provisions relating to, among other things:

- the constitution of the Covered Bonds and the terms and conditions of the Covered Bonds (as more fully set out under “*Terms and Conditions of the Covered Bonds*” above);
- the covenants of the Issuer and the Guarantor;
- the terms of the Covered Bond Guarantee (as described below);
- the enforcement procedures relating to the Covered Bonds and the Covered Bond Guarantee; and
- the appointment, powers and responsibilities of the Bond Trustee and the circumstances in which the Bond Trustee may resign, retire or be removed (as described below).

### Covered Bond Guarantee

Under the terms of the Covered Bond Guarantee (contained in the Trust Deed) the Guarantor has agreed to, following the occurrence of a Covered Bond Guarantee Activation Event, unconditionally and irrevocably pay or procure to be paid to or to the order of the Bond Trustee (for the benefit of the holders of the Covered Bonds), an amount equal to that portion of the Guaranteed Amounts which shall become Due for Payment but would otherwise be unpaid, as of any Original Due for Payment Date, or, if applicable, Extended Due for Payment Date, by the Issuer. Under the Covered Bond Guarantee, the Guaranteed Amounts will become due and payable on any date on which a Guarantor Acceleration Notice is served.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee will serve a Notice to Pay on the Guarantor. Payment by the Guarantor of the Guaranteed Amounts pursuant to the Covered Bond Guarantee will be made on the later of: (i) the day which is two Canadian Business Days after service of a Notice to Pay on the Guarantor; or (ii) the day on which the Guaranteed Amounts are otherwise Due for Payment.

All payments of Guaranteed Amounts by or on behalf of the Guarantor will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or other governmental charges of whatever nature, imposed or levied by or on behalf of Canada or any province or territory thereof. In that event, the Guarantor will not pay any additional amounts to the Bond Trustee or any holder of Covered Bonds in respect of the amount of such withholding or deduction.

Under the terms of the Covered Bond Guarantee, the Guarantor agrees that its obligations under the Covered Bond Guarantee will be as guarantor and will be absolute and unconditional, irrespective of, and unaffected by, any invalidity, irregularity or unenforceability of, or defect in, any provisions of the Trust Deed or the Covered Bonds or the absence of any action to enforce the same or the waiver, modification or consent by the Bond Trustee or any of the holders of the Covered Bonds in respect of any provisions of the same or the obtaining of any judgment or decree against the Issuer or any action to enforce the same or any other circumstances which might otherwise constitute a legal or equitable discharge or defence of a guarantor.

As consideration for providing the Covered Bond Guarantee, the Guarantor will be entitled to receive guarantee fees from the Issuer in accordance with the terms of the Covered Bond Guarantee. Any failure on the part of the Issuer to pay all or any part of the guarantee fees will not affect the obligations of the Guarantor under the Covered Bond Guarantee.

Subject to the grace period specified in Condition 7.02(a) of the Conditions, failure by the Guarantor to pay the Guaranteed Amounts when Due for Payment will result in a Guarantor Event of Default.

Following the occurrence of an Issuer Event of Default and service of an Issuer Acceleration Notice, the Bond Trustee may receive Excess Proceeds. The Trust Deed provides that all Excess Proceeds received by the Bond Trustee, will, as soon as practicable after receipt thereof by the Bond Trustee, be paid on behalf of the Holders of the Covered Bonds of the relevant Series to the Guarantor (or the Cash Manager on its behalf) for the account of the Guarantor. Such Excess Proceeds will be held in the Guarantor Accounts and will thereafter form part of the Security granted pursuant to the Security Agreement and be used by the Guarantor (or the Cash Manager on its behalf) in the same manner as all other moneys from time to time held by the Cash Manager and/or standing to the credit of the Guarantor in the Guarantor Accounts. Any Excess Proceeds received by the Bond Trustee will discharge *pro tanto* the obligations of the Issuer in respect of the Covered Bonds (subject to restitution of the same if such Excess Proceeds will be required to be repaid by the Guarantor). However, the obligations of the Guarantor under the Covered Bond Guarantee are, following a Covered Bond Guarantee Activation Event, unconditional and irrevocable and the receipt by the Bond Trustee of any Excess Proceeds shall not reduce or discharge any of such obligations.

By subscribing for Covered Bond(s), each holder of the Covered Bonds will be deemed to have irrevocably directed the Bond Trustee to pay the Excess Proceeds to the Guarantor in the manner as described above.

### ***Retirement, Removal and Replacement of the Bond Trustee***

The Bond Trustee may retire at any time on giving not less than three months' prior written notice to the Issuer, the Guarantor and the Rating Agencies. The Bond Trustee may be removed (i) by the Covered Bondholders in accordance with the terms of an Extraordinary Resolution, or (ii) by the Guarantor in the event that there is a breach by the Bond Trustee of certain representations and warranties or a failure by the Bond Trustee to perform certain covenants made by it under the Trust Deed. No retirement or removal of the Bond Trustee shall be effective until a replacement bond trustee that meets the requirements provided for in the Trust Deed and in the CMHC Guide has been appointed. In the event that a replacement bond trustee has not been appointed within 60 days of notice of retirement from the Bond Trustee or the Extraordinary Resolution of the Covered Bondholders, as applicable, the Bond Trustee shall be entitled to appoint a replacement bond trustee that meets the requirements provided for in the Trust Deed and in the CMHC Guide, which appointment must be approved by an Extraordinary Resolution of the Covered Bondholders prior to taking effect.

### **Intercompany Loan Agreement**

The Intercompany Loan Agreement between the Bank and the Guarantor entered into on the Programme Date as amended and/or restated and/or supplemented from time to time, is the governing agreement with respect to the Intercompany Loan.

Under the Intercompany Loan Agreement, the Guarantor represents and warrants to the Issuer that it is, and covenants that it will at all times remain, a "Canadian partnership" as defined in subsection 102(1) of the *Income Tax Act* (Canada).

Under the terms of the Intercompany Loan Agreement, prior to the issuance of the first Series of Covered Bonds, the Bank loaned to the Guarantor an interest-bearing intercompany loan (the "**Intercompany Loan**"), comprised of a guarantee loan (the "**Guarantee Loan**") and a revolving demand loan (the "**Demand Loan**"), in an initial combined aggregate amount equal to the Total Credit Commitment, subject to increases and decreases as described below. The advances (the "**Advances**") under the Intercompany Loan pursuant to the Intercompany Loan Agreement do not include Issue Advances (as defined below).

Advances on the Intercompany Loan have been used to pay the purchase price for the Loans and their Related Security in the Covered Bond Portfolio. The Intercompany Loan is denominated in Canadian

dollars. The interest rate on the Intercompany Loan is a Canadian dollar floating rate determined by the Bank from time to time, which rate shall not exceed the amount received by the Guarantor pursuant to the Interest Rate Swap Agreement after taking into account the sum of a minimum spread and an amount for certain expenses of the Guarantor, which expenses include the Guarantor's obligation to make monthly payments under the Covered Bond Swap Agreement.

The Guarantee Loan is in an amount equal to the balance of outstanding Covered Bonds at any relevant time plus that portion of the Covered Bond Portfolio required to collateralize the Covered Bonds to ensure that the Asset Coverage Test is met (see "*Summary of the Principal Documents—Guarantor Agreement—Asset Coverage Test*"). The Demand Loan is a revolving credit facility, the outstanding balance of which will be equal to the difference between the balance of the Intercompany Loan and the balance of the Guarantee Loan at any relevant time. The balance of the Guarantee Loan and Demand Loan will fluctuate with the issuances and redemptions of Covered Bonds and the requirements of the Asset Coverage Test. Upon the occurrence of (x) a Contingent Collateral Trigger Event, (y) an event of default (other than an insolvency event of default) or an additional termination event in respect of which the relevant Swap Provider is the defaulting party or the affected party, as applicable, or (z) a Downgrade Trigger Event, in each case, in respect of the Interest Rate Swap Agreement or the Covered Bond Swap Agreement, the Guarantor may deliver a Contingent Collateral Notice to the Issuer, as lender under the Intercompany Loan, under which the Guarantor elects to decrease the amount of the Demand Loan with a corresponding increase in the amount of the Guarantee Loan, in each case, in an amount equal to the related Contingent Collateral Amount(s).

At any time prior to a Demand Loan Repayment Event, the Guarantor may re-borrow any amount repaid by the Guarantor under the Intercompany Loan for a permitted purpose provided, among other things: (i) such drawing does not result in the Intercompany Loan exceeding the Total Credit Commitment; and (ii) no Issuer Event of Default or Guarantor Event of Default has occurred and is continuing. Unless otherwise agreed by the Bank and subject to satisfaction of the Rating Agency Condition, no further advances will be made to the Guarantor under the Intercompany Loan following the occurrence of a Demand Loan Repayment Event.

To the extent the Covered Bond Portfolio increases or is required to be increased to meet the Asset Coverage Test, the Bank may increase the Total Credit Commitment to enable the Guarantor to acquire New Loans and their Related Security from the Seller.

The Demand Loan or any portion thereof will be repayable no later than the first Canadian Business Day following 60 days after a demand therefor is served on the Guarantor, subject to a Demand Loan Repayment Event having occurred (see below in respect of the repayment of the Demand Loan in such circumstance) and the Asset Coverage Test being met on the date of repayment after giving effect to such repayment. At any time that the Guarantor makes a repayment on the Demand Loan, in whole or in part, the Cash Manager will calculate the Asset Coverage Test, as of the date of repayment, to confirm the then outstanding balance on the Demand Loan and that the Asset Coverage Test will be met on the date of repayment after giving effect to such repayment.

The Demand Loan shall not have a positive balance at any time following the occurrence of a Demand Loan Repayment Event and the repayment in full of the then outstanding Demand Loan by the Guarantor.

If (i) the Bank is the Interest Rate Swap Provider and it is required to assign the Interest Rate Swap Agreement to a third party (due to a failure by the Issuer to meet the ratings levels specified in the Interest Rate Swap Agreement or otherwise); (ii) a Notice to Pay has been served on the Guarantor; or (iii) the Intercompany Loan Agreement is terminated or the revolving commitment thereunder is not renewed; (each of (i), (ii) and (iii) above, a "**Demand Loan Repayment Event**"), the Guarantor will be required to repay any amount of the Demand Loan that exceeds the Demand Loan Contingent Amount on the first Guarantor Payment Date following 60 days after the occurrence of such Demand Loan Repayment Event. Following such Demand Loan Repayment Event, the Guarantor will be required to repay the full amount of the then outstanding Demand Loan on the date on which the Asset Percentage is calculated (whether or not such calculation is a scheduled calculation or a calculation made at the request of the Bank); provided that the

Asset Coverage Test will be met on the date of repayment after giving effect to such repayment. For greater certainty, following an Issuer Event of Default, the Asset Coverage Test will be conducted and the Asset Percentage calculated, solely for the purpose of determining the amount of the Demand Loan repayable on the relevant repayment date and that the Asset Coverage Test will be met after giving effect to any such repayment. As stated below, in calculating the Asset Coverage Test following an Issuer Event of Default, no credit shall be given to the Guarantor for the amount of any Excess Proceeds received by the Guarantor from the Bond Trustee. For the purposes of the foregoing, the “**Demand Loan Contingent Amount**” will be equal to the lesser of:

- (a) the aggregate amount of the Intercompany Loan then outstanding, minus the aggregate amount of the Guarantee Loan then outstanding (as determined by an Asset Coverage Test run on the relevant repayment date); and
- (b) 1 percent of the amount of the Guarantee Loan then outstanding (as determined by an Asset Coverage Test calculated on the relevant repayment date),

provided, for greater certainty, that in calculating the amount of the Guarantee Loan and the Demand Loan for purposes of determining the Demand Loan Contingent Amount, no credit shall be given to the Guarantor in the Asset Coverage Test for any Excess Proceeds received by the Guarantor from the Bond Trustee.

The Guarantor may repay the principal on the Demand Loan in accordance with the Priorities of Payments and the terms of the Intercompany Loan Agreement (a) using (i) funds being held for the account of the Guarantor by its service providers and/or funds in the Guarantor Accounts (other than any amount in the Pre-Maturity Liquidity Ledger, if applicable); and/or, (ii) proceeds from the sale of Substitute Assets; and/or (iii) proceeds from the sale, pursuant to the Guarantor Agreement, of Portfolio Assets to the Seller or to another person subject to a right of pre-emption on the part of the Seller; and/or (b) by selling, transferring and assigning to the Seller all of the Guarantor’s right, title and interest in and to Portfolio Assets (a “**Payment in Kind**”).

The Guarantor is restricted from paying the Demand Loan in the manner described in clause (a)(iii) if the proceeds of such sale are less than the True Balance of the Portfolio Assets sold. Upon a Payment in Kind, the outstanding amount of the Demand Loan will be reduced by the fair market value of the Portfolio Assets sold, transferred and assigned to the Seller for such purpose. In addition, if a Payment in Kind occurs on or after a Covered Bond Guarantee Activation Event and the Seller is the Limited Partner, the Limited Partner shall be deemed to have made a Capital Contribution in an amount equal to the excess, if any, of the True Balance of the Portfolio Assets applied towards the Payment in Kind over the aggregate Fair Market Value of such Portfolio Assets, and such Capital Contribution shall be deemed to have been applied by the Guarantor against the Demand Loan, such that the outstanding amount of the Demand Loan will be reduced by the greater of (i) the True Balance of such Portfolio Assets, and (ii) the Fair Market Value of such Portfolio Assets. See “*Cashflows*”.

The Guarantor is entitled to set off amounts paid by the Guarantor under the Covered Bond Guarantee first against any amounts (other than interest and principal) owing by the Guarantor to the Bank in respect of the Intercompany Loan Agreement, then against interest due under the Intercompany Loan and then against the outstanding principal balance owing on the Intercompany Loan.

The Guarantor has used the advances of proceeds from the Intercompany Loan to pay the purchase price for the Loans and their Related Security in the Covered Bond Portfolio from the Seller in accordance with the terms of the Mortgage Sale Agreement and may use additional advances (i) to purchase New Loans and their Related Security pursuant to the terms of the Mortgage Sale Agreement; and/or (ii) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (iii) subject to complying with the Asset Coverage Test, to make Capital Distributions to the Limited Partner; and/or (iv) to make deposits of the proceeds in the Guarantor Accounts (including, without limitation, to fund the Reserve Fund and the Pre-Maturity Liquidity Ledger, if applicable, (in each case to an amount not exceeding the prescribed limit)).

In addition, in respect of each issuance of Covered Bonds, the Intercompany Loan Agreement provides for the Bank to make separate issue advances (collectively for each Series, the “**Issue Advances**” and each an “**Issue Advance**,” which are separate and apart from any advances made pursuant to the Intercompany Loan) to the Guarantor so that the Bank can be provided as repayments of such Issue Advances with (i) the issuance proceeds converted into Canadian dollars and (ii) Euros for the payment obligations it has for interest and principal payments on the Covered Bonds. The Guarantor will utilize the applicable Covered Bond Swap Agreement for this purpose of providing the Bank with such amounts. The amounts advanced under the Issue Advances facility (the “**Issue Advances Facility**”) are not included in the Total Credit Commitment and the repayment by the Guarantor of the Issue Advances will be made on the same day without any interest charge being applicable.

Issue Advances received by the Guarantor from the Bank in respect of issuance proceeds and principal payments on the Covered Bonds will provide the Guarantor with its sole source of funds, prior to an Issuer Event of Default or Covered Bond Guarantee Activation Event, to make the applicable payments owing by the Guarantor under the Covered Bond Swap Agreement relating to such amounts (separately, the Guarantor will fund from the Priorities of Payments the normal course monthly payments to be made by it pursuant to the Covered Bond Swap Agreement relating to interest payments on the Covered Bonds).

## **Mortgage Sale Agreement**

### ***The Seller***

Loans and their Related Security were sold by the Seller to the Guarantor on a fully-serviced basis prior to the issuance of the first Series of Covered Bonds, and from time to time thereafter, New Loans and their Related Security may be sold by the Seller to the Guarantor on a fully-serviced basis pursuant to the terms of the Mortgage Sale Agreement entered into on the Programme Date by and among the Seller, the Guarantor and the Bond Trustee, and such terms will apply, with necessary modification to a Capital Contribution in Kind by the Seller in its capacity as Limited Partner.

### ***Sale by the Seller of Portfolio Assets***

The Covered Bond Portfolio consists of Loans and their Related Security sold for cash by the Seller to the Guarantor as part of the Initial Covered Bond Portfolio and New Loans and their Related Security and/or New Portfolio Asset Types, sold for cash or contributed by way of Capital Contributions in Kind from time to time following the sale of the Initial Covered Bond Portfolio by the Seller to the Guarantor on the First Transfer Date.

The Guarantor may from time to time acquire Loans and their Related Security from the Seller as described below:

- (a) first, the Guarantor will use the proceeds of a drawing under the Intercompany Loan (which may be applied in whole or in part by the Guarantor) and/or Available Principal Receipts to acquire Loans and their Related Security from the Seller. As consideration for the sale of the Loans and their Related Security to the Guarantor, the Seller will receive a cash payment or deemed cash payment equal to the fair market value of those Loans sold by it as at the relevant Transfer Date; and
- (b) second, the Guarantor may receive Capital Contributions in Kind in accordance with the Guarantor Agreement. As consideration for the sale by way of Capital Contributions of the Loans and their Related Security to the Guarantor, the Seller will receive an additional interest in the capital of the Guarantor equal to the fair market value of those Loans sold by it as at the relevant Transfer Date minus any cash consideration received by the Seller described in paragraph (a) above.

If Loans and their Related Security are sold by or on behalf of the Guarantor as described below, or upon a breach of the Pre-Maturity Test, if applicable, under “*Guarantor Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*”, the obligations of the Seller insofar as they relate to such Loans and their Related Security will cease to apply.

The Seller will also be required to repurchase Portfolio Assets sold to the Guarantor in the circumstances described below under “*Repurchase of Portfolio Assets—Representations and Warranties*”.

### **Portfolio Assets**

The Initial Covered Bond Portfolio consisted solely of Loans originated by the Seller that are secured by Canadian first lien residential mortgages (“**Mortgages**”). Covered Bond Portfolio static data and statistics relating to the Loans comprising the Covered Bond Portfolio from time to time will be disclosed in the Investor Reports.

### **Eligibility Criteria**

The sale of Portfolio Assets to the Guarantor will be subject to various conditions (the “**Eligibility Criteria**”) (which are all subject to amendment and replacement from time to time provided the Rating Agency Condition is satisfied), being satisfied on the relevant Transfer Date, including:

- (a) no Loan has the benefit of, or is secured by a Mortgage that also secures one or more other loans that has the benefit of, insurance from any Prohibited Insurer;
- (b) no Loan has a Current Balance of more than C\$3,000,000 as at the relevant Cut-off Date;
- (c) each Loan relates to a Property which is a residential Property that is located in Canada and consists of not more than four residential units;
- (d) each Loan is payable in Canada only and is denominated in Canadian dollars;
- (e) the first payment due in respect of each Loan has been paid by the relevant Borrower;
- (f) each Loan was originated or otherwise complies with the Seller’s underwriting policy as in effect or otherwise applicable at the time the Loan was originated. For greater certainty, a loan is deemed to otherwise comply with an underwriting policy to the extent that an independent third-party prudent lender conducting a credit assessment of the Loan would be able to apply all aspects of the applicable underwriting policy, based on available documentation, and arrive at the same credit decision;
- (g) no payment of principal or interest under any Loan is in arrears;
- (h) the Related Security for each Loan constitutes a valid and enforceable first charge or mortgage in favour of the lender against the related property, subject only to customary permitted security interests;
- (i) as at the Transfer Date, the Guarantor will acquire each Loan and the Related Security from the Seller free and clear of any security interests, subject only to (i) customary permitted security interests, and (ii) interests or encumbrances that are reflected in the Security Sharing Agreement and the subject of a release in favour of the Guarantor, substantially in the form attached to the Security Sharing Agreement;

- (j) as at the Transfer Date, immediately prior to the transfer by the Seller to the Guarantor of any Loan and the Related Security, each such Loan and the Related Security and each other loan secured by the same Mortgage, if any, are owned by the Seller;
- (k) the Mortgage Conditions for each Loan and those of any other loan secured by the same Mortgage (each a “related loan”), including another Loan, include cross-default provisions such that a default under either the Loan or any other such related loan shall constitute a default under all such Loans and other related loans, or if no such cross-default provisions exist but the Loan or related loan is repayable on demand, the owner of such Loan or related loan has covenanted in writing to demand repayment (in a manner and in circumstances customary for a prudent lender) of such Loan or related loan upon a default under such Loan or related loan, as the case may be;
- (l) each Loan is accompanied by (i) an opinion on title of legal counsel (or of a notary public in British Columbia or in Quebec for the initial advance of a Loan in respect of a property located in British Columbia or in Quebec, as applicable) qualified to practice law in the province or territory in which the property subject thereto is located to the effect that, at the time of origination of such Loan, the Borrower had good title to, and such Mortgage constituted a valid and enforceable first charge or mortgage against, such property, subject only to adverse claims which do not in the aggregate materially impair the use, value or marketability of the property or the value of the security constituted by the Mortgage; (ii) there is a policy of title insurance to the same effect or (iii) pursuant to the Seller’s instructions to, and related undertaking of, legal counsel qualified to practice law in the province or territory in which the property subject thereto is located, such legal counsel agreed not to advance funds unless at the time of origination of such Loan, such legal counsel had ensured that the Borrower had good title to, and such Mortgage constituted a valid and enforceable first charge or mortgage against, such property, subject only to adverse claims which do not in the aggregate materially impair the use, value or marketability of the property or the value of the security constituted by the Mortgage, and a title search was completed following the funding of such Loan which confirmed that such Mortgage constituted a first charge or mortgage against such property, all in accordance with the Seller’s policy (which procedures under the Seller’s policy were developed and approved by internal counsel to the Seller);
- (m) as at the Transfer Date, no Loan is subject to any dispute proceeding, set-off, counterclaim or defence;
- (n) neither the Mortgage Conditions for any Loan nor the provisions of any other documentation applicable to any such Loan and enforceable by the Borrower expressly afford the Borrower a right of set-off;
- (o) to the extent any Loan or Additional Loan Advance under a Loan is extended, advanced or renewed on or after 1 July 2014, the Mortgage Conditions for the Loan or the provisions of any other documentation applicable to the Loan and enforceable against the Borrower, together with those of any other loan secured by the same Mortgage, contain an express waiver of set-off rights on the part of the Borrower;
- (p) each Loan satisfies the requirements of Section 21.6 of the Covered Bond Legislative Framework, as in effect on such Transfer Date; and
- (q) each Loan satisfies the eligibility criteria as may be prescribed by the CMHC Guide, as in effect on such Transfer Date.

In addition to the satisfaction of the Eligibility Criteria, on the relevant Transfer Date, the Loan Representations and Warranties (described below in “*Loan Representations and Warranties*”) will be given by the Seller in respect of the Loans and their Related Security sold by the Seller to the Guarantor.

If the Seller accepts an application from or makes an offer (which is accepted) to a Borrower for a Product Switch or Additional Loan Advance, then if Eligibility Criteria, including the Eligibility Criteria referred to in paragraphs (b) and (c) above relating to the Loan subject to that Product Switch or Additional Loan Advance are not satisfied on the next following Calculation Date, the Guarantor will be entitled to rectify such breach of the Eligibility Criteria by requiring the Seller to repurchase such Loan.

***Notice to Borrower of the sale, assignment and transfer of the Loans and their Related Security and registration of transfer of title to the Mortgages***

Legal title to Mortgages related to Loans sold, transferred and assigned by the Seller to the Guarantor pursuant to the terms of the Mortgage Sale Agreement, will remain registered in the name of the Seller and notice of the sale, transfer and assignment will not be given to the Borrowers or, in respect of the Related Security, any relevant guarantor of any Borrower. Such notice and, where appropriate, the registration or recording in the appropriate land registry or land titles offices of the transfer by the Seller to the Guarantor of legal title to the Mortgages will be deferred and will only take place in the circumstances described below.

The Seller will agree to (a) hold registered title to the Loans and their Related Security as agent and nominee for the Guarantor (and also, in the case of any Multiproduct Mortgage Loan, for the related Multiproduct Purchaser having an interest therein as described below under “*Multiproduct Accounts*”) and (b) deliver such agreements and take all actions with respect to the Loans and Related Security as the Guarantor (or its Managing GP) may direct in accordance with the Mortgage Sale Agreement (or an applicable nominee agreement).

Upon the earlier to occur of (a) a Registered Title Event (as defined below), and (b) the date on which the Bank incurs a downgrade in the ratings of its unsecured, unsubordinated and unguaranteed debt obligations below BBB(low) by DBRS, or in its long-term issuer default rating below BBB- by Fitch, the Bank will be required to deliver to the Custodian (i) for safekeeping, updated details (as prescribed by the CMHC Guide) in respect of all Portfolio Assets and Substitute Assets held by the Guarantor, and (ii) to the extent not previously delivered to the Custodian, each of the powers of attorney required by the Mortgage Sale Agreement, together with documentary evidence of chain of title to the Portfolio Assets and Substitute Assets held by the Guarantor and duly executed copies of any other registrable forms of assignment that may be required by the Purchaser in order to perfect the sale, assignment and transfer of the Portfolio Assets from the Seller to the Guarantor.

Subject to the following paragraph, notice of the sale, assignment and transfer of the Loans and their Related Security and a direction to make all future repayments of the Loans to the Standby Account Bank for the account of the Guarantor will be sent by the Seller, or, as necessary, by the Guarantor (or the Servicer on behalf of the Guarantor) on behalf of the Seller (under applicable powers of attorney granted to the Guarantor) and where required, registration of the transfer of title to the Mortgages (including, for Multiproduct Mortgage Loans in Québec, to record an assignment of the related Mortgage to the extent of the Guarantor’s interest therein) will be made in the appropriate land registry or land titles offices, as soon as practicable and in any event on or before the 60th day following the earliest to occur of:

- (a) a Servicer Event of Default that has not been remedied within 30 days or such shorter period permitted by the Servicing Agreement;
- (b) an Issuer Event of Default (other than an Insolvency Event with respect to the Issuer) that has not been remedied within 30 days or such shorter period permitted by Condition 7.01;
- (c) an Insolvency Event (without regard to the parenthetical language in clause (a) of such definition) with respect to the Seller;
- (d) the acceptance by an applicable Purchaser of any offer by the Guarantor to sell Loans and their Related Security (only in respect of the Loans being sold and their Related Security) to any such Purchaser who is not the Seller, unless otherwise agreed by such Purchaser

and the Guarantor, with the consent of the Bond Trustee, which consent will not be unreasonably withheld;

- (e) the Seller and/or the Guarantor being required: (i) by law; (ii) by an order of a court of competent jurisdiction; or (iii) by a regulatory authority which has jurisdiction over the Seller or the Guarantor, to effect such notice and registration; and
- (f) the date on which the Bank incurs a downgrade in the ratings of its unsecured, unsubordinated and unguaranteed debt obligations below BBB(low) or R-2(middle) by DBRS or BBB- or F3 by Fitch. Notwithstanding the occurrence of any event or circumstance described in clauses (a) through (e) immediately above (each such event or circumstance, a “**Registered Title Event**”), none of the steps described in the preceding paragraph are required to be taken if (x) satisfactory assurances are provided by OSFI or such other supervisory authority having jurisdiction over the Seller, and (y) confirmation of the satisfaction of the Rating Agency Condition has been obtained permitting registered title to the Mortgages to remain with the Seller until such time as (i) the Loans and their Related Security are to be sold or otherwise disposed of by the Guarantor or the Bond Trustee in the performance of their respective obligations under the Transaction Documents, or (ii) the Guarantor or the Bond Trustee is required to take actions to enforce or otherwise deal with the Loans and their Related Security.

Except where lodged with the relevant registry in relation to any registration or recording which may be pending, the Loan, the Related Security and the Loan Files relating to the Loans in the Covered Bond Portfolio will be held by, or to the order of, the Seller or the Servicer, as the case may be, or by solicitors, service providers or licensed conveyancers acting for the Seller in connection with the creation of the Loans and their Related Security. The Seller or the Servicer, as the case may be, will undertake that all the Loan Files relating to the Loans in the Covered Bond Portfolio which are at any time in their possession or under their control or held to their order will be held to the order of the Bond Trustee or as the Bond Trustee may direct. The right, interest and title of the Guarantor to the Loans and their Related Security will be secured by irrevocable powers of attorney granted by the Seller, as of the Transfer Date such Loans are transferred, in favour of the Guarantor (or the Managing GP) and the Bond Trustee in respect of registered title to the Loans and their Related Security.

### ***Seller and Guarantor Representations and Warranties***

Under the Mortgage Sale Agreement, the Seller makes the following representations and warranties (in addition to the Loan Representations and Warranties described below) in favour of the Guarantor on the Programme Date and on each Transfer Date: (i) it is a bank listed in Schedule I to the Bank Act and duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada), (iii) the execution, delivery and performance by it of the Mortgage Sale Agreement and related documents to which it is a party (x) are within its corporate powers, (y) have been duly authorized by all necessary corporate action, and (z) do not contravene or result in a material default under or material conflict with (A) its charter or by-laws, (B) any law, rule or regulation applicable to it, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iv) no authorization, approval, licenses, consent or other action by, and no notice to or filing with, any governmental authority or other person is required for the due execution, delivery and performance by it of the Mortgage Sale Agreement and each related document to which it is a party or to make such document legal, valid, binding and admissible into evidence in a court of competent jurisdiction, other than those that have been obtained or made, (v) each of the Mortgage Sale Agreement and the related documents to which it is a party has been duly executed and delivered and constitutes the legal, valid and binding obligation of, and is enforceable in accordance with its terms against, the Seller, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally or by general principles of equity, and (vi) there are no actions, suits or proceedings pending or, to its knowledge, threatened against or affecting it at law, in equity or before any arbitrator or governmental

authority having jurisdiction which, if adversely determined, would have a material adverse effect on its ability to perform its obligations under the Transaction Documents.

Under the Mortgage Sale Agreement, the Guarantor makes the following representations and warranties in favour of the Seller on the Programme Date and on each Transfer Date: (i) it is a limited partnership formed under the laws of the Province of Ontario and is duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) the execution, delivery and performance by it of the Mortgage Sale Agreement and related documents to which it is a party (x) are within its corporate or other powers, (y) have been duly authorized by all necessary corporate or other action, and (z) do not contravene or result in a default under or conflict with (A) the Guarantor Agreement, (B) any law, rule or regulation applicable to it, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iii) there are no actions, suits or proceedings pending or, to its knowledge, threatened against or affecting it at law, in equity or before any arbitrator or governmental authority having jurisdiction which, if adversely determined, would reasonably be expected to materially adversely affect its financial condition or operations or its property or its ability to perform its obligations under the Mortgage Sale Agreement, or which purports to affect the legality, validity or enforceability of the Mortgage Sale Agreement, (iv) no authorization or approval or other action by, and no notice to or filing with, any governmental authority or other person is required for the due execution, delivery and performance by it of the Mortgage Sale Agreement and each related document to which it is a party, other than those that have been obtained or made, and (v) each of the Mortgage Sale Agreement and the related documents to which it is a party has been duly executed and delivered and constitutes the legal, valid and binding obligation of, and is enforceable in accordance with its terms against, the Guarantor, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally or by general principles of equity.

### ***Loan Representations and Warranties***

Neither the Guarantor nor the Bond Trustee has made or has caused to be made on its behalf any enquiries, searches or investigations in respect of the Loans and their Related Security sold or to be sold to the Guarantor. Instead, each is relying entirely on the Loan Representations and Warranties by the Seller contained in the Mortgage Sale Agreement. The parties to the Mortgage Sale Agreement may, with the prior written consent of the Bond Trustee (which shall be given if the Rating Agency Condition has been satisfied) amend the Loan Representations and Warranties in the Mortgage Sale Agreement.

The material Loan Representations and Warranties are as follows and are given: (i) in respect of Loans and their Related Security, on the Transfer Date of such Loans and their Related Security; and (ii) in respect of a Loan and its Related Security to which a Further Advance, Additional Loan Advance or Product Switch has been made, on the Calculation Date following the making of such Further Advance, Additional Loan Advance or Product Switch:

- each Loan being sold on a Transfer Date satisfies the Eligibility Criteria as at such Transfer Date;
- the Seller is the legal and beneficial owner of the Loans to be sold to the Guarantor, free and clear of any encumbrances, other than certain permitted encumbrances and upon each purchase, the Guarantor shall acquire a valid and enforceable first priority perfected beneficial ownership interest in the applicable Loans free and clear of any encumbrances, other than certain permitted encumbrances;
- each Loan was originated by the Seller in the ordinary course of business and kept on its books for a minimum of one month prior to the Cut-off Date;
- each Loan (other than Loans that are home equity lines of credit) has a remaining amortization period of less than 50 years as at the relevant Cut-off Date;

- prior to the making of each advance under a Loan, the Lending Criteria and all preconditions to the making of any Loan were satisfied in all material respects subject only to such exceptions as would be acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market;
- all of the Borrowers are individuals or have guarantees from individuals for the Loans (which guarantees and any security related to such guarantees are assignable and will be sold, transferred and assigned to the Guarantor as Related Security for the Loans in accordance with the terms of the Mortgage Sale Agreement);
- the whole of the Current Balance on each Loan is secured by a Mortgage over residential property in Canada consisting of not more than four units;
- each Mortgage constitutes a valid first mortgage lien over the related Property, or is insured as a first priority lien, in each case subject to certain permitted encumbrances;
- the True Balance on each Loan (other than any agreement for Additional Loan Advances (if any)) constitutes a legal, valid, binding and enforceable debt due to the Seller from the relevant Borrower and the terms of each Loan and its related Mortgage constitute valid and binding obligations of the Borrower enforceable in accordance with their terms except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors' rights generally or by general principles of equity;
- other than (i) registrations in the appropriate land registry or land titles offices in respect of the sale, transfer and assignment of the relevant Loans from the Seller to the Guarantor effected by the Mortgage Sale Agreement (and any applicable registration in respect of registered title to the relevant Loans), (ii) the provision to Borrowers under the related Loans or the obligors under their Related Security of actual notice of the sale, transfer and assignment thereof to the Guarantor, and (iii) certain registrations provided in the Civil Code of Québec for Properties located in the Province of Québec, all material filings, recordings, notifications, registrations or other actions under all applicable laws have been made or taken in each jurisdiction where necessary or appropriate (and where permitted by applicable law) to give legal effect to the sale, transfer and assignment of the Loans and their Related Security and the right to transfer servicing of such Loans as contemplated by the Mortgage Sale Agreement, and to validate, preserve, perfect and protect the Guarantor's ownership interest in and rights to collect any and all of the related Loans being purchased on the relevant Transfer Date, including the right to service and enforce such Loans and their Related Security, in each case, in accordance with the terms of the Transaction Documents;
- there is no requirement in order for a sale, transfer and assignment of the Loans and their Related Security to be effective to obtain the consent of the Borrower to such sale, transfer or assignment and such sale, transfer and assignment shall not give rise to any claim by the Borrower against the Guarantor, the Bond Trustee or any of their successors in title or assigns;
- all of the Properties are in Canada;
- not more than 12 months (or a longer period as may be acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market) prior to the granting of each Loan, the Seller obtained information on the relevant Property from an independently maintained valuation model, acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market, or received a valuation report on the relevant Property, which would be, and the contents or confirmation, as applicable, of which, were such as would be, acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market or obtained such other form of valuation of the relevant Property which has satisfied the Rating Agency Condition;
- prior to the taking of Related Security (other than a re-mortgage) in respect of each Loan, the Seller instructed lawyers or service providers to conduct a search of title to the relevant Property and to

undertake such other searches, investigations, enquiries and actions on behalf of the Seller as would be acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market or the Borrower was required to obtain either (i) a solicitor's opinion on title or (ii) lender's title insurance in respect of the Loan from an insurer acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market;

- each Loan contains a requirement that the relevant Property be covered by building insurance maintained by the Borrower or in the case of a leasehold property under a policy arranged by a relevant landlord or property management company;
- the Seller has, since the making of each Loan, kept or procured the keeping of full and proper accounts, books and records showing clearly all transactions, payments, receipts, proceedings and notices relating to such Loans;
- there are no governmental authorizations, approvals, licences or consents required as appropriate for the Seller to enter into or to perform its obligations under the Mortgage Sale Agreement or to make the Mortgage Sale Agreement legal, valid, binding, enforceable and admissible into evidence in a court of competent jurisdiction, other than authorizations, approvals, licenses, consents, actions, notices, filings or polling that have been obtained, made or taken;
- if the Loan is a Multiproduct Mortgage Loan and if there has been a disposition of the related Line of Credit Loan or a related Multiproduct Mortgage Loan to a Multiproduct Purchaser, the related Multiproduct Purchaser has agreed to become bound by the Security Sharing Agreement and has provided a release in favour of the Guarantor, substantially in the form attached to the Security Sharing Agreement;
- each Loan being sold on a Transfer Date satisfies the Eligibility Criteria as in effect on such Transfer Date;
- the Loan satisfies the requirements of Section 21.6 of the Covered Bond Legislative Framework as in effect on the related Transfer Date; and
- the Loan satisfies any other eligibility criteria as may be prescribed by the CMHC Guide as in effect on the related Transfer Date.

If New Portfolio Asset Types are to be sold to the Guarantor, then the Loan Representations and Warranties in the Mortgage Sale Agreement will be modified as required to accommodate these New Portfolio Asset Types. The prior consent of the holders of the Covered Bonds to the requisite amendments will not be required. On each Transfer Date, the Guarantor shall be entitled to collections in respect of the Loan purchased on such Transfer Date during the period from the Cut-off Date to the Transfer Date.

### ***Multiproduct Accounts***

The Covered Bond Portfolio includes Multiproduct Mortgage Loans and may be substantially or wholly comprised of Multiproduct Mortgage Loans. A Borrower may obtain one or more Multiproduct Mortgage Loans and Line of Credit Loans, including the ability to convert any outstanding Line of Credit Loan or any portion thereof into a Multiproduct Mortgage Loan, with the remaining credit balance being available in the form of a Line of Credit Loan (subject to credit adjudication), all of which are secured by the same Multiproduct Mortgage on the related Property.

As of the date of this Base Prospectus, the Covered Bond Portfolio does not include Line of Credit Loans. In the future Line of Credit Loans may be Loans provided that the Loan Representations and Warranties and the other applicable requirements under the Transaction Documents are satisfied. Line of Credit Loans will not be eligible for sale to the Guarantor as a Loan pursuant to the Mortgage Sale Agreement until (i)

approved as a New Portfolio Asset Type by the Rating Agencies, and (ii) CMHC has verified compliance with the CMHC Guide.

Prior to a default by a Borrower under any Multiproduct Account, the Transaction Documents will require the Seller and the Servicer to apply payments to a Multiproduct Account in accordance with the related Multiproduct Mortgage. Following a default by a Borrower under any Multiproduct Account, the Security Sharing Agreement provides for the priority of payment of all monies received from such Borrower and all amounts realized from the enforcement of security held for such Borrower's Multiproduct Account (as described under "*Security Sharing Agreement—Priority of Payment in respect of Enforcement Proceeds*", below).

Concurrently with the sale of the First Multiproduct Mortgage Loan relating to a particular Borrower to the Guarantor, the Seller will transfer and convey all of its right, title and interest in the Related Security (including its interest in the related Multiproduct Mortgage (or, in the case of a Multiproduct Mortgage Loan located in the Province of Québec, an interest in the related Multiproduct Mortgage to the extent of the First Multiproduct Mortgage Loan that is sold to the Guarantor)) to the Guarantor. The Guarantor will hold the Related Security in respect of each Multiproduct Mortgage Loan sold to the Guarantor as follows: (i) an interest in such Related Security for its own sole and absolute account and benefit, to the extent of all outstanding indebtedness owing under all Multiproduct Mortgage Loans owned by it in respect of the same Borrower from time to time, which interest will have full priority over all other rights, claims and interests; and (ii) subject to the Guarantor's priority described in item (i) above, an interest in such Related Security, as agent, nominee and bare trustee for the Seller and any Multiproduct Purchaser from time to time, as their interests may appear, to the extent of all outstanding indebtedness owing under any Multiproduct Mortgage Loans and Line of Credit Loans owned by the Seller or Multiproduct Purchaser from time to time. As well, for Multiproduct Mortgage Loans in the Province of Québec, the Seller and each of the Multiproduct Purchasers will be entitled to an interest in the Multiproduct Mortgage to the extent of any outstanding indebtedness owing under any related Multiproduct Accounts.

In respect of a Multiproduct Account, the Transaction Documents will provide that the Servicer will (i) have the sole right to take all enforcement actions and make all servicing decisions with respect to the Related Security (including under the related Multiproduct Mortgage) and (ii) allocate any monies received by it and otherwise realized from the enforcement of the security for the related Multiproduct Account with the same Borrower in accordance with the priority arrangement described above, including the allocation of such monies to all indebtedness owing under each related Multiproduct Mortgage Loan owned by the Guarantor in priority to all related Line of Credit Loans and Multiproduct Mortgage Loans owned by the Seller (as described under "*Security Sharing Agreement—Priority of Payment in respect of Enforcement Proceeds*", below).

### ***Repurchase of Portfolio Assets – Representations and Warranties***

If the Seller receives a Portfolio Asset Repurchase Notice from the Guarantor (or the Cash Manager on its behalf) identifying a Portfolio Asset in the Covered Bond Portfolio which, as at the relevant Transfer Date or relevant Calculation Date (in the case of a Product Switch or an Additional Loan Advance): (i) does not comply with the Loan Representations and Warranties set out in the Mortgage Sale Agreement and such breach materially and adversely affects the interest of the Guarantor in such Portfolio Asset or the value of such Portfolio Asset (provided that if such Portfolio Asset does not comply with the Eligibility Criteria at the relevant Transfer Date, the interest of the Guarantor in such Portfolio Asset or the value of such Portfolio Asset shall be deemed to have been materially and adversely affected); (ii) is subject to an adverse claim other than certain permitted security interests or security interests arising through the Guarantor and such adverse claim materially and adversely affects the interest of the Guarantor in such Portfolio Asset or the value of such Portfolio Asset; or (iii) any power of attorney granted by the Seller in respect of such Portfolio Asset is determined to be invalid, then the Seller will, subject to the applicable breach, adverse claim or invalid power of attorney being cured during a 30 calendar day period commencing on the date on which such non-compliance is discovered, be required to repurchase on the first Calculation Date occurring after such 30 calendar day period: (i) any such Portfolio Asset; and (ii) any other Loan secured or intended to be secured by that Related Security or any part of it, which would include one or more Multiproduct Mortgage

Loans made to the same Borrower which are owned by the Guarantor. The Guarantor's and the Bond Trustee's sole remedy in respect of any matter referred to in the previous sentence, including for greater certainty, any Loan not being an Eligible Loan on the related Transfer Date, shall be the requirement of the Seller to repurchase such Loan and its Related Security as set out in this paragraph. The repurchase price payable upon the repurchase of any Portfolio Asset is an amount (not less than zero) equal to the purchase price paid by the Guarantor for such Portfolio Asset plus expenses as at the relevant repurchase date, less any amounts received from the Borrower since the Transfer Date in respect of principal on such Portfolio Asset. The repurchase proceeds received by the Guarantor will be applied (other than Accrued Interest and Arrears of Interest) in accordance with the Pre-Acceleration Principal Priority of Payments (see "Cashflows" below).

### ***Non-Performing Loans***

The Cash Manager will identify any Non-Performing Loans in the Covered Bond Portfolio and upon identification serve a Non-Performing Loans Notice on the Bank and the Servicer. Non-Performing Loans will not be given credit in the Asset Coverage Test or the Amortization Test.

### ***General ability to repurchase***

Prior to the occurrence of an Issuer Event of Default, the Seller may from time to time offer to repurchase a Loan (or Loans) and their Related Security from the Guarantor for a purchase price of not less than the fair market value of the relevant Loan. Any such offer to purchase a Multiproduct Mortgage Loan must include any other Multiproduct Mortgage Loans made to the same Borrower which are owned by the Guarantor. The Guarantor may accept such offer at its discretion, provided that any such sale will be subject to the Asset Coverage Test being met on the date of such sale, after giving effect to the sale.

### ***Right of pre-emption***

Under the terms of the Mortgage Sale Agreement, the Seller has a right of pre-emption in respect of any sale, in whole or in part, of Portfolio Assets.

In connection with any sale of Portfolio Assets by the Guarantor, except where such Portfolio Assets are being sold to the Seller pursuant to an offer from the Seller, the Guarantor will serve on the Seller a Portfolio Asset Offer Notice offering to sell Portfolio Assets for an offer price equal to the greater of (a) the fair market value of such Portfolio Assets and (b) (i) if the sale is following a breach of the Pre-Maturity Test, if applicable, or the service of a Notice to Pay, the Adjusted Required Redemption Amount of the relevant Series of Covered Bonds, otherwise (ii) the True Balance of such Portfolio Assets, subject to the offer being accepted by the Seller within 10 Canadian Business Days.

At any time that there is no Asset Coverage Test Breach Notice outstanding and no Covered Bond Guarantee Activation Event has occurred, it will be a condition to the Guarantor's right to sell Portfolio Assets that the Asset Coverage Test and/or Amortization Test, as applicable, will be met on the date of such sale, after giving effect to the sale.

If an Issuer Event of Default has occurred but no liquidator or administrator has been appointed to the Seller, the Seller's right to accept the offer (and therefore its right of pre-emption) will be conditional upon the delivery by the Seller of a solvency certificate to the Guarantor and the Bond Trustee. If the Seller rejects the Guarantor's offer or fails to accept it in accordance with the foregoing, the Guarantor may offer to sell such Portfolio Assets to other Purchasers (as described under "*Guarantor Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*" below).

If the Seller validly accepts the Guarantor's offer to sell such Portfolio Assets, the Guarantor will, within three Canadian Business Days of such acceptance, serve a Portfolio Asset Repurchase Notice on the Seller. The Seller will sign and return a duplicate copy of such Portfolio Asset Repurchase Notice and will

repurchase from the Guarantor free from the Security created by the Security Agreement the relevant Portfolio Assets (and any other Loan secured or intended to be secured by Related Security securing such Portfolio Asset) referred to in the relevant Portfolio Asset Repurchase Notice. Completion of the purchase of such Portfolio Assets by the Seller will take place, upon satisfaction of any applicable conditions to the purchase and sale, on the first Guarantor Payment Date following receipt of the relevant Portfolio Asset Repurchase Notice(s) or such other date as the Guarantor may direct in the Portfolio Asset Repurchase Notice (provided that such date is not later than the earlier to occur of the date which is: (a) 10 Canadian Business Days after returning the Portfolio Asset Repurchase Notice to the Guarantor; and (b) the Final Maturity Date of the Earliest Maturing Covered Bonds).

For the purposes hereof:

**“Adjusted Required Redemption Amount”** means the Canadian Dollar Equivalent of the Required Redemption Amount, plus or minus the Canadian Dollar Equivalent of any swap termination amounts payable under the Covered Bond Swap Agreement to or by the Guarantor in respect of the relevant Series of Covered Bonds less (where applicable) amounts held by the Cash Manager for and on behalf of the Guarantor and amounts standing to the credit of the Guarantor Accounts and the Canadian Dollar Equivalent of the principal balance of any Substitute Assets (excluding all amounts to be applied on the next following Guarantor Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds) plus or minus any swap termination amounts payable to or by the Guarantor under the Interest Rate Swap Agreement in respect of the relevant Series of Covered Bonds, determined on a *pro rata* basis amongst all Series of Covered Bonds according to the respective Principal Amount Outstanding thereof, minus amounts standing to the credit of the Pre-Maturity Liquidity Ledger, if applicable, that are not otherwise required to provide liquidity for any Series of Hard Bullet Covered Bonds which mature within 12 months of the date of such calculation.

**“Required Redemption Amount”** means, in respect of a Series of Covered Bonds, the amount calculated as follows:

the Principal Amount Outstanding of the relevant Series of Covered Bonds      x      [1 + Negative Carry Factor x (days to maturity of the relevant Series of Covered Bonds/365)]

### ***Further drawings under Loans***

The Seller is solely responsible for funding all Further Advances, if any, in respect of Loans sold by the Seller to the Guarantor. The sale to the Guarantor of each Further Advance shall occur upon the advance of further money to the relevant Borrower. To the extent that a Further Advance is sold to the Guarantor, the amount of the Intercompany Loan will increase by the amount of the funded Further Advances, provided that, if for any reason, the Intercompany Loan is not increased at any relevant time such amount shall be deemed to constitute a Capital Contribution by the Seller and the Seller's interest, as a limited partner in the Guarantor, shall be increased by such amount.

### ***Authorized Underpayments***

In the event that the Servicer permits a Borrower to make an Authorized Underpayment, the Seller of such Loan will be required to pay to the Guarantor an amount equal to the unpaid interest associated with that Authorized Underpayment. The amount of any such payment representing capitalized interest in respect of that Authorized Underpayment shall constitute a Cash Capital Contribution by the Seller to the Guarantor.

## **New Sellers**

In the future, any New Seller that wishes to sell Loans and their Related Security to the Guarantor will accede to, *inter alia*, the Mortgage Sale Agreement. The sale of New Loans and their Related Security by New Sellers to the Guarantor will be subject to certain conditions, including the following:

- each New Seller accedes to the terms of the Guarantor Agreement as a Limited Partner (with such subsequent amendments as may be agreed by the parties thereto) or enters into a new mortgage sale agreement with the Guarantor and the Bond Trustee, in each case so that it has, in relation to those New Loans and their Related Security to be sold by the relevant New Seller, substantially the same rights and obligations as the Seller had in relation to those Loans and their Related Security previously sold into the Covered Bond Portfolio under the Guarantor Agreement;
- each New Seller accedes to the terms of the Mortgage Sale Agreement (with such subsequent amendments as may be agreed by the parties thereto) or enters into a new mortgage sale agreement with the Guarantor and the Bond Trustee, in each case so that it has, in relation to those New Loans and their Related Security to be sold by the relevant New Seller, substantially the same rights and obligations as the Seller had in relation to those Loans and their Related Security previously sold into the Covered Bond Portfolio under the Mortgage Sale Agreement;
- each New Seller accedes to the Dealership Agreement(s) and enters into such other documents as may be required by the Bond Trustee and/or the Guarantor (acting reasonably) to give effect to the addition of a New Seller to the transactions contemplated under the Programme;
- any Portfolio Assets sold by a New Seller to the Guarantor comply with the Eligibility Criteria set out in the Mortgage Sale Agreement;
- either (i) the Servicer services the New Loans and their Related Security sold by a New Seller on the terms set out in the Servicing Agreement (with such subsequent amendments as may be agreed by the parties thereto) or (ii) the New Seller enters into a servicing agreement with the Guarantor and the Bond Trustee which sets out the servicing obligations of the New Seller in relation to the New Loans and their Related Security and which is on terms substantially similar to the terms set out in the Servicing Agreement (in the event the New Loans and their Related Security are not purchased on a fully-serviced basis, the servicing agreement shall set out fees payable to the Servicer or the New Seller acting as servicer of such New Loans and their Related Security which may be determined on the date of the accession of the New Seller to the Programme);
- the Bond Trustee is satisfied that any accession of a New Seller to the Programme will not prejudice the Asset Coverage Test; and
- the Bond Trustee is satisfied that the accession of a New Seller to the Programme is not materially prejudicial to holders of the Covered Bonds and has satisfied the Rating Agency Condition.

If the above conditions are met, the consent of holders of the Covered Bonds will not be required or obtained in connection with the accession of a New Seller to the Programme.

## **Security Sharing Agreement**

The Seller, the Guarantor, the Bond Trustee and the Custodian entered into a Security Sharing Agreement in connection with Loans and their Related Security that have been and will be sold by the Seller to the Guarantor where the Mortgage also secures or may from time to time secure loans, indebtedness or liabilities (“**Retained Loans**” and together with the Loans secured by the same Mortgage, “**Related Loans**”) that do not form part of the Covered Bond Portfolio.

The Security Sharing Agreement:

- confirms that the Seller retains an interest in the Mortgage securing the Related Loans;
- provides for the priority of payments in respect of collections received in respect of any Related Loans following a default under or breach of such Related Loans that is not remedied or waived in accordance with the terms of the agreements with the Borrower in respect of such Related Loans (“**Post-Default Collections**”) including from the enforcement of the Mortgages securing Related Loans (“**Enforcement Proceeds**”);
- requires Post-Default Collections to be promptly transferred, to the person entitled to such amounts;
- provides for each Loan sold to the Guarantor and Related Loans to be serviced by the same servicer or sub-servicer;
- provides the Seller with certain rights to purchase Related Loans from the Guarantor; and
- provides for the delivery by the Seller of a release in respect of its interest in the Mortgage securing the Related Loans to the Custodian and the circumstances under which such release can be used or relied upon.

The Security Sharing Agreement will cease to apply in respect of any Related Loans upon all such Related Loans being held by a single person and provides that upon payment in full of the Loans forming part of the Related Loans, the Mortgage will be transferred to the beneficial owner (or owner) of the Retained Loans.

***Priority of Payments in respect of Enforcement Proceeds***

The parties to the Security Sharing Agreement have agreed that notwithstanding the terms of the Related Loans, which provide for the application of Enforcement Proceeds amongst such Related Loans, Post-Default Collections, including Enforcement Proceeds, will be applied as follows:

- first, in or towards payment of all taxes, reasonable costs and expenses incurred or to be incurred in relation to the enforcement of the Mortgage;
- second, in or towards payment of all amounts owing by the Borrower in respect of the Loans owned by the Guarantor and secured by such Mortgage until such amounts have been paid in full;
- third, in or towards payment of all amounts owing by the Borrower in respect of the Retained Loans secured by such Mortgage until such amounts have been paid in full; and
- lastly, in paying the surplus (if any) to the persons entitled thereto.

In connection with the above, to the extent a beneficial owner (or owner) of Related Loans receives Post-Default Collections while amounts are payable in priority to the amounts to which such person is entitled under the above priority of payments, such amounts are to be promptly transferred, to the person entitled to such amounts. Such payments will not be subject to the Priorities of Payments or any set-off or counterclaim.

***Single Servicer for Purchased Loans and Related Loans secured by the same Mortgage***

For so long as the Seller is the Servicer, it will service the Related Loans, or will sub-contract its servicing obligations, provided that, in all cases, each Loan owned by the Guarantor and each Related Loan secured by the same Mortgage, will be serviced by the same servicer or sub-servicer. In the event that the Servicer ceases to be the Seller, the Guarantor is required to enter into a servicing agreement with a replacement servicer (a “**Replacement Servicer**”) to arrange for the servicing of the Related Loans in a manner that ensures continuity of servicing and the Seller has granted a power of attorney in favour of the Guarantor for this purpose. The Replacement Servicer must satisfy certain requirements with respect to its capacity

to carry out the servicing obligations and will be required to make representations consistent with the requirements represented and warranted to by the current Servicer (see “*Servicing Agreement – Representations and Warranties of the Servicer*”). A servicing agreement will be required to be entered into for the servicing with the Replacement Servicer and must, among other things:

- be commercially reasonable having regard to the interest of each of the Guarantor and the Seller in the Related Loans and Mortgages being serviced, including with respect to the allocation of costs;
- provide for the servicing of the Retained Loans in accordance with the Seller’s policy and otherwise in accordance with the standards of a reasonable and prudent institutional mortgage lender and in compliance with applicable laws;
- restrict the ability of the Replacement Servicer to authorize, approve, accept or make Product Switches or Additional Loan Advances in respect of Retained Loans without the consent of the Seller;
- require the Replacement Servicer to hold funds received in respect of the Retained Loans in trust for the Seller in a separate account and transfer such funds to the Seller on a daily basis; and
- require the prior written consent of the Guarantor and the Seller to any amendment or waiver.

A Replacement Servicer will be entitled to take such enforcement procedures in respect of the Mortgages it is servicing as it would be reasonable to expect a reasonable and prudent institutional mortgage lender to take in administering its own loans and their security and each of the holders of the Related Loans will refrain from taking any enforcement procedures except at the direction of the Servicer.

A third-party purchaser or the Guarantor can terminate the Servicing Agreement in respect of Related Loans and their Related Security sold to the third-party purchaser provided that the purchaser services or appoints a servicer for the Related Loans that include the purchased Loans owned by the Guarantor and enters into a servicing agreement that meets the requirements applicable to a Replacement Servicer.

### ***Purchase and Sale***

Under the Security Sharing Agreement, in addition to the pre-emptive rights the Guarantor has under the Mortgage Sale Agreement (see “*Mortgage Sale Agreement*” above), if the Guarantor intends to sell any Related Loan, the Seller may, upon notice to the Guarantor, purchase such Related Loan and its Related Security. In addition, in the event the Seller desires to acquire any Loans and their Related Security forming part of the Related Loans, for any reason, including to institute enforcement procedures or upon becoming aware that enforcement procedures have been or are to be instituted in respect of any Mortgage securing Related Loans, the Seller may, upon notice to the Guarantor and the Custodian, purchase such Related Loans and their Related Security from the Guarantor provided that the Asset Coverage Test, and/or at such time as the Amortization Test is being conducted, the Amortization Test, as applicable, is met following such sale and such sale would not (or would not reasonably be expected to) adversely affect the interests of Covered Bondholders. In each case, the purchase price for such Related Loans and their Related Security will be a price determined in accordance with the Guarantor Agreement (see “*Guarantor Agreement – Method of Sale of Portfolio Assets*”) and will be payable in a form of consideration permitted under the CMHC Guide, which includes the substitution of assets. The Seller’s right to purchase Related Loans will cease upon a sale of such Related Loans and their Related Security by the Guarantor to a third party.

### ***Release of Security***

In connection with entering into the Security Sharing Agreement, the Seller delivered a release of security to the Custodian in respect of its interest in the Mortgage securing the Related Loans and agreed to deliver a release of security upon each sale or contribution of Related Loans to the Guarantor. The Custodian will hold any such releases of security, including any delivered by a purchaser of Retained Loans, and will only

deliver a release of security in order for it to be used or relied upon in respect of any affected Related Loans if the following conditions are met:

- (i) the servicer of the affected Related Loans has provided notice to the parties to (A) the Security Sharing Agreement under the Servicing Agreement or (B) any corresponding agreement with a Replacement Servicer, or (ii) the Custodian has otherwise received evidence satisfactory to it (acting reasonably), in each case, that any of the following has occurred:
  - (a) the Servicer or any beneficial owner (or owner) of any Retained Loan breached or caused a breach of or provided written advice to the Servicer to breach (i) the priority of payments for the application of Post-Default Collections; (ii) its obligation to hold the Post-Default Collections in trust and transfer them to the person entitled to such amounts; or (iii) the requirement that each Loan owned by the Guarantor and any Related Loan secured by the same Mortgage be serviced by the same servicer or sub-servicer, where any such breach or advice, as applicable, is not remedied or withdrawn, as the case may be, within 60 days (or after an Issuer Event of Default, 10 Business Days) of receiving notice thereof;
  - (b) any Retained Loan has been sold, transferred or assigned to a third party that has not (i) agreed to be bound by the obligations of the Seller under the Security Sharing Agreement with respect to such Retained Loans and (ii) delivered a release of security to the Custodian in respect of the Mortgage for such Retained Loans (unless such sale, transfer or assignment results in a single person beneficially owning (or owning) all of the Related Loans); or
  - (c) the Seller or a third-party purchaser of any Retained Loan commences a challenge to the validity, legality or enforceability of (i) the priority of payments for the application of Post-Default Collections; (ii) the obligation to hold Post-Default Collections in trust and transfer them to the person entitled to such amounts; or (iii) the requirement to maintain a single servicer for Related Loans; and
- the beneficial owner (or owner) of the Related Loans that formed part of the Covered Bond Portfolio delivers a request to the Custodian to deliver to it the release of security in respect of the affected Related Loans; and
- following receipt of the request to deliver the release of security in respect of the affected Related Loans, the Custodian receives an opinion of independent legal counsel (as such term is used in the CMHC Guide), acceptable to the Custodian, confirming notice from the servicer was properly delivered or that the Custodian otherwise received evidence satisfactory to it (acting reasonably) that one of the circumstances in (a) to (c) above occurred (which opinion may make assumptions and rely on statements of fact from the servicer and appropriate officers or directors of a person reasonably expected to have knowledge of such matters) and the notice from the servicer (or other evidence) and request to deliver the release of security was properly given to the Custodian.

Upon the above conditions being satisfied, the Custodian will deliver the release of security in respect of the affected Related Loans to the Guarantor or third-party purchaser, as the case may be, of the Related Loans that formed part of the Covered Bond Portfolio.

### **Servicing Agreement**

Pursuant to the terms of the Servicing Agreement entered into on the Programme Date between the Guarantor, the Servicer, the Seller, the Cash Manager and the Bond Trustee, the Servicer has agreed to service on behalf of the Guarantor the Loans and their Related Security sold by the Seller to the Guarantor in the Covered Bond Portfolio.

The Servicer is required to administer the Loans and their Related Security comprised in the Covered Bond Portfolio in accordance with applicable law, the Servicing Agreement and the other Transaction Documents and with reasonable care and diligence, using that degree of skill and attention that it exercises in managing, servicing, administering, collecting on and performing similar functions relating to comparable loans that it services for itself.

The Servicer is required to administer the Loans in accordance with the Servicing Agreement:

- (a) as if the Loans and their Related Security sold by the Seller to the Guarantor had not been sold to the Guarantor but remained with the Seller; and
- (b) in accordance with the Seller's administration, arrears and enforcement policies and procedures forming part of the Servicer's policy from time to time as they apply to those Loans.

The Servicer's actions in servicing the Loans in accordance with its procedures will be binding on the Guarantor, the Seller and the Secured Creditors.

### ***Undertakings of the Servicer***

Pursuant to the terms of the Servicing Agreement, the Servicer has undertaken in relation to those Loans and their Related Security in the Covered Bond Portfolio that it is servicing, among other things, to:

- keep records and accounts on behalf of the Guarantor in relation to the Loans and their Related Security;
- keep the Loan Files in its possession or under its control in safe custody and maintain records necessary to enforce each Mortgage and to provide the Guarantor and the Bond Trustee with access to the Loan Files and other records relating to the administration of the Loans and their Related Security;
- maintain a register in respect of the Covered Bond Portfolio;
- make available upon request to the Guarantor and the Bond Trustee a report on a monthly basis containing information about the Loans and their Related Security comprised in the Covered Bond Portfolio;
- assist the Cash Manager in the preparation of a monthly asset coverage report in accordance with the Cash Management Agreement;
- take all reasonable steps to recover all sums due to the Guarantor, including instituting proceedings and enforcing any relevant Loan or Mortgage or other Related Security using the discretion of reasonable and prudent institutional mortgage lenders in the Seller's market in applying the enforcement procedures forming part of the Seller's policy;
- enforce any Loan which is in default in accordance with the Seller's enforcement procedures or, to the extent that such enforcement procedures are not applicable having regard to the nature of the default in question, with the usual procedures undertaken by reasonable and prudent institutional mortgage lenders in the Seller's market on behalf of the Guarantor;
- comply and, as applicable, cause any person to which it sub-contracts or delegates the performance of all or any of its powers and obligations to comply with, the provisions of the Security Sharing Agreement applicable to a servicer and not take any action in contravention of the Security Sharing Agreement, except pursuant to a written notice or direction in which case it will provide notice to the parties to the Security Sharing Agreement; and

- to provide notice to each party to the Security Sharing Agreement in the event that it receives advice or is provided or comes into possession or written evidence, as applicable, of any of the circumstances which could give rise to an obligation on the part of the Custodian to deliver a release of security in respect of any affected Related Loans following receipt of such notice, a request by a beneficial owner (or owner) of such affected Related Loans and delivery of an independent legal counsel opinion (see “*Security Sharing Agreement*”, above).

At any time that the ratings of the Servicer by one or more Rating Agencies are below the Servicer Deposit Threshold Ratings and a Covered Bond Guarantee Activation Event has not occurred, the Servicer shall hold any funds it receives on behalf of the Guarantor for the benefit of the Guarantor and shall transfer such funds within two Business Days of the collection or receipt thereof (i) to the Cash Manager at any time that the ratings of the Cash Manager by a Rating Agency are at or above the Cash Management Deposit Ratings, and (ii) at any time that the ratings of the Cash Manager by a Rating Agency are below the Cash Management Deposit Ratings, directly into the GIC Account.

At any time that the ratings of the Servicer by the Rating Agencies are at or above the Servicer Deposit Threshold Ratings and a Covered Bond Guarantee Activation Event has not occurred, the Servicer shall hold any funds it receives on behalf of the Guarantor for the benefit of the Guarantor and shall transfer such funds on or before the next Guarantor Payment Date (i) to the Cash Manager at any time that the ratings of the Cash Manager by a Rating Agency are at or above the Cash Management Deposit Ratings, and (ii) at any time that the ratings of the Cash Manager by a Rating Agency are below the Cash Management Deposit Ratings, directly into the GIC Account.

The ratings of the Servicer as of the date of this Base Prospectus are below the Servicer Deposit Threshold Ratings.

Following the occurrence of a Covered Bond Guarantee Activation Event, the Servicer will transfer funds it receives on behalf of the Guarantor into the GIC Account within two Business Days of the collection or receipt thereof.

On the Servicer being assigned applicable ratings by one or more Rating Agencies below the Servicer Replacement Threshold Ratings (as defined below), the Servicer undertakes to, upon the request of the Guarantor or the Bond Trustee, use commercially reasonable efforts to enter into a new or a master servicing agreement with the Bond Trustee and a third party substantially in the form of the Servicing Agreement (or otherwise subject to satisfaction of the Rating Agency Condition), with such modifications as the Guarantor and the Bond Trustee may reasonably require (including with respect to the payment of servicing fees), within 60 days under which such third party will undertake the servicing obligations in relation to the Covered Bond Portfolio. In connection with the foregoing, upon entering into the new or master servicing agreement with such third party, the Servicer or replacement Servicer, as agreed between the parties to the Servicing Agreement, will (on behalf of the Guarantor) deliver notice of the sale, assignment and transfer of the Loans and their Related Security and direct Borrowers to make all future repayments on the Loans to the Standby Account Bank for the account of the Guarantor. The ratings of such replacement Servicer are required to be at or above the Servicer Replacement Threshold Ratings. **“Servicer Replacement Threshold Ratings”** means the threshold ratings BB(low) or R-2(middle) (in respect of DBRS; provided that, for greater certainty, only one of such ratings from DBRS is required to be at or above such ratings) and BB- or F3 (in respect of Fitch; provided that, for greater certainty, only one of such ratings from Fitch is required to be at or above such ratings), as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations (in the case of DBRS) or the issuer default rating (in the case of Fitch), in each case, of the Servicer.

### ***Payments, Administration and Enforcement***

The Servicer is authorized to act as the collection agent of the Guarantor under a system for the manual or automated debiting of bank accounts, pursuant to which system a Borrower's periodic Loan payments are debited directly from a specified account. In accordance with the Servicing Agreement, such debiting system must be operated in accordance with policies and procedures that would be acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market. A significant majority of the Loans serviced by the Servicer are subject to such debiting system.

The Servicer has the power to exercise the rights, powers and discretions and to perform the duties of the Guarantor in relation to the Loans and their Related Security that it is servicing pursuant to the terms of the Servicing Agreement, and to do anything which it reasonably considers necessary or convenient or incidental to the administration of those Loans and their Related Security. Among such powers of the Servicer is the right to accept any application for a Product Switch or Additional Loan Advance, provided that at all times the Servicer must act in accordance with policies and procedures that would be acceptable to reasonable and prudent institutional mortgage lenders in the Seller's market. Any Additional Loan Advance is the obligation of the Seller and will be funded in accordance with the terms of the Intercompany Loan Agreement and the other Transaction Documents. The Guarantor will not be obligated to make any Additional Loan Advance.

The Servicer is required to collect payments under the Loans and enforce the Loans and their Related Security in accordance with its policies and procedures as described in "*Retail Loan Origination and Lending Criteria*".

### ***Setting of variable rate and other discretionary rates and margins***

Pursuant to the terms of the Mortgage Sale Agreement and in accordance with Mortgage Conditions applicable to certain Loans, the Seller has prescribed policies relating to interest rate setting, arrears management and handling of complaints which the Guarantor (and any subsequent purchaser thereof) will be required to adhere to following the transfer of Loans and their Related Security. Such arrears management and handling of complaints policies are consistent with those to be applied by the Servicer under the terms of the Servicing Agreement. The interest rate setting policy specified in the Mortgage Sale Agreement is only applicable to Loans with interest rates which may be varied from time to time in the discretion of the lender under the relevant Loan.

In addition to the undertakings described above, the Servicer has also undertaken in the Servicing Agreement to determine and set the variable rate and any other discretionary rates and margins in relation to any applicable Loans in the Covered Bond Portfolio for which the Guarantor is entitled to set the variable rate and any other discretionary rates and margins pursuant to the terms of such Loans. The Servicer shall set such rates and margins in accordance with the policy to be adhered to by the Guarantor above, at such times as the Guarantor would be entitled to set such rates and margins, except in the limited circumstances described below, when the Guarantor will be entitled to set such rates and margins. The Servicer will not at any time prior to the earlier of (i) the occurrence of a Covered Bond Guarantee Activation Event, and/or (ii) a Servicer Event of Default having occurred, without the prior written consent of the Guarantor, set or maintain any such discretionary rates or margins at rates or margins which are higher than (although they may be lower than or equal to) the applicable then prevailing discretionary rates or margins of the Seller for loans owned by the Seller which have a similarly determined variable rate or margin to the relevant Loan in the Covered Bond Portfolio sold by the Seller to the Guarantor.

In particular, the Servicer will determine on each Calculation Date, having regard to:

- (a) the income which the Guarantor would expect to receive during the next succeeding Guarantor Payment Period (the relevant Guarantor Payment Period);

- (b) any discretionary rates and margins in respect of the Loans which the Servicer proposes to set under the Servicing Agreement for the relevant Guarantor Payment Period; and
- (c) the other resources available to the Guarantor including the Interest Rate Swap Agreement, the Covered Bond Swap Agreement and the Reserve Fund,

whether the Guarantor would receive an amount of income during the relevant Guarantor Payment Period which, when aggregated with the funds otherwise available to it, is less than the amount which is the aggregate of (1) the amount of interest which would be payable (or provisioned to be paid) under the Covered Bond Guarantee on each Guarantor Payment Date falling at the end of the relevant Guarantor Payment Period and any amounts which would be payable (or provisioned to be paid) to the Covered Bond Swap Provider under the Covered Bond Swap Agreement in respect of all Covered Bonds on each Guarantor Payment Date of each Series of Covered Bonds falling at the end of the relevant Guarantor Payment Period and (2) the other senior expenses payable by the Guarantor ranking in priority thereto in accordance with the relevant Priorities of Payments applicable prior to a Guarantor Event of Default.

If the Servicer determines that there will be a shortfall in the foregoing amounts, it will give written notice to the Guarantor and the Bond Trustee, within one Canadian Business Day, of the amount of the shortfall. If the Guarantor or the Bond Trustee notifies the Servicer and the Bank that, having regard to the obligations of the Guarantor and the amount of the shortfall, further Loans and their Related Security should be sold to the Guarantor, the Bank will use all reasonable efforts to ensure that the obligations of the Guarantor for such period will be met. This may include, making advances under the Intercompany Loan, selling Portfolio Assets to the Guarantor or making a Capital Contribution on or before the next Calculation Date in such amounts and with such rates or margins, as applicable, sufficient to avoid such shortfall on future Calculation Dates.

In addition, the Servicer will determine on each Calculation Date following an Issuer Event of Default, having regard to the aggregate of:

- (a) any discretionary rate or margin, in respect of the Loans which the Servicer proposes to set under the Servicing Agreement for the relevant Guarantor Payment Period; and
- (b) the other resources available to the Guarantor under the Interest Rate Swap Agreement,

whether the Guarantor would receive an aggregate amount of interest on the Loans sufficient to pay the full amounts payable under the Interest Rate Swap Agreement during the relevant Guarantor Payment Period (the “**Post Issuer Event of Default Yield Shortfall Test**”).

If the Servicer determines that the Post Issuer Event of Default Yield Shortfall Test will not be met, it will give written notice to the Guarantor and the Bond Trustee, prior to the Guarantor Payment Date immediately following such Calculation Date, of the amount of the shortfall and the rates or margins, for any discretionary rates or margins which the Guarantor is entitled to set with respect to Loans in the Covered Bond Portfolio pursuant to the terms of such Loans, which need to be set in order for no shortfall to arise and the Post Issuer Event of Default Yield Shortfall Test to be met, having regard to the date(s) on which the change to such discretionary rates or margins would take effect and at all times acting in accordance with the standards of reasonable and prudent institutional mortgage lenders in the Seller’s market. If the Guarantor or the Bond Trustee notifies the Servicer that, having regard to the obligations of the Guarantor, such discretionary rates or margins should be changed, the Servicer or replacement Servicer, as the case may be, will take all steps which are necessary to change such discretionary rates or margins including publishing any notice which is required in accordance with the Mortgage Terms.

The Guarantor and the Bond Trustee may terminate the authority of the Servicer to determine and set any such discretionary rates or margins on the occurrence of a Servicer Event of Default as defined under “—*Removal or resignation of the Servicer*”, in which case the Guarantor and the Bond Trustee will agree to

appoint the replacement Servicer to set such discretionary rates or margins itself in the manner described above.

### ***Representations and Warranties of the Servicer***

Under the Servicing Agreement, the Servicer represents and warrants to the Guarantor and the Bond Trustee that (i) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Servicing Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (ii) it is rated at or above the Servicer Replacement Threshold Ratings by each of the Rating Agencies, (iii) it is and will continue to be in good standing with OSFI, (iv) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Servicing Agreement and the other Transaction Documents to which it is party, and (v) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Servicing Agreement and the other Transaction Documents to which it is a party.

### ***Removal or resignation of the Servicer***

The Guarantor and the Bond Trustee may (unless otherwise specified below), upon written notice to the Servicer, terminate the Servicer's rights and obligations if any of the following events (each a "**Servicer Termination Event**" and, each of the first four events set out below, a "**Servicer Event of Default**") occurs:

- the Servicer's applicable ratings from one or more Rating Agencies are below the Servicer Replacement Threshold Ratings;
- the Servicer defaults in the payment of any amount due to the Guarantor under the Servicing Agreement and fails to remedy that default for a period of three Canadian Business Days after the earlier of the Servicer becoming aware of the default and receipt by the Servicer of written notice from the Bond Trustee or the Guarantor requiring the same be remedied;
- the Servicer (or any delegate thereof) defaults in remitting any funds as required pursuant to the Servicing Agreement at any time that there has been a downgrade in the ratings of the Servicer by one or more Rating Agencies below the Servicer Deposit Threshold Ratings and such default continues unremedied for a period of one Canadian Business Day after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Bond Trustee or the Guarantor requiring the same to be remedied;
- the Servicer fails to comply with any of its other covenants and obligations under the Servicing Agreement which failure in the reasonable opinion of the Bond Trustee is materially prejudicial to the interests of the holders of the Covered Bonds from time to time and does not remedy such failure within the earlier of 20 Canadian Business Days after becoming aware of the failure and receipt by the Servicer of written notice from the Bond Trustee or the Guarantor requiring the same to be remedied;
- an Insolvency Event occurs in relation to the Servicer or any credit support provider in respect of the Servicer or the merger of the Servicer without an assumption of the obligations under the Servicing Agreement;
- the Guarantor resolves, after due consideration and acting reasonably, that the appointment of the Servicer should be terminated provided that a substitute servicer has entered into a substitute servicing agreement with the parties to the Servicing Agreement (excluding the Servicer) on substantially similar terms and conditions as the Servicing Agreement and for which the Rating Agency Condition has been satisfied;

- there is a breach by the Servicer of certain representations and warranties or a failure by the Servicer to perform certain covenants made by it under the Servicing Agreement; or
- an Issuer Event of Default occurs and is continuing, or has previously occurred and is continuing, at any time that the Guarantor is Independently Controlled and Governed.

In the case of the occurrence of the first Servicer Termination Event described above at any time that the Guarantor is not Independently Controlled and Governed, the Guarantor shall by notice in writing to the Servicer terminate its appointment as Servicer with effect from a date (not earlier than the date of the notice) specified in the notice.

Termination of the Servicer will become effective upon the appointment of a successor Servicer in place of such Servicer. The Servicer, the Guarantor and the Bond Trustee agree to use commercially reasonable efforts to arrange for the appointment of a successor Servicer.

Subject to the fulfillment of a number of conditions, the Servicer may voluntarily resign by giving not less than 12 months' notice to the Bond Trustee and the Guarantor provided that a substitute servicer qualified to act as such with a management team with experience of administering mortgages in Canada has been appointed and enters into a servicing agreement with the Guarantor substantially on the same terms as the Servicing Agreement, except as to fees. The resignation of the Servicer is conditional on satisfaction of the Rating Agency Condition unless the holders of the Covered Bonds agree otherwise by Extraordinary Resolution.

If the appointment of the Servicer is terminated, the Servicer must deliver the Loan Files relating to the Loans in the Covered Bond Portfolio administered by it to, or at the direction of, the Guarantor. The Servicing Agreement will terminate at such time as the Guarantor has no further interest in any of the Loans or their Related Security sold to the Guarantor and serviced under the Servicing Agreement that comprised the Covered Bond Portfolio.

The Servicer may sub-contract or delegate the performance of its duties under the Servicing Agreement provided that it meets conditions as set out in the Servicing Agreement.

The Bond Trustee will not be obliged to act as Servicer in any circumstances.

### **Asset Monitor Agreement**

Under the terms of the Asset Monitor Agreement entered into on the Programme Date between the Asset Monitor, the Guarantor, the Issuer, the Cash Manager and the Bond Trustee, the Asset Monitor has agreed, subject to due receipt of the information to be provided by the Cash Manager to the Asset Monitor, to carry out arithmetic testing of, and report on the arithmetic accuracy of the calculations performed by the Cash Manager once each year pursuant to an Asset Monitor Report and more frequently in certain circumstances as required by the terms of the Asset Monitor Agreement with a view to confirming that the Asset Coverage Test, the Amortization Test, the Valuation Calculation and/or the OC Valuation, as applicable, is met on each applicable Calculation Date.

If the arithmetic testing conducted by the Asset Monitor reveals any errors in the calculations performed by the Cash Manager, the Asset Monitor will be required to conduct such arithmetic tests and report on such arithmetic accuracy for (a) the last Calculation Period of each calendar quarter of the preceding year, (b) each Calculation Period of the current year until such arithmetic testing demonstrates no arithmetical inaccuracy for three consecutive Calculation Periods, and (c) thereafter, the last Calculation Period of each remaining calendar quarter of the current year.

In addition to the arithmetic testing described above, the Asset Monitor will also perform certain specified procedures in relation to the Covered Bond Portfolio and verify compliance by the Issuer, the Guarantor and the Programme with certain aspects of the Covered Bond Legislative Framework and the CMHC Guide.

The Asset Monitor is entitled, in the absence of manifest error, to assume that all information provided to it by the Cash Manager for the purpose of performing its duties under the Asset Monitor Agreement is true and correct and not misleading and is not required to take any steps to independently verify the accuracy of any such information. Each report of the Asset Monitor delivered in accordance with the terms of the Asset Monitor Agreement will be delivered to the Cash Manager, the Guarantor, the Issuer, the Bond Trustee and CMHC.

The Guarantor will pay to the Asset Monitor a fee per report (exclusive of GST), equal to the amount set out in the Asset Monitor Agreement from time to time, for the reports to be performed by the Asset Monitor.

The Guarantor may, at any time, only with the prior written consent of the Bond Trustee (unless the Asset Monitor defaults in the performance or observance of certain of its covenants or breaches certain of its representations and warranties made, respectively, under the Asset Monitor Agreement, in which case such consent will not be required), terminate the appointment of the Asset Monitor by giving at least 60 days' prior written notice to the Asset Monitor, and the Asset Monitor may, at any time, resign by giving at least 60 days' prior written notice (and immediately if continuing to perform its obligations under the Asset Monitor Agreement becomes unlawful or conflicts with independence or professional rules applicable to the Asset Monitor) to the Guarantor and the Bond Trustee.

Upon giving notice of resignation, the Asset Monitor will use reasonable efforts to assist the Guarantor in appointing a replacement Asset Monitor approved by the Bond Trustee (such approval to be granted by the Bond Trustee if the replacement is an accounting firm of national standing which agrees to perform the duties (or substantially similar duties) of the Asset Monitor set out in the Asset Monitor Agreement). If a replacement is not appointed by the date which is 30 days prior to the date when tests are to be carried out in accordance with the terms of the Asset Monitor Agreement, then the Guarantor will use all reasonable efforts to appoint an accounting firm of national standing to carry out the relevant tests on a one-off basis, provided that notice of such appointment is given to the Bond Trustee.

The Bond Trustee will not be obliged to act as Asset Monitor in any circumstances.

### **Guarantor Agreement**

The general and limited partners of the Guarantor have agreed to operate the business of the Guarantor in accordance with the terms of a limited partnership agreement entered into on the Programme Date and as amended by a first amending agreement dated 29 September 2023 between the Managing GP, as managing general partner, the Liquidation GP, as liquidation general partner, and the Bank, as Limited Partner, together with such other persons as may become partners of the Guarantor and the Bond Trustee (as the same may be further amended, restated and/or supplemented from time to time, the "**Guarantor Agreement**").

### **General Partner and Limited Partners of the Guarantor**

The Managing GP is the managing general partner and the Liquidation GP is the liquidation general partner and the Bank is the sole limited partner of the Guarantor. The Partners will have the duties and obligations, rights, powers and privileges specified in the *Limited Partnerships Act* (Ontario) and pursuant to the terms of the Guarantor Agreement.

No new limited partner may be otherwise appointed, and no new general partner may be added or general partner replaced without the consent of the Limited Partner and, while there are Covered Bonds outstanding, the Bond Trustee, and receipt by the Issuer and/or the Bond Trustee of confirmation of the satisfaction of the Rating Agency Condition.

Under the Guarantor Agreement, the Limited Partner represents and warrants to the other Partners that (i) it is a validly created chartered bank under the laws of Canada and is validly subsisting under such laws, (ii) it has taken all necessary action to authorize the execution, delivery and performance of the Guarantor

Agreement, (iii) it has the capacity and corporate authority to enter into and perform its obligations under the Guarantor Agreement and such obligations do not conflict with nor do they result in a breach of any of its constating documents or by-laws or any agreement by which it is bound, (iv) no authorization, consent or approval of, or filing with or notice to, any person is required in connection with the execution, delivery or performance of the Guarantor Agreement by the Limited Partner, other than whose which have been obtained, and (v) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada) and will retain such status during the term of the partnership governed by the Guarantor Agreement.

No person shall be admitted to, or be permitted to remain in, the partnership as a Partner if such person is a non-resident of Canada for purposes of the *Income Tax Act* (Canada) or (if a partnership) is not a "Canadian partnership" within the meaning of the *Income Tax Act* (Canada).

### **Capital Contribution**

Each of the Managing GP and the Liquidation GP contributed an initial nominal cash amount to the Guarantor and respectively held at that time 99 percent and 1 percent of the initial general partner interest in the Guarantor. The Limited Partner holds the substantial economic interest in the Guarantor having made an initial Cash Capital Contribution to the Guarantor. The Limited Partner has made and may make from time to time make additional Capital Contributions. Such Capital Contributions may be Cash Capital Contributions or Capital Contributions in Kind. In the case of the latter, the Limited Partner will have an additional interest in the capital of the Guarantor equal to the fair market value of those Loans sold by it as at the Transfer Date recorded in the Capital Account Ledger.

### **New Limited Partners**

In the future, any person that wishes to become a new Limited Partner will, subject to the following paragraph, require the consent of the Limited Partner and, while there are Covered Bonds outstanding, the Bond Trustee and be required to accede to the Mortgage Sale Agreement and any other Transaction Documents to which the Limited Partner is a party and deliver such other agreements and provide such other assurances as may be required by the Guarantor and/or the Bond Trustee (acting reasonably). Subject to compliance with the foregoing, the consent of the Covered Bondholders will not be required to the accession of a new Limited Partner to the Guarantor.

The Limited Partner may assign all or some portion of its interest in the Guarantor to any Subsidiary by giving written notice of such assignment to the Guarantor and the Bond Trustee, and the assignee of such interest acceding to the Guarantor Agreement. Any such assignment shall not relieve the Limited Partner of its obligations under the Guarantor Agreement or require the consent of the General Partners, Bond Trustee, the holders of the Covered Bonds or, if applicable, any other Limited Partner.

### **Capital Distributions**

Provided the Asset Coverage Test and/or the Amortization Test, as applicable, will be met after giving effect to any Capital Distribution, the Managing GP, may from time to time, in its discretion, make Capital Distributions to the Partners. Pursuant to the terms of the Guarantor Agreement distributions to the Liquidation GP will be limited to an amount which may be less than the Liquidation GP's *pro rata* interest in the Guarantor.

### **OC Valuation**

The CMHC Guide requires that the Guarantor confirm that the cover pool's level of overcollateralization exceeds 103% (the "**Guide OC Minimum**"). Accordingly, for so long as Covered Bonds remain outstanding, the Guarantor (or the Cash Manager on behalf of the Guarantor) will calculate the Level of Overcollateralization (defined below) at the same time that the Asset Coverage Test is performed, and the Guarantor will compare such Level of Overcollateralization with the Guide OC Minimum (such test, the "**OC Valuation**").

For purposes of the OC Valuation, the “**Level of Overcollateralization**” means the amount, expressed as a percentage, calculated as at each Calculation Date as follows:

$$A \div B$$

where,

A = the lesser of (i) the total amount of the Cover Pool Collateral; and (ii) the amount of Cover Pool Collateral required to collateralize the Covered Bonds outstanding and ensure that the Asset Coverage Test is met,

B = the Canadian Dollar Equivalent of the Outstanding Principal Amount of the Covered Bonds as calculated on the relevant Calculation Date.

The term “**Cover Pool Collateral**” shall, for the purposes of the foregoing calculation, include, as calculated on the relevant Calculation Date,

- (a) the Loans owned by the Guarantor that meet the Eligibility Criteria and are less than three months in arrears and such Loans will be valued using their Outstanding Principal Balance;
- (b) Substitute Assets owned by the Guarantor and such assets will be valued using their outstanding principal amount;

provided that, the “Cover Pool Collateral” shall not include Contingent Collateral Amounts, Swap Collateral Excluded Amounts or Voluntary Overcollateralization.

The Issuer must provide immediate notice to CMHC if the Level of Overcollateralization falls below the Guide OC Minimum. The OC Valuation will be calculated by the Cash Manager as at each Calculation Date and monitored from time to time by the Asset Monitor. Such calculation will be completed within the time period specified in the Cash Management Agreement. The Level of Overcollateralization, with a comparison to the Guide OC Minimum, must be disclosed for the month the calculation is performed in each Investor Report and each public offering document prepared, filed or otherwise made available to investors during the currency of the calculation.

### ***Asset Coverage Test***

The Guarantor must ensure that on each Calculation Date, the Adjusted Aggregate Asset Amount is in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated at the relevant Calculation Date.

If on any Calculation Date, the Adjusted Aggregate Asset Amount is less than the aggregate Principal Amount Outstanding of all Covered Bonds as calculated at the relevant Calculation Date, then the Guarantor (or the Cash Manager on its behalf) will notify the Partners, the Bond Trustee and CMHC thereof. The Bank shall use all reasonable efforts to ensure that the Guarantor satisfies the Asset Coverage Test. This may include making advances under the Intercompany Loan, selling New Loans and their Related Security to the Guarantor or making a Capital Contribution in cash or in kind on or before the next Calculation Date in amounts sufficient to avoid such shortfall on future Calculation Dates. If the Adjusted Aggregate Asset Amount is less than the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of all Covered Bonds on the next following Calculation Date, the Asset Coverage Test will be breached and the Guarantor (or the Cash Manager on its behalf) will serve an Asset Coverage Test Breach Notice on the Partners, the Bond Trustee, CMHC and, if delivered by the Cash Manager, the Guarantor. The Asset Coverage Test Breach Notice will be revoked if the Asset Coverage Test is satisfied as at the next Calculation Date following service of an Asset Coverage Test Breach Notice provided no Covered Bond Guarantee Activation Event has occurred.

At any time there is an Asset Coverage Test Breach Notice outstanding:

- (a) the Guarantor may be required to sell Randomly Selected Loans (as described further under “*Guarantor Agreement—Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor*”);
- (b) prior to the occurrence of a Covered Bond Guarantee Activation Event, the Pre-Acceleration Revenue Priority of Payments and the Pre-Acceleration Principal Priority of Payments will be modified as more particularly described in “*Allocation and distribution of Available Revenue Receipts and Available Principal Receipts when an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred*” below; and
- (c) the Issuer will not be permitted to make any further issuances of Covered Bonds.

If an Asset Coverage Test Breach Notice has been served and not revoked on or before the Guarantor Payment Date immediately following the Calculation Date after service of such Asset Coverage Test Breach Notice, then an Issuer Event of Default will occur and the Bond Trustee will be entitled (and, in certain circumstances may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee will be required to serve a Notice to Pay on the Guarantor.

For the purposes hereof:

“**Adjusted Aggregate Asset Amount**” means the amount calculated as at each Calculation Date as follows:

$$A+B+C+D+E-Y-Z$$

where,

A = the lower of (i) and (ii) where:

- (i) = the sum of the “**LTV Adjusted Loan Balance**” of each Loan in the Covered Bond Portfolio, which shall be the lower of (1) the Outstanding Principal Balance of the relevant Loan in the Covered Bond Portfolio on such Calculation Date, and (2) 80% multiplied by the Latest Valuation relating to that Loan, in each case multiplied by M.

“M” means:

- (a) 100% for all Loans that are not Non-Performing Loans; or
- (b) 0% for all Loans that are Non-Performing Loans;

*minus*

the aggregate sum of the following deemed reductions to the aggregate LTV Adjusted Loan Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan or its Related Security was, in the immediately preceding Calculation Period, in breach of the Loan Representations and Warranties contained in the Mortgage Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased the Loan or Loans of the relevant Borrower and its or their Related

Security to the extent required by the terms of the Mortgage Sale Agreement. In this event, the aggregate LTV Adjusted Loan Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the LTV Adjusted Loan Balance of the relevant Loan or Loans on such Calculation Date of the relevant Borrower; and/or

- (2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted Loan Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced, by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Seller to indemnify the Guarantor for such financial loss);

AND

- (ii) = the aggregate "**Asset Percentage Adjusted Loan Balance**" of the Loans in the Covered Bond Portfolio which in relation to each Loan shall be the lower of (1) the Outstanding Principal Balance of the relevant Loan as calculated on such Calculation Date, and (2) the Latest Valuation relating to that Loan, in each case multiplied by N.

"N" means

- (a) 100% for all Loans that are not Non-Performing Loans; or
- (b) 0% for all Loans that are Non-Performing Loans;

*minus*

the aggregate sum of the following deemed reductions to the aggregate Asset Percentage Adjusted Loan Balance of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan or its Related Security was, in the immediately preceding Calculation Period, in breach of the Loan Representations and Warranties contained in the Mortgage Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased the Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Mortgage Sale Agreement. In this event, the aggregate Asset Percentage Adjusted Loan Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the Asset Percentage Adjusted Loan Balance of the relevant Loan or Loans on such Calculation Date of the relevant Borrower; and/or
- (2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Servicer was, in the immediately preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate Asset Percentage Adjusted Loan Balance of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by

any amount paid (in cash or in kind) to the Guarantor by the Seller to indemnify the Guarantor for such financial loss),

*the result of the calculation in this paragraph (ii) being multiplied by the Asset Percentage (as defined below);*

- B = the aggregate amount of any Principal Receipts (excluding proceeds of the sale of Loans and their Related Security) on the Portfolio Assets up to such Calculation Date (as recorded in the Principal Ledger) which have not been applied as at such Calculation Date to acquire further Portfolio Assets or otherwise applied in accordance with the Guarantor Agreement and/or the other Transaction Documents;
- C = the aggregate amount of (i) any Cash Capital Contributions made by the Partners (as recorded in the Capital Account Ledger for each Partner of the Guarantor), (ii) Advances under the Intercompany Loan Agreement or (iii) proceeds from any sale of Loans which, in each case, have not been applied as at such Calculation Date to acquire further Portfolio Assets or otherwise applied in accordance with the Guarantor Agreement and/or the other Transaction Documents;
- D = the aggregate outstanding principal balance of any Substitute Assets;
- E = the balance, if any, of the Reserve Fund;
- Y = the sum of (i) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date and delivered with respect to the Interest Rate Swap Agreement, plus (ii) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date delivered with respect to the Covered Bond Swap Agreement, in each case, determined as at such Calculation Date; and
- Z = product of: (1) weighted average remaining maturity of all outstanding Covered Bonds (in years and, where less than a year, deemed to be a year); (2) Principal Amount Outstanding of all Covered Bonds; and (3) Negative Carry Factor where the “**Negative Carry Factor**” is, (i) if the weighted average margin of the interest rate payable on the outstanding Covered Bonds relative to the interest rate receivable on the Covered Bond Portfolio is less than or equal to 0.1% per annum, then 0.5%; and (ii) if the weighted average margin of the interest rate payable on the outstanding Covered Bonds relative to the interest rate receivable on the Covered Bond Portfolio is greater than 0.1% per annum, then the sum of (x) 0.5% and (y) the weighted average margin of the interest rate payable on the outstanding Covered Bonds less 0.1%, unless the interest rate risk represented by the weighted average margin of the interest rate payable on the outstanding Covered Bonds relative to the interest rate receivable on the Covered Bond Portfolio is addressed or mitigated by the Covered Bond Swap Agreement whereupon the Negative Carry Factor shall be nil.

“**Asset Percentage**” means 97 percent or such lesser percentage figure as determined from time to time in accordance with the terms of the Guarantor Agreement, provided that the Asset Percentage shall not be less than 80 percent unless otherwise agreed by the Issuer (and following an Issuer Event of Default, the Guarantor for the purposes of making certain determinations in respect of the Intercompany Loan). Any increase in the maximum Asset Percentage will be deemed to be a material amendment to the Trust Deed and will require satisfaction of the Rating Agency Condition. See “*Modification of Transaction Documents*”.

On or prior to the Guarantor Payment Date immediately following the Calculation Date falling in January, April, July and October of each year and on such other date as the Limited Partner may request, the Guarantor (or the Cash Manager on its behalf) will determine the Asset Percentage in accordance with the terms of the Guarantor Agreement and the various methodologies of the Rating Agencies which may from time to time be prescribed for the Covered Bond Portfolio based on the value of the Portfolio Assets as at

the Calculation Date immediately preceding such Calculation Date (being such values for the Loans on the Calculation Date in March, June, September or December, as applicable) as a whole or on the basis of a sample of Randomly Selected Loans in the Covered Bond Portfolio, such calculations to be made on the same basis throughout unless the Rating Agency Condition has been satisfied in respect thereof.

### **Amortization Test**

Following the occurrence and during the continuance of an Issuer Event of Default (but prior to service of a Guarantor Acceleration Notice) and, for so long as Covered Bonds remain outstanding, the Guarantor must ensure that, on each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default, the Guarantor is in compliance with the Amortization Test.

Following the occurrence and during the continuance of an Issuer Event of Default, if on any Calculation Date the Amortization Test Aggregate Asset Amount is less than the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date, then the Amortization Test will be deemed to be breached and a Guarantor Event of Default will occur. The Guarantor, the Cash Manager or the Asset Monitor, as the case may be, will immediately and in any event prior to the Guarantor Payment Date immediately following such Calculation Date, notify the Guarantor, the Issuer, the Bond Trustee (while Covered Bonds are outstanding), and CMHC of any breach of the Amortization Test and the Bond Trustee will be entitled to serve a Guarantor Acceleration Notice in accordance with the Conditions.

The “**Amortization Test Aggregate Asset Amount**” will be calculated as at each Calculation Date as follows:

$$A+B+C-Y-Z$$

where

A = the aggregate “**Amortization Test True Balance**” of each Loan, which shall be the lower of (1) the actual True Balance of the relevant Loan as calculated on such Calculation Date and (2) 80% multiplied by the Latest Valuation, in each case multiplied by N.

“N” means

(a) 100% for all Loans that are not Non-Performing Loans; or

(b) 0% for all Loans that are Non-Performing Loans;

B = the sum of the amount of any cash standing to the credit of the Guarantor Accounts (excluding any Revenue Receipts received in the immediately preceding Calculation Period);

C = the aggregate outstanding principal balance of any Substitute Assets;

Y = the sum of (i) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date and delivered with respect to the Interest Rate Swap Agreement, plus (ii) the Contingent Collateral Amount relating to any Contingent Collateral Notice in effect as at such Calculation Date delivered with respect to the Covered Bond Swap Agreement, in each case determined as at such Calculation Date; and

Z = product of: (1) weighted average remaining maturity of all outstanding Covered Bonds (in years and, where less than a year, deemed to be a year); (2) Principal Amount Outstanding of all Covered Bonds; and (3) Negative Carry Factor.

### **Valuation Calculation**

For so long as the Covered Bonds remain outstanding, the Guarantor must ensure that the Valuation Calculation is performed on each Calculation Date. The results of the Valuation Calculation for a Calculation Date will be disclosed in the related Investor Report.

The Valuation Calculation is equal to the Asset Value (as defined below) minus the Trading Value of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date.

“**Asset Value**” means the amount calculated as at each Calculation Date as follows:

$$A+B+C+D+E+F$$

where,

A = the aggregate “**LTV Adjusted Loan Present Value**” of each Loan in the Covered Bond Portfolio, which shall be the lower of (1) the Present Value of the relevant Loan in the Covered Bond Portfolio on such Calculation Date, and (2) 80% multiplied by the Latest Valuation relating to that Loan, in each case multiplied by M.

“M” means:

- (a) 100% for all Loans that are not Non-Performing Loans; or
- (b) 0% for all Loans that are Non-Performing Loans;

*minus*

the aggregate sum of the following deemed reductions to the aggregate LTV Adjusted Loan Present Value of the Loans in the Covered Bond Portfolio if any of the following occurred during the previous Calculation Period:

- (1) a Loan or its Related Security was, in the immediately preceding Calculation Period, in breach of the Loan Representations and Warranties contained in the Mortgage Sale Agreement or subject to any other obligation of the Seller to repurchase the relevant Loan and its Related Security, and in each case the Seller has not repurchased the Loan or Loans of the relevant Borrower and its or their Related Security to the extent required by the terms of the Mortgage Sale Agreement. In this event, the aggregate LTV Adjusted Loan Present Value of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced by an amount equal to the LTV Adjusted Loan Present Value of the relevant Loan or Loans on such Calculation Date of the relevant Borrower; and/or
- (2) the Seller, in any preceding Calculation Period, was in breach of any other material warranty under the Mortgage Sale Agreement and/or the Servicer was, in any preceding Calculation Period, in breach of a material term of the Servicing Agreement. In this event, the aggregate LTV Adjusted Loan Present Value of the Loans in the Covered Bond Portfolio on such Calculation Date will be deemed to be reduced, by an amount equal to the resulting financial loss incurred by the Guarantor in the immediately preceding Calculation Period (such financial loss to be calculated by the Cash Manager without double counting and to be reduced by any amount paid (in cash or in kind) to the Guarantor by the Seller to indemnify the Guarantor for such financial loss);

- B = the aggregate amount of any Principal Receipts (excluding proceeds of the sale of Loans and their Related Security) on the Portfolio Assets up to such Calculation Date (as recorded in the Principal Ledger) which have not been applied as at such Calculation Date to acquire further Portfolio Assets or otherwise applied in accordance with the Guarantor Agreement and/or the other Transaction Documents;
- C = the aggregate amount of (i) any Cash Capital Contributions made by the Partners (as recorded in the Capital Account Ledger for each Partner of the Guarantor), (ii) Advances under the Intercompany Loan Agreement or (iii) proceeds from any sale of Loans which, in each case, have not been applied as at such Calculation Date to acquire further Portfolio Assets or otherwise applied in accordance with the Guarantor Agreement and/or the other Transaction Documents;
- D = the Trading Value of any Substitute Assets;
- E = the balance, if any, of the Reserve Fund; and
- F = the Trading Value of the Swap Collateral.

***Sales of Randomly Selected Loans following a breach of the Pre-Maturity Test***

The Pre-Maturity Test, if applicable, will be breached if the Issuer's applicable ratings from one or more Rating Agencies fall below the Pre-Maturity Minimum Ratings and there is an issued and outstanding Hard Bullet Covered Bond due for repayment within a specified period of time thereafter. See "*Credit Structure—Pre-Maturity Liquidity*". If the Pre-Maturity Test is breached, the Guarantor shall, subject to any right of pre-emption of the Seller pursuant to the terms of the Mortgage Sale Agreement and the Security Sharing Agreement, as applicable, offer to sell Randomly Selected Loans pursuant to the terms of the Guarantor Agreement (see "*Method of Sale of Portfolio Assets*" below), unless the Pre-Maturity Liquidity Ledger is otherwise funded from other sources as follows:

- (i) a Contribution in Kind made by one or more of the Partners (as recorded in the Capital Account Ledger for such Partners of the Guarantor) of certain Substitute Assets in accordance with the Guarantor Agreement with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger); or
- (ii) Cash Capital Contributions made by one or more of the Partners (as recorded in the Capital Account Ledger for each applicable Partner of the Guarantor) or proceeds advanced under the Intercompany Loan Agreement which have not been applied to acquire further Portfolio Assets or otherwise applied in accordance with the Guarantor Agreement and/or the other Transaction Documents with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger).

If the Issuer fails to repay any Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, then following the occurrence of an Issuer Event of Default and service of a Notice to Pay on the Guarantor, the proceeds from any sale of Loans and their Related Security standing to the credit of the Pre-Maturity Liquidity Ledger will be applied to repay the relevant Series of Hard Bullet Covered Bonds. Otherwise, the proceeds will be applied as set out in "*Credit Structure – Pre-Maturity Liquidity*" below.

***Sales of Randomly Selected Loans after a Demand Loan Repayment Event has occurred or the Issuer has otherwise demanded that the Demand Loan be repaid***

If, prior to the service of an Asset Coverage Test Breach Notice or a Notice to Pay, a Demand Loan Repayment Event has occurred or the Issuer has demanded that the Demand Loan be repaid, the

Guarantor may be required to sell Portfolio Assets in accordance with the Guarantor Agreement (see “*Method of Sale of Portfolio Assets*” below), subject to the rights of pre-emption enjoyed by the Seller to purchase the Portfolio Assets pursuant to the terms of the Mortgage Sale Agreement. Any such sale will be subject to the condition that the Asset Coverage Test is satisfied after the receipt of the proceeds of such sale and repayment, after giving effect to such repayment.

***Sale of Randomly Selected Loans at any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor***

At any time an Asset Coverage Test Breach Notice is outstanding or a Notice to Pay has been served on the Guarantor, but prior to service of a Guarantor Acceleration Notice on the Guarantor, the Guarantor may be obliged to sell Portfolio Assets in accordance with the Guarantor Agreement (see “*Method of Sale of Portfolio Assets*” below), subject to the rights of pre-emption enjoyed by the Seller to buy the Portfolio Assets pursuant to the terms of the Mortgage Sale Agreement and subject to additional advances on the Intercompany Loan and any Cash Capital Contribution made by the Limited Partner. The proceeds from any such sale or refinancing will be credited to the GIC Account and applied as set out in the Priorities of Payments (see “*Cashflows*” below).

***Method of Sale of Portfolio Assets***

If the Guarantor is required to sell Portfolio Assets to Purchasers following a breach of the Pre-Maturity Test, if applicable, the occurrence of a Demand Loan Repayment Event, the Demand Loan being demanded by the Issuer, the service of an Asset Coverage Test Breach Notice (if not revoked) or a Notice to Pay on the Guarantor, the Guarantor will be required to ensure that before offering Portfolio Assets for sale:

- (a) the Portfolio Assets being sold are Randomly Selected Loans; and
- (b) the Portfolio Assets have an aggregate True Balance in an amount (the “**Required True Balance Amount**”) which is as close as possible to the amount calculated as follows:
  - (i) following a Demand Loan Repayment Event or the Demand Loan being demanded by the Bank but prior to service of an Asset Coverage Test Breach Notice, such amount that would ensure that, if the Randomly Selected Loans were sold at their True Balance, the Demand Loan as calculated on the date of the demand could be repaid, subject to satisfaction of the Asset Coverage Test; or
  - (ii) following the service of an Asset Coverage Test Breach Notice (but prior to service of a Notice to Pay on the Guarantor), such amount that would ensure that, if the Portfolio Assets were sold at their True Balance, the Asset Coverage Test would be satisfied on the next Calculation Date taking into account the payment obligations of the Guarantor on the Guarantor Payment Date following that Calculation Date (assuming for this purpose that the Asset Coverage Test Breach Notice is not revoked on the next Calculation Date); or
  - (iii) following a breach of the Pre-Maturity Test, if applicable, or service of a Notice to Pay on the Guarantor:

$$N \times \frac{\text{True Balance of all the Portfolio Assets in the Covered Bond Portfolio}}{\text{the Canadian Dollar Equivalent of the Required Redemption Amount in respect of each Series of Covered Bonds then outstanding}}$$

where “N” is an amount equal to

- (x) in respect of Randomly Selected Loans being sold following a breach of the Pre-Maturity Test, if applicable, the Pre-Maturity Liquidity Required Amount less amounts standing to the credit of the Pre-Maturity Liquidity Ledger; or
- (y) in respect of Randomly Selected Loans being sold following service of a Notice to Pay, the Canadian Dollar Equivalent of the Required Redemption Amount of the Earliest Maturing Covered Bonds less amounts standing to the credit of the Guarantor Accounts and the principal amount of any Substitute Assets (excluding all amounts to be applied on the next following Guarantor Payment Date to repay higher ranking amounts in the Guarantee Priority of Payments and those amounts that are required to repay any Series of Covered Bonds which mature prior to or on the same date as the relevant Series of Covered Bonds).

The Guarantor will offer the Portfolio Assets for sale to Purchasers for the best price reasonably available but in any event:

- (a) following (i) a Demand Loan Repayment Event, the Demand Loan being demanded by the Bank or (ii) the service of an Asset Coverage Test Breach Notice (but prior to the service of a Notice to Pay on the Guarantor), in each case, for an amount not less than the True Balance of the Portfolio Assets; and
- (b) following a breach of the Pre-Maturity Test, if applicable, or service of a Notice to Pay on the Guarantor, for an amount not less than the Adjusted Required Redemption Amount.

Following the service of a Notice to Pay on the Guarantor, if the Portfolio Assets have not been sold (in whole or in part) in an amount equal to the Adjusted Required Redemption Amount by the date which is six months prior to, as applicable, if the Covered Bonds are not subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds (after taking into account all payments, provisions and credits to be made in priority thereto), or the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds in respect of a sale in connection with the Pre-Maturity Test, if applicable, then the Guarantor will offer the Portfolio Assets for sale for the best price reasonably available notwithstanding that such amount may be less than the Adjusted Required Redemption Amount.

The Guarantor will through a tender process appoint a portfolio manager of recognized standing on a basis intended to incentivize the portfolio manager to achieve the best price for the sale of the Portfolio Assets (if such terms are commercially available in the market) and to advise it in relation to the sale of the Portfolio Assets to Purchasers (except where the Seller is buying the Portfolio Assets in accordance with their right of pre-emption in the Mortgage Sale Agreement). The terms of the agreement giving effect to the appointment in accordance with such tender will be approved by the Bond Trustee.

In respect of any sale or refinancing (as applicable) of Portfolio Assets at any time an Asset Coverage Test Breach Notice is outstanding, a breach of the Pre-Maturity Test, if applicable, or a Notice to Pay has been served on the Guarantor, the Guarantor will instruct the portfolio manager to use all reasonable efforts to procure that Portfolio Assets are sold or refinanced (as applicable) as quickly as reasonably practicable (in accordance with the recommendations of the portfolio manager) taking into account the market conditions at that time and the scheduled repayment dates of the Covered Bonds and the terms of the Guarantor Agreement.

The terms of any sale and purchase agreement with respect to the sale of Portfolio Assets (which will give effect to the recommendations of the portfolio manager) will be subject to the prior written approval of the Bond Trustee. The Bond Trustee will not be required to release the Portfolio Assets from the Security unless the conditions relating to the release of the Security (as described under "*Security Agreement—Release of Security*", below) are satisfied.

Following the service of a Notice to Pay on the Guarantor, if Purchasers accept the offer or offers from the Guarantor so that some or all of the Portfolio Assets will be sold prior to the next following Final Maturity Date or, if the Covered Bonds are subject to an Extended Due for Payment Date in respect of the Covered Bond Guarantee, the next following Extended Due for Payment Date in respect of the Earliest Maturing Covered Bonds, then the Guarantor will, subject to the foregoing paragraph, enter into a sale and purchase agreement with the relevant Purchasers which will require among other things a cash payment from the relevant Purchasers. Any such sale will not include any Loan Representations and Warranties from the Guarantor in respect of the Portfolio Assets unless expressly agreed by the Bond Trustee or otherwise agreed with the Seller.

***Covenants of the General Partner and Limited Partner of the Guarantor***

Each of the Partners covenants that, subject to the terms of the Transaction Documents, it will not sell, transfer, convey, create or permit to arise any security interest on, declare a trust over, create any beneficial interest in or otherwise dispose of its interest in the Guarantor without the prior written consent of the Managing GP and, while the Covered Bonds are outstanding, the Bond Trustee.

The Guarantor covenants that it will not, save with the prior written consent of the Limited Partner (and, for so long as any Covered Bonds are outstanding, the consent of the Bond Trustee) or as envisaged by the Transaction Documents:

- (a) have an interest in a bank account;
- (b) have any employees, premises or subsidiaries;
- (c) acquire any material assets;
- (d) sell, exchange, deal with or grant any option, present or future right to acquire any of the assets or undertakings of the Guarantor or any interest therein or thereto;
- (e) enter into any contracts, agreements or other undertakings;
- (f) incur any indebtedness or give any guarantee or indemnity in respect of any such indebtedness;
- (g) create or permit to subsist any security interest over the whole or any part of the assets or undertakings, present or future of the Guarantor;
- (h) change the name or business of the Guarantor or do any act in contravention of, or make any amendment to, the Guarantor Agreement;
- (i) do any act which makes it impossible to carry on the ordinary business of the Guarantor, including winding up the Guarantor;
- (j) compromise, compound or release any debt due to it;
- (k) commence, defend, consent to a judgment, settle or compromise any litigation or other claims relating to it or any of its assets;
- (l) permit a person to become a general or limited partner (except in accordance with the terms of the Guarantor Agreement); or
- (m) consolidate or merge with another person.

The funds and assets of the Guarantor shall not (except in accordance with the terms of the Guarantor Agreement, the other Transaction Documents and the CMHC Guide) be commingled with the funds or assets of the Managing GP or the Liquidation GP or of any other person. For greater certainty, subject to such permitted commingling in accordance with the terms of the Guarantor Agreement, the other Transaction Documents and the CMHC Guide, all cash and Substitute Assets of the Guarantor shall be held in one or more Guarantor Accounts and all Substitute Assets shall be segregated from the assets of the Account Bank.

#### ***Limit on investing in Substitute Assets; Prescribed Cash Limitation***

At any time that no Asset Coverage Test Breach Notice is outstanding and prior to a Notice to Pay having been served on the Guarantor, the Guarantor will be permitted to hold Substitute Assets provided that the aggregate value of the Substitute Assets does not at any time exceed an amount equal to 10 percent of the aggregate value of (x) the Loans and Related Security, (y) any Substitute Assets, and (z) all cash held by the Guarantor (subject to the Prescribed Cash Limitation) and provided that investments in Substitute Assets are made in accordance with the terms of the Cash Management Agreement and subject to the applicable Priority of Payments.

At any time that an Asset Coverage Test Breach Notice is outstanding or a Covered Bond Guarantee Activation Event has occurred, the Substitute Assets held by or on behalf of the Guarantor must be sold as quickly as reasonably practicable with proceeds credited to the GIC Account.

The Guarantor may not at any time hold cash in excess of (such limitation, the “**Prescribed Cash Limitation**”) (i) the amount necessary to meet its payment obligations for the immediately succeeding six months pursuant to the terms of the Transaction Documents, or (ii) such greater amount as CMHC may at its discretion permit in accordance with the Covered Bond Legislative Framework and the CMHC Guide, in each case excluding amounts received between Guarantor Payment Dates; provided that to the extent that cash receipts of the Guarantor cause it to hold cash in excess of the amount permitted in (i) or (ii), as applicable, the Guarantor will not be in breach of this covenant if it uses such excess amount to (w) purchase New Loans and their Related Security for the Covered Bond Portfolio pursuant to the terms of the Mortgage Sale Agreement; and/or (x) to invest in Substitute Assets in an amount not exceeding the prescribed limit under the CMHC Guide; and/or (y) subject to complying with the Asset Coverage Test, to make Capital Distributions to the Limited Partner; and/or (z) repay all or a portion of the Demand Loan, in each case, within 31 days of receipt.

For greater certainty, amounts standing to the credit of the Pre-Maturity Liquidity Ledger, if applicable, and the Reserve Fund (other than, in each case, those amounts that constitute Substitute Assets) constitute cash and are subject to the Prescribed Cash Limitation. In the event that the Guarantor is required to fund the Pre-Maturity Liquidity Ledger, if applicable, and/or the Reserve Fund in accordance with the Transaction Documents and such funding would cause the Guarantor to hold cash in excess of the Prescribed Cash Limitation, any cash held by the Guarantor in excess of such cash standing to the credit of the Pre-Maturity Liquidity Ledger, if applicable, and the Reserve Fund shall be used by the Guarantor in accordance with clauses (w), (x), (y) and (z) in the immediately preceding paragraph above within 31 days of receipt to ensure that the Guarantor is not in breach of the Prescribed Cash Limitation. In the event that the Guarantor is in breach of the Prescribed Cash Limitation and it does not hold any cash other than the amounts it is required to hold in order to fund the Pre-Maturity Liquidity Ledger, if applicable, and the Reserve Fund in accordance with the Transaction Documents, the Guarantor will request that CMHC, in accordance with the discretion granted to it under the Covered Bond Legislative Framework and the CMHC Guide, permit the Guarantor to hold such amount of cash in excess of the Prescribed Cash Limitation as may be required to allow it to comply with the Transaction Documents in the circumstances.

#### ***Other Provisions***

The allocation and distribution of Revenue Receipts, Principal Receipts and all other amounts received by the Guarantor is described under “*Cashflows*” below.

For so long as any Covered Bonds are outstanding, each of the Partners has agreed that it will not terminate or purport to terminate the Guarantor or institute any winding-up, administration, insolvency or other similar proceedings against the Guarantor. Furthermore, each of the Partners has agreed, among other things, except as otherwise specifically provided in the Transaction Documents not to demand or receive payment of any amounts payable to such Partners by the Guarantor (or the Cash Manager on its behalf) or the Bond Trustee unless all amounts then due and payable by the Guarantor to all other creditors ranking higher in the relevant Priorities of Payments have been paid in full.

Each of the Partners will be responsible for the payment of its own tax liabilities and will be required to indemnify the other from any liabilities which they incur as a result of the relevant partner's non-payment.

Following the appointment of a liquidator to any partner, any decisions of the Guarantor that are reserved to the Partners or a unanimous decision of the Partners in the Guarantor Agreement will be made by the Partner(s) not in liquidation only.

### **Cash Management Agreement**

The Cash Manager has agreed to provide certain cash management services to the Guarantor pursuant to the terms of the Cash Management Agreement entered into on the Programme Date between the Guarantor, the Bank in its capacities as Cash Manager, Seller and Servicer, and the Bond Trustee (as the same may be amended, restated and/or supplemented from time to time, the "**Cash Management Agreement**").

The Cash Manager's services include but are not limited to:

- (a) maintaining the Ledgers on behalf of the Guarantor;
- (b) collecting the Revenue Receipts and the Principal Receipts from the Servicer and distributing and/or depositing the Revenue Receipts and the Principal Receipts in accordance with the Priorities of Payments described under "*Cashflows*" below;
- (c) determining whether the Asset Coverage Test is satisfied on each Calculation Date in accordance with the Guarantor Agreement, as more fully described under "*Credit Structure—Asset Coverage Test*" below;
- (d) determining whether the Amortization Test is satisfied on each Calculation Date following the occurrence and during the continuance of an Issuer Event of Default in accordance with the Guarantor Agreement, as more fully described under "*Credit Structure—Amortization Test*" below;
- (e) performing the Valuation Calculation, as more fully described under "*Description of the Canadian Registered Covered Bond Programs Framework*" below;
- (f) performing the OC Valuation, as more fully described under "*Summary of the Principal Documents – Guarantor Agreement – OC Valuation*" above;
- (g) preparation of Investor Reports in respect of the Covered Bonds for the Bond Trustee and the Rating Agencies; and
- (h) on each Canadian Business Day, determining whether the Pre-Maturity Test, if applicable, for any issued and outstanding Series of Hard Bullet Covered Bonds, if any, is satisfied as more fully described under "*Credit Structure—Pre-Maturity Liquidity*" below.

Under the Cash Management Agreement, the Cash Manager represents and warrants to the Guarantor and the Bond Trustee that (i) it possesses the necessary experience, qualifications, facilities and other

resources to perform its responsibilities under the Cash Management Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (ii) it is rated at or above the Cash Manager Required Ratings by each of the Rating Agencies, (iii) it is and will continue to be in good standing with OSFI, (iv) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Cash Management Agreement and the other Transaction Documents to which it is party, and (v) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Cash Management Agreement and the other Transaction Documents to which it is a party.

At any time the ratings of the Cash Manager by one or more Rating Agencies are below the Cash Management Deposit Ratings, the Cash Manager will be required to direct the Servicer to deposit all Revenue Receipts and Principal Receipts received by the Servicer directly into the GIC Account.

The ratings of the Cash Manager as of the date of this Base Prospectus are below the Cash Management Deposit Ratings.

At any time the ratings of the Cash Manager by one or more Rating Agencies are below the Cash Manager Required Ratings, the Cash Manager will, in certain circumstances, be required to assign the Cash Management Agreement to a third-party service provider acceptable to the Bond Trustee and for which the Rating Agency Condition has been satisfied. The Guarantor will also have the discretion to terminate the Cash Manager if an Issuer Event of Default occurs and is continuing, or has previously occurred and is continuing, at any time that the Guarantor is Independently Controlled and Governed. In addition to the foregoing, the Guarantor and the Bond Trustee will, in certain circumstances, each have the right to terminate the appointment of the Cash Manager in which event the Guarantor will appoint a substitute (the identity of which will be subject to the Bond Trustee's written approval). Any substitute cash manager will have substantially the same rights and obligations as the Cash Manager (although the fee payable to the substitute cash manager may be higher).

### **Interest Rate Swap Agreement**

To provide a hedge against possible variances in (i) the rates of interest payable on the Portfolio Assets (which may, for instance, include variable rates of interest or fixed rates of interest) and related amounts, and (ii) amounts payable under the Covered Bond Swap Agreement and the Intercompany Loan Agreement, the Guarantor has entered into the Interest Rate Swap Agreement with the Interest Rate Swap Provider. The Guarantor and the Interest Rate Swap Provider will agree to swap the amount of interest received by the Guarantor from Borrowers and related amounts in exchange for an amount sufficient to pay, amongst other things, the amount payable by the Guarantor under the Covered Bond Swap Agreement plus an amount for certain expenses of the Guarantor.

The amounts payable by the Interest Rate Swap Provider under the Interest Rate Swap Agreement, and the amounts payable by the Guarantor under Covered Bond Swap Agreements entered into before 30 June 2023, are based on CDOR. With the announced cessation of the publication of all CDOR tenors after 30 June 2024, the Interest Rate Swap Agreement and all outstanding Covered Bond Swap Agreements based on CDOR will convert to CORRA rates on 1 July 2024.

After the occurrence of a Covered Bond Guarantee Activation Event, the Guarantor will use payments received under the Interest Rate Swap Agreement to hedge payments made under the Covered Bond Swap Agreements. However, in order to ensure a smooth transition to alternative reference rates, OSFI expects all new derivatives transactions entered into by federally-regulated financial institutions, such as the Issuer, to transition to CORRA rates one year earlier (by 30 June 2023). Therefore, under all new Covered Bond Swap Agreements entered into after 30 June 2023, the Guarantor's payment to the Covered Bond Swap Provider will be based on CORRA, whereas the Guarantor will continue to receive from the Interest Rate Swap Provider payments based on CDOR under the Interest Rate Swap Agreement until 30 June 2024, thereby creating some basis risk if a Covered Bond Guarantee Activation Event occurs during this one year transition period. The Issuer and the Guarantor have determined that this basis risk is not material.

The Interest Rate Swap Agreement will terminate (unless terminated earlier by an Interest Rate Swap Early Termination Event) on the earlier of:

- (a) the Final Maturity Date for the final Tranche or Series of Covered Bonds then outstanding (provided that the Issuer has not given prior written notice to the Interest Rate Swap Provider and the Guarantor that it intends to issue additional Covered Bonds following such date) or, if the Guarantor notifies the Interest Rate Swap Provider, prior to the Final Maturity Date for such final Tranche or Series of Covered Bonds then outstanding, of the inability of the Guarantor to pay in full Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such final Tranche or Series of Covered Bonds then outstanding, the final date on which an amount representing the Final Redemption Amount for such final Tranche or Series of Covered Bonds then outstanding is paid (but in any event not later than the Extended Due for Payment Date for such Tranche or Series of Covered Bonds);
- (b) the date on which the notional amount under the Interest Rate Swap Agreement reduces to zero (as a result of the reduction for the amount of any Early Redemption Amount paid pursuant to Condition 7.02 in respect of the final Tranche or Series of Covered Bonds then outstanding or any Final Redemption Amount paid pursuant to Condition 6.01 in respect of the final Tranche or Series of Covered Bonds then outstanding following the Final Maturity Date for such Tranche or Series of Covered Bonds, provided in each case that the Issuer has not given prior written notice to the Interest Rate Swap Provider and the Guarantor that it intends to issue additional Covered Bonds following such date); and
- (c) the date of redemption pursuant to Conditions 6.02 or 6.12 in respect of any final Tranche or Series of Covered Bonds then outstanding (provided that the Issuer has not given prior written notice to the Interest Rate Swap Provider that it intends to issue additional Covered Bonds following such date).

The Interest Rate Swap Agreement may also be terminated in certain other circumstances (each referred to as an “**Interest Rate Swap Early Termination Event**”), including:

- subject to the following paragraph, at the option of any party to the Interest Rate Swap Agreement, if there is a failure by the other party to pay any amounts due under the Interest Rate Swap Agreement after the expiry of the applicable grace period, however, no such failure to pay by the Guarantor, other than payments in respect of Swap Collateral Excluded Amounts, will entitle the Interest Rate Swap Provider to terminate the Interest Rate Swap Agreement, if such failure is due to the assets available at such time to the Guarantor being insufficient to make the required payment in full;
- subject to the following paragraph, at the option of the Guarantor, if the Interest Rate Swap Provider is the Issuer and an Issuer Event of Default has occurred which has resulted in the Covered Bonds becoming due and payable under their respective terms;
- subject to the following paragraph, at the option of the Guarantor, in the event that (i) the short-term unsecured, unsubordinated and unguaranteed debt obligations or the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Interest Rate Swap Provider or any credit support provider, as applicable, cease to be rated at least R-1(low) or A, respectively, by DBRS, or (ii) (x) the short-term issuer default rating or (y) the derivative counterparty rating, if one is assigned, and if not, the long-term issuer default rating, of the Interest Rate Swap Provider or any credit support provider, as applicable, ceases to be at least F1 or A-, respectively, by Fitch (each such event, an “**Initial IRS Downgrade Trigger Event**”, provided that, for greater certainty, if the Interest Rate Swap Provider or any credit support provider, as applicable, has one of such ratings from each of DBRS and Fitch, an Initial IRS Downgrade Trigger Event will not occur) and the Interest Rate Swap Provider does not provide credit support to the Guarantor within 14 calendar days of the occurrence of such Initial IRS Downgrade Trigger Event pursuant to the terms of the applicable credit support annex, or arrange for its obligations under the Interest Rate Swap Agreement to be guaranteed by, or transferred to, an entity

with rating(s) required by the relevant Rating Agencies within 30 calendar days of the occurrence of such Initial IRS Downgrade Trigger Event provided that the Interest Rate Swap Provider provides credit support to the Guarantor within 14 calendar days of the occurrence of such Initial IRS Downgrade Trigger Event;

- subject to the following paragraph, at the option of the Guarantor, in the event that (i) the short-term unsecured, unsubordinated and unguaranteed debt obligations or the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Interest Rate Swap Provider or any credit support provider, as applicable, cease to be rated at least R-2(middle) or BBB respectively, by DBRS, or (ii) (x) the short-term issuer default rating or (y) the derivative counterparty rating, if one is assigned, and if not, the long-term issuer default rating of the Interest Rate Swap Provider or any credit support provider, as applicable, ceases to be at least F3 or BBB-, respectively, by Fitch (each such event, a **“Subsequent IRS Downgrade Trigger Event”**, and together with the Initial IRS Downgrade Trigger Events, the **“Downgrade IRS Trigger Events”**, provided that, for greater certainty, if the Interest Rate Swap Provider or any credit support provider, as applicable, has one of such ratings from each of DBRS and Fitch, a Subsequent IRS Downgrade Trigger Event will not occur), and the Interest Rate Swap Provider does not arrange for its obligations under the Interest Rate Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies within 30 calendar days of the occurrence of such Subsequent IRS Downgrade Trigger Event, and does not provide additional credit support to the Guarantor within 14 calendar days of the occurrence of such Subsequent IRS Downgrade Trigger Event pursuant to the terms of the applicable credit support annex;
- at the option of the Interest Rate Swap Provider, if the material terms of the Guarantor Agreement have been amended without the consent of the Interest Rate Swap Provider and such amendment materially and negatively affects the Interest Rate Swap Provider;
- at the option of the Interest Rate Swap Provider, if the Bond Trustee has designated a date for the termination of the Interest Rate Swap Agreement and notified the Guarantor and the Interest Rate Swap Provider of such designation, for purposes of realizing the Security in accordance with the Security Agreement and distributing the proceeds therefrom in accordance with the Post-Enforcement Priority of Payments following the enforcement of the Security pursuant to Condition 7.03 of any final Tranche or Series of Covered Bonds then outstanding; and
- upon the occurrence of the insolvency of the Interest Rate Swap Provider, or any credit support provider and certain insolvency-related events in respect of the Guarantor, or the merger of the Interest Rate Swap Provider without an assumption of the obligations under the Interest Rate Swap Agreement.

An Interest Rate Swap Agreement may provide that if, at any time, the Guarantor (a) is Independently Controlled and Governed, the Guarantor has the discretion, but is not required to, (i) waive any requirement of the Interest Rate Swap Provider to provide credit support, obtain an eligible guarantee or replace itself upon the occurrence of a Downgrade IRS Trigger Event, and (ii) refrain from forthwith terminating the Interest Rate Swap Agreement or finding a replacement Interest Rate Swap Provider, in each case, upon the occurrence of an event of default or additional termination event caused solely by the Interest Rate Swap Provider, and (b) is not Independently Controlled and Governed, the Guarantor shall not have the rights set out under clause (a)(i) and (a)(ii) of this paragraph unless, within 14 calendar days, of the occurrence of a Downgrade IRS Trigger Event or an event of default (other than an insolvency event of default) or additional termination event caused solely by the Interest Rate Swap Provider, as applicable, and for so long as such event continues to exist and provided that (x) a Contingent Collateral Notice is delivered in respect of such event by the Guarantor to the Issuer, as lender under the Intercompany Loan and (y) the Guarantor has Contingent Collateral.

Upon the termination of the Interest Rate Swap Agreement pursuant to an Interest Rate Swap Early Termination Event, the Guarantor or the Interest Rate Swap Provider may be liable to make a termination payment to the other in accordance with the provisions of the Interest Rate Swap Agreement.

The notional amount of an Interest Rate Swap Agreement will be adjusted to correspond to any sale of Portfolio Assets following each of a Demand Loan Repayment Event, the Demand Loan being demanded by the Issuer, breach of the Pre-Maturity Test, service of an Asset Coverage Test Breach Notice and service of a Notice to Pay and swap termination payments may be due and payable in accordance with the terms of the Interest Rate Swap Agreement as a consequence thereof.

Any termination payment made by the Interest Rate Swap Provider to the Guarantor in respect of the Interest Rate Swap Agreement will first be used to the extent necessary (prior to the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice) to pay a replacement Interest Rate Swap Provider to enter into a replacement Interest Rate Swap Agreement with the Guarantor, unless a replacement Interest Rate Swap Agreement has already been entered into on behalf of the Guarantor. Any premium received by the Guarantor from a replacement Interest Rate Swap Provider entering into an Interest Rate Swap Agreement will first be used to make any termination payment due and payable by the Guarantor with respect to the Interest Rate Swap Agreement, unless such termination payment has already been made on behalf of the Guarantor.

Swap Collateral Excluded Amounts, if applicable, will be paid to the Interest Rate Swap Provider directly and not via the Priorities of Payments. If withholding taxes are imposed on payments made by the Interest Rate Swap Provider under the Interest Rate Swap Agreement, the Interest Rate Swap Provider will always be obliged to gross up these payments. If withholding taxes are imposed on payments made by the Guarantor to the Interest Rate Swap Provider under the Interest Rate Swap Agreement, the Guarantor shall not be obliged to gross up those payments.

All of the interest and obligations of the Interest Rate Swap Provider under the Interest Rate Swap Agreement may, and, at the request of the Guarantor, shall, be transferred by it to a replacement swap counterparty upon providing five Canadian Business Days' prior written notice to the other party to the Interest Rate Swap Agreement and, subject to the following sentence, the Bond Trustee, provided that (i) such replacement swap counterparty has the rating(s) required by the relevant Rating Agencies (or the obligations of such replacement swap counterparty under the Interest Rate Swap Agreement are guaranteed by an entity having the rating(s) required by the relevant Rating Agencies), (ii) as of the date of such transfer, such replacement swap counterparty will not be required to withhold or deduct any taxes under the Interest Rate Swap Agreement as a result of such transfer, (iii) no termination event or event of default will occur under the Interest Rate Swap Agreement as a result of such transfer, (iv) no additional amount will be payable by the Guarantor under the Interest Rate Swap Agreement as a result of such transfer, (v) the Rating Agency Condition shall have been satisfied or deemed to have been satisfied, (vi) such replacement swap counterparty enters into documentation substantially identical to the Interest Rate Swap Agreement, and (vii) where the Guarantor has requested that the Interest Rate Swap Provider transfer its interest and obligations to a replacement swap counterparty, the Interest Rate Swap Provider and the replacement swap counterparty agree upon any amount to be paid by or to Party A to or by the replacement swap counterparty, respectively, in respect of such transfer. The Bond Trustee's written consent to such transfer is required if such transfer occurs as a result of the occurrence of a Downgrade IRS Trigger Event.

The Interest Rate Swap Agreement will be in the form of an ISDA Master Agreement, including a schedule, a credit support annex and confirmation. Under the Interest Rate Swap Agreement, the Guarantor makes the following representations with respect to itself and/or the Interest Rate Swap Agreement, as applicable: (i) that it is duly organized and validly existing, (ii) that it has the power and authority to enter into the Interest Rate Swap Agreement, (iii) that it is not in violation or conflict with any applicable law, its constitutional documents, any court order or judgment or any contractual restriction, (iv) it has obtained all necessary consents, (v) its obligations under the Interest Rate Swap Agreement are valid and binding, (vi) no event of default, potential event of default or termination event has occurred and is continuing under the Interest Rate Swap Agreement, (vii) there is no pending or, to its knowledge, any threatened litigation which is likely to affect its ability to perform under the Interest Rate Swap Agreement, (viii) all information furnished in writing is true, accurate and complete in every material respect, (ix) all payments will be made without any withholding and deduction, (x) that it is a "Canadian partnership" under the *Income Tax Act* (Canada) and a limited partnership organized under the laws of the Province of Ontario, (xi) that it is entering into the

agreement as principal and not as agent, and (xii) that it is not relying on the other party for any investment advice, that is capable of assessing the merits of and understanding the risks of entering into the relevant transaction and that the Interest Rate Swap Provider is not acting as fiduciary to it.

As of the date of this Base Prospectus, the Interest Rate Swap Provider has been assigned the following ratings from the Rating Agencies:

<b>Rating Agency</b>	<b>Short-term debt</b>	<b>Legacy senior debt<sup>1</sup></b>	<b>Senior debt<sup>2</sup></b>	<b>Long-Term Issuer Default Rating</b>
DBRS	R-1 (high)	AA	AA (low)	N/A
Fitch	F1+	AA	AA-	AA-

<sup>1</sup> Legacy senior debt includes: (a) Senior debt issued prior to 23 September 2018; and (b) Senior debt issued on or after 23 September 2018 which is excluded from the Bank Recapitalization (Bail-in) Regime.

<sup>2</sup> Subject to conversion under the Bank Recapitalization (Bail-in) Regime.

Under the Interest Rate Swap Agreement, the Guarantor's obligations will be limited in recourse to the Charged Property.

The Interest Rate Swap Agreement will be governed by, and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

### **Covered Bond Swap Agreement**

The Guarantor has entered into a Covered Bond Swap Agreement with the Covered Bond Swap Provider in respect of the outstanding Series of Covered Bonds issued to date and will enter into a covered bond swap confirmation under the Covered Bond Swap Agreement or a new Covered Bond Swap Agreement (which may include a new ISDA Master Agreement, schedule, a credit support annex and confirmation(s) for each Tranche and/or Series of Covered Bonds) with the Covered Bond Swap Provider in respect of each Series of Covered Bonds when issued to provide a hedge against currency and/or other risks arising following the occurrence of a Covered Bond Guarantee Activation Event with respect to the mismatch between (x) its obligations under the Covered Bond Guarantee and (y) the amounts received under the Interest Rate Swap Agreement. The Covered Bond Swap Agreements also provide for the exchange of cash flows prior to the Covered Bond Guarantee Activation Event, and, during this time, the Covered Bond Swap Agreements provide the Guarantor with amounts which it will pay to the Issuer in repayment of Issue Advances to provide the Issuer with an effective hedge with respect to the mismatch between (x) its obligations owing under a Tranche and/or Series of Covered Bonds in euros and (y) its general sources of funds being in Canadian dollars and to also provide the Issuer with the ability to convert issuance proceeds from euros to Canadian dollars.

Under the Covered Bond Swap Agreements, the Covered Bond Swap Provider and the Guarantor agree that, prior to a Covered Bond Guarantee Activation Event:

- (i) on the date such Tranche or Series of Covered Bonds is issued, the Guarantor will pay to the Covered Bond Swap Provider the net amount received by the Issuer upon the issuance of such Tranche or Series of Covered Bonds, denominated in the currency of such Tranche or Series of Covered Bonds, and the Guarantor will receive the Canadian dollar equivalent of such amount converted using the applicable Covered Bond Swap Rate;

- (ii) on each Guarantor Payment Date, the Guarantor will pay to the Covered Bond Swap Provider Canadian dollar floating rate amounts received by the Guarantor under the Interest Rate Swap Agreement (described above), and the Guarantor will receive on or about each Interest Payment Date, the applicable currency and rates specified in the Covered Bond Swap Agreement relating to the relevant Tranche or Series of Covered Bonds;
- (iii) on the applicable Final Maturity Date, the Guarantor will pay to the Covered Bond Swap Provider Canadian dollars in an amount equal to the equivalent of the principal amount owing by the Issuer on such Final Maturity Date, and denominated in the currency, in respect of such Tranche or Series of Covered Bonds converted using the applicable Covered Bond Swap Rate, and the Guarantor will receive such principal amount owing on such Final Maturity Date, and denominated in the currency, in respect of such Tranche or Series of Covered Bonds; and

on and after a Covered Bond Guarantee Activation Event:

- (i) on each Guarantor Payment Date, the Guarantor will pay to the Covered Bond Swap Provider Canadian dollar floating rate amounts received by the Guarantor under the Interest Rate Swap Agreement (described above), and the Guarantor will receive on or about each Interest Payment Date, the applicable currency and rates specified in the Covered Bond Swap Agreement relating to the relevant Tranche or Series of Covered Bonds to hedge certain currency and/or other risks in respect of its obligations under the Covered Bond Guarantee; and
- (ii) on each date that a principal amount is owing in respect of the relevant Tranche or Series of Covered Bonds, the Guarantor will pay to the Covered Bond Swap Provider Canadian dollars in an amount equal to the equivalent of such principal amount, and denominated in the relevant currency, converted using the applicable Covered Bond Swap Rate, and the Guarantor will receive such principal amount denominated in the currency of the relevant Tranche or Series of Covered Bonds.

However, in certain circumstances, the amounts received by the Guarantor under the Covered Bond Swap Agreement may not match its obligations under the Covered Bond Guarantee. For example, in the event that a reference rate on a specified date is not available, the fallback provisions for determining the reference rate in such circumstances under a Series of Covered Bonds, and thus, the amounts payable by the Guarantor under the Covered Bond Guarantee, may be different than the fallback provisions for determining that reference rate under the relevant Covered Bond Swap Agreement which is used to determine the amounts received by the Guarantor under the Covered Bond Swap Agreement. In addition, the calculation of a reference rate under a Series of Covered Bonds may include an observation look back period which may not be included or which may be different than the observation look back period included, in the determination of that reference rate under the Covered Bond Swap Agreement.

If prior to (i) the Final Maturity Date in respect of the relevant Series or Tranche of Covered Bonds, or (ii) any Interest Payment Date or the Extended Due for Payment Date following a deferral of the Due for Payment Date to the Extended Due for Payment Date by the Guarantor pursuant to Condition 6.01 (if an Extended Due for Payment Date is specified as applicable in the Final Terms for a Series of Covered Bonds and the payment of the Final Redemption Amount or any part of it by the Guarantor under the Covered Bond Guarantee is deferred pursuant to Condition 6.01), the Guarantor notifies the Covered Bond Swap Provider (pursuant to the terms of the Covered Bond Swap Agreement) of the amount in the Specified Currency to be paid by such Covered Bond Swap Provider on such Final Maturity Date or Interest Payment Date thereafter (such amount being equal to the Final Redemption Amount or the relevant portion thereof payable by the Guarantor on such Final Maturity Date or Interest Payment Date under the Covered Bond Guarantee in respect of the relevant Series or Tranche of Covered Bonds), then the Covered Bond Swap

Provider will pay the Guarantor such amount and the Guarantor will pay the Covered Bond Swap Provider the Canadian Dollar Equivalent of such amount.

Further, if on any day an Early Redemption Amount is payable pursuant to Condition 7.02, the Covered Bond Swap Provider will pay the Guarantor such Early Redemption Amount (or the relevant portion thereof) and the Guarantor will pay the Covered Bond Swap Provider the Canadian Dollar Equivalent thereof, following which the notional amount of the Covered Bond Swap Agreement will reduce accordingly and a breakage fee will be calculated and payable in respect of such reduced notional amount.

The Covered Bond Swap Agreement will (unless terminated earlier by a Covered Bond Swap Early Termination Event) terminate in respect of any relevant Tranche or Series of Covered Bonds, on the Final Maturity Date for, or if earlier, the date of redemption in whole of, such Series of Covered Bonds or, if the Guarantor notifies the Covered Bond Swap Provider, prior to the Final Maturity Date for such Tranche or Series of Covered Bonds, of the inability of the Guarantor to pay in full Guaranteed Amounts corresponding to the Final Redemption Amount in respect of such Tranche or Series of Covered Bonds, the final Interest Payment Date on which an amount representing the Final Redemption Amount for such Tranche or Series of Covered Bonds is paid (but in any event not later than the Extended Due for Payment Date for such Tranche or Series of Covered Bonds).

The Covered Bond Swap Agreement may also be terminated in certain other circumstances (each referred to as a “**Covered Bond Swap Early Termination Event**”), including:

- subject to the following paragraph, at the option of any party to the Covered Bond Swap Agreement, if there is a failure by the other party to pay any amounts due under the Covered Bond Swap Agreement after the expiry of the applicable grace period, however, no such failure to pay by the Guarantor other than payments in respect of Swap Collateral Excluded Amounts will entitle the Covered Bond Swap Provider to terminate the Covered Bond Swap Agreement, if such failure is due to the assets available at such time to the Guarantor being insufficient to make the required payment in full;
- subject to the following paragraph, at the option of the Guarantor, if the Covered Bond Swap Provider is the Issuer and an Issuer Event of Default has occurred which has resulted in the Covered Bonds becoming due and payable under their respective terms;
- subject to the following paragraph, at the option of the Guarantor, in the event that (i) the short-term unsecured, unsubordinated and unguaranteed debt obligations or the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Covered Bond Swap Provider or any credit support provider, as applicable, cease to be rated at least R-1(low) or A, respectively, by DBRS, or (ii) (x) the short-term issuer default rating or (y) the derivative counterparty rating, if one is assigned, and if not, the long-term issuer default rating, of the Covered Bond Swap Provider or any credit support provider, as applicable, ceases to be at least F1 or A-, respectively, by Fitch (each such event, an “**Initial CBS Downgrade Trigger Event**”, provided that, for greater certainty, if the Covered Bond Swap Provider or any credit support provider, as applicable, has one of such ratings from each of DBRS and Fitch, an Initial CBS Downgrade Trigger Event will not occur) and the Covered Bond Swap Provider does not provide credit support to the Guarantor within 14 calendar days of the occurrence of such Initial CBS Downgrade Trigger Event pursuant to the terms of the applicable credit support annex, or arrange for its obligations under the Covered Bond Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies within 30 calendar days of the occurrence of such Initial CBS Downgrade Trigger Event provided that the Covered Bond Swap Provider provides credit support to the Guarantor within 14 calendar days of the occurrence of such Initial CBS Downgrade Trigger Event;
- subject to the following paragraph, at the option of the Guarantor, in the event that (i) the short-term unsecured, unsubordinated and unguaranteed debt obligations or the long-term unsecured, unsubordinated and unguaranteed debt obligations of the Covered Bond Swap Provider or any credit support provider, as applicable, cease to be rated at least R-2(middle) or BBB respectively, by DBRS,

or (ii) (x) the short-term issuer default rating or (y) the derivative counterparty rating, if one is assigned, and if not, the long-term issuer default rating of the Covered Bond Swap Provider or any credit support provider, as applicable, ceases to be at least F3 or BBB-, respectively, by Fitch (each such event, a **"Subsequent CBS Downgrade Trigger Event"**, and together with the Initial CBS Downgrade Trigger Events, the **"Downgrade CBS Trigger Events"**, and together with the Downgrade IRS Trigger Events, the **"Downgrade Trigger Events"**, provided that, for greater certainty, if the Covered Bond Swap Provider or any credit support provider, as applicable, has one of such ratings from each of DBRS and Fitch, a Subsequent CBS Downgrade Trigger Event will not occur), and the Covered Bond Swap Provider does not arrange for its obligations under the Covered Bond Swap Agreement to be guaranteed by, or transferred to, an entity with rating(s) required by the relevant Rating Agencies within 30 calendar days of the occurrence of such Subsequent CBS Downgrade Trigger Event, and does not provide additional credit support to the Guarantor within 14 calendar days of the occurrence of such Subsequent CBS Downgrade Trigger Event pursuant to the terms of the applicable credit support annex;

- at the option of the Covered Bond Swap Provider, if the material terms of the Guarantor Agreement have been amended without the consent of the Covered Bond Swap Provider and such amendment materially and negatively affects the Covered Bond Swap Provider;
- at the option of the Covered Bond Swap Provider, if the Bond Trustee has designated a date for the termination of the Covered Bond Swap Agreement and notified the Guarantor and the Covered Bond Swap Provider of such designation, for purposes of realizing the Security in accordance with the Security Agreement and distributing the proceeds therefrom in accordance with the Post-Enforcement Priority of Payments following the enforcement of the Security pursuant to Condition 7.03 of any final Tranche or Series of Covered Bonds then outstanding; and
- upon the occurrence of the insolvency of the Covered Bond Swap Provider or any credit support provider, and certain insolvency-related events in respect of the Guarantor or the merger of the Covered Bond Swap Provider without an assumption of the obligations under the Covered Bond Swap Agreement.

A Covered Bond Swap Agreement may provide that if, at any time, the Guarantor (a) is Independently Controlled and Governed, the Guarantor has the discretion, but is not required to, (i) waive any requirement of the Covered Bond Swap Provider to provide credit support, obtain an eligible guarantee or replace itself upon the occurrence of a Downgrade CBS Trigger Event, and (ii) refrain from forthwith terminating the Covered Bond Swap Agreement or finding a replacement Covered Bond Swap Provider, in each case, upon the occurrence of an event of default or additional termination event caused solely by the Covered Bond Swap Provider, and (b) is not Independently Controlled and Governed, the Guarantor shall not have the rights set out under clause (a)(i) and (a)(ii) of this paragraph unless, within 14 calendar days, of the occurrence of a Downgrade CBS Trigger Event or an event of default (other than an insolvency event of default) or additional termination event caused solely by the Covered Bond Swap Provider, as applicable, and for so long as such event continues to exist and provided that (x) a Contingent Collateral Notice is delivered in respect of such event by the Guarantor to the Issuer, as lender under the Intercompany Loan and (y) the Guarantor has Contingent Collateral.

Upon the termination of the Covered Bond Swap Agreement pursuant to a Covered Bond Swap Early Termination Event, the Guarantor or the Covered Bond Swap Provider may be liable to make a termination payment to the other in accordance with the provisions of the Covered Bond Swap Agreement.

Any termination payment made by the Covered Bond Swap Provider to the Guarantor in respect of the Covered Bond Swap Agreement will first be used to the extent necessary (prior to the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice) to pay a replacement Covered Bond Swap Provider to enter into a replacement Covered Bond Swap with the Guarantor, unless a replacement Covered Bond Swap Agreement has already been entered into on behalf of the Guarantor. Any premium received by the Guarantor from a replacement Covered Bond Swap Provider entering into a

Covered Bond Swap Agreement will first be used to make any termination payment due and payable by the Guarantor with respect to the Covered Bond Swap Agreement, unless such termination payment has already been made or behalf of the Guarantor.

Swap Collateral Excluded Amounts, if applicable, will be paid to the Covered Bond Swap Provider directly and not via the Priorities of Payments.

All of the interest and obligations of the Covered Bond Swap Provider under the Covered Bond Swap Agreement may be transferred by it to a replacement swap counterparty upon the Covered Bond Swap Provider providing five Canadian Business Days' prior written notice to Guarantor and, subject to the following sentence, the Bond Trustee, provided that (i) such replacement swap counterparty has the rating(s) required by the relevant Rating Agencies (or the obligations of such replacement swap counterparty under the Covered Bond Swap Agreement are guaranteed by an entity having the rating(s) required by the relevant Rating Agencies), (ii) as of the date of such transfer, such replacement swap counterparty will not be required to withhold or deduct any taxes under the Covered Bond Swap Agreement as a result of such transfer, (iii) no termination event or event of default will occur under the Covered Bond Swap Agreement as a result of such transfer, (iv) no additional amount will be payable by the Guarantor under the Covered Bond Swap Agreement as a result of such transfer, (v) the Rating Agency Condition shall have been satisfied or deemed to have been satisfied and (vi) such replacement swap counterparty enters into documentation substantially identical to the Covered Bond Swap Agreement. The Bond Trustee's written consent to such transfer is required if such transfer occurs as a result of a Downgrade CBS Trigger Event.

If withholding taxes are imposed on payments made by the Covered Bond Swap Provider to the Guarantor under the Covered Bond Swap Agreement, the Covered Bond Swap Provider will always be obliged to gross up those payments. If withholding taxes are imposed on payments made by the Guarantor to the Covered Bond Swap Provider under the Covered Bond Swap Agreement, the Guarantor will not be obliged to gross up those payments.

The Covered Bond Swap Agreement will be in the form of an ISDA Master Agreement, including a schedule, a credit support annex and confirmation(s) in relation to each particular Tranche or Series of Covered Bonds, as the case may be. Under the Covered Bond Swap Agreement, the Guarantor makes the following representations with respect to itself and/or the Covered Bond Swap Agreement, as applicable: (i) that it is duly organized and validly existing, (ii) that it has the power and authority to enter into the Covered Bond Swap Agreement, (iii) that it is not in violation or conflict with any applicable law, its constitutional documents, any court order or judgment or any contractual restriction, (iv) it has obtained all necessary consents, (v) its obligations under the Covered Bond Swap Agreement are valid and binding, (vi) no event of default, potential event of default or termination event has occurred and is continuing under the Covered Bond Swap Agreement, (vii) there is no pending or, to its knowledge, any threatened litigation which is likely to affect its ability to perform under the Covered Bond Swap Agreement, (viii) all information furnished in writing is true, accurate and complete in every material respect, (ix) all payments will be made without any withholding and deduction, (x) that it is a "Canadian partnership" under the *Income Tax Act* (Canada) and a limited partnership organized under the laws of the Province of Ontario, (xi) that it is entering into the agreement as principal and not as agent, and (xii) that it is not relying on the other party for any investment advice, that is capable of assessing the merits of and understanding the risks of entering into the relevant transaction and that the Covered Bond Swap Provider is not acting as fiduciary to it.

Under the Covered Bond Swap Agreement, the Guarantor's obligations will be limited in recourse to the Charged Property.

The Covered Bond Swap Agreement will be governed by, and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein.

## Bank Account Agreement

Pursuant to the terms of the Bank Account Agreement entered into on the Programme Date between the Guarantor, the Account Bank, the GIC Provider, the Cash Manager and the Bond Trustee, the Guarantor maintains with the Account Bank the accounts described below, which are to be operated in accordance with the Cash Management Agreement, the Guarantor Agreement and the Security Agreement:

- (a) the GIC Account into which amounts may be deposited by the Guarantor (including, following the occurrence of an Issuer Event of Default which is not cured within the applicable grace period, all amounts received from Borrowers in respect of Loans in the Covered Bond Portfolio). On each Guarantor Payment Date as applicable, amounts required to meet the Guarantor's various creditors and amounts to be distributed to the Partners under the Guarantor Agreement will be transferred to the Transaction Account (to the extent maintained); and
- (b) the Transaction Account (to the extent maintained) into which, amounts may be deposited by the Guarantor prior to their transfer to the GIC Account. Moneys standing to the credit of the Transaction Account will be transferred on each Guarantor Payment Date and applied by the Cash Manager in accordance with the Priorities of Payments described below under "*Cashflows*".

Under the Bank Account Agreement, the Account Bank represents and warrants to the Cash Manager, the Guarantor and the Bond Trustee on the Programme Date and on each date on which an amount is credited to the Guarantor Accounts and on each Guarantor Payment Date that: (i) it is a bank listed in Schedule I to the Bank Act and duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) the execution, delivery and performance by it of the Bank Account Agreement (x) are within its corporate powers, (y) have been duly authorized by all necessary corporate action, and (z) do not contravene or result in a default under or conflict with (A) its charter or by-laws, (B) any law, rule or regulation applicable to it, or (C) any order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iii) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada), (iv) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Bank Account Agreement, (v) it is rated at or above the Account Bank Threshold Ratings by each of the Rating Agencies, (vi) it is and will continue to be in good standing with OSFI, (vii) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Bank Account Agreement, and (viii) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Bank Account Agreement.

If the ratings of the Account Bank cease to be rated by one or more Rating Agencies at or above the Account Bank Threshold Ratings (as defined below), then the GIC Account and the Transaction Account (to the extent maintained) will be required to be closed and all amounts standing to the credit thereof transferred to accounts held with the Standby Account Bank.

**"Account Bank Threshold Ratings"** means the threshold ratings A or R-1(low) (in respect of DBRS; provided that, for greater certainty, only one of such ratings from DBRS is required to be at or above such ratings) and A- or F1 (in respect of Fitch; provided that, for greater certainty, only one of such ratings from Fitch is required to be at or above such ratings), as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations rating (in the case of DBRS) or the issuer default rating (in the case of Fitch), in each case, of the Account Bank or the GIC Provider, as applicable, by the Rating Agencies.

In addition to the requirement that the Guarantor Accounts be moved to the Standby Account Bank if the Account Bank breaches the Account Bank Threshold Ratings as described above, the Guarantor may (in the case of (i) through (iii) below) or shall (in the case of (iv) through (vii) below) terminate the Bank Account Agreement and move the Guarantor Accounts to the Standby Account Bank if: (i) a deduction or withholding for or on account of any taxes is imposed or is likely to be imposed in respect of the interest payable on any Guarantor Account, (ii) there is a breach by the Account Bank of certain representations and warranties

or a failure by the Account Bank to perform certain covenants made by it under the Bank Account Agreement, (iii) the Account Bank fails to comply with any of its other covenants and obligations under the Bank Account Agreement, which failure in the reasonable opinion of the Bond Trustee is materially prejudicial to the interests of the Covered Bondholders and such failure is not remedied within 30 days of the earlier of the Account Bank becoming aware of the failure and receipt by the Account Bank of notice from the Bond Trustee requiring the same to be remedied, (iv) the Account Bank ceases or threatens to cease carrying on the business of the Account Bank, (v) an order is made for the winding up of the Account Bank, (vi) an Insolvency Event occurs with respect to the Account Bank, or (vii) if the Account Bank is the Issuer or an affiliate thereof, an Issuer Event of Default has occurred and is continuing.

As of the date of this Base Prospectus, the Account Bank has been assigned the following ratings from the Rating Agencies:

Rating Agency	Short-term debt	Legacy senior debt <sup>1</sup>	Senior debt <sup>2</sup>	Long-Term Issuer Default Rating
DBRS	R-1 (high)	AA (high)	AA	N/A
Fitch	F1+	AA	AA-	AA-

<sup>1</sup> Legacy senior debt includes: (a) Senior debt issued prior to 23 September 2018; and (b) Senior debt issued on or after 23 September 2018 which is excluded from the Bank Recapitalization (Bail-in) Regime.

<sup>2</sup> Subject to conversion under the Bank Recapitalization (Bail-in) Regime.

### Standby Bank Account Agreement

Pursuant to the terms of a standby bank account agreement (the “**Standby Bank Account Agreement**”) entered into on the Programme Date between the Guarantor, the Standby Account Bank, the Standby GIC Provider, the Cash Manager and the Bond Trustee (as amended and/or restated and/or supplemented from time to time), the Standby Account Bank will open and maintain a standby GIC account (the “**Standby GIC Account**”) and standby transaction account (the “**Standby Transaction Account**”) in the name of the Guarantor following delivery by the Guarantor (or the Cash Manager on its behalf) of a standby account bank notice (the “**Standby Account Bank Notice**”) to the Standby Account Bank.

Pursuant to the terms of the Cash Management Agreement, the Cash Manager will deliver a Standby Account Bank Notice to the Standby Account Bank if the funds held in the GIC Account and the Transaction Account (to the extent maintained) are required to be transferred to the Standby Account Bank pursuant to the terms of the Bank Account Agreement or the Bank Account Agreement is terminated for any reason.

The Standby Bank Account Agreement provides that the Standby GIC Account and the Standby Transaction Account, when opened, will be subject to the security interest in favour of the Bond Trustee (for itself and on behalf of the other Secured Creditors) granted under the Security Agreement and that payments of amounts owing to the Standby Account Bank in respect of fees or otherwise shall be subject to the relevant Priorities of Payments set out in the Guarantor Agreement and the Security Agreement.

Under the Standby Bank Account Agreement, the Standby Account Bank represents and warrants to the Guarantor and the Bond Trustee on the Programme Date and on each date on which an amount is credited to any Guarantor Account that is held with the Standby Account Bank and on each Guarantor Payment Date that: (i) it is a bank listed in Schedule I or Schedule II to the Bank Act and duly qualified to do business in every jurisdiction where the nature of its business requires it to be so qualified, (ii) the execution, delivery and performance by it of the Standby Bank Account Agreement (x) are within its corporate powers, (y) have been duly authorized by all necessary corporate action, and (z) do not contravene or result in a default under or conflict with (A) its charter or by-laws, (B) any law, rule or regulation applicable to it, or (C) any

order, writ, judgment, award, injunction, decree or contractual obligation binding on or affecting it or its property, (iii) it is not a non-resident of Canada for purposes of the *Income Tax Act* (Canada), (iv) it possesses the necessary experience, qualifications, facilities and other resources to perform its responsibilities under the Standby Bank Account Agreement and the other Transaction Documents to which it is a party and it will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions thereunder, (v) it is rated at or above the Standby Account Bank Threshold Ratings by each of the Rating Agencies, (vi) it is and will continue to be in good standing with OSFI, (vii) it is and will continue to be in material compliance with its internal policies and procedures relevant to the services to be provided by it pursuant to the Standby Bank Account Agreement and the other Transaction Documents to which it is party, and (viii) it is and will continue to be in material compliance with all laws, regulations and rules applicable to it in relation to the services provided by it pursuant to the Standby Bank Account Agreement and the other Transaction Documents to which it is a party.

The Standby Bank Account Agreement further provides that if the ratings of the Standby Account Bank by one or more Rating Agencies fall below the Standby Account Bank Threshold Ratings, then the Standby GIC Account and the Standby Transaction Account (to the extent maintained) will be required to be closed and all amounts standing to the credit thereof transferred to accounts held with a satisfactorily rated bank.

**“Standby Account Bank Threshold Ratings”** means the threshold ratings A or R-1(low) (in respect of DBRS, provided that, for greater certainty, only one of such ratings from DBRS is required to be at or above such ratings) and A- or F1 (in respect of Fitch, provided that, for greater certainty, only one of such ratings from Fitch is required to be at or above such ratings), as applicable, of the unsecured, unsubordinated and unguaranteed debt obligations rating (in the case of DBRS) or the issuer default rating (in the case of Fitch), in each case, of the Standby Account Bank by the Rating Agencies.

As of the date of this Base Prospectus, the Standby Account Bank has been assigned the following ratings from the Rating Agencies:

<b>Rating Agency</b>	<b>Short-term debt</b>	<b>Legacy senior debt<sup>1</sup></b>	<b>Senior debt<sup>2</sup></b>	<b>Long-Term Issuer Default Rating</b>
DBRS	R-1 (high)	AA	AA (low)	N/A
Fitch	F1+	AA	AA-	AA-

1. Legacy senior debt includes: (a) Senior debt issued prior to 23 September 2018; and (b) Senior debt issued on or after 23 September 2018 which is excluded from the Bank Recapitalization (Bail-in) Regime.

2. Subject to conversion under the Bank Recapitalization (Bail-in) Regime.

In addition to the requirement that the Guarantor Accounts be moved from the Standby Account Bank to a satisfactorily rated bank if the Standby Account Bank breaches the Standby Account Bank Threshold Ratings as described above, the Guarantor may (in the case of (i) through (iii) below) or shall (in the case of (iv) through (vi) below) terminate the Standby Bank Account Agreement and move the Guarantor Accounts from the Standby Account Bank to a satisfactorily rated bank if: (i) a deduction or withholding for or on account of any taxes is imposed or is likely to be imposed in respect of the interest payable on any Guarantor Account, (ii) there is a breach by the Standby Account Bank of certain representations and warranties or a failure by the Standby Account Bank to perform certain covenants made by it under the Standby Bank Account Agreement, (iii) the Standby Account Bank materially breaches any of its other covenants and obligations under the Standby Bank Account Agreement or the Standby Guaranteed Investment Contract, (iv) the Standby Account Bank ceases or threatens to cease carrying on the business of the Standby Account Bank, (v) an order is made for the winding up of the Standby Account Bank, or (vi) an Insolvency Event occurs with respect to the Standby Account Bank.

References in this Base Prospectus to the GIC Account or the Transaction Account include, unless otherwise stated, references to the Standby GIC Account or the Standby Transaction Account when the Standby GIC Account and the Standby Transaction Account become operative.

### **Guaranteed Investment Contract**

The Guarantor entered into a Guaranteed Investment Contract (or “**GIC**”) with the GIC Provider, the Cash Manager and the Bond Trustee on the Programme Date, pursuant to which the GIC Provider has agreed to pay interest on the moneys standing to the credit of the Guarantor in the GIC Account at specified rates determined in accordance with the GIC during the term of the GIC. The Guaranteed Investment Contract will be automatically terminated following the closing of the GIC Account or termination of the Bank Account Agreement in accordance with the Bank Account Agreement. In addition, the Guarantor may terminate the GIC Agreement upon the rating of the GIC Provider following below the Account Bank Threshold Ratings. Under the Guaranteed Investment Contract, the GIC Provider makes the same representations and warranties to the Cash Manager, the Guarantor and the Bond Trustee on the Programme Date and on each date on which an amount is credited to the GIC Account and on each Guarantor Payment Date as are made by the Account Bank and which are described under “*Bank Account Agreement*” above.

### **Standby Guaranteed Investment Contract**

Pursuant to the terms of a standby guaranteed investment contract (the “**Standby Guaranteed Investment Contract**”) entered into on the Programme Date between the Standby Account Bank, the Standby GIC Provider, the Guarantor, the Cash Manager and the Bond Trustee (as amended and/or restated and/or supplemented from time to time), the Standby GIC Provider has agreed to pay interest on the moneys standing to the credit of the Standby GIC Account at specified rates determined in accordance with the terms of the Standby Guaranteed Investment Contract during the term of the Standby Bank Account Agreement. The Standby Guaranteed Investment Contract will be automatically terminated following the closing of the Standby GIC Account or termination of the Standby Bank Account Agreement in accordance with the Standby Bank Account Agreement. Under the Standby Guaranteed Investment Contract, the Standby GIC Provider makes the same representations and warranties to the Guarantor and the Bond Trustee on the Programme Date and on each date on which an amount is credited to the Standby GIC Account and on each Guarantor Payment Date as are made by the Standby Account Bank and which are described under “*Standby Bank Account Agreement*” above.

### **Security Agreement**

Pursuant to the terms of the Security Agreement entered into on the Programme Date by the Guarantor, the Bond Trustee and other Secured Creditors, the secured obligations of the Guarantor and all other obligations of the Guarantor under or pursuant to the Transaction Documents to which it is a party owed to the Bond Trustee and the other Secured Creditors are secured by a first ranking security interest (the “**Security**”) over all present and after-acquired undertaking, property and assets of the Guarantor (the “**Charged Property**”), including without limitation the Covered Bond Portfolio, and any other Portfolio Assets or Substitute Assets that the Guarantor may acquire from time to time and funds being held for the account of the Guarantor by its service providers and the amounts standing to the credit of the Guarantor in the Guarantor Accounts, subject to the right of the Guarantor (provided the Asset Coverage Test and/or the Amortization Test, as applicable, is met) to sell such Charged Property.

Under the Security Agreement, the Secured Creditors expressly acknowledge that in exercising any of its powers, trusts, authorities and discretions, the Bond Trustee shall, subject to applicable law, only have regard to the interests of the holders of the Covered Bonds of all Series and shall not have regard to the interests of any other Secured Creditors.

Under the Security Agreement, the Guarantor represents and warrants to the Secured Creditors that: (i) the Security Agreement creates a valid first priority security interest in the present and future personal property and undertaking of the Guarantor and all proceeds thereof (the “**Collateral**”), (ii) it is the legal and beneficial owner of all Collateral, (iii) the Collateral is free and clear of all liens other than those created in

favour of the Bond Trustee and customary permitted liens, (iv) the security interest of the Bond Trustee in the Collateral has been perfected, (v) the Bond Trustee has obtained control pursuant to applicable personal property security legislation of the Collateral that consists of investment property, the Bond Trustee is a “protected purchaser” within the meaning of such legislation, and no other person has control or the right to obtain control of such investment property, (vi) no authorization, consent or approval from, or notices to, any governmental authority or other person is required for the due execution and delivery by it of the Security Agreement or the performance or enforcement of its obligations thereunder, other than those that have been obtained or made, (vii) it is validly formed and existing as a limited partnership under the laws of the Province of Ontario, (viii) since its date of formation there has been no material adverse change in its financial position or prospects, (ix) it is not the subject of any governmental or other official investigation, nor to its knowledge is such an investigation pending, which may have a material adverse effect, (x) no litigation, arbitration or administrative proceedings have been commenced, nor to its knowledge are pending or threatened, against any of its assets or revenues which may have a material adverse effect, (xi) the Managing GP has (x) at all times carried on and conducted the affairs and business of the Guarantor in the name of the Guarantor as a separate entity and in accordance with the Guarantor Agreement and all laws and regulations applicable to it, (y) at all times kept or procured the keeping of proper books and records for the Guarantor separate from any other person or entity, and (z) duly executed the Transaction Documents for and on behalf of the Guarantor, (xii) its entry into the Transaction Documents and the performance of its obligations thereunder do not and will not constitute a breach of (x) its constitutional documents, (y) any law applicable to it, or (z) any agreement, indenture, contract, mortgage, deed or other instrument to which it is a party or which is binding on it or any of its assets, (xiii) its obligations under the Transaction Documents to which it is a party are legal, valid, binding and enforceable obligations, (xiv) the Transaction Documents to which it is a party have been entered into in good faith for its own benefit and on arm’s length commercial terms, (xv) it is not in breach of or default under any agreement, indenture, contract, mortgage, deed or other instrument to which it is a party or which is binding on it or any of its assets which would be reasonably likely to result in a material adverse effect, and (xvi) each of the Transaction Documents to which it is a party has been properly authorized by all necessary action of its Partners and constitutes the legal, valid and binding obligation of, and is enforceable in accordance with its terms against, the Guarantor, except as enforceability may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally or by general principles of equity.

### ***Release of Security***

In the event of any sale of Portfolio Assets by the Guarantor pursuant to and in accordance with the Transaction Documents, the Bond Trustee will, while any Covered Bonds are outstanding (subject to the written request of the Guarantor), release those Portfolio Assets from the Security created by and pursuant to the Security Agreement on the date of such sale but only if:

- (a) the Bond Trustee provides its prior written consent to the terms of such sale as described under “*Guarantor Agreement – Method of Sale of Portfolio Assets*” above; and
- (b) in the case of the sale of Portfolio Assets, the Guarantor provides to the Bond Trustee a certificate confirming that the Portfolio Assets being sold are Randomly Selected Loans.

In the event of the repurchase of a Portfolio Asset by the Seller pursuant to and in accordance with the Transaction Documents, the Bond Trustee will release that Portfolio Asset from the Security created by and pursuant to the Security Agreement on the date of the repurchase.

### ***Enforcement***

If a Guarantor Acceleration Notice is served on the Guarantor, the Bond Trustee will be entitled to appoint a receiver, and/or enforce the Security constituted by the Security Agreement (including selling the Covered Bond Portfolio), and/or take such steps as it deems necessary, subject in each case to being indemnified and/or secured to its satisfaction. All proceeds received by the Bond Trustee from the enforcement of the

Security will be applied in accordance with the Post-Enforcement Priority of Payments described under “Cashflows”.

The Security Agreement is governed by Ontario law (other than certain other provisions relating to real property located outside of the Province of Ontario which will be governed by the law of the jurisdiction in which such property is located).

### **Corporate Services Agreement**

Pursuant to the terms of a corporate services agreement (such corporate services agreement as amended and/or restated and/or supplemented from time to time, the “**Corporate Services Agreement**”) entered into on the Programme Date among, *inter alios*, the Corporate Services Provider, the Liquidation GP, the Bank and the Guarantor, the Corporate Services Provider will provide corporate services to the Liquidation GP.

### **Custodial Agreement**

Pursuant to the terms of a custodial agreement entered into on the Programme Date (such custodial agreement as amended, restated and/or supplemented from time to time, the “**Custodial Agreement**”), among the Custodian, the Bank, the Guarantor and the Bond Trustee, the Custodian has agreed to, among other things, hold applicable powers of attorney granted by the Bank to the Guarantor, and details of the Portfolio Assets and Substitute Assets, in each case on behalf of the Guarantor, all in accordance with the CMHC Guide. In order to act as Custodian under the Custodial Agreement, the Custodian must meet the Custodian Qualifications, as described under “*Description of the Canadian Registered Covered Bond Programmes Regime – Custodian*”.

The Custodian agrees to securely and confidentially hold and remain responsible for the data and documents delivered to it pursuant to the Custodial Agreement until the earlier of (a) the release of such data and documents to a replacement custodian in accordance with the terms of the Custodial Agreement, (b) the termination of the Programme, and (c) in relation to a particular Portfolio Asset or Substitute Asset, its disposition or maturity, as the case may be. In the case of (b) or (c), the Custodian shall either (i) release such data and documents to the Seller (or to such other owner of the Portfolio Assets and Substitute Assets to which such data and documents relate) or as it may direct, or (ii) destroy such data and documents at the instructions of, and in accordance with such procedures as may be satisfactory to, the Seller (or such other owner of the Portfolio Assets and Substitute Assets to which such data and documents relate).

In the event that there is a breach by the Custodian of certain representations and warranties or a failure by the Custodian to perform certain covenants made by it under the Custodial Agreement, the Guarantor will have the right to terminate the Custodial Agreement and appoint a replacement Custodian. The Issuer and the Guarantor may also terminate the Custodial Agreement and appoint a replacement Custodian if the Custodian commits a breach which is either not capable of remedy, or capable of remedy but which is not remedied within 30 days of receipt by the Custodian of notice specifying such breach and requiring the same to be remedied.

### **Agency Agreement**

Under the terms of the Agency Agreement between the Agents, the Issuer, the Guarantor and the Bond Trustee, the Agents have been appointed by the Issuer and the Guarantor to carry out various issuing and paying agency, exchange agency, transfer agency, calculation agency and registrar duties in respect of the Covered Bonds. Such duties include, but are not limited to, dealing with any applicable stock exchanges and Clearing Systems on behalf of the Issuer and the Guarantor in connection with an issuance of Covered Bonds and making payments of interest and principal in respect of the Covered Bonds upon receipt of such amounts from the Issuer or the Guarantor, as applicable.

Upon the occurrence of an Issuer Event of Default, Potential Issuer Event of Default, a Guarantor Event of Default or Potential Guarantor Event of Default, as applicable, the Bond Trustee may, by notice in writing to the Issuer, the Guarantor and the Agents, require the Agents to thereafter act as agents of the Bond Trustee.

Any Agent or Calculation Agent may resign its appointment under the Agency Agreement and/or in relation to any Series of Covered Bonds upon 30 days' notice to the Issuer, the Guarantor and the Bond Trustee, provided that such resignation will not be effective (i) if the notice period would otherwise expire within 30 days before or after the final maturity date or any interest or other payment date for any Series (or if the resignation is only with respect to a particular Series, such Series), until the 30<sup>th</sup> day following such final maturity date or any interest or other payment date, and (ii) in certain circumstances, unless a successor has been appointed.

The Issuer or the Guarantor may revoke its appointment of any Agent or Calculation Agent under the Agency Agreement and/or in relation to any Series of Covered Bonds upon 30 days' notice to such Agent or Calculation Agent, provided that in certain circumstances, such revocation will not be effective unless a successor has been appointed. Notwithstanding the foregoing, the Guarantor may revoke the appointment of any Agent or Calculation Agent in the event that there is a breach by such Agent or Calculation Agent of certain representations and warranties or a failure by such Agent or Calculation Agent to perform certain covenants made by it under the Agency Agreement.

The appointment of any Agent or Calculation Agent under the Agency Agreement and in relation to each relevant Series of Covered Bonds shall terminate forthwith if any of the following events or circumstances shall occur or arise, namely: such Agent or Calculation Agent becomes incapable of acting; such Agent or Calculation Agent is adjudged bankrupt or insolvent; such Agent or Calculation Agent files a voluntary petition in bankruptcy or makes an assignment for the benefit of its creditors or consents to the appointment of a receiver, administrator or other similar official of all or any substantial part of its property or admits in writing its inability to pay or meet its debts as they mature or suspends payment thereof; a resolution is passed or an order is made for the winding-up or dissolution of such Agent or Calculation Agent; a receiver, administrator or other similar official of such Agent or Calculation Agent or of all or any substantial part of its property is appointed; an order of any court is entered approving any petition filed by or against such Agent or Calculation Agent under the provisions of any applicable bankruptcy or insolvency law; or any public officer takes charge or control of such Agent or Calculation Agent or of its property or affairs for the purpose of rehabilitation, conservation or liquidation.

### **Modification of Transaction Documents**

The provisions of the Transaction Documents generally require that all amendments thereto be in writing and executed by the parties thereto and, in the case of the Swap Agreements, the Bond Trustee, unless the amendment relates to the transfer of the Swap Provider's interests in the Swap Agreements other than as a result of the occurrence of a Downgrade Trigger Event, in which case five Canadian Business Days' prior notice is required to be provided to the Bond Trustee. In addition, any material amendment to a Transaction Document will be subject to satisfaction of the Rating Agency Condition. Pursuant to the terms of the Security Agreement and the Trust Deed, the Bond Trustee is permitted to consent to and/or execute amendments without consulting the other Secured Creditors if the amendment is of a minor or technical nature or the Bond Trustee is otherwise satisfied that the amendment is not reasonably expected to be materially prejudicial to the interests of the Covered Bondholders.

In addition to the general amendment provisions, the Managing GP has the authority to make amendments to the Guarantor Agreement without the consent of any other party in order to cure any ambiguity or correct or supplement any provision thereof, provided that such amendments do not adversely affect the interests of the other Partners, or, while Covered Bonds are outstanding, the Bond Trustee (on behalf of the Secured Creditors). If the interests of any such party would be adversely affected by a proposed amendment to the Guarantor Agreement, such amendment may only be made by the Managing GP with the consent of such adversely affected Partner and/or the Bond Trustee, as applicable.

For greater certainty, all amendments to the Transaction Documents must comply with the CMHC Guide.

**Modification of Ratings Triggers and Consequences**

Any amendment to (a) a ratings trigger that (i) lowers the ratings specified therein, or (ii) changes the applicable rating type, in each case as provided for in any Transaction Document, or (b) the consequences of breaching any such ratings trigger, or changing the applicable rating type, provided for in any Transaction Document that makes such consequences less onerous, shall, with respect to each affected Rating Agency only, be deemed to be a material amendment and shall be subject to satisfaction of the Rating Agency Condition from each affected Rating Agency.

## CREDIT STRUCTURE

Under the terms of the Covered Bond Guarantee, the Guarantor has agreed to, following the occurrence of a Covered Bond Guarantee Activation Event, unconditionally and irrevocably pay or procure to be paid to or to the order of the Bond Trustee (for the benefit of the holders of the Covered Bonds), an amount equal to that portion of the Guaranteed Amounts which shall become Due for Payment but would otherwise be unpaid, as of any Original Due for Payment Date, or, if applicable, Extended Due for Payment Date, by the Issuer. Under the Covered Bond Guarantee, the Guaranteed Amounts will become due and payable on any earlier date on which a Guarantor Acceleration Notice is served. The Issuer will not be relying on payments from the Guarantor in respect of Advances under the Intercompany Loan Agreement or receipt of Available Revenue Receipts or Available Principal Receipts from the Covered Bond Portfolio in order to pay interest or repay principal under the Covered Bonds. The Issuer will be relying on receipt of Issue Advance repayments from the Guarantor to pay interest and repay principal under the Covered Bonds in the applicable currency.

There are a number of features of the Programme which enhance the likelihood of timely and, as applicable, ultimate payments to holders of the Covered Bonds, as follows:

- the Covered Bond Guarantee provides credit support to the Issuer;
- the Pre-Maturity Test, if applicable, is intended to test the liquidity of the Guarantor's assets in respect of principal due on the Final Maturity Date of Hard Bullet Covered Bonds;
- the Asset Coverage Test is intended to test the asset coverage of the Guarantor's assets in respect of the Covered Bonds at all times;
- the Amortization Test is intended to test the asset coverage of the Guarantor's assets in respect of the Covered Bonds following the occurrence of a Covered Bond Guarantee Activation Event;
- a Reserve Fund (if the ratings of the Issuer by one or more Rating Agencies fall below the Reserve Fund Required Amount Ratings) will be established by the Guarantor (or the Cash Manager on its behalf) in the GIC Account to trap Available Revenue Receipts and Available Principal Receipts; and
- under the terms of the GIC, the GIC Provider has agreed to pay a variable rate of interest determined as the percentage discount to the GIC Provider's Prime Rate on all amounts held by the Guarantor in the GIC Account as the Guarantor (or the Cash Manager on its behalf) and the GIC Provider may agree from time to time, provided, however, that in no event shall such rate be less than 0.00 percent. The GIC Provider's Prime Rate means the rate of interest per annum publicly announced from time to time by the GIC Provider as its prime rate in effect at its main branch in Toronto for commercial loans made by it in Canada in Canadian Dollars with each change in such rate being effective from and including the date such change is publicly announced as being effective.

Certain of these factors are considered more fully in the remainder of this Section.

### **Guarantee**

The Covered Bond Guarantee provided by the Guarantor under the Trust Deed guarantees payment of Guaranteed Amounts when the same become Due for Payment in respect of all Covered Bonds issued under the Programme. The Covered Bond Guarantee will not guarantee any amount becoming payable for any other reason, including any accelerated payment pursuant to Condition 7 (Events of Default and Enforcement) following the occurrence of an Issuer Event of Default. In this circumstance (and until a Guarantor Event of Default occurs and a Guarantor Acceleration Notice is served), the Guarantor's obligations will only be to pay the Guaranteed Amounts as such amounts fall Due for Payment.

See further “*Summary of the Principal Documents – Trust Deed*” with regards to the terms of the Covered Bond Guarantee. See further “*Cashflows – Guarantee Priority of Payments*” with regards to the payment of amounts payable by the Guarantor to holders of the Covered Bonds and other Secured Creditors following the occurrence of an Issuer Event of Default.

### **Pre-Maturity Liquidity**

Certain Series of Covered Bonds may be scheduled to be redeemed in full on their respective Final Maturity Dates without any provision for scheduled redemption other than on the Final Maturity Date (the “**Hard Bullet Covered Bonds**”). The applicable Final Terms will identify whether any Series of Covered Bonds is a Series of Hard Bullet Covered Bonds. The Pre-Maturity Test is intended to test the liquidity of the Guarantor’s assets in respect of the Hard Bullet Covered Bonds when the applicable ratings of the Issuer from one or more Rating Agencies fall below the Pre-Maturity Minimum Ratings. On each Canadian Business Day (each, a “**Pre-Maturity Test Date**”) prior to the occurrence of an Issuer Event of Default or the occurrence of a Guarantor Event of Default, the Guarantor or the Cash Manager on its behalf will determine if the Pre-Maturity Test has been breached, and if so, it will immediately notify the Seller and the Bond Trustee.

The Issuer will fail and be in breach of the “**Pre-Maturity Test**” in respect of a Series of Hard Bullet Covered Bonds on a Pre-Maturity Test Date if:

- (a) the issuer default rating from Fitch of the Issuer falls below A- or F1 and the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date; or
- (b) the rating from DBRS of the Issuer’s unsecured, unsubordinated and unguaranteed debt obligations falls below A(low) or R-1(low) if the Final Maturity Date of the Series of Hard Bullet Covered Bonds falls within 12 months from the relevant Pre-Maturity Test Date,

(each of the ratings set out above, the “**Pre-Maturity Minimum Ratings**”).

Following a breach of the Pre-Maturity Test in respect of a Series of Hard Bullet Covered Bonds, the Guarantor shall, subject to any right of pre-emption of the Seller pursuant to the terms of the Mortgage Sale Agreement and the Security Sharing Agreement, as applicable, offer to sell Randomly Selected Loans to Purchasers, unless the Pre-Maturity Liquidity Ledger is otherwise funded from other sources as follows:

- (i) a Contribution in Kind made by one or more of the Partners (as recorded in the Capital Account Ledger for such Partners of the Guarantor) of certain Substitute Assets in accordance with the Guarantor Agreement with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger); or
- (ii) Cash Capital Contributions made by one or more of the Partners (as recorded in the Capital Account Ledger for each applicable Partner of the Guarantor) or proceeds advanced under the Intercompany Loan Agreement which have not been applied to acquire further Portfolio Assets or otherwise applied in accordance with the Guarantor Agreement and/or the other Transaction Documents with an aggregate principal amount up to the Pre-Maturity Liquidity Required Amount (which shall be a credit to the Pre-Maturity Liquidity Ledger);

provided that if the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds is breached less than six months prior to the Final Maturity Date of that Series of Hard Bullet Covered Bonds, an Issuer Event of Default will occur if the Guarantor has not taken the required action described above within the earlier to occur of (i) 10 Canadian Business Days from the date that the Seller is notified of the breach of the Pre-Maturity Test and (ii) the Final Maturity Date of that Series of Hard Bullet Covered Bonds (see

further: Condition 7.01). To cure a Pre-Maturity Test breach within such period, the Pre-Maturity Liquidity Ledger shall be funded so that by the end of such period, there will be an amount equal to the Pre-Maturity Liquidity Required Amount standing to the credit of the Pre-Maturity Liquidity Ledger. The method for selling Randomly Selected Loans is described in “*Summary of the Principal Documents – Guarantor Agreement – Method of Sale of Portfolio Assets*” above. The proceeds of sale of Randomly Selected Loans will be recorded to the Pre-Maturity Liquidity Ledger on the GIC Account.

In certain circumstances, Revenue Receipts will also be available to repay a Hard Bullet Covered Bond, as described in “*Cashflows – Pre-Acceleration Revenue Priority of Payments*” below.

Failure by the Issuer to pay the full amount due in respect of a Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, subject to applicable cure periods, will constitute an Issuer Event of Default. Following service of a Notice to Pay on the Guarantor, the Guarantor will apply funds standing to the Pre-Maturity Liquidity Ledger to repay the relevant Series of Hard Bullet Covered Bonds.

If the Issuer and/or the Guarantor fully repay the relevant Series of Hard Bullet Covered Bonds on the Final Maturity Date thereof, cash standing to the credit of the Pre-Maturity Liquidity Ledger on the GIC Account will be applied by the Guarantor in accordance with the Pre-Acceleration Principal Priority of Payments, unless:

- (a) the Issuer is failing the Pre-Maturity Test in respect of any other Series of Hard Bullet Covered Bonds, in which case the cash will remain on the Pre-Maturity Liquidity Ledger in order to provide liquidity for that other Series of Hard Bullet Covered Bonds; or
- (b) the Issuer is not failing the Pre-Maturity Test, but the Cash Manager elects to retain the cash on the Pre-Maturity Liquidity Ledger in order to provide liquidity for any future Series of Hard Bullet Covered Bonds.

Amounts standing to the credit of the Pre-Maturity Liquidity Ledger following the repayment of the Hard Bullet Covered Bonds as described above may, except where the Cash Manager has elected or is required to retain such amounts on the Pre-Maturity Liquidity Ledger, also be used to repay the Advances under the Intercompany Loan Agreement, subject to the Guarantor making provision for higher ranking items in the Pre-Acceleration Principal Priority of Payments.

### **Asset Coverage Test**

The Asset Coverage Test is intended to ensure that (subject to certain limitations with respect to the Asset Percentage, which may be removed by agreement with the Issuer) the Guarantor can meet its obligations under the Covered Bond Guarantee. Under the Guarantor Agreement, so long as the Covered Bonds remain outstanding, the Guarantor must ensure that on each Calculation Date, the Adjusted Aggregate Asset Amount will be in an amount at least equal to the Canadian Dollar Equivalent of the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date. If, on any Calculation Date, the Asset Coverage Test is not satisfied and such failure is not remedied on or before the next following Calculation Date, the Asset Coverage Test will be breached and the Guarantor (or the Cash Manager on its behalf) will serve an Asset Coverage Test Breach Notice on the Partners, the Bond Trustee and, if delivered by the Cash Manager, the Guarantor. The Asset Coverage Test is a formula which adjusts the Outstanding Principal Balance of each Loan in the Covered Bond Portfolio and has further adjustments to take account of a failure by the Seller to repurchase Portfolio Assets, in accordance with the terms of the Mortgage Sale Agreement, that do not materially comply with the Loan Representations and Warranties on the relevant Transfer Date.

See further “*Summary of the Principal Documents – Guarantor Agreement – Asset Coverage Test*” above.

An Asset Coverage Test Breach Notice will be revoked if, on any Calculation Date falling on or prior to the next Calculation Date following the service of the Asset Coverage Test Breach Notice, the Asset Coverage Test is satisfied and no Covered Bond Guarantee Activation Event has occurred.

If an Asset Coverage Test Breach Notice has been served and is not revoked on or before the Guarantor Payment Date immediately following the Calculation Date after service of such Asset Coverage Test Breach Notice, then an Issuer Event of Default will have occurred and the Bond Trustee will be entitled (and, in certain circumstances, may be required) to serve an Issuer Acceleration Notice. Following service of an Issuer Acceleration Notice, the Bond Trustee must serve a Notice to Pay on the Guarantor.

### **Amortization Test**

The Amortization Test is intended to ensure that if, following an Issuer Event of Default (but prior to service on the Guarantor of a Guarantor Acceleration Notice), the assets of the Guarantor available to meet its obligations under the Covered Bond Guarantee fall to a level where holders of the Covered Bonds may not be repaid, a Guarantor Event of Default will occur and all amounts owing under the Covered Bonds may be accelerated. Under the Guarantor Agreement, following the occurrence and during the continuance of an Issuer Event of Default, for so long as there are Covered Bonds outstanding, the Guarantor must ensure that, on each Calculation Date following an Issuer Event of Default, the Amortization Test Aggregate Asset Amount will be in an amount at least equal to the aggregate Principal Amount Outstanding of the Covered Bonds as calculated on the relevant Calculation Date. The Amortization Test is a formula which adjusts the True Balance of each Loan in the Covered Bond Portfolio and has further adjustments to take account of Loans in arrears. See further “*Summary of the Principal Documents – Guarantor Agreement – Amortization Test*” above.

### **Reserve Fund**

The Guarantor will establish the Reserve Fund on the GIC Account prior to the first issuance of Covered Bonds which will be credited with Available Revenue Receipts and Available Principal Receipts up to an amount equal to the Reserve Fund Required Amount (which amount will be nil at any time following the date of this Base Prospectus that the Issuer’s ratings by each of the Rating Agencies are at or above the Reserve Fund Required Amount Ratings). The Guarantor will not be required to maintain the Reserve Fund following the occurrence of an Issuer Event of Default.

The Reserve Fund will be funded from (i) Available Revenue Receipts after the Guarantor has paid all of its obligations in respect of items ranking higher than the Reserve Ledger in the Pre-Acceleration Revenue Priority of Payments, and (ii) Available Principal Receipts after the Guarantor has paid all of its obligations in respect of items ranking higher than the Reserve Ledger in the Pre-Acceleration Principal Priority of Payments on each Guarantor Payment Date.

A Reserve Ledger will be maintained by the Cash Manager to record the balance from time to time of the Reserve Fund. Following the occurrence of an Issuer Event of Default, service of an Issuer Acceleration Notice and service of a Notice to Pay on the Guarantor, amounts standing to the credit of the Reserve Fund will be added to certain other income of the Guarantor in calculating Available Revenue Receipts.

### **Voluntary Overcollateralization**

From time to time, the Guarantor may hold Loans and Related Security, Substitute Assets and cash with a value in excess of the value required to satisfy the coverage tests prescribed by the Transaction Documents and the CMHC Guide, including the Asset Coverage Test and the Amortization Test, as applicable. Such excess collateral, excluding, for certainty, any Contingent Collateral, is the “**Voluntary Overcollateralization**”. For greater certainty, the calculation of Voluntary Overcollateralization (including in respect of the Asset Coverage Test and the Amortization Test, as applicable) shall not include any credit for any Excess Proceeds received by the Guarantor following an Issuer Event of Default. Pursuant to the terms of the Transaction Documents and provided that the Guarantor must at all times be in compliance

with such coverage tests, the terms of the Transaction Documents and the CMHC Guide, the Guarantor is from time to time permitted to:

- apply cash (in an amount up to the Voluntary Overcollateralization) to the repayment of any loan advanced by the Issuer, including the Intercompany Loan;
- distribute cash (in an amount up to the Voluntary Overcollateralization) to the Partners;
- subject to the rights of pre-emption enjoyed by the Seller pursuant to the terms of the Mortgage Sale Agreement and the Security Sharing Agreement, as applicable, transfer, or agree with the Seller to withdraw or remove Loans and Related Security and Substitute Assets (with an aggregate value, in the case of Loans and Related Security, equal to the LTV Adjusted Loan Balance thereof, and in the case of Substitute Assets, equal to the face value thereof, up to the Voluntary Overcollateralization); or
- agree with the Seller to substitute assets owned by the Guarantor with other Loans and Related Security and/or Substitute Assets that in each case comply with the terms of the Transaction Documents, the CMHC Guide and the Covered Bond Legislative Framework.

Any Loans and Related Security and/or Substitute Assets transferred, withdrawn, removed or substituted in accordance with the above will be selected in a manner that would not reasonably be expected to adversely affect the interests of the Covered Bondholders and the consideration received by the Guarantor therefor (whether in cash or in kind) will, unless otherwise prescribed by the terms of the Transaction Documents, not be less than the fair market value thereof. See “*Summary of the Principal Documents – Intercompany Loan Agreement*”.

## CASHFLOWS

As described above under “*Credit Structure*”, until the occurrence of a Covered Bond Guarantee Activation Event, the Covered Bonds will be obligations of the Issuer only. The Issuer is liable to make payments when due on the Covered Bonds, whether or not it has received any corresponding payment from the Guarantor under the Intercompany Loan.

This section summarizes the Priorities of Payments of the Guarantor, as to the allocation and distribution of amounts standing to the credit of the Guarantor on the Ledgers and their order of priority:

- (a) when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred;
- (b) when an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred;
- (c) following service of a Notice to Pay on the Guarantor; and
- (d) following service of a Guarantor Acceleration Notice and enforcement of the Security.

If the Transaction Account is closed in accordance with the terms of the Bank Account Agreement or no Transaction Account is maintained, any payment to be made to or from the Transaction Account will, as applicable, be made to or from the GIC Account, or no payment shall be made at all if such payment is expressed to be from the GIC Account to the Transaction Account.

### **Allocation and distribution of Available Revenue Receipts when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred.**

At any time when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Revenue Receipts will be allocated and distributed as described below.

The Guarantor or the Cash Manager on its behalf will, as of each Calculation Date, calculate:

- (i) the amount of Available Revenue Receipts available for distribution on the immediately following Guarantor Payment Date;
- (ii) the Reserve Fund Required Amount (if applicable);
- (iii) where the Pre-Maturity Test, if applicable, has been breached in respect of a Series of Hard Bullet Covered Bonds, on each Calculation Date falling in the five months prior to the Final Maturity Date of the relevant Series of Hard Bullet Covered Bonds, whether or not the amount standing to the credit of the Pre-Maturity Liquidity Ledger including the principal amount of any Substitute Assets standing to the credit of the Pre-Maturity Liquidity Ledger at such date is less than the Pre-Maturity Liquidity Required Amount.

On each Guarantor Payment Date, the Guarantor (or the Cash Manager on its behalf) will transfer Available Revenue Receipts from the Revenue Ledger to the Payment Ledger, and use Available Revenue Receipts held by the Cash Manager for and on behalf of the Guarantor and, as necessary, transfer Available Revenue Receipts from the GIC Account to the Transaction Account (to the extent maintained), in an amount equal to the lower of (a) the amount required to make the payments or credits described below (taking into account any Available Revenue Receipts held by the Cash Manager for or on behalf of the Guarantor and any Available Revenue Receipts standing to the credit of the Transaction Account), and (b) the amount of Available Revenue Receipts.

### ***Pre-Acceleration Revenue Priority of Payments***

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Revenue Receipts will be applied by or on behalf of the Guarantor (or the Cash Manager on its behalf) on each Guarantor Payment Date (except for amounts due to third parties by the Guarantor under paragraph (a) or Third Party Amounts, which will be paid when due) in making the following payments and provisions (the “**Pre-Acceleration Revenue Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, in or towards satisfaction of any amounts due and payable by the Guarantor to third parties and incurred without breach by the Guarantor of the Transaction Documents to which it is a party (and for which payment has not been provided for elsewhere in the relevant Priorities of Payments) and to provide for any such amounts expected to become due and payable by the Guarantor in the immediately succeeding Guarantor Payment Period and to pay and discharge any liability of the Guarantor for taxes;
- (b) *second*, any amounts in respect of interest due to the Bank in respect of the Demand Loan pursuant to the terms of the Intercompany Loan;
- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
  - (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer under the provisions of the Servicing Agreement in the immediately succeeding Guarantor Payment Period, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
  - (ii) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager under the provisions of the Cash Management Agreement in the immediately succeeding Guarantor Payment Period, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
  - (iii) amounts (if any) due and payable to the Account Bank (or, as applicable, the Standby Account Bank) (including costs) pursuant to the terms of the Bank Account Agreement (or, as applicable, the Standby Bank Account Agreement), together with applicable GST (or other similar taxes) thereon to the extent provided therein;
  - (iv) amounts due and payable to the Asset Monitor pursuant to the terms of the Asset Monitor Agreement (other than the amounts referred to in paragraph (j) below), together with applicable GST (or other similar taxes) thereon to the extent provided therein; and
  - (v) amounts due and payable to the Custodian pursuant to the terms of the Custodial Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein;
- (d) *fourth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
  - (i) payment due to the Interest Rate Swap Provider (including any termination payment due and payable by the Guarantor under the Interest Rate Swap

Agreement (but excluding any Excluded Swap Termination Amount)) pursuant to the terms of the Interest Rate Swap Agreement; and

- (ii) payment due to the Covered Bond Swap Provider (including any termination payment due and payable by the Guarantor under the Covered Bond Swap Agreement (but excluding any Excluded Swap Termination Amount)) pursuant to the terms of the Covered Bond Swap Agreement;
- (e) *fifth*, in or towards payment on the Guarantor Payment Date of, or to provide for payment on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine (in the case of any such payment or provision, after taking into account any provisions previously made and any amounts receivable from the Interest Rate Swap Provider under the Interest Rate Swap Agreement) any amounts due or to become due and payable (excluding principal amounts) to the Bank in respect of the Guarantee Loan pursuant to the terms of the Intercompany Loan Agreement;
- (f) *sixth*, if a Servicer Event of Default has occurred, all remaining Available Revenue Receipts to be credited to the GIC Account (with a corresponding credit to the Revenue Ledger maintained in respect of that account) until such Servicer Event of Default is either remedied by the Servicer or waived by the Bond Trustee or a new servicer is appointed to service the Covered Bond Portfolio (or the relevant part thereof);
- (g) *seventh*, in or towards a credit to the GIC Account (with a corresponding credit to the Reserve Ledger) of an amount up to but not exceeding the amount by which the Reserve Fund Required Amount (if applicable) exceeds the existing balance on the Reserve Ledger as calculated on the immediately preceding Calculation Date;
- (h) *eighth*, if the Guarantor is required to make a deposit to the Pre-Maturity Liquidity Ledger, if applicable, due to a breach of the Pre-Maturity Test in respect of any Series of Hard Bullet Covered Bonds, towards a credit to the GIC Account (with a corresponding credit to the Pre-Maturity Liquidity Ledger) of an amount up to but not exceeding the difference between:
  - (i) the Pre-Maturity Liquidity Required Amount as calculated on the immediately preceding Calculation Date; and
  - (ii) any amounts standing to the credit of the Pre-Maturity Liquidity Ledger on the immediately preceding Calculation Date;
- (i) *ninth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
  - (i) payment of any Excluded Swap Termination Amounts due and payable by the Guarantor under the Interest Rate Swap Agreement; and
  - (ii) payment of any Excluded Swap Termination Amounts due and payable by the Guarantor under the Covered Bond Swap Agreement;
- (j) *tenth*, in or towards payment *pro rata* and *pari passu* in accordance with the respective amounts thereof of any indemnity amount due to the Asset Monitor pursuant to the Asset Monitor Agreement, and any indemnity amount due to any Partner pursuant to the Guarantor Agreement;

- (k) *eleventh*, in or towards payment of the fee due to the Corporate Services Provider by the Guarantor pursuant to the terms of the Corporate Services Agreement; and
- (l) *twelfth*, towards such distributions of profit to the Partners as may be payable in accordance with the terms of the Guarantor Agreement.

Any amounts received by the Guarantor under the Interest Rate Swap Agreement and the Covered Bond Swap Agreement (other than, in each case, amounts in respect of Swap Collateral Excluded Amounts) on or after the Guarantor Payment Date but prior to the next following Guarantor Payment Date will be applied, together with any provision for such payments made on any preceding Guarantor Payment Date, to make payments (other than in respect of principal) due and payable in respect of the Intercompany Loan Agreement and then the expenses of the Guarantor unless an Asset Coverage Test Breach Notice is outstanding or otherwise to make provision for such payments on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine.

Any amounts received under the Interest Rate Swap Agreement and the Covered Bond Swap Agreement on the Guarantor Payment Date or on any date prior to the next succeeding Guarantor Payment Date which are not applied towards a payment or provision in accordance with paragraph (d) above or the preceding paragraph will be credited to the Revenue Ledger and applied as Available Revenue Receipts on the next succeeding Guarantor Payment Date.

Amounts (if any) held by the Cash Manager for and on behalf of the Guarantor or standing to the credit of the Transaction Account which are not required to be applied in accordance with paragraphs (a) to (l) of the Pre-Acceleration Revenue Priority of Payments or paragraphs (a) to (g) of the Pre-Acceleration Principal Priority of Payments below will, if applicable, be deposited by the Cash Manager and, in each case be credited to the appropriate ledger in the GIC Account on the Guarantor Payment Date.

**Allocation and Distribution of Available Principal Receipts when no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred**

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Principal Receipts will be allocated and distributed as described below.

The Guarantor or the Cash Manager on its behalf will, as of each Calculation Date, calculate the amount of Available Principal Receipts available for distribution on the immediately following Guarantor Payment Date.

On each Guarantor Payment Date, the Guarantor (or the Cash Manager on its behalf ) will transfer Available Principal Receipts from the Principal Ledger to the Payment Ledger, and use Available Principal Receipts held by the Cash Manager for and on behalf of the Guarantor and, as necessary, transfer Available Principal Receipts from the GIC Account to the Transaction Account (to the extent maintained), in an amount equal to the lower of (a) the amount required to make the payments or credits described below (taking into account any Available Principal Receipts held by the Cash Manager for or on behalf of the Guarantor and/or standing to the credit of the Transaction Account), and (b) the amount of Available Principal Receipts.

If a Guarantor Payment Date is the same as an Interest Payment Date, then the distribution of Available Principal Receipts under the Pre-Acceleration Principal Priority of Payments will be delayed until the Issuer has made Scheduled Interest and/or principal payments on that Interest Payment Date unless payment is made by the Guarantor directly to the Bond Trustee (or one or more Paying Agents at the direction of the Bond Trustee).

### ***Pre-Acceleration Principal Priority of Payments***

At any time no Asset Coverage Test Breach Notice is outstanding and no Covered Bond Guarantee Activation Event has occurred, Available Principal Receipts (other than Cash Capital Contributions made from time to time by the Seller in its capacity as a Limited Partner) will be applied by or on behalf of the Guarantor on each Guarantor Payment Date in making the following payments and provisions (the “**Pre-Acceleration Principal Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, if the Pre-Maturity Test, if applicable, has been breached by the Issuer in respect of any Series of Hard Bullet Covered Bonds, towards a credit to the Pre-Maturity Liquidity Ledger in respect of each such Series in an amount up to but not exceeding the difference between:
  - (i) the Pre-Maturity Liquidity Required Amount calculated on the immediately preceding Calculation Date; and
  - (ii) any amounts standing to the credit of the Pre-Maturity Liquidity Ledger on the immediately preceding Calculation Date;
- (b) *second*, to pay amounts in respect of principal outstanding on the Demand Loan pursuant to the terms of the Intercompany Loan Agreement;
- (c) *third*, to acquire New Loans and their Related Security offered to the Guarantor, if necessary or prudent to ensure that, taking into account the other resources available to the Guarantor, the Asset Coverage Test is met and thereafter to acquire (in the discretion of the Guarantor or the Cash Manager on its behalf) Substitute Assets up to the prescribed limit under the CMHC Guide;
- (d) *fourth*, to deposit the remaining Available Principal Receipts in the GIC Account (with a corresponding credit to the Principal Ledger) in an amount sufficient to ensure that, taking into account the other resources available to the Guarantor, the Asset Coverage Test is met;
- (e) *fifth*, in or towards repayment on the Guarantor Payment Date (or to provide for repayment on such date in the future of such proportion of the relevant payment falling due in the future as the Cash Manager may reasonably determine) of amounts (in respect of principal) due or to become due and payable to the Issuer in respect of the Guarantee Loan;
- (f) *sixth*, in or towards a credit to the GIC Account (with a corresponding credit to the Reserve Ledger) of an amount up to but not exceeding the amount by which the Reserve Fund Required Amount (if applicable) exceeds the existing balance on the Reserve Ledger as calculated on the immediately preceding Calculation Date; and
- (g) *seventh*, subject to complying with the Asset Coverage Test, to make Capital Distributions in accordance with the terms of the Guarantor Agreement.

### **Allocation and distribution of Available Revenue Receipts and Available Principal Receipts when an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred**

At any time an Asset Coverage Test Breach Notice is outstanding but no Covered Bond Guarantee Activation Event has occurred, all Available Revenue Receipts and Available Principal Receipts will continue to be applied in accordance with the Pre-Acceleration Revenue Priority of Payments and the Pre-Acceleration Principal Priority of Payments save that, while any Covered Bonds remain outstanding, no

moneys will be applied under paragraphs (b), (e), (j) (to the extent only that such indemnity amounts are payable to a Partner), (k) or (l) of the Pre-Acceleration Revenue Priority of Payments or paragraphs (b), (c), (e) or (g) of the Pre-Acceleration Principal Priority of Payments.

**Allocation and distribution of Available Revenue Receipts and Available Principal Receipts following service of a Notice to Pay on the Guarantor**

At any time after service of a Notice to Pay on the Guarantor, but prior to service of a Guarantor Acceleration Notice, all Available Revenue Receipts and Available Principal Receipts (other than Third Party Amounts) will be applied as described below under “*Guarantee Priority of Payments*”.

On each Guarantor Payment Date, the Guarantor or the Cash Manager on its behalf will transfer Available Revenue Receipts and Available Principal Receipts from the Revenue Ledger, the Reserve Ledger, the Principal Ledger or the Capital Account Ledger, as the case may be, to the Payment Ledger, in an amount equal to the lower of (a) the amount required to make the payments set out in the Guarantee Priority of Payments and (b) the amount of all Available Revenue Receipts and Available Principal Receipts standing to the credit of such Ledgers.

The Guarantor will create and maintain ledgers for each Series of Covered Bonds and record amounts allocated to such Series of Covered Bonds in accordance with paragraph (g) of the Guarantee Priority of Payments below, and such amounts, once allocated, will only be available to pay amounts due under the Covered Bond Guarantee and amounts due in respect of the relevant Series of Covered Bonds under the Covered Bond Swap Agreement on the scheduled repayment dates thereof.

***Guarantee Priority of Payments***

If a Notice to Pay is served on the Guarantor, the Guarantor will, on the Final Maturity Date for any Series of Hard Bullet Covered Bonds, apply all funds standing to the credit of the Pre-Maturity Liquidity Ledger, if applicable (and transferred to the Transaction Account on the relevant Guarantor Payment Date) to repay such Series of Hard Bullet Covered Bonds. Subject thereto, on each Guarantor Payment Date after the service of a Notice to Pay on the Guarantor (but prior to service of a Guarantor Acceleration Notice), the Guarantor or the Cash Manager on its behalf will apply Available Revenue Receipts and Available Principal Receipts to make the following payments, provisions or credits in the following order of priority (the “**Guarantee Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, to pay any amounts in respect of principal and interest due to the Bank in respect of the Demand Loan pursuant to the terms of the Intercompany Loan Agreement;
- (b) *second*, in or towards payment of all amounts due and payable or to become due and payable to the Bond Trustee in the immediately succeeding Guarantor Payment Period under the provisions of the Trust Deed together with interest and applicable GST (or other similar taxes) thereon as provided therein;
- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
  - (i) any remuneration then due and payable to the Agents and any costs, charges, liabilities and expenses then due or to become due and payable to the Agents in the immediately succeeding Guarantor Payment Period under the provisions of the Agency Agreement together with applicable GST (or other similar taxes) thereon as provided therein, other than any indemnity amounts payable to the Agents in excess of \$150,000; and

- (ii) any amounts then due and payable by the Guarantor to third parties and incurred without breach by the Guarantor of the Transaction Documents to which it is a party (and for which payment has not been provided for elsewhere) and to provide for any such amounts expected to become due and payable by the Guarantor in the immediately succeeding Guarantor Payment Period and to pay or discharge any liability of the Guarantor for taxes;
- (d) *fourth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of:
- (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer in the immediately succeeding Guarantor Payment Period under the provisions of the Servicing Agreement together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Servicer in excess of \$150,000;
  - (ii) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager in the immediately succeeding Guarantor Payment Period under the provisions of the Cash Management Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Cash Manager in excess of \$150,000;
  - (iii) amounts (if any) due and payable to the Account Bank (or, as applicable, the Standby Account Bank) (including costs) pursuant to the terms of the Bank Account Agreement (or, as applicable, the Standby Bank Account Agreement), together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Account Bank (or, as applicable, the Standby Account Bank) in excess of \$150,000;
  - (iv) amounts due and payable to the Asset Monitor (other than the amounts referred to in paragraph (l) below) pursuant to the terms of the Asset Monitor Agreement, together with applicable GST (or other similar taxes) thereon as provided therein; and
  - (v) amounts due and payable to the Custodian pursuant to the terms of the Custodial Agreement, together with applicable GST (or other similar taxes) thereon as provided therein, other than any indemnity amounts payable to the Custodian in excess of \$150,000;
- (e) *fifth*, if the Guarantor is Independently Controlled and Governed and has agreed to afford the Interest Rate Swap Provider priority over the holders of Covered Bonds in respect of amounts payable under the Covered Bonds, amounts due and payable to the Interest Rate Swap Provider (excluding any termination payment) in accordance with the terms of the Interest Rate Swap Agreement;
- (f) *sixth*, to pay *pro rata* and *pari passu* according to the respective amounts thereof:
- (i) (x) if (e) above does not apply, the amounts due and payable to the Interest Rate Swap Provider *pro rata* and *pari passu* according to the respective amounts thereof (including any termination payment due and payable by the Guarantor under the Interest Rate Swap Agreement but excluding any Excluded Swap Termination Amount) or (y) if (e) above applies, any termination payment due and payable by the Guarantor to the Interest Rate Swap Provider (but excluding any Excluded

Swap Termination Amount), in each case in accordance with the terms of the Interest Rate Swap Agreement;

- (ii) the amounts due and payable to the Covered Bond Swap Provider (other than in respect of principal) *pro rata* and *pari passu* in respect of each relevant Series of Covered Bonds (including any termination payment (other than in respect of principal) due and payable by the Guarantor to the Covered Bond Swap Provider but excluding any Excluded Swap Termination Amount) in accordance with the terms of the Covered Bond Swap Agreement; and
- (iii) to the Bond Trustee or (if so directed by the Bond Trustee) the Issuing and Paying Agent on behalf of the holders of the Covered Bonds *pro rata* and *pari passu* Scheduled Interest that is Due for Payment (or will become Due for Payment in the immediately succeeding Guarantor Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (f) (excluding any amounts received from the Covered Bond Swap Provider) would be insufficient to pay the Canadian Dollar Equivalent of the Scheduled Interest that is Due for Payment in respect of each Series of Covered Bonds under (f)(iii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pro rata* basis and the amount payable by the Guarantor in respect of each relevant Series of Covered Bonds to the Covered Bond Swap Provider under (f)(ii) above will be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (g) *seventh*, to pay or provide for *pro rata* and *pari passu* according to the respective amounts thereof, of:
  - (i) the amounts (in respect of principal) due and payable *pro rata* and *pari passu* in respect of each relevant Series of Covered Bonds (including any termination payment (relating solely to principal) due and payable by the Guarantor under the Covered Bond Swap Agreement but excluding any Excluded Swap Termination Amount) to the Covered Bond Swap Provider in accordance with the terms of the relevant Covered Bond Swap Agreement; and
  - (ii) to the Bond Trustee or (if so directed by the Bond Trustee) the Issuing and Paying Agent on behalf of the holders of the Covered Bonds *pro rata*, and *pari passu* Scheduled Principal that is Due for Payment (or will become Due for Payment in the immediately succeeding Guarantor Payment Period) under the Covered Bond Guarantee in respect of each Series of Covered Bonds, provided that if the amount available for distribution under this paragraph (g) (excluding any amounts received from the Covered Bond Swap Provider) in respect of the amounts referred to in (g)(i) above would be insufficient to pay the Canadian Dollar Equivalent of the Scheduled Principal that is Due for Payment in respect of the relevant Series of Covered Bonds under this (g)(ii), the shortfall will be divided amongst all such Series of Covered Bonds on a *pro rata* basis and the amount payable by the Guarantor in respect of each relevant Series of Covered Bonds under (g)(i) to the Covered Bond Swap Provider above will be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;
- (h) *eighth*, to deposit the remaining moneys into the GIC Account for application on the next following Guarantor Payment Date in accordance with the Priorities of Payments described in paragraphs (a) to (g) (inclusive) above, until the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series of Covered Bonds);

- (i) *ninth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of any Excluded Swap Termination Amount due and payable by the Guarantor to the relevant Swap Provider under the relevant Swap Agreement;
- (j) *tenth*, to pay or provide for *pro rata* and *pari passu* according to the respective amounts thereof, any indemnity amounts payable to the Agents, the Servicer, the Cash Manager, the Account Bank (or, as applicable, the Standby Account Bank) and the Custodian, to the extent not paid pursuant to paragraph (c) or (d) above;
- (k) *eleventh*, after the Covered Bonds have been fully repaid or provided for (such that the Required Redemption Amount has been accumulated in respect of each outstanding Series of Covered Bonds), any remaining moneys will be applied in and towards repayment in full of amounts outstanding under the Intercompany Loan Agreement;
- (l) *twelfth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of any indemnity amount due to the Partners pursuant to the Guarantor Agreement and certain costs, expenses and indemnity amounts due by the Guarantor to the Asset Monitor pursuant to the Asset Monitor Agreement; and
- (m) *thirteenth*, thereafter any remaining moneys will be applied in accordance with the Guarantor Agreement.

***Payments received in respect of the Swap Agreements, premiums received in respect of replacement Swap Agreements***

If the Guarantor receives any termination payment from a Swap Provider in respect of a Swap Agreement, such termination payment will first be used, to the extent necessary (prior to the occurrence of a Guarantor Event of Default and service of a Guarantor Acceleration Notice) to pay a replacement Swap Provider to enter into a replacement Swap Agreement with the Guarantor, unless a replacement Swap Agreement has already been entered into on behalf of the Guarantor. If the Guarantor receives any premium from a replacement Swap Provider in respect of a replacement Swap Agreement, such premium will first be used to make any termination payment due and payable by the Guarantor with respect to the previous Swap Agreement, unless such termination payment has already been made on behalf of the Guarantor.

Any amounts received by the Guarantor from a Swap Provider in respect of a Swap Agreement and which are not applied to pay a replacement Swap Provider to enter into a replacement Swap Agreement will be credited to the Revenue Ledger and applied as Available Revenue Receipts on the next succeeding Guarantor Payment Date.

**Application of moneys received by the Bond Trustee following service of a Guarantor Acceleration Notice and enforcement of the Security**

Following service of a Guarantor Acceleration Notice and enforcement of the Security granted under the terms of the Security Agreement, all moneys received or recovered by the Bond Trustee (or a receiver appointed on its behalf) (excluding all amounts due or to become due in respect of any Third Party Amounts) will be applied in the following order of priority (the “**Post-Enforcement Priority of Payments**”) (in each case only if and to the extent that payments or provisions of a higher priority have been made in full):

- (a) *first*, in or towards satisfaction of all amounts due and payable or to become due and payable to the Bond Trustee under the provisions of the Trust Deed together with interest and applicable GST (or other similar taxes) thereon as provided therein;
- (b) *second*, in or towards satisfaction *pro rata* and *pari passu* according to respective amounts thereof of any remuneration then due and payable to the Agents and any costs, charges, liabilities and expenses then due or to become due and payable to the Agents under or

pursuant to the Agency Agreement together with applicable GST (or other similar taxes) thereon to the extent provided therein;

- (c) *third*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof, of:
- (i) any remuneration then due and payable to the Servicer and any costs, charges, liabilities and expenses then due or to become due and payable to the Servicer under the provisions of the Servicing Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Servicer in excess of \$150,000;
  - (ii) any remuneration then due and payable to the Cash Manager and any costs, charges, liabilities and expenses then due or to become due and payable to the Cash Manager under the provisions of the Cash Management Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Cash Manager in excess of \$150,000;
  - (iii) amounts due to the Account Bank or, as applicable, the Standby Account Bank (including costs) pursuant to the terms of the Bank Account Agreement or, as applicable, the Standby Bank Account Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Account Bank (or, as applicable, the Standby Account Bank) in excess of \$150,000; and
  - (iv) amounts due to the Custodian pursuant to the terms of the Custodial Agreement, together with applicable GST (or other similar taxes) thereon to the extent provided therein, other than any indemnity amounts payable to the Custodian in excess of \$150,000;
- (d) *fourth*, if the Guarantor is Independently Controlled and Governed and has agreed to afford the Interest Rate Swap Provider priority over the holders of Covered Bonds in respect of amounts payable under the Covered Bonds, amounts due and payable to the Interest Rate Swap Provider (excluding any termination payment due and payable by the Guarantor under the Interest Rate Swap Agreement) in accordance with the terms of the Interest Rate Swap Agreement.
- (e) *fifth*, to pay *pro rata* and *pari passu* according to the respective amounts thereof, of:
- (i) (x) if (d) above does not apply, any amounts due and payable to the Interest Rate Swap Provider *pro rata* and *pari passu* according to the respective amounts thereof (including any termination payment (but excluding any Excluded Swap Termination Amounts)), or (y) if (d) above applies, any termination payment due and payable by the Guarantor to the Interest Rate Swap Provider (but excluding any Excluded Swap Termination Amounts), in each case pursuant to the terms of the Interest Rate Swap Agreement;
  - (ii) the amounts due and payable to the Covered Bond Swap Provider *pro rata* and *pari passu* in respect of each relevant Series of Covered Bonds to the Covered Bond Swap Agreement (including any termination payment due and payable by the Guarantor under the Covered Bond Swap Agreement (but excluding any Excluded Swap Termination Amount)) in accordance with the terms of the Covered Bond Swap Agreement; and

- (iii) the amounts due and payable under the Covered Bond Guarantee, to the Bond Trustee on behalf of the holders of the Covered Bonds *pro rata* and *pari passu* in respect of interest and principal due and payable on each Series of Covered Bonds,

provided that if the amount available for distribution under this paragraph (e) (excluding any amounts received from the Covered Bond Swap Provider in respect of amounts referred to in (e)(ii) above) would be insufficient to pay the Canadian Dollar Equivalent of the amounts due and payable under the Covered Bond Guarantee in respect of each Series of Covered Bonds under (e)(iii) above, the shortfall will be divided amongst all such Series of Covered Bonds on a *pro rata* basis and the amount payable by the Guarantor in respect of each relevant Series of Covered Bonds under (e)(ii) above to the Covered Bond Swap Provider will be reduced by the amount of the shortfall applicable to the Covered Bonds in respect of which such payment is to be made;

- (f) *sixth*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof, of any Excluded Swap Termination Amounts due and payable by the Guarantor to the relevant Swap Provider under the relevant Swap Agreement;
- (g) *seventh*, to pay or provide for *pro rata* and *pari passu* according to the respective amounts thereof, any indemnity amounts payable to the Servicer, the Cash Manager, the Account Bank (or, as applicable, the Standby Account Bank) and the Custodian, to the extent not paid pursuant to paragraph (c) above;
- (h) *eighth*, after the Covered Bonds have been fully repaid, any remaining moneys shall be applied in or towards repayment in full of all amounts outstanding under the Intercompany Loan Agreement;
- (i) *ninth*, towards payment of any indemnity amount due to the Partners pursuant to the Guarantor Agreement;
- (j) *tenth*, in or towards payment of the fee due to the Corporate Services Provider; and
- (k) *eleventh*, thereafter any remaining moneys will be applied in or towards payment to the Partners pursuant to the Guarantor Agreement.

## DESCRIPTION OF THE CANADIAN REGISTERED COVERED BOND PROGRAMS REGIME

On 17 December 2012, CMHC published the first version of the CMHC Guide implementing the legislative framework established by Part I.1 of the *National Housing Act* (Canada) (the “**Covered Bond Legislative Framework**”). As of the date of this Base Prospectus, the most recent version of the CMHC Guide was published on 23 June 2017. On 13 November 2019, CMHC advised that further changes would be made to the CMHC Guide effective 1 January 2020, which amendments included the following: (i) covered bonds must be rated by at least one rating agency (as opposed to the current requirement of at least two rating agencies), (ii) swap counterparties must maintain applicable credit ratings from no less than two rating agencies and (iii) a reduction in the credit ratings thresholds for delivery of registrable mortgage assignments in the Province of Quebec. The CMHC Guide is updated from time to time and may result in amendments to the Transaction Documents, which changes will be made in accordance with the respective terms of those documents. The CMHC Guide elaborates on the role and powers of CMHC as administrator of the Covered Bond Legislative Framework and sets out the conditions and restrictions applicable to registered covered bond issuers and registered covered bond programs.

### Eligible Issuers

The Covered Bond Legislative Framework provides that in order to apply for registration as a registered issuer, a proposed issuer of covered bonds must be a “federal financial institution”, as defined in Section 2 of the Bank Act, or a cooperative credit society that is incorporated and regulated by or under an act of the legislature of a province of Canada.

### Eligible Covered Bond Collateral and Coverage Tests

Assets held by a guarantor as collateral for covered bonds issued under a registered program may not include mortgages or other secured residential loans that (i) are insured by CMHC or other Prohibited Insurers, or (ii) have an LTV ratio that exceeds 80 percent. A guarantor may hold substitute assets consisting of Government of Canada securities and repos of such securities, provided that the value of such substitute assets may not exceed 10 percent of the total value of the assets of the guarantor held as covered bond collateral. The Covered Bond Legislative Framework, as further described in the CMHC Guide, further restricts assets comprising covered bond collateral by limiting cash held by the guarantor at any time to the amount necessary to meet the guarantor’s payment obligations for the next six months, subject to certain exceptions. Asset backed securities cannot be included in covered bond collateral or substitute assets in a registered covered bond programme under Part I.1 of the *National Housing Act* (Canada).

In addition to confirming a Level of Overcollateralization greater than the Guide OC Minimum, the CMHC Guide requires registered issuers to establish a minimum and maximum level of overcollateralization by adopting a minimum and maximum value for the Asset Percentage to be used to perform the Asset Coverage Test and disclose such Asset Percentages in the issuer’s offering documents and in the Registry. Methodology to be employed for the asset coverage and amortization tests is specified in the CMHC Guide. In performing such tests registered issuers are required to adjust the market values of the residential properties securing the mortgages or other residential loans comprising covered bond collateral to account for subsequent price adjustments.

The CMHC Guide also requires that the guarantor engage in certain risk-monitoring and risk-mitigation practices, including (i) measurement of the present value of the assets comprising covered bond collateral as compared to the outstanding covered bonds (the “**Valuation Calculation**”), and (ii) hedging of its interest rate and currency exchange risks.

### Bankruptcy and Insolvency

The Covered Bond Legislative Framework contains provisions that will limit the application of the laws of Canada and the provinces and territories relating to bankruptcy, insolvency and fraudulent conveyance to

the assignments of loans and other assets to be held by a guarantor as covered bond collateral under a registered covered bond program. Such provisions will not be applicable to any covered bonds that are issued under a registered program at a time that the registered issuer has been suspended by CMHC in accordance with the powers afforded to it under the Covered Bond Legislative Framework and the CMHC Guide.

### **Qualifications of Counterparties**

The CMHC Guide prescribes certain qualifications for each of the counterparties to a registered covered bond program, including that such counterparty (i) possess the necessary experience, qualifications and facilities to perform its obligations under the program, (ii) meet or exceed any minimum standards prescribed by an applicable rating agency, (iii) if regulated, be in regulatory good standing, (iv) be in material compliance with any internal policies and procedures relevant to its role as a counterparty, and (v) be in material compliance with all laws, regulations and rules applicable to that aspect of its business relevant to its role as a counterparty (collectively, the “**Counterparty Qualifications**”). In connection with the Programme, the counterparties are the Swap Providers, the Servicer, the Cash Manager, the Asset Monitor, the Custodian, the Bond Trustee, the Paying Agent, the Account Bank, the Standby Account Bank, the GIC Provider and the Standby GIC Provider (collectively, the “**Counterparties**”). Each of the Counterparties has represented and warranted in the Transaction Documents that it meets the Counterparty Qualifications.

### **Asset Monitor**

The role of the asset monitor, as well as the specified procedures to be carried out by the asset monitor, are also detailed in the CMHC Guide. The asset monitor’s responsibilities include confirmation of the arithmetical accuracy of the tests required by the CMHC Guide to be carried out under the registered covered bond program and the preparation and delivery of an annual report detailing the results of the specified procedures undertaken in respect of the covered bond collateral and the program. In addition to the Counterparty Qualifications, the asset monitor must be either (i) a firm engaged in the practice of accounting that is qualified to be an auditor of the registered issuer under the Bank Act and Canadian generally accepted auditing standards, or (ii) otherwise approved by CMHC (the “**Asset Monitor Qualifications**”). The Asset Monitor has represented and warranted in the Transaction Documents that it meets the Asset Monitor Qualifications.

### **Custodian**

The CMHC Guide requires that a registered issuer appoint a custodian for each of its registered covered bond programs. The custodian’s responsibilities include holding on behalf of the Guarantor applicable powers of attorney granted by the Bank to the Guarantor and details of the Portfolio Assets and Substitute Assets. In addition to the Counterparty Qualifications, the custodian must satisfy certain other qualifications, including that it (i) be a federally or provincially chartered institution authorized to act in a fiduciary capacity with respect to valuable documents, or a chartered bank as described in Schedule I to the Bank Act, (ii) be equipped with secure, fireproof storage facilities, with adequate controls on access to assure the safety, confidentiality and security of the documents in accordance with customary standards for such facilities, (iii) use employees who are knowledgeable in the handling of mortgage and security documents and in the duties of a mortgage and security custodian, (iv) have computer systems that can accept electronic versions of asset details and be able to transmit that data as required by the CMHC Guide, and (v) be at arm’s length from (and otherwise independent and not an affiliate of) the registered issuer (collectively, the “**Custodian Qualifications**”). The Custodian has represented and warranted in the Transaction Documents that it meets the Custodian Qualifications.

### **Bond Trustee**

A registered issuer is required to appoint a bond trustee to represent the views and interests, and to enforce the rights, of the covered bondholders. In addition to the Counterparty Qualifications, a bond trustee must be at arm’s length from (and otherwise independent and not an affiliate of) the registered issuer (the “**Bond**

**Trustee Qualifications**). The Bond Trustee has represented and warranted in the Transaction Documents that it meets the Bond Trustee Qualifications.

## **Ratings**

If there are covered bonds outstanding under a registered covered bond program, at least one rating agency must at all times have current ratings assigned to at least one series or tranche of covered bonds outstanding, and swap counterparties must maintain applicable credit ratings from no less than two rating agencies.

## **Disclosure and Reporting**

The CMHC Guide sets out a number of disclosure and reporting obligations for registered covered bond issuers. Underlying these obligations is the principle that investors should have access to all material information with respect to the registered issuer and the relevant series of covered bonds in order to make an informed investment decision with respect to buying, selling or holding such covered bonds. Registered covered bond issuers will be required to maintain a website where investors can access, among other things, material transaction documents, monthly reports on the covered bond collateral and static covered bond collateral portfolio data that users may download and analyze. The provisions of the CMHC Guide permit registered issuers to restrict access to such website (for example, through the use of a password) in order to comply with securities laws or otherwise. The Issuer's website can be found at <https://eqbank.investorroom.com/covered-bonds-terms-of-access>.

## **Status of the Issuer and the Programme**

The Issuer and the Programme were registered in the Registry in accordance with the Covered Bond Legislative Framework and the CMHC Guide on 27 July 2021.

## **BOOK-ENTRY CLEARANCE SYSTEMS**

*The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of the Clearing Systems currently in effect. The information in this section concerning the Clearing Systems has been obtained from sources that the Issuer and the Guarantor believe to be reliable, but none of the Issuer, the Guarantor, the Bond Trustee nor any Dealer takes any responsibility for the accuracy thereof. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Guarantor nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of beneficial ownership interests in the Covered Bonds held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.*

### **Book-entry Systems**

#### ***Euroclear and Clearstream, Luxembourg***

Euroclear and Clearstream, Luxembourg each holds securities for its customers and facilitates the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream, Luxembourg provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

### **Transfers of Covered Bonds Represented by Registered Global Covered Bonds**

Transfers of any interests in Covered Bonds represented by a Registered Global Covered Bond within Euroclear and/or Clearstream, Luxembourg will be effected in accordance with the customary rules and operating procedures of the relevant clearing system.

Clearstream, Luxembourg and Euroclear have each published rules and operating procedures designed to facilitate transfers of beneficial interests in Registered Global Covered Bonds among participants and accountholders of Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued or changed at any time. None of the Bond Trustee, the Issuer, the Guarantor, the Agents or any Dealers will be responsible for any performance by Clearstream, Luxembourg or Euroclear or their respective direct or indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations and none of them will have any liability for any aspect of the records relating to or payments made on account of beneficial interests in the Covered Bonds represented by Registered Global Covered Bonds or for maintaining, supervising or reviewing any records relating to such beneficial interests.

## TAXATION

### Canada

The following summary describes the principal Canadian federal income tax considerations under the *Income Tax Act* (Canada) (the “**Act**”) and Income Tax Regulations (the “**Regulations**”) generally applicable to a holder of Covered Bonds who acquires, as a beneficial owner, Covered Bonds, including entitlement to all payments thereunder, pursuant to this Base Prospectus, and who, for purposes of the Act, at all relevant times, (a) is not resident and is not deemed to be resident in Canada, (b) deals at arm’s length with the Issuer and the Guarantor and any Canadian resident (or deemed Canadian resident) to whom the holder disposes of the Covered Bonds, (c) is not (a), and deals at arm’s length with every, “specified shareholder” (as defined in subsection 18(5) of the Act for the purposes of the “thin capitalization” rules) of the Issuer and each direct and indirect partner of the Guarantor, (d) does not use or hold and is not deemed to use or hold Covered Bonds in or in the course of carrying on a business in Canada and (e) is not an insurer carrying on an insurance business in Canada and elsewhere (a “**Non-resident Holder**”). A “specified shareholder” for these purposes generally includes a person who (either alone or together with persons with whom that person is not dealing at arm’s length for the purposes of the Act) owns or has the right to acquire or control 25% or more of the Issuer’s shares determined on a votes or fair market value basis.

This summary assumes that no amount paid or payable in respect of the Covered Bonds will be the deduction component of a “hybrid mismatch arrangement” under which the payment arises within the meaning of proposed paragraph 18.4(3)(b) of the Act contained in the Tax Proposals released 29 April 2022.

This summary also assumes that no amount paid or payable as, on account or in lieu of payment of, or in satisfaction of, interest will be in respect of a debt or other obligation to pay an amount to a person who does not deal at arm’s length with the Issuer or the Guarantor, as the case may be, for the purposes of the Act.

This summary is based upon the provisions of the Act and the Regulations in force on the date hereof, proposed amendments to the Act and the Regulations in the form publicly announced prior to the date hereof by or on behalf of the Minister of Finance of Canada (the “**Tax Proposals**”) and the current administrative practices and assessing policies of the Canada Revenue Agency (“**CRA**”) published in writing by it prior to the date hereof. No assurance can be given that the proposed amendments will be enacted in the form proposed or at all. This summary is not exhaustive of all Canadian federal income tax considerations relevant to an investment in Covered Bonds and does not take into account or anticipate any other changes in law or any changes in CRA’s administrative practices or assessing policies, whether by legislative, governmental or judicial decision, action or interpretation, nor does it take into account other federal or any provincial, territorial or foreign income tax legislation. Subsequent developments could have a material effect on the following description.

Material Canadian federal income tax considerations applicable to Covered Bonds may be described more particularly when such Covered Bonds are offered in the Final Terms related thereto if they are not otherwise addressed herein. In that event, the following will be superseded to the extent indicated therein.

Interest (including amounts on account or in lieu of payment of, or in satisfaction of, interest) paid or credited or deemed for purposes of the Act to be paid or credited on a Covered Bond (including accrued interest, any amount paid at maturity in excess of the principal amount and interest deemed to be paid on the Covered Bond in certain cases involving the assignment or other transfer of a Covered Bond to a resident or deemed resident of Canada) to a Non-resident Holder will not be subject to Canadian non-resident withholding tax unless all or any portion of such interest (other than interest that is paid or payable on a “prescribed obligation”, described below) is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class or series of shares of the capital stock of a corporation (“**Participating Debt Interest**”). A “prescribed obligation” is a

debt obligation the terms or conditions of which provide for an adjustment to an amount payable in respect of the obligation for a period during which the obligation was outstanding which adjustment is determined by reference to a change in the purchasing power of money and no amount payable in respect thereof, other than an amount determined by reference to a change in the purchasing power of money, is contingent or dependent upon the use of or production from property in Canada or is computed by reference to any of the criteria described in the Participating Debt Interest definition.

In the event that a Covered Bond, the interest on which is not exempt from Canadian withholding tax upon its terms, is redeemed, cancelled, repurchased or exchanged pursuant to Condition 6 or 7, as applicable, or purchased by the Issuer or any other person resident or deemed to be resident in Canada from a Non-resident Holder or is otherwise assigned or transferred by a Non-resident Holder to a person resident or deemed to be resident in Canada for an amount which exceeds, generally, the issue price thereof, the excess may be deemed to be interest and may, together with any interest that has accrued or is deemed to have accrued on the Covered Bond to that time, be subject to non-resident withholding tax. Such withholding tax will apply if all or any portion of such deemed interest is Participating Debt Interest unless, in certain circumstances, the Covered Bond is considered to be an “excluded obligation” for purposes of the Act. A Covered Bond that is not an “indexed debt obligation” (described below) will be an “excluded obligation” for this purpose if it was issued for an amount not less than 97% of its principal amount (as defined in the Act), and if the yield from such Covered Bond, expressed in terms of an annual rate (determined in accordance with the Act) on the amount for which the Covered Bond was issued, does not exceed 4/3 of the interest stipulated to be payable on the Covered Bond, expressed in terms of an annual rate on the outstanding principal amount from time to time. An “indexed debt obligation” is a debt obligation the terms and conditions of which provide for an adjustment to an amount payable in respect of the obligation, for a period during which the obligation was outstanding, that is determined by reference to a change in the purchasing power of money.

Generally, for purposes of the Act, all amounts must be converted into Canadian dollars based on exchange rates determined in accordance with the Act.

If interest is subject to non-resident withholding tax, the rate is 25 percent, subject to reduction under the terms of an applicable income tax treaty.

Amounts paid or credited or deemed to be paid or credited on a Covered Bond by the Guarantor to a Non-resident Holder pursuant to the Covered Bond Guarantee will be exempt from Canadian withholding tax to the extent such amounts, if paid or credited by the Issuer to such Non-resident Holder on such Covered Bond, would have been exempt.

Generally, there are no other taxes on income (including taxable capital gains) payable by a Non-resident Holder on interest, discount or premium in respect of a Covered Bond or on the proceeds received by a Non-resident Holder on the disposition of a Covered Bond (including on a redemption, cancellation, purchase or repurchase).

**The foregoing summary is of a general nature only, and is not intended to be, nor should it be considered to be legal or tax advice to any particular Non-resident Holder. Non-resident Holders should therefore consult their own tax advisors with respect to their particular circumstances.**

Under the Organisation for Economic Co-operation and Development’s (“OECD”) initiative for the automatic exchange of information, many countries have committed to automatic exchange of information relating to accounts held by tax residents of signatory countries, using a common reporting standard.

Canada has implemented the OECD’s Multilateral Competent Authority Agreement and Common Reporting Standard (“**Common Reporting Standard**”), which provides for the automatic exchange of tax information. Canadian financial institutions (and their branches in other jurisdictions) are required to report certain information concerning certain investors resident in participating countries to the CRA (or the relevant tax authority in the branch jurisdiction, as appropriate) and to follow certain due diligence procedures. The CRA (or other relevant tax authority) will provide such information on a bilateral, reciprocal basis to the tax

authorities in the applicable investors' countries of residence, where such countries have enacted the Common Reporting Standard or otherwise as required under the Common Reporting Standard.

In addition, domestic tax reporting obligations may, subject to any relevant exceptions or concessions, require a Paying Agent to report certain information (which may include the name and address of the Covered Bondholder) to the relevant tax authority in the jurisdiction in which a Paying Agent operates. Any information obtained may, in certain circumstances, be exchanged by that tax authority with the tax authority of the jurisdiction in which the Covered Bondholder is resident for tax purposes.

### **The Proposed Financial Transactions Tax ("FTT")**

The European Commission has published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Covered Bonds (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Covered Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States and it may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

**Prospective holders of Covered Bonds are advised to seek their own professional advice in relation to the FTT.**

## **SUBSCRIPTION AND SALE AND SELLING RESTRICTIONS**

Covered Bonds may be sold from time to time by the Issuer to Barclays, The Toronto-Dominion Bank, London Branch, or such other dealer(s) as may be appointed from time to time in accordance with the Dealership Agreement, which appointment may be for a specific issue or on an ongoing basis (the “Dealers”).

Covered Bonds may also be sold by the Issuer directly to institutions who are not Dealers. The arrangements under which Covered Bonds may from time to time be agreed to be sold by the Issuer to, and purchased by, the Dealers are set out in a dealership agreement dated as of the Programme Date and amended and restated as of 19 September 2022 and as further amended by a first amending agreement dated as of 29 September 2023 (as the same may be further amended, supplemented or replaced, the “Dealership Agreement”) and made between the Bank, the Guarantor, the Dealers and the Arrangers. The Dealership Agreement provides for the form and terms and conditions of the relevant Covered Bonds, the price at which such Covered Bonds will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Dealership Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Covered Bonds. The Dealership Agreement will be governed by, and construed in accordance with, the laws of the Province of Ontario and the laws of Canada applicable therein.

### **Other Relationships**

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer, the Guarantor and their affiliates, in the ordinary course of business, for which they received or will receive customary compensation and, as applicable, without regard to the Issuer, the Bond Trustee, the Holders of the Covered Bonds or the Guarantor.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers without regard to the Issuer, the Bond Trustee, the Holders of the Covered Bonds or the Guarantor. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Covered Bonds issued under the Programme. Any such short positions could adversely affect future trading prices of Covered Bonds issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

### **Canada**

The Covered Bonds have not been and will not be qualified for sale under the securities laws of any province or territory of Canada.

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold, distributed or delivered, and that it will not offer, sell, distribute or deliver any Covered Bonds, directly or indirectly, in Canada or to, or for the benefit of any resident thereof in contravention of the securities laws of Canada or any province or territory thereof and also without the consent of the Issuer.

If the applicable Final Terms provide that the Covered Bonds may be offered, sold or distributed in Canada, the issue of the Covered Bonds will be subject to such additional selling restrictions as the Issuer and the relevant Dealer may agree, as specified in the applicable Final Terms. Each Dealer and each further Dealer appointed under the Programme will be required to agree that it will offer, sell and distribute such Covered Bonds only in compliance with such additional Canadian selling restrictions.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, not to distribute or deliver this Base Prospectus, or any other offering material relating to the Covered Bonds, in Canada in contravention of the securities laws of Canada or any province or territory thereof and also without the consent of the Issuer.

### **United States of America**

The Issuer is a Regulation S, Category 2 issuer. The Covered Bonds issued pursuant to this Base Prospectus and the related Covered Bond Guarantee have not been and will not be registered under the Securities Act or the securities laws or “blue sky” laws of any state of the United States or any other jurisdiction and may not be offered or sold, directly or indirectly, within the United States or its territories or possessions or to or for the account or benefit of U.S. persons (as defined in Regulation S) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act.

In connection with any Covered Bonds which are offered or sold outside the United States in reliance on Regulation S (“**Regulation S Covered Bonds**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer, sell or deliver such Regulation S Covered Bonds (i) as part of its distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of the Tranche of Covered Bonds of which such Covered Bonds are a part, and except in either case in accordance with Regulation S. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells any Regulation S Covered Bonds during the distribution compliance period (as defined in Regulation S) a confirmation or other notice setting forth the restrictions on offers and sales of the Regulation S Covered Bonds within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until 40 days after the completion of the distribution of Covered Bonds comprising any Tranche, any offer or sale of Covered Bonds within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an exemption from registration under the Securities Act.

### **Transfer Restrictions**

As a result of the following restrictions, purchasers of Covered Bonds in the United States are advised to consult legal counsel prior to making any purchase, offer, sale, resale or other transfer of Covered Bonds.

Each purchaser of Registered Covered Bonds issued pursuant to this Base Prospectus (other than a person purchasing an interest in a Registered Global Covered Bond with a view to holding it in the form of an interest in the same Registered Global Covered Bond) or person wishing to transfer an interest from one Registered Global Covered Bond to another or from global to definitive form or vice versa, will be required to acknowledge, represent and agree, and each person purchasing an interest in a Registered Global Covered Bond with a view to holding it in the form of an interest in the same Registered Global Covered Bond will be deemed to have acknowledged, represented and agreed as follows (terms used in this paragraph that are defined in Regulation S are used herein as defined therein):

- (a) that it is outside the United States and is not a U.S. person and it is not purchasing (or holding) the Covered Bonds for the account or benefit of a U.S. person;

- (b) that the Covered Bonds are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act, and that the Covered Bonds and the Covered Bond Guarantee have not been and will not be registered under the Securities Act or any applicable U.S. State securities laws and may not be offered, sold or delivered within the United States or to, or for the account or benefit of, U.S. persons except as set forth in this section and in compliance with applicable U.S. securities laws;
- (c) it agrees that neither the Issuer nor the Guarantor has any obligation to register the Covered Bonds or the Covered Bond Guarantee under the Securities Act;
- (d) that, unless it holds an interest in a Registered Global Covered Bond and either is a person located outside the United States or is not a U.S. person, if in the future it decides to resell, pledge or otherwise transfer the Covered Bonds or any beneficial interests in the Covered Bonds, it will do so, prior to the date which is one (1) year after the later of the last Issue Date for the Series and the last date on which the Issuer or an affiliate of the Issuer was the owner of such Covered Bonds, only (i) to the Issuer or any affiliate thereof, (ii) outside the United States in compliance with Rule 903 or Rule 904 of Regulation S under the Securities Act, (iii) pursuant to the exemption from registration provided by Rule 144 under the Securities Act (if available) or (iv) pursuant to an effective registration statement under the Securities Act, in each case in accordance with all applicable U.S. State securities laws;
- (e) that it will, and will require each subsequent holder to, notify any purchaser of the Covered Bonds from it of the resale restrictions referred to in paragraph (d) above, if then applicable;
- (f) that if it should resell or otherwise transfer the Covered Bonds prior to the expiration of the distribution compliance period (defined as 40 days after the completion of the distribution of the Tranche of Covered Bonds of which such Covered Bonds are a part), it will do so only (a) outside the United States in compliance with Rule 903 or 904 of Regulation S under the Securities Act, and (b) in accordance with all applicable U.S. State securities laws; and it acknowledges that the Covered Bonds represented by a Regulation S Covered Bond will bear a legend to the following effect unless otherwise agreed to by the Issuer:

“THIS SECURITY AND ANY GUARANTEE IN RESPECT THEREOF HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR ANY APPLICABLE U.S. STATE SECURITIES LAWS AND, ACCORDINGLY, MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT IN ACCORDANCE WITH THE AGENCY AGREEMENT IN RESPECT OF THIS SECURITY (THE “AGENCY AGREEMENT”) AND PURSUANT TO AN EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT. UNTIL THE EXPIRY OF THE PERIOD OF 40 DAYS AFTER THE COMPLETION OF THE DISTRIBUTION OF ALL THE SECURITIES OF THE TRANCHE OF WHICH THIS SECURITY FORMS PART, SALES MAY NOT BE MADE IN THE UNITED STATES OR TO U.S. PERSONS UNLESS MADE PURSUANT TO RULE 903 OR 904 OF REGULATION S UNDER THE SECURITIES ACT.”; and

- (g) that the Issuer, the Dealers and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that if any of such acknowledgements, representations or agreements made by it are no longer accurate, it shall promptly notify the Issuer; and if it is acquiring any Covered Bonds as a fiduciary or agent for one or more accounts it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

## **Prohibition of Sales to EEA Retail Investors**

Unless the Final Terms in respect of the Covered Bonds specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available, any Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For purposes of this provision, the expression “retail investor” means a person who is one (or more) of the following:

- (a) a retail client as defined in point (11) of Article 4(1) of MiFID II;
- (b) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
- (c) not a qualified investor as defined in the Prospectus Regulation.

If the Final Terms in respect of any Covered Bonds specifies the “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, then in relation to each Member State, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not made and will not make an offer of Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the applicable Final Terms in relation thereto to the public in that Member State except that it may make an offer of Covered Bonds to the public in that Member State:

- (a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (b) at any time to fewer than 150 natural or legal persons (other than qualified investors, as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealers nominated by the Issuer for any such offer; or
- (c) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation;

provided that no such offer of Covered Bonds referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or a supplement to a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of these provisions, the expression an “offer” in relation to any Covered Bonds in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe the Covered Bonds and the expression “Prospectus Regulation” means Regulation (EU) 2017/1129, as amended.

## **United Kingdom**

**Prohibition of sales to UK Retail Investors** Unless the Final Terms in respect of any Covered Bonds specify “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. For the purposes of this provision:

- (a) the expression retail investor means a person who is one (or more) of the following:
- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the EUWA; or
  - (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or
  - (iii) not a qualified investor as defined in Article 2 of the UK Prospectus Regulation; and
- (b) the expression “an offer” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds.

If the Final Terms in respect of any Covered Bonds specifies “Prohibition of Sales to UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Covered Bonds which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in the United Kingdom except that it may make an offer of such Covered Bonds to the public in the United Kingdom:

(A) at any time to any legal entity which is a qualified investor as defined in Article 2 of the UK Prospectus Regulation;

(B) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in Article 2 of the UK Prospectus Regulation) in the United Kingdom subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or

(C) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of Covered Bonds referred to in (A) to (C) above shall require the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an offer of Covered Bonds to the public in relation to any Covered Bonds means the communication in any form and by any means of sufficient information on the terms of the offer and the Covered Bonds to be offered so as to enable an investor to decide to purchase or subscribe for the Covered Bonds and the expression “**UK Prospectus Regulation**” means the Prospectus Regulation as it forms part of UK domestic law by virtue of the EUWA.

#### **Other United Kingdom regulatory restrictions**

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that:

- (a) in relation to Covered Bonds which have a maturity of less than one year:
- (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and

- (ii) it has not offered or sold and will not offer or sell any Covered Bonds other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manager or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Covered Bonds would otherwise constitute a contravention of section 19 of the FSMA by the Issuer;
- (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Covered Bonds in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (c) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Covered Bonds in, from or otherwise involving the UK.

## **Other Jurisdictions**

### ***Belgium***

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that an offering of Covered Bonds may not be advertised to any individual in Belgium qualifying as a consumer within the meaning of Article I.1 of the Belgian Code of Economic Law, as amended from time to time (a “**Belgian Consumer**”) and that it has not offered, sold or resold, transferred, distributed or delivered, and will not offer, sell, resell, transfer, distribute or deliver, the Covered Bonds, and that it has not published or distributed, and will not publish or distribute, any prospectus, memorandum, information circular, brochure or any similar documents in relation to the Covered Bonds, directly or indirectly, to any Belgian Consumer.

### ***Denmark***

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold and will not offer, sell or deliver any of the Covered Bonds directly or indirectly in Denmark by way of a public offering, unless in compliance with, as applicable, the Prospectus Regulation, the Danish Consolidated Act No. 2014 of 1 November 2021 on Capital Markets, as amended, supplemented or replaced from time to time, and Executive Orders issued thereunder and in compliance with Executive Order No. 191 of 31 January 2022, as amended, supplemented or replaced from time to time, issued pursuant to the Danish Consolidated Act No. 406 of 29 March 2022 on Financial Business, as amended, supplemented or replaced from time to time.

### ***France***

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it undertakes to comply with applicable French laws and regulations in force regarding the offer, the placement or the sale of the Covered Bonds and the distribution in France of this Base Prospectus or any other offering material relating to the Covered Bonds.

### ***Hong Kong***

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree that this Base Prospectus has not been

approved by the Securities and Futures Commission in the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong**") and, accordingly:

- (a) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Covered Bonds other than (i) to "professional investors" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**Securities and Futures Ordinance**") and any rules made under the Securities and Futures Ordinance; or (ii) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "**Companies (Winding Up and Miscellaneous Provisions) Ordinance**") or which do not constitute an offer to the public within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance; and
- (b) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Covered Bonds which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Covered Bonds which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the Securities and Futures Ordinance and any rules made under the Securities and Futures Ordinance.

## **Ireland**

Each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that in respect of the underwriting of Covered Bonds in or involving Ireland:

- (a) it will not underwrite the issue of, or place, any Covered Bonds otherwise than in conformity with the provisions of Regulation (EU) 2017/1129 and any applicable supporting law, rule or regulation and any rules issued under section 1363 of the Companies Act, 2014 (the "**Companies Act**") by the Central Bank;
- (b) it will not underwrite the issue of, or place, any Covered Bonds otherwise than in conformity with the provisions of the European Union (Markets in Financial Instruments) Regulations 2017 (as amended) (the "**MiFID II Regulations**") including, without limitation, Regulation 5 (Requirement for Authorisation (and certain provisions concerning MTFs and OTFs)) thereof, or any rules or codes of conduct made under the MiFID II Regulations, and the provisions of the Investor Compensation Act 1998 (as amended);
- (c) it will not underwrite the issue of, or place, any Covered Bonds otherwise than in conformity with the provisions of the Companies Act, the Central Bank Acts 1942 – 2018 (as amended) and any codes of practice made under Section 117(1) of the Central Bank Act 1989 (as amended); and
- (d) it will not underwrite the issue of, place or otherwise act in Ireland in respect of, any Covered Bonds otherwise than in conformity with the Market Abuse Regulation (EU 596/2014) (as amended), the European Union (Market Abuse) Regulations 2016 (as amended) and any rules and guidance issued by the Central Bank under Section 1370 of the Companies Act.

## **Italy**

As of the date of this Base Prospectus, the Issuer is not licensed to "collect deposits and other funds with the obligation to reimburse" in Italy in accordance with the provisions of Legislative Decree No. 385 of 1

September 1993, as amended, and therefore, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that no Covered Bonds may be offered, sold or delivered, nor may copies of this Base Prospectus or of any other document relating to the Covered Bonds be distributed in the Republic of Italy until such license has been obtained.

## Japan

The Covered Bonds have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended, the “**FIEA**”) and each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will not offer or sell any Covered Bonds, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

## Singapore

This Base Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore, and the Covered Bonds will be offered pursuant to exemptions under the Securities and Futures Act (Chapter 289) of Singapore, as modified or amended from time to time (the “**SFA**”). Accordingly, each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that it has not offered or sold any Covered Bonds or caused the Covered Bonds to be made the subject of an invitation for subscription or purchase and will not offer or sell any Covered Bonds or cause the Covered Bonds to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Base Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase of the Covered Bonds, whether directly or indirectly, to any person in Singapore other than: (i) to an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA; (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA; or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Covered Bonds are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Covered Bonds pursuant to an offer made under Section 275 of the SFA except:

- (i) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(c)(ii) of the SFA;
- (ii) where no consideration is or will be given for the transfer;

- (iii) where the transfer is by operation of law;
- (iv) as specified in Section 276(7) of the SFA; or
- (v) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018 of Singapore.

### **Sweden**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that it will not, directly or indirectly, offer for subscription or purchase or issue invitations to subscribe for or buy or sell Covered Bonds or distribute any draft of definitive document in relation to any such offer, invitation or sale in Sweden except in compliance with the laws of Sweden. This is not a prospectus and has not been prepared in accordance with the prospectus requirements provided for in the Swedish Financial Instruments Trading Act (*lagen (1991:980) om handel med finansiella instrument*). Neither the Swedish Financial Supervisory Authority nor any other Swedish public body has examined, approved or registered this document.

### **Switzerland**

This Base Prospectus is not intended to constitute an offer or solicitation to purchase or invest in the Covered Bonds. Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that (i) the Covered Bonds may not be publicly offered, directly or indirectly, in Switzerland within the meaning of the Swiss Financial Services Act (the “**FinSA**”) and no application has or will be made to admit the Covered Bonds to trading on any trading venue (exchange or multilateral trading facility) in Switzerland; and (ii) neither this Base Prospectus nor any other offering or marketing material relating to the Covered Bonds constitutes a prospectus pursuant to the FinSA, and neither this Base Prospectus nor any other offering or marketing material relating to the Covered Bonds may be publicly distributed or otherwise made publicly available in Switzerland. The Covered Bonds are not subject to the supervision by any Swiss regulatory authority, e.g., the Swiss Financial Markets Supervisory Authority, and investors in the Covered Bonds will not benefit from protection or supervision by such authority.

### **The Netherlands**

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that any Covered Bonds will only be offered in the Netherlands to qualified investors (as defined in the Prospectus Regulation).

### **General**

No action has been or will be taken in any country or jurisdiction by the Issuer, the Guarantor, the Dealers or the Bond Trustee that would permit a public offering of Covered Bonds, or possession or distribution of any offering material in relation thereto, in such country or jurisdiction where action for that purpose is required.

Each Dealer has agreed (and each further Dealer appointed under the Programme will be required to agree) that it shall comply, to the best of its knowledge, with all relevant laws, regulations and directives in each jurisdiction in which it offers, sells or delivers Covered Bonds or has in its possession or distribute this Base Prospectus, any other offering material or any Final Terms, in all cases at its own expense. If any jurisdiction in which such offer or solicitation is authorized requires that such offering or sale of the Covered Bonds be made by a licensed broker or dealer and the Arrangers or the Dealers or any parent company or affiliate of the Arrangers or the Dealers is a licensed broker or dealer in that jurisdiction, such offer or solicitation shall be deemed to be made by such parent company or affiliate on behalf of the Issuer in such jurisdiction.

The Dealership Agreement provides that the Dealers will not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions will, as a result of change(s) or change(s) in official interpretation, after the date hereof, in applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealers described in the second paragraph above. None of the Issuer or the Dealers represents to an investor or prospective investor in Covered Bonds that Covered Bonds may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

Other persons into whose hands this Base Prospectus, any other offering material or any Final Terms comes are required by the Issuer, the Guarantor, the Dealers and the Bond Trustee to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver Covered Bonds or have in their possession or distribute such offering material, in all cases at their own expense.

Selling restrictions may be supplemented or modified with the agreement of the Issuer.

## GENERAL INFORMATION

1. The listing of the Covered Bonds on the Official List will be expressed as a percentage of their principal amount (exclusive of accrued interest). Any Tranche of Covered Bonds which is to be listed on the Official List and to trading on the Regulated Market will be admitted separately upon submission of the applicable Final Terms and any other information required, subject to the issue of the relevant Covered Bonds. Prior to official listing, dealings will be permitted by Euronext Dublin in accordance with its rules. Transactions will normally be effected for delivery on the third working day after the day of the transaction.
2. The establishment of the Programme, qualification of the Programme as registered covered bond programme under Part I.1 of the *National Housing Act* ( Canada) and the Guide and the issue of Covered Bonds has been authorized by the Issuer by a resolution of its board of directors dated 23 February 2020. The giving of the Covered Bond Guarantee has been duly authorized by resolution of the Managing GP on behalf of the Guarantor dated 27 July 2021. On 27 July 2021, the Issuer was registered as a registered issuer and the Programme as a registered programme in the Registry. The Issuer and the Guarantor have obtained or will obtain from time to time all necessary consents, approvals and authorizations in connection with the issue and performance of the Covered Bonds and the Covered Bond Guarantee.
3. Other than as noted in Note 22 of EQB Inc.'s consolidated annual financial statements for the year ended 2022 on pages 145 to 146 of the 2022 Annual Report and the section "Legal proceedings and regulatory actions" on page 18 of the 2022 Annual Information Form, both of which are incorporated by reference herein, there are no, nor have there been any governmental, legal or arbitration proceedings involving the Issuer or any of its subsidiaries or the Guarantor (including any such proceedings which are pending or threatened of which the Issuer or Guarantor is aware) which may have, or have had during the 12 months prior to the date of this document, individually or in the aggregate, a significant effect on the financial position or profitability of the Issuer or of the Issuer and its subsidiaries taken as a whole or the Guarantor.
4. There has been no significant change in the financial performance or financial position of EQB Inc. and its consolidated subsidiaries, including the Issuer and Guarantor, taken as a whole since 30 June 2023, the last day of the financial period in respect of which the most recent unaudited interim condensed consolidated financial statements of EQB Inc. have been prepared.
5. There has been no material adverse change in the prospects of EQB Inc. and its consolidated subsidiaries, including the Issuer and the Guarantor, taken as a whole since 31 December 2022, the last day of the financial period in respect of which the most recent audited annual consolidated financial statements of EQB Inc. have been prepared.
6. The independent auditor of EQB Inc. is KPMG LLP ("**KPMG**") who are Chartered Professional Accountants. KPMG is independent of the Bank within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any applicable legislation or regulation. The address for KPMG is set out on the last page hereof.
7. The Issuer does not publish non-consolidated financial statements on an annual or interim basis. The consolidated financial statements of EQB Inc. for the years ended 31 December 2022 and 2021 prepared in accordance with IFRS, were audited by KPMG in accordance with Canadian generally accepted auditing standards, which were based on International Standards on Auditing. KPMG expressed an unmodified opinion thereon in its report dated 16 February 2023.
8. For so long as the Programme remains in effect or any Covered Bonds are outstanding, copies of the following *documents may be inspected during normal business hours on any weekday (Saturdays, Sundays and public holidays excepted)* at the specified offices of the Paying Agent, the Registrar and the Issuer, namely:

- (i) the Transaction Documents (including, without limitation, the Trust Deed containing the Covered Bond Guarantee);
- (ii) the annual report of EQB Inc. for the two most recently completed fiscal years, which includes the comparative audited annual consolidated financial statements of EQB Inc. and the auditor's reports thereon; the Guarantor is not required to prepare any audited accounts on an annual basis pursuant to applicable Canadian law;
- (iii) the most recent quarterly report of EQB Inc. including the comparative unaudited interim condensed consolidated financial statements; the Guarantor is not required to prepare any unaudited interim accounts pursuant to applicable Canadian law;
- (iv) each Final Terms for a Tranche of Covered Bonds that is admitted to trading on a regulated market in any member state of the EEA in circumstances requiring publication of a prospectus in accordance with the Prospectus Regulation and any directly applicable regulations; and
- (v) a copy of this Base Prospectus together with any supplement to this Base Prospectus.

This Base Prospectus together with any supplement to this Base Prospectus or further Prospectus, all documents incorporated by reference herein or therein, as applicable, and the Transaction Documents will also be available on the Issuer's website at <https://eqbank.investorroom.com/covered-bonds-terms-of-access>. Copies of the constating documents of the Issuer and copies of the constating documents of the Guarantor are available for viewing at <https://eqbank.investorroom.com/covered-bonds-terms-of-access>.

9. This Base Prospectus and the Final Terms for Covered Bonds that are listed on the Official List and admitted to trading on the Regulated Market of Euronext Dublin will be published on the website of Euronext Dublin available at <http://live.euronext.com>.
10. The Covered Bonds have been accepted for clearance through Euroclear and Clearstream, Luxembourg which will keep the records in respect of the Covered Bonds. The appropriate common code and International Securities Identification Number for the relevant Covered Bonds will be contained in the Final Terms relating thereto. The relevant ISIN and Common Code will be specified in the applicable Final Terms. If the Covered Bonds are to clear through an additional or alternative clearing system, the appropriate information (including address) will be specified in the applicable Final Terms. The address of Euroclear is 3 Boulevard du Roi Albert II, B.1210 Brussels, Belgium and the address of Clearstream is 42 Avenue J.F. Kennedy, L-1855 Luxembourg.
11. Settlement arrangements will be agreed between the Issuer, the relevant Dealer and the relevant Paying Agent or, as the case may be, the Registrar in relation to each Tranche of Covered Bonds.
12. The Issuer will provide post-issuance information to Holders of the Covered Bonds in the form of Investor Reports, which will be available on the Issuer's website at <https://eqbank.investorroom.com/covered-bonds-terms-of-access>. The Investor Reports will set out certain information in relation to, among other things, the Covered Bond Portfolio, the Asset Coverage Test, the Valuation Calculation, the Amortization Test and the Indexation Methodology, as applicable, and other information required pursuant to the CMHC Guide. Unless otherwise provided in the applicable Final Terms, the Issuer has no intention of providing any other post-issuance information to Holders of the Covered Bonds.

13. The Issuer may, on or after the date of this Base Prospectus make applications for one or more certificates of approval under Article 25 of the Prospectus Regulation, to be issued by the Central Bank to the competent authority in any Member State.
14. The Trust Deed provides that the Bond Trustee may rely on reports or other information from professional advisers or other experts in accordance with the provisions of the Trust Deed. However, the Bond Trustee will have no recourse to the professional advisers in respect of such certificates or reports unless the professional advisers have agreed to have a duty of care for such certificates or reports to the Bond Trustee pursuant to the terms of the relevant document(s) between the Bond Trustee and such persons.
15. Arthur Cox Listing Services Limited is acting solely in its capacity as listing agent for the Issuer in relation to the Covered Bonds and is not itself seeking admission of the Covered Bonds to the Official List of Euronext Dublin or to trading on the regulated market of Euronext Dublin for the purposes of the Prospectus Regulation.
16. Notices to Covered Bondholders will be valid, for so long as the Covered Bonds are admitted to trading on Euronext Dublin, when such notice is filed in the Companies Announcement Office of Euronext Dublin.
17. Any websites referred to herein do not form part of this Base Prospectus and have not been scrutinised or approved by the Central Bank.
